**7. Budget Amendment Necessary:** No

**8. Fiscal Implications:** The State Corporation Commission's Clerk's Office estimates the need for four additional senior office technicians and 0.5 additional charter examiner to meet the additional demands imposed by this legislation. In addition to accommodating the compressed time frame for review of documents, based on the assumption that "48 hours"

means consecutive hours, the Clerk's Office may need to be staffed six or seven days a week. The two definitions of "routine" (lines 18-23 and 34-36/ 48-51) will encompass virtually all articles of incorporation and articles of organization.

The issuance of certificates of incorporation and certificates of organization within 48 hours of receipt will likely have a negative impact on the expedite fees currently collected by the Clerk's Office to process certain submissions for new corporations and limited liability companies. The numbers set forth in 6b above assume a 50% loss of revenue from expedite fees for new Virginia articles of incorporation and articles of organization.

**9. Specific Agency or Political Subdivisions Affected:** State Corporation Commission and its Clerk's Office

**10. Technical Amendment Necessary:** Suggested editorial changes:

Line 18 and 33 – substitute "certificate" for "certification"; line 21 – substitute "does" for "do"; line 47 – insert "of organization" after "articles"; line 48 - substitute "of organization" for "therefor" and "subsection" for "section. Additionally, consideration should be given to moving the language at lines 46-51 to a new subsection E in § 13.1-1011(subsection D of this section of the Limited Liability Act parallels the first paragraphs of §§ 13.1-621 and 13.1-820).

**11. Other Comments:** House Bill 966 appears to be identical to House Bill 859.
