[H 2024]

Approved

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-102.4 and 38.2-4214 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 38.2-3406.1 and 38.2-3406.2 as follows:

§ 32.1-102.4. Conditions of certificates; monitoring; revocation of certificates.

A. A certificate shall be issued with a schedule for the completion of the project and a maximum capital expenditure amount for the project. The schedule may not be extended and the maximum capital expenditure may not be exceeded without the approval of the Commissioner in accordance with the regulations of the Board.

B. The Commissioner shall monitor each project for which a certificate is issued to determine its progress and compliance with the schedule and with the maximum capital expenditure. The Commissioner shall also monitor all continuing care retirement communities for which a certificate is issued authorizing the establishment of a nursing home facility or an increase in the number of nursing home beds pursuant to § 32.1-102.3:2 and shall enforce compliance with the conditions for such applications which are required by § 32.1-102.3:2. Any willful violation of a provision of § 32.1-102.3:2 or conditions of a certificate of public need granted under the provisions of § 32.1-102.3:2 shall be subject to a civil penalty of up to $100 per violation per day until the date the Commissioner determines that such facility is in compliance.

C. A certificate may be revoked when:

1. Substantial and continuing progress towards completion of the project in accordance with the schedule has not been made;

2. The maximum capital expenditure amount set for the project is exceeded;

3. The applicant has willfully or recklessly misrepresented intentions or facts in obtaining a certificate; or

4. A continuing care retirement community applicant has failed to honor the conditions of a certificate allowing the establishment of a nursing home facility or granting an increase in the number of nursing home beds in an existing facility which was approved in accordance with the requirements of § 32.1-102.3:2.

D. Further, the Commissioner shall not approve an extension for a schedule for completion of any project or the exceeding of the maximum capital expenditure of any project unless such extension or excess complies with the limitations provided in the regulations promulgated by the Board pursuant to § 32.1-102.2.

E. Any person willfully violating the Board's regulations establishing limitations for schedules for completion of any project or limitations on the exceeding of the maximum capital expenditure of any project shall be subject to a civil penalty of up to $100 per violation per day until the date of completion of the project.

F. The Commissioner may condition, pursuant to the regulations of the Board, the approval of a certificate (i) upon the agreement of the applicant to provide a level of care at a reduced rate to indigents or accept patients requiring specialized care or (ii) upon the agreement of the applicant to facilitate the development and operation of primary medical care services in designated medically underserved areas of the applicant's service area.

The certificate holder shall provide documentation to the Department demonstrating that the certificate holder has satisfied the conditions of the certificate. If the certificate holder is unable or fails to satisfy the conditions of a certificate, the Department may approve alternative methods to satisfy the conditions pursuant to a plan of compliance. The plan of compliance shall identify a timeframe within which the certificate holder will satisfy the conditions of the certificate, and identify how the certificate holder will satisfy the conditions of the certificate, which may include (i) making direct payments to an organization authorized under a memorandum of understanding with the Department to receive contributions satisfying conditions of a certificate, (ii) making direct payments to a private nonprofit foundation that funds basic insurance coverage for indigents authorized under a memorandum of

understanding with the Department to receive contributions satisfying conditions of a certificate, or (iii) other documented efforts or initiatives to provide primary or specialized care to underserved populations. In determining whether the certificate holder has met the conditions of the certificate pursuant to a plan of compliance, only such direct payments, efforts, or initiatives made or undertaken after issuance of the conditioned certificate shall be counted towards satisfaction of conditions.

Any person willfully refusing, failing, or neglecting to honor such agreement shall be subject to a civil penalty of up to $100 per violation per day until the date of compliance.

G. For the purposes of this section, "completion" means conclusion of construction activities necessary for the substantial performance of the contract.

§ 38.2-3406.1. Application of requirements that policies offered by small employers include state-mandated health benefits.

A. As used in this section:

"Eligible individual" means an individual who is uninsured, is employed by a small employer, and has satisfied applicable waiting period requirements.

"Health insurance coverage" means benefits consisting of coverage for costs of medical care, whether directly, through insurance or reimbursement, or otherwise, and including items and services paid for as medical care under a group policy of accident and sickness insurance, hospital or medical service policy or certificate, hospital or medical service plan contract, or health maintenance organization contract, which coverage is subject to this title or is provided under a plan regulated under the Employee Retirement Income Security Act of 1974.

