Referred to Committee on Commerce and Labor

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-4319 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 38.2-3418.15 as follows:

§ 38.2-3418.15. Coverage for prosthetic devices and components.

A. Notwithstanding the provisions of § 38.2-3419, each insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis; each corporation providing individual or group accident and sickness subscription contracts; and each health maintenance organization providing a health care plan for health care services shall provide coverage for the cost of prosthetic devices and components, if the treating physician certifies the medical necessity of the prosthetic device and component as a proposed course of treatment, that, at a minimum, equals the coverage provided under the federal Medicare program pursuant to 42 U.S.C. §§ 1395k, 1395l, and 1395m and 42 C.F.R. parts 414.202, 414.210, 414.228, and 410.100, as applicable.

B. As used in this section:

"Component" means the materials and equipment needed to ensure the comfort and functioning of a prosthetic device.

"Limb" means an arm, a hand, a leg, a foot or any portion of an arm, a hand, a leg, or a foot.

"Prosthetic device" means an artificial device to replace a limb in whole or in part, or to replace an eye, if required because of a change in the patient's physical condition, as set forth in 42 U.S.C. § 1395x(s)(9).

C. An insurer, corporation, or health maintenance organization may require preauthorization to determine medical necessity and the eligibility of benefits for prosthetic devices and components, in the same manner that prior authorization is required for any other covered benefit.

D. Coverage under this section shall also include the fitting, repair, or replacement of a prosthetic device and component, or both, if the fitting, repair, or replacement is determined to be medically necessary. A fitting, repair, or replacement necessitated by the negligence of proper care and maintenance or by an abusive act committed by the individual having the prosthetic device shall not be covered.

E. An insurer, corporation, or health maintenance organization may require that prosthetic services be rendered by a provider that contracts with the carrier and that a prosthetic device or component be provided by a vendor designated by that insurer.

F. Coverage shall not be required for a prosthetic device that is designed exclusively for athletic purposes.

G. No insurer, corporation, or health maintenance organization shall impose upon any person receiving benefits pursuant to this section any copayment, coinsurance, or deductible amounts, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services, that is not equally imposed upon all terms and services covered under the policy, contract, or plan.

H. The requirements of this section shall apply to all insurance policies, contracts, and plans delivered, issued for delivery, reissued, or extended in the Commonwealth on and after January 1, 2009, or at any time thereafter when any term of the policy, contract, or plan is changed or any premium adjustment is made.

I. This section shall not apply to short-term travel, accident-only, limited or specified disease, or individual conversion policies or contracts, nor to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal governmental plans.
