**HOUSE BILL NO. 624**

Offered January 13, 2010

Prefiled January 12, 2010

*A BILL to amend and reenact § 58.1-439 of the Code of Virginia, relating to the major business facility job tax credit.*

Patrons—Kilgore, Crockett-Stark, Anderson, Athey, Bell, Richard P., Byron, Carrico, Cox, J.A., Gilbert, Hugo, Ingram, Landes, Lewis, Lingamfelter, Lohr, Merricks, Miller, J.H., Morefield, Nutter, O'Bannon, Peace, Pogge, Stolle and Ware, R.L.

Referred to Committee on Finance

**Be it enacted by the General Assembly of Virginia:****1. That § 58.1-439 of the Code of Virginia is amended and reenacted as follows:**

§ 58.1-439. Major business facility job tax credit.

A. For taxable years beginning on and after January 1, 1995, but before January 1, 2020, a taxpayer shall be allowed a credit against the taxes imposed by Articles 2 (§ 58.1-320 et seq.), 6 (§ 58.1-360 et seq.), and 10 (§ 58.1-400 et seq.) of Chapter 3; Chapter 12 (§ 58.1-1200 et seq.); Article 1 (§ 58.1-2500 et seq.) of Chapter 25; or Article 2 (§ 58.1-2620 et seq.) of Chapter 26 of this title as set forth in this section.

B. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

C. A "major business facility" is a company that satisfies the following criteria:

1. Subject to the provisions of subsections K or L, the establishment or expansion of the company shall result in the creation of at least ~~400~~ 50 jobs for qualified full-time employees; the first such ~~400~~ 50 jobs shall be referred to as the "threshold amount"; and

2. The company is engaged in any business in the Commonwealth, except a retail trade business if such trade is the principal activity of an individual facility in the Commonwealth. Examples of types of major business facilities that are eligible for the credit provided under this section include, but are not limited to, a headquarters, or portion of such a facility, where company employees are physically employed, and where the majority of the company's financial, personnel, legal or planning functions are handled either on a regional or national basis. A company primarily engaged in the Commonwealth in the business of manufacturing or mining; agriculture, forestry or fishing; transportation or communications; or a public utility subject to the corporation income tax shall be deemed to have established or expanded a major business facility in the Commonwealth if it meets the requirements of subdivision 1 during a single taxable year and such facilities are not retail establishments. A major business facility shall also include facilities that perform central management or administrative activities, whether operated as a separate trade or business, or as a separate support operation of another business. Central management or administrative activities include, but are not limited to, general management; accounting; computing; tabulating; purchasing; transportation or shipping; engineering and systems planning; advertising; technical sales and support operations; central administrative offices and warehouses; research, development and testing laboratories; computer-programming, data-processing and other computer-related services facilities; and legal, financial, insurance, and real estate services. The terms used in this subdivision to refer to various types of businesses shall have the same meanings as those terms are commonly defined in the Standard Industrial Classification Manual.

D. For purposes of this section, the "credit year" is the first taxable year following the taxable year in which the major business facility commenced or expanded operations.

E. The Department of Taxation shall make all determinations as to the classification of a major business facility in accordance with the provisions of this section.

F. A "qualified full-time employee" means an employee filling a new, permanent full-time position in a major business facility in the Commonwealth. A "new, permanent full-time position" is a job of an indefinite duration, created by the company as a result of the establishment or expansion of a major business facility in the Commonwealth, requiring a minimum of 35 hours of an employee's time a week for the entire normal year of the company's operations, which "normal year" shall consist of at least 48 weeks, or a position of indefinite duration which requires a minimum of 35 hours of an employee's time a week for the portion of the taxable year in which the employee was initially hired for, or transferred to, the major business facility in the Commonwealth. Seasonal or temporary positions, or a job created

57 when a job function is shifted from an existing location in the Commonwealth to the new major  
58 business facility and positions in building and grounds maintenance, security, and other such positions  
59 which are ancillary to the principal activities performed by the employees at a major business facility  
60 shall not qualify as new, permanent full-time positions.

