- 7. Budget Amendment Necessary: No
- 8. Fiscal Implications: Unknown, but DMV does not anticipate a significant fiscal impact. This legislation would increase by an unknown number the salvage inspections DMV performs each year. Currently, the Department collects \$125 per inspection while the cost to perform the inspection is estimated at \$119. Over half of the salvage inspections that DMV currently performs are for dealers and one agent inspects numerous vehicles at one location. If this bill is passed, DMV would see an increase in

travel time and performing inspections on one vehicle per site, thereby increasing the average cost of the inspections.

9. Specific Agency or Political Subdivisions Affected: DMV

10. Technical Amendment Necessary: No
