118 agencies and institutions of the Commonwealth. All departments, agencies and institutions of the  
119 Commonwealth shall ensure that the design and construction of state-owned buildings comply with the  
120 standards governing energy use and efficiency established by the Division. The standards may provide  
121 for incentive contracting that offers a contractor whose bid is accepted the opportunity to share in any

cost savings realized by the Commonwealth when project costs are reduced by the contractor, without affecting project quality, during construction of the project. The fee, if any, charged by the project engineer or architect for determining the cost savings shall be paid as a separate cost and shall not be calculated as part of any cost savings.

C. Notwithstanding any standards established by the Division or law to the contrary except as provided in this subsection, any public institution of higher education that has in effect a signed memorandum of understanding with the Secretary of Administration regarding participation in the nongeneral fund decentralization program as set forth in the appropriation act may enter into contracts for specific construction projects without the preliminary review and approval of the Division, provided such institutions are in compliance with the requirements of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) and utilize the general terms and conditions for those forms of procurement approved by the Division and the Office of the Attorney General. Notwithstanding any provision of law to the contrary, no state department, agency or institution shall acquire real property by gift, lease, purchase or any other means without following the guidelines adopted by the Department and obtaining the prior approval of the Governor. The Department shall review every proposed acquisition of real property by gift, lease, purchase or any other means by any department, agency or institution of the Commonwealth and recommend either approval or disapproval of the transactions to the Governor based on cost, demonstrated need, and compliance with the Department's guidelines.

The provisions of this section shall not apply to the:

1. Acquisition of real property for open space preservations pursuant to the purposes of § 10.1-1800 and subdivision A 4 of § 10.1-2204, if it does not require as a condition of acceptance, an appropriation of any state funds for the continued maintenance of such property;

2. Acquisition of easements pursuant to the purposes of §§ 10.1-1020 and 10.1-1021 or §§ 10.1-1700, 10.1-1702, and 10.1-1702;

Entering into an operating/income lease or a capital lease by a public institution of higher education, for real property to be used for academic purposes, or for real property owned by the institution or a foundation related to the institution to be used for non-academic purposes, in accordance with the institution's land use plan pursuant to § 2.2-1153 provided that (i) the capital lease does not constitute tax-supported debt of the Commonwealth, (ii) the institution meets the conditions ~~prescribed in subsection B of § 23-38.88~~ *developed pursuant to subdivision B 5 of § 23-38.87:21*, and (iii) for purposes of entering into a capital lease, the institution shall have in effect a signed memorandum of understanding with the Secretary of Administration regarding participation in the nongeneral fund decentralization program as set forth in the appropriation act. For the purposes of this subdivision, an operating/income lease or a capital lease shall be determined using generally accepted accounting principles; or

6. Acquisition of real property for the construction, improvement or maintenance of highways and transportation facilities and purposes incidental thereto by the Department of Transportation; however, acquisitions of real property by the Department of Transportation for office space, district offices, residencies, area headquarters, or correctional facilities shall be subject to the Department's review and the Governor's approval.

1. Property owned by the Commonwealth may be sold, leased, or other interests therein conveyed to political subdivisions, public authorities, or the federal government, for such consideration as is deemed proper; and

2. Property owned by the Commonwealth and held in the possession of a department, agency or institution of the Commonwealth may be transferred to the possession of another department, agency or institution of the Commonwealth by the execution of an agreement between the heads of such departments, agencies or institutions.

B. No transaction authorized by this section shall be made without the prior written recommendation of the Department to the Governor, the written approval of the Governor of the transaction itself, and the approval of the Attorney General as to the form of the instruments prior to execution.

Prior to entering into any negotiations for the conveyance or transfer of any portion of Camp Pendleton or any military property that has been or may be conveyed to the Commonwealth pursuant to a recommendation by the Defense Base Closure Realignment Commission, the Department shall give written notice to all members of the General Assembly within the planning district in which such property is located. If, within 30 days of receipt of the Department's notice, 25 percent of such members of the General Assembly give notice to the Department that they object to such conveyance or that they require additional information, the Department shall conduct a meeting, with written notice thereof to all members of the General Assembly within that planning district, at which the Department and such members shall discuss the proposed transaction. Members of the General Assembly objecting to the proposed transaction after the meeting shall convey their objections in detail to the Governor, who shall consider the objections. Certification of compliance with the foregoing requirements by the Governor in a deed or other instrument conveying or transferring any portion of Camp Pendleton or any such military property, absent knowledge by the purchaser or transferee to the contrary, shall serve as prima facie evidence of compliance with this subsection.

C. Notwithstanding the provisions of subsection B, a public institution of higher education may convey an easement pertaining to any property such institution owns or controls provided that the institution meets the conditions prescribed in subsection B of ~~§ 23-38.88 developed pursuant to subdivision B 5 of § 23-38.87:21~~ and prescribed in § 23-38.112 (regardless of whether or not the institution has been granted any authority under Subchapter 3 (§ 23-38.91 et seq.) of Chapter 4.10 of Title 23).

Such notification shall be in a form and manner prescribed by the Department. Each department, agency and institution shall submit to the Department a land use plan for state-owned property it possesses or has under its control showing present and planned uses of such property. Such plan shall be approved by the cognizant board or governing body of the department, agency or institution holding title to or otherwise controlling the state-owned property or the agency head in the absence of a board or governing body, with a recommendation on whether any property should be declared surplus by the department, agency or institution. Development of such land use plans shall be based on guidelines promulgated by the Department. The guidelines shall provide that each land use plan shall be updated and copies provided to the Department by September 1 of each year. The Department may exempt properties that are held and used for conservation purposes from the requirements of this section. The Department shall review the land use plans and determine whether the property or any portion thereof should be declared surplus to the needs of the Commonwealth. By October 1 of each year, the Department shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees setting forth the Department's findings, the sale or marketing of properties identified pursuant to this section, and recommending any actions that may be required by the Governor and the General Assembly to identify and dispose of property not being efficiently and effectively utilized.

