2. **Patron:** Suit

3. **Committee:** General Laws

4. **Title:** Land use adjacent to certain jet bases.

5. **Summary:** Land use adjacent to certain jet bases. Includes interfacility traffic areas or any other area designated by the military as an area of special concern based on the potential for adverse affects on military operations as property that must be included in the land use program of any locality in which a United States Navy Master Jet Base is located.

6. **Fiscal impact estimates are preliminary.** See item 8, below.

7. **Budget Amendment Necessary:** No.

8. **Fiscal Implications:** It is anticipated that this legislative measure has no additional state fiscal impact. The measure simply broadens the areas for which Virginia Beach can use the current or subsequently awarded grant funds to halt or prevent future encroachment of the Navy's facilities.

9. **Specific Agency or Political Subdivisions Affected:** Virginia Beach, the Virginia National Defense Industrial Authority.

10. **Technical Amendment Necessary:** No.

11. **Other Comments:** The Virginia National Defense Industrial Authority (VNDIA) administers the state's Military Strategic Response Fund. This funding is to assist localities affected by the base realignment and closure (BRAC) process and, can be used to for infrastructure, environmental clean-up, workforce training, and related non-recurring costs for localities affected by BRAC.

Also, HB30/SB30 includes language that would provide flexibility to use state and local funding currently allocated toward addressing encroachment issues surrounding Master Jet Bases or an auxiliary landing field in connection with flight operations arising from such a Base, to mitigate adverse affects on any military operations caused by encroachment of incompatible land uses.
