

1 VIRGINIA ACTS OF ASSEMBLY — CHAPTER

2 *An Act to amend and reenact §§ 56-1, 56-88, 56-232, and 56-265.1 of the Code of Virginia and to*
3 *amend the Code of Virginia by adding sections numbered 1-222.1 and 56-594.1, relating to farms*
4 *that generate electricity from agricultural waste using waste-to-energy technology.*

5 [H 2171]

6 Approved

7 **Be it enacted by the General Assembly of Virginia:**

8 **1. That §§ 56-1, 56-88, 56-232, and 56-265.1 of the Code of Virginia are amended and reenacted**
9 **and that the Code of Virginia is amended by adding sections numbered 1-222.1 and 56-594.1 as**
10 **follows:**

11 **§ 1-222.1. Manufacturer.**

12 *"Manufacturer" shall not include any farm or aggregation of farms that owns and operates facilities*
13 *within the Commonwealth for the generation of electric energy from waste-to-energy technology. As*
14 *used in this definition, (i) "farm" means any person that obtains at least 51 percent of its annual gross*
15 *income from agricultural operations and produces the agricultural waste used as feedstock for the*
16 *waste-to-energy technology, (ii) "agricultural waste" means biomass waste materials capable of*
17 *decomposition that are produced from the raising of plants and animals during agricultural operations,*
18 *including animal manures, bedding, plant stalks, hulls, and vegetable matter, and (iii) "waste-to-energy*
19 *technology" means any technology, including but not limited to a methane digester, that converts*
20 *agricultural waste into gas, steam, or heat that is used to generate electricity on-site.*

21 **§ 56-1. Definitions.**

22 Whenever used in this title, unless the context requires a different meaning:

23 "Broadband connection," for purposes of this section, means a connection where transmission speeds
24 exceed 200 kilobits per second in at least one direction.

25 "Commission" means the State Corporation Commission.

26 "Corporation" or "company" includes all corporations created by acts of the General Assembly of
27 Virginia, or under the general incorporation laws of this Commonwealth, or doing business therein, and
28 shall exclude all municipal corporations, other political subdivisions, and public institutions owned or
29 controlled by the Commonwealth.

30 "Interexchange telephone service" means telephone service between points in two or more exchanges
31 that is not classified as local exchange telephone service. "Interexchange telephone service" shall not
32 include Voice-over-Internet protocol service for purposes of regulation by the Commission, including the
33 imposition of certification processing fees and other administrative requirements, and the filing or
34 approval of tariffs. Nothing herein shall be construed to either mandate or prohibit the payment of
35 switched network access rates or other intercarrier compensation, if any, related to Voice-over-Internet
36 protocol service.

37 "Local exchange telephone service" means telephone service provided in a geographical area
38 established for the administration of communication services and consists of one or more central offices
39 together with associated facilities which are used in providing local exchange service. Local exchange
40 service, as opposed to interexchange service, consists of telecommunications between points within an
41 exchange or between exchanges which are within an area where customers may call at rates and charges
42 specified in local exchange tariffs filed with the Commission. "Local exchange telephone service" shall
43 not include Voice-over-Internet protocol service for purposes of regulation by the Commission, including
44 the imposition of certification processing fees and other administrative requirements, and the filing or
45 approval of tariffs. Nothing herein shall be construed to either mandate or prohibit the payment of
46 switched network access rates or other intercarrier compensation, if any, related to Voice-over-Internet
47 protocol service.

48 "Municipality" or "municipal corporation" shall include an authority created by a governmental unit
49 exempt from the referendum requirement of § 15.2-5403.

50 "Person" includes individuals, partnerships, limited liability companies, and corporations.