61 G. For any major business facility, the amount of credit earned pursuant to this section shall be equal  
62 to \$1,000,2000 per qualified full-time employee, over the threshold amount, employed during the credit  
63 year. The credit shall be allowed ratably, with one-third of the credit amount allowed annually for three  
64 years beginning with the credit year. However, for taxable years beginning January 1, 2009, through  
65 December 31, 20102012, one-half of the credit amount shall be allowed each year for two years. The  
66 portion of the \$1,000,2000 credit earned with respect to any qualified full-time employee who is  
67 employed in the Commonwealth for less than 12 full months during the credit year will be determined  
68 by multiplying the credit amount by a fraction, the numerator of which is the number of full months  
69 that the qualified full-time employee worked for the major business facility in the Commonwealth during  
70 the credit year, and the denominator of which is 12. A separate credit year and a three-year allowance  
71 period shall exist for each distinct major business facility of a single taxpayer, except for credits allowed  
72 for taxable years beginning January 1, 2009, through December 31, 20102012, when a two-year  
73 allowance period shall exist for each distinct major business facility of a single taxpayer.

74 H. The amount of credit allowed pursuant to this section shall not exceed the tax imposed for such  
75 taxable year. Any credit not usable for the taxable year the credit was allowed may be, to the extent  
76 usable, carried over for the next 10 succeeding taxable years. No credit shall be carried back to a  
77 preceding taxable year. In the event that a taxpayer who is subject to the tax limitation imposed  
78 pursuant to this subsection is allowed another credit pursuant to any other section of the Code of  
79 Virginia, or has a credit carryover from a preceding taxable year, such taxpayer shall be considered to  
80 have first utilized any credit allowed which does not have a carryover provision, and then any credit  
81 which is carried forward from a preceding taxable year, prior to the utilization of any credit allowed  
82 pursuant to this section.

83 I. No credit shall be earned pursuant to this section for any employee (i) for whom a credit under  
84 this section was previously earned by a related party as defined by Internal Revenue Code § 267(b) or a  
85 trade or business under common control as defined by Internal Revenue Code § 52(b); (ii) who was  
86 previously employed in the same job function in Virginia by a related party as defined by Internal  
87 Revenue Code § 267(b) or a trade or business under common control as defined by Internal Revenue  
88 Code § 52(b); (iii) whose job function was previously performed at a different location in Virginia by an  
89 employee of the taxpayer, a related party as defined by Internal Revenue Code § 267(b), or a trade or  
90 business under common control as defined by Internal Revenue Code § 52(b); or (iv) whose job function  
91 previously qualified for a credit under this section at a different major business facility on behalf of the  
92 taxpayer, a related party as defined by Internal Revenue Code § 267(b), or a trade or business under  
93 common control as defined by Internal Revenue Code § 52(b).

94 J. Subject to the provisions of subsections K or L, recapture of this credit, under the following  
95 circumstances, shall be accomplished by increasing the tax in any of the five years succeeding the  
96 taxable year in which a credit has been earned pursuant to this section if the number of qualified  
97 full-time employees decreases below the average number of qualified full-time employees employed  
98 during the credit year. Such tax increase amount shall be determined by (i) recomputing the credit which  
99 would have been earned for the original credit year using the decreased number of qualified full-time  
100 employees and (ii) subtracting such recomputed credit from the amount of credit previously earned. In  
101 the event that the average number of qualifying full-time employees employed at a major business  
102 facility falls below the threshold amount in any of the five taxable years succeeding the credit year, all  
103 credits earned with respect to such major business facility shall be recaptured. No credit amount will be  
104 recaptured more than once pursuant to this subsection. Any recapture pursuant to this section shall  
105 reduce credits earned but not yet allowed, and credits allowed but carried forward, before the taxpayer's  
106 tax liability may be increased.

107 K. In the event that a major business facility is located in an economically distressed area or in an  
108 enterprise zone as defined in ~~§ 59.1-274~~ or in Chapter 49 (§ 59.1-538 et seq.) of Title 59.1 during a  
109 credit year, the threshold amount required to qualify for a credit pursuant to this section and to avoid  
110 full recapture shall be reduced from 100 to 50 to 25 for purposes of subdivision C 1 and subsection J.  
111 An area shall qualify as economically distressed if it is a city or county with an unemployment rate for  
112 the preceding year of at least 0.5 percent higher than the average statewide unemployment rate for such  
113 year. The Virginia Economic Development Partnership shall identify and publish a list of all  
114 economically distressed areas at least annually.

