

**Virginia Department of Transportation  
2008 Fiscal Impact Statement (Regular Session)**

**1. Bill Number: HB 135**

**House of Origin** ☒ Introduced ☐ Substitute ☐ Engrossed

**Second House** ☐ In Committee ☐ Substitute ☐ Enrolled

**2. Patron: Nichols, P.**

**3. Committee: House Transportation**

**4. Title: High-occupancy toll (HOT) lanes**

**5. Summary/Purpose:**

Prohibits the designation of HOT lanes on any portion of I-95 (and I-395) in Virginia between the City of Fredericksburg and the Potomac River.

**6. Fiscal Impacts are unavailable**

**7. Budget amendment necessary: NO**

**8. Fiscal implications:** This bill could impact the HOT lanes project on I-95 and I-395 causing negative fiscal implications to the state and private partners delivering and operating the project. The private partners are looking for the tolls to provide them with the revenue to cover operational, maintenance and debt service expense and the state would lose any upfront concession payments and future revenue/profit sharing monies as a result of the project. It is difficult to determine the amount impacted at this time.

**9. Specific agency or political subdivisions affected: VDOT**

**10. Technical amendment necessary: NO**

**11. Other comments: NO**