51 "Public service corporation" or "public service company" includes gas, pipeline, electric light, heat,
52 power and water supply companies, sewer companies, telephone companies, telegraph companies, and all
53 persons authorized to transport passengers or property as a common carrier. "Public service corporation"
54 or "public service company" shall not include (i) a municipal corporation, other political subdivision or
55 public institution owned or controlled by the Commonwealth; however, if such an entity has obtained a
56 certificate to provide services pursuant to § 56-265.4:4, then such entity shall be deemed to be a public

57 service corporation or public service company and subject to the authority of the Commission with
 58 respect only to its provision of the services it is authorized to provide pursuant to such certificate; *or (ii)*
 59 *any company described in subdivision (b) (10) of § 56-265.1.*

60 "Railroad" includes all railroad or railway lines, whether operated by steam, electricity, or other
 61 motive power, except when otherwise specifically designated.

62 "Railroad company" includes any company, trustee or other person owning, leasing or operating a
 63 railroad.

64 "Rate" means rate charged for any service rendered or to be rendered.

65 "Rate," "charge" and "regulation" include joint rates, joint charges and joint regulations, respectively.

66 "Transportation company" includes any railroad company, any company transporting express by
 67 railroad, and any ship or boat company.

68 "Virginia limited liability company" means (i) any limited liability company organized under Chapter
 69 12 (§ 13.1-1000 et seq.) of Title 13.1, (ii) any entity that has become a limited liability company
 70 pursuant to Article 12.2 (§ 13.1-722.8 et seq.) of Chapter 9 of Title 13.1 or pursuant to conversion or
 71 domestication under Chapter 12 (§ 13.1-1000 et seq.) of Title 13.1, or (iii) any foreign limited liability
 72 company that is organized or is domesticated by filing articles of organization that meet the
 73 requirements of §§ 13.1-1003 and 13.1-1011 and include (a) the name of the foreign limited liability
 74 company immediately prior to the filing of the articles of organization; (b) the date on which and the
 75 jurisdiction in which the foreign limited liability company was first formed, organized, created or
 76 otherwise came into being; and (c) the jurisdiction that constituted the seat, siege social, or principal
 77 place of business or central administration of the foreign limited liability company, or any equivalent
 78 thereto under applicable law, immediately prior to the filing of the articles of organization. With respect
 79 to an organization or domestication pursuant to clause (iii), the terms and conditions of a domestication
 80 shall be approved in the manner provided for by the document, instrument, agreement or other writing,
 81 as the case may be, governing the internal affairs of the foreign limited liability company in the conduct
 82 of its business or by applicable law other than the law of the Commonwealth, as appropriate, and the
 83 provisions governing the status, powers, obligations, and choice of law applicable under § 13.1-1010.3
 84 shall apply to any limited liability company so domesticated or organized.

85 "Voice-over-Internet protocol service" or "VoIP service" means any service that: (i) enables real-time,
 86 two-way voice communications that originate or terminate from the user's location using Internet
 87 protocol or any successor protocol and (ii) uses a broadband connection from the user's location. This
 88 definition includes any such service that permits users generally to receive calls that originate on the
 89 public switched telephone network and to terminate calls to the public switched telephone network.

90 § 56-88. Definitions.

91 In this chapter the following terms shall have the following meanings:

92 "Acquire" or "acquisition" includes any purchase or other acquisition, whether by payment, exchange,
 93 gift, conveyance, lease, license, merger, consolidation or otherwise.

94 "Company" means a corporation, a partnership, an association, a joint-stock company, a business
 95 trust or an organized group of persons, whether incorporated or not; or any receiver, trustee or other
 96 liquidating agent of any of the foregoing in his capacity as such; but not a municipal corporation or
 97 county.

98 "Dispose of" or "disposition" includes any sale or other disposition, whether by payment, exchange,
 99 gift, conveyance, lease, license, merger, consolidation or otherwise.

100 "Public utility" means any company which owns or operates facilities within the Commonwealth for
 101 the generation, transmission or distribution of electric energy for sale; for the production, transmission or
 102 distribution, otherwise than in enclosed portable containers, of natural or manufactured gas for sale for
 103 heat, light or power, but excluding any company described in subdivision (b) (8) *or (b) (10)* of
 104 § 56-265.1; or for the furnishing of sewerage facilities or water.