115 L. For taxable years beginning on or after January 1, 2004, but before January 1, 2006, in the event  
116 that a major business facility is located in a severely economically distressed area, the threshold amount  
117 required to qualify for a credit pursuant to this section and to avoid full recapture shall be reduced from  
118 100 to 25 for purposes of subdivision C 1 and subsection J. However, the total amount of credit

119 allowable under this subsection shall not exceed \$100,000 in aggregate. An area shall qualify as severely  
120 economically distressed if it is a city or county with an unemployment rate for the preceding year of at  
121 least twice the average statewide unemployment rate for such year. The Virginia Economic Development  
122 Partnership shall identify and publish a list of all severely economically distressed areas at least  
123 annually.

124 M. The Tax Commissioner shall promulgate regulations, in accordance with the Administrative  
125 Process Act (§ 2.2-4000 et seq.), relating to (i) the computation, carryover, and recapture of the credit  
126 provided under this section; (ii) defining criteria for (a) a major business facility, (b) qualifying full-time  
127 employees at such facility, and (c) economically distressed areas; and (iii) the computation, carryover,  
128 recapture, and redemption of the credit by affiliated companies pursuant to subsection S.

129 N. The provisions of this section shall apply only in instances where an announcement of intent to  
130 establish or expand a major business facility is made on or after January 1, 1994. An announcement of  
131 intent to establish or expand a major business facility includes, but is not limited to, a press conference  
132 or extensive press coverage, providing information with respect to the impact of the project on the  
133 economy of the area where the major business facility is to be established or expanded and the  
134 Commonwealth as a whole.

135 O. The credit allowed pursuant to this section shall be granted to the person who pays taxes for the  
136 qualified full-time employees pursuant to Chapter 5 (§ 60.2-500 et seq.) of Title 60.2.

137 P. No person shall claim a credit allowed pursuant to this section and the credit allowed pursuant to  
138 § 58.1-439.2.

139 Q. No person operating a business in the Commonwealth pursuant to Chapter 29 (§ 59.1-364 et seq.)  
140 of Title 59.1 shall claim a credit pursuant to this section.

141 R. Notwithstanding subsection O, a taxpayer may, for the purpose of determining the number of  
142 qualified full-time employees at a major business facility, include the employees of a contractor or a  
143 subcontractor if such employees are permanently assigned to the taxpayer's major business facility. If the  
144 taxpayer includes the employees of a contractor or subcontractor in its total of qualified full-time  
145 employees, it shall enter into a contractual agreement with the contractor or subcontractor prohibiting the  
146 contractor or subcontractor from also claiming these employees in order to receive a credit given under  
147 this section. The taxpayer shall provide evidence satisfactory to the Department of Taxation that it has  
148 entered into such a contract.

149 S. For purposes of satisfying the criteria of subdivision C 1, two or more affiliated companies may  
150 elect to aggregate the number of jobs created for qualified full-time employees as the result of the  
151 establishment or expansion by the individual companies in order to qualify for the credit allowed  
152 pursuant to this section. For purposes of this subsection, "affiliated companies" means two or more  
153 companies related to each other such that (i) one company owns at least 80 percent of the voting power  
154 of the other or others or (ii) at least 80 percent of the voting power of two or more companies is owned  
155 by the same interests.

156 T. The General Assembly of Virginia finds that modern business infrastructure allows businesses to  
157 locate their administrative or manufacturing facilities with minimal regard to the location of markets or  
158 the transportation of raw materials and finished goods, and that the economic vitality of the  
159 Commonwealth would be enhanced if such facilities were established in Virginia. Accordingly, the  
160 provisions of this section targeting the credit to major business facilities and limiting the credit to those  
161 companies which establish a major business facility in Virginia are integral to the purpose of the credit  
162 earned pursuant to this section and shall not be deemed severable.

163 **2. That the tax credits pursuant to this act shall only be allowed for qualified full-time employees**  
164 **as defined in § 58.1-439 of the Code of Virginia first hired on or after January 1, 2010.**