"Health insurer" means any insurance company that issues accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis or a corporation that provides accident and sickness subscription contracts, that is licensed to engage in such business in the Commonwealth, and that is subject to the laws of the Commonwealth that regulate insurance within the meaning of § 514 (b) (2) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. § 1144 (b) (2)).

"Small employer" means, with respect to a calendar year and a plan year, an employer located in the Commonwealth that employed at least two but not more than 50 eligible individuals on business days during the preceding calendar year and who employs at least two eligible individuals on the date a policy under this section becomes effective.

"State-mandated health benefit" means coverage required under this title or other laws of the Commonwealth to be provided in a policy of accident and sickness insurance or a contract for a health-related condition that (i) includes coverage for specific health care services or benefits; (ii) places limitations or restrictions on deductibles, coinsurance, copayments, or any annual or lifetime maximum benefit amounts; or (iii) includes a specific category of licensed health care practitioners from whom an insured is entitled to receive care. "State-mandated health benefit" includes, without limitation, any coverage, or the offering of coverage, of a benefit or provider pursuant to §§ 38.2-3407.5 through 38.2-3407.6:1, 38.2-3407.9:01, 38.2-3407.9:02, 38.2-3407.11 through 38.2-3407.11:3, 38.2-3407.16, 38.2-3408, 38.2-3411 through 38.2-3414.1, 38.2-3418 through 38.2-3418.14, or § 38.2-4221. For purposes of this article, "state-mandated health benefit" does not include a benefit that is mandated by federal law.

"Uninsured individual" means an individual who does not have, is not eligible for, and has not had at any time within the six months preceding the date of application for coverage under a policy authorized by this section, either in his individual capacity or as a dependent of another person, coverage under any of the following:

1. A group health plan;

2. Health insurance coverage;

3. Part A or B of Title XVIII of the Social Security Act (42 U.S.C. § 1395c or § 1395);

4. Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.), other than coverage consisting solely of benefits under section 1928;

5. Chapter 55 of Title 10, United States Code (10 U.S.C. § 1071 et seq.);

6. A medical care program of the Indian Health Service or of a tribal organization;

7. A federal employee health plan offered under Chapter 89 of Title 5, United States Code (5 U.S.C. § 8901 et seq.);

8. A public health plan, as defined in federal regulations; or

9. A health benefit plan under section 5 (e) of the Peace Corps Act (22 U.S.C. § 2504(e)).

In addition, "uninsured individual" includes any individual who does not have individual health insurance coverage on, and has not had individual health insurance coverage at any time within the six months preceding, the date of application for a policy written pursuant to this section.

B. Notwithstanding any provision of this title to the contrary, a group accident and sickness insurance policy providing hospital, medical and surgical, or major medical coverage on an

expense-incurred basis, and a group accident and sickness subscription contract providing health insurance coverage for eligible individuals, that is offered, sold, or issued by a health insurer to a small employer:

1. Shall not be required to include coverage, or the offer of coverage, for any state-mandated health benefit; and

2. May include any, or none, of the state-mandated health benefits as the health insurer and the small employer shall agree.

Notwithstanding any provision of this section to the contrary, if any plan authorized by this section includes and offers health care services covered by the plan that may be legally rendered by a health care provider listed in § 38.2-3408, that plan shall allow for the reimbursement of such covered services when rendered by such provider. Unless otherwise provided in this section, this provision shall not require any benefit be provided as a covered service.

C. Any application and any enrollment form used in connection with coverage under this section shall prominently disclose that the policy or contract is not required to provide state-mandated health benefits and shall clearly describe all eligibility requirements.

D. A policy form or subscription contract issued under this section to a small employer shall prominently disclose any and all state-mandated health benefits that the policy or subscription contract does not provide. Such disclosure shall also be included in certificate forms or other evidences of coverage furnished to each participant. Health insurers proposing to issue forms providing coverage under this section shall clearly disclose the intended purposes for such policies or contracts when submitting the forms to the Commission for approval in accordance with § 38.2-316.

E. The Commission shall adopt any regulations necessary to implement this section.