105 "Utility assets" means the facilities in place of any public utility or municipality for the production,
 106 transmission or distribution of electric energy or natural or manufactured gas, or for the furnishing of
 107 sewerage facilities or water.

108 "Utility security" means any note, draft, debenture, bond, share of stock, certificate, collateral trust
 109 certificate, preorganization certificate or subscription, transferable share, investment contract, receiver's or
 110 trustee's certificate or any other instrument or interest commonly known as a security which is issued,
 111 assumed or guaranteed by any public utility or any company which would be a public utility if the
 112 facilities owned or operated by it were within the Commonwealth, or any company substantially
 113 engaged in the ownership of any of the aforesaid securities or in supplying management or advice to
 114 any of the aforesaid companies; or any certificate of deposit for, voting trust certificate for, certificate of
 115 interest or participation in, temporary or interim certificate for, receipt for, guaranty of, assumption of
 116 liability on, or warrant or right to subscribe to or purchase or acquire, any of the aforesaid securities.

117 § 56-232. Public utility and schedules defined.

A. The term "public utility" as used in §§ 56-233 to 56-240 and 56-246 to 56-250:

1. Shall mean and embrace every corporation (other than a municipality), company, individual, or association of individuals or cooperative, their lessees, trustees, or receivers, appointed by any court whatsoever, that now or hereafter may own, manage or control any plant or equipment or any part of a plant or equipment within the Commonwealth for the conveyance of telephone messages or for the production, transmission, delivery, or furnishing of heat, chilled air, chilled water, light, power, or water, or sewerage facilities, either directly or indirectly, to or for the public.

2. Notwithstanding any provision of subdivision 1 of this subsection or subsection G of § 13.1-620, shall also include any governmental entity established pursuant to the laws of any other state, corporation (other than a municipality established under the laws of this Commonwealth), company, individual, or association of individuals or cooperative, their lessees, trustees, or receivers, appointed by any court whatsoever, that at any time owns, manages or controls any plant or equipment, or any part thereof, located within the Commonwealth, which plant or equipment is used in the provision of sewage treatment services to or for an authority as defined in § 15.2-5101; however, the Commission shall have no jurisdiction to regulate the rates, terms and conditions of sewage treatment services that are provided by any such public utility directly to persons pursuant to the terms of a franchise agreement between the public utility and a municipality established under the laws of this Commonwealth.

3. Except as provided in subdivision 2, shall not be construed to include any corporation created under the provisions of Title 13.1 unless the articles of incorporation expressly state that the corporation is to conduct business as a public service company.

B. Notwithstanding any provision of law to the contrary, no person, firm, corporation, or other entity shall be deemed a public utility or public service company, solely by virtue of engaging in production, transmission, or sale at retail of electric power as a qualifying small power producer using renewable or nondepletable primary energy sources within the meaning of regulations adopted by the Federal Energy Regulatory Commission in implementation of the Public Utility Regulatory Policies Act of 1978 (P.L. 95-617) and not exceeding 7.5 megawatts of rated capacity, nor solely by virtue of serving as an aggregator of the production of such small power producers, provided that the portion of the output of any qualifying small power producer which is sold at retail shall not be sold to residential consumers.

C. No qualifying small power producer, within the meaning of regulations adopted by the Federal Energy Regulatory Commission, shall be deemed a public utility within the meaning of Chapter 7 (§ 62.1-80 et seq.) of Title 62.1.

D. The term "public utility" as herein defined shall not be construed to include any chilled water air-conditioning cooperative serving residences in less than a one square mile area, or any company which ~~that~~ is excluded from the definition of "public utility" by subdivision (b) (4), (b) (8), ~~or~~ (b) (9), or (b) (10) of § 56-265.1.

E. Subject to the provisions of § 56-232.1, the term "schedules" as used in §§ 56-234 through 56-245 shall include schedules of rates and charges for service to the public and also contracts for rates and charges in sales at wholesale to other public utilities or for divisions of rates between public utilities, but shall not include contracts of telephone companies with the state government or contracts of other public utilities with municipal corporations or the federal or state government, or any contract executed prior to July 1, 1950.

§ 56-265.1. Definitions.

In this chapter the following terms shall have the following meanings:

(a) "Company" means a corporation, a limited liability company, an individual, a partnership, an association, a joint-stock company, a business trust, a cooperative, or an organized group of persons, whether incorporated or not; or any receiver, trustee or other liquidating agent of any of the foregoing in his capacity as such; but not a municipal corporation or a county, unless such municipal corporation or county has obtained a certificate pursuant to § 56-265.4:4.

(b) "Public utility" means any company which owns or operates facilities within the Commonwealth of Virginia for the generation, transmission or distribution of electric energy for sale, for the production, storage, transmission, or distribution, otherwise than in enclosed portable containers, of natural or manufactured gas or geothermal resources for sale for heat, light or power, or for the furnishing of telephone service, sewerage facilities or water; however, the term "public utility" shall not include any of the following:

(1) Except as otherwise provided in § 56-265.3:1, any company furnishing sewerage facilities, geothermal resources or water to less than 50 customers. Any company furnishing water or sewer services to 10 or more customers and excluded by this subdivision from the definition of "public utility" for purposes of this chapter nevertheless shall not abandon the water or sewer services unless and until approval is granted by the Commission or all the customers receiving such services agree to accept ownership of the company.

(2) Any company generating and distributing electric energy exclusively for its own consumption.

(3) Any company (A) which furnishes electric service together with heating and cooling services, generated at a central plant installed on the premises to be served, to the tenants of a building or buildings located on a single tract of land undivided by any publicly maintained highway, street or road at the time of installation of the central plant, and (B) which does not charge separately or by meter for electric energy used by any tenant except as part of a rental charge. Any company excluded by this subdivision from the definition of "public utility" for the purposes of this chapter nevertheless shall, within 30 days following the issuance of a building permit, notify the State Corporation Commission in writing of the ownership, capacity and location of such central plant, and it shall be subject, with regard to the quality of electric service furnished, to the provisions of Chapters 10 (§ 56-232 et seq.) and 17 (§ 56-509 et seq.) of this title and regulations thereunder and be deemed a public utility for such purposes, if such company furnishes such service to 100 or more lessees.

(4) Any company, or affiliate thereof, making a first or direct sale, or ancillary transmission or delivery service, of natural or manufactured gas to fewer than 35 commercial or industrial customers, which are not themselves "public utilities" as defined in this chapter, or to certain public schools as indicated in this subdivision, for use solely by such purchasing customers at facilities which are not located in a territory for which a certificate to provide gas service has been issued by the Commission under this chapter and which, at the time of the Commission's receipt of the notice provided under § 56-265.4:5, are not located within any area, territory, or jurisdiction served by a municipal corporation that provided gas distribution service as of January 1, 1992, provided that such company shall comply with the provisions of § 56-265.4:5. Direct sales or ancillary transmission or delivery services of natural gas to public schools in the following localities may be made without regard to the number of schools involved and shall not count against the "fewer than 35" requirement in this subdivision: the Counties of Dickenson, Wise, Russell, and Buchanan, and the City of Norton.

(5) Any company which is not a public service corporation and which provides compressed natural gas service at retail for the public.

(6) Any company selling landfill gas from a solid waste management facility permitted by the Department of Environmental Quality to a public utility certificated by the Commission to provide gas distribution service to the public in the area in which the solid waste management facility is located. If such company submits to the public utility a written offer for sale of such gas and the public utility does not agree within 60 days to purchase such gas on mutually satisfactory terms, then the company may sell such gas to (i) any facility owned and operated by the Commonwealth which is located within three miles of the solid waste management facility or (ii) any purchaser after such landfill gas has been liquefied. The provisions of this subdivision shall not apply to the City of Lynchburg or Fairfax County.

(7) Any authority created pursuant to the Virginia Water and Waste Authorities Act (§ 15.2-5100 et seq.) making a sale or ancillary transmission or delivery service of landfill gas to a commercial or industrial customer from a solid waste management facility permitted by the Department of Environmental Quality and operated by that same authority, if such an authority limits off-premises sale, transmission or delivery service of landfill gas to no more than one purchaser. The authority may contract with other persons for the construction and operation of facilities necessary or convenient to the sale, transmission or delivery of landfill gas, and no such person shall be deemed a public utility solely by reason of its construction or operation of such facilities. If the purchaser of the landfill gas is located within the certificated service territory of a natural gas public utility, the public utility may file for Commission approval a proposed tariff to reflect any anticipated or known changes in service to the purchaser as a result of the use of landfill gas. No such tariff shall impose on the purchaser of the landfill gas terms less favorable than similarly situated customers with alternative fuel capabilities; provided, however, that such tariff may impose such requirements as are reasonably calculated to recover the cost of such service and to protect and ensure the safety and integrity of the public utility's facilities.

(8) A company selling or delivering only landfill gas, electricity generated from only landfill gas, or both, that is derived from a solid waste management facility permitted by the Department of Environmental Quality and sold or delivered from any such facility to not more than three commercial or industrial purchasers or to a natural gas or electric public utility, municipal corporation or county as authorized by this section. If a purchaser of the landfill gas is located within the certificated service territory of a natural gas public utility or within an area in which a municipal corporation provides gas distribution service and the landfill gas is to be used in facilities constructed after January 1, 2000, such company shall submit to such public utility or municipal corporation a written offer for sale of that gas prior to offering the gas for sale or delivery to a commercial or industrial purchaser. If the public utility or municipal corporation does not agree within 60 days following the date of the offer to purchase such landfill gas on mutually satisfactory terms, then the company shall be authorized to sell such landfill gas, electricity, or both, to the commercial or industrial purchaser, utility, municipal corporation, or county. Such public utility may file for Commission approval a proposed tariff to reflect any anticipated

or known changes in service to the purchaser as a result of the purchaser's use of the landfill gas. No such tariff shall impose on such purchaser of the landfill gas terms less favorable than those imposed on similarly situated customers with alternative fuel capabilities; provided, however, that such tariff may impose such requirements as are reasonably calculated to recover any cost of such service and to protect and ensure the safety and integrity of the public utility's facilities.

(9) A company that is not organized as a public service company pursuant to subsection D of § 13.1-620 and that sells and delivers propane air only to one or more public utilities. Any company excluded by this subdivision from the definition of "public utility" for the purposes of this chapter nevertheless shall be subject to the Commission's jurisdiction relating to gas pipeline safety and enforcement.

(10) A farm or aggregation of farms that owns and operates facilities within the Commonwealth for the generation of electric energy from waste-to-energy technology. As used in this subdivision, (i) "farm" means any person that obtains at least 51 percent of its annual gross income from agricultural operations and produces the agricultural waste used as feedstock for the waste-to-energy technology, (ii) "agricultural waste" means biomass waste materials capable of decomposition that are produced from the raising of plants and animals during agricultural operations, including animal manures, bedding, plant stalks, hulls, and vegetable matter, and (iii) "waste-to-energy technology" means any technology, including but not limited to a methane digester, that converts agricultural waste into gas, steam, or heat that is used to generate electricity on-site.

(c) "Commission" means the State Corporation Commission.

(d) "Geothermal resources" means those resources as defined in § 45.1-179.2.

§ 56-594.1. Interconnection by farms.

A. As used in this section, "eligible farm" means an entity that owns or operates facilities within the Commonwealth for the generation of electric energy, which entity is described in subdivision (b) (10) of § 56-265.1.

B. Eligible farms shall be permitted to connect to the electrical grid in order to feed into the grid electricity generated by the eligible farm from its facilities that generate electricity from a waste-to-energy technology.

C. The Commission shall adopt regulations to implement this section pursuant to § 56-578.