Until permanent disposition of the property determined to be surplus is effected, the property shall continue to be maintained by the department, agency or institution possessing or controlling it, unless upon the recommendation of the Department, the Governor authorizes the transfer of the property to the possession or control of the Department. In this event, the department, agency or institution formerly possessing or controlling the property shall have no further interest in it.

B. The Department shall establish criteria for ascertaining whether property under the control of a department, agency or institution should be classified as "surplus" to its current or proposed needs. Such criteria shall provide that the cognizant board or governing body, if any, of the department, agency or institution holding the title to or otherwise controlling the state-owned property, or the agency head in the absence of a board or governing body, shall approve the designation of the property as surplus.

C. Notwithstanding the provisions of subsection A:

The General Assembly shall also approve the disposal or transfer.

2. Surplus real property valued at less than \$5 million that is possessed and controlled by a public institution of higher education may be sold by such institution, provided that (i) at least 45 days prior to executing a contract for the sale of such property, the institution gives written notification to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees; and (ii) the Governor may postpone the sale at any time up to 10 days prior to the proposed date of sale. Such sale may be effected by public auction, sealed bids, or by marketing through one or more Virginia licensed real estate brokers after satisfying the public notice provisions of subsection A of § 2.2-1156. The terms of all negotiations resulting in such sale shall be public information. The public institution of higher education may retain the proceeds from the sale of such property if the property was acquired by nongeneral funds. If the institution originally acquired the property through a mix of general and nongeneral funds, 50 percent of the proceeds shall be distributed to the institution and 50 percent shall be distributed to the State Park Conservation Resources Fund established under subsection A of § 10.1-202. § 2.2-1404.1. Use of vendors identified by public institutions of higher education as small, women- and minority-owned businesses.

For purposes of compliance with § 2.2-4310, a public institution of higher education that meets the conditions ~~prescribed in subsection B of § 23-38.88 developed pursuant to subdivision B 5 of § 23-38.87:21~~ may procure goods, services, and construction from vendors identified by such public institutions of higher education as small, women-owned, and minority-owned businesses that the institution has certified as such based on criteria approved by the Department. The institution shall notify the Department promptly of the certification, and shall provide the Department with a copy of its written certification identifying the vendor as small, women-owned, and minority-owned businesses and all application materials submitted by the vendor to the institution. Such certification shall remain in effect unless and until the Department notifies the institution that the vendor does not meet the certification requirements.

An institution exercising authority granted under this section shall promptly make available to the Department, upon request, copies of its procurement records, receipts, and transactions in regard to procurement from small, women-owned, and minority-owned businesses in order for the Department to ensure institution compliance with its approved reporting and certification criteria.

4. Review budget requests for information technology from state agencies and public institutions of higher education and recommend budget priorities to the Secretary.

Review of such budget requests shall include, but not be limited to, all data processing or other related projects for amounts exceeding \$100,000 in which the agency or institution has entered into or plans to enter into a contract, agreement or other financing agreement or such other arrangement that requires that the Commonwealth either pay for the contract by foregoing revenue collections, or allows or assigns to another party the collection on behalf of or for the Commonwealth any fees, charges, or other assessments or revenues to pay for the project. For each project, the agency or institution, with the exception of public institutions of higher education that meet the conditions prescribed in subsection B of § 23-38.88 *developed pursuant to subdivision B 5 of § 23-38.87:21*, shall provide the CIO (i) a summary of the terms, (ii) the anticipated duration, and (iii) the cost or charges to any user, whether a state agency or institution or other party not directly a party to the project arrangements. The description shall also include any terms or conditions that bind the Commonwealth or restrict the Commonwealth's operations and the methods of procurement employed to reach such terms.

5. Direct the development of policies and procedures for the effective management of information technology investments throughout their entire life cycles, including, but not limited to, project definition, procurement, development, implementation, operation, performance evaluation, and enhancement or retirement. Such policies and procedures shall include, at a minimum, the periodic review by the CIO of agency and public institution of higher education major information technology projects. 9. Report annually to the Governor, the Secretary, and the Joint Commission on Technology and Science created pursuant to § 30-85 on the use and application of information technology by state agencies and public institutions of higher education to increase economic efficiency, citizen convenience, and public access to state government. The CIO shall prepare an annual report for submission to the Secretary, the Information Technology Advisory Council, and the Joint Commission on Technology and Science on a prioritized list of Recommended Technology Investment Projects based upon major information technology projects submitted for approval pursuant to this chapter. As part of this plan, the CIO shall develop and regularly update a methodology for prioritizing projects based upon the allocation of points to defined criteria. The criteria and their definitions shall be presented in the plan. For each project listed in the plan, the CIO shall indicate the number of points and how they were awarded. For each listed project, the CIO shall also indicate (i) the projected cost of the project for the next three biennia following project implementation; (ii) all projected costs of ongoing operations and maintenance activities; and (iii) whether the project fails to incorporate existing standards for the maintenance, exchange, and security of data. 10. Direct the development of policies and procedures that require VITA to review major information technology projects proposed by state agencies and institutions and recommend to the Secretary whether such projects be approved or disapproved. The CIO shall disapprove major information technology projects that do not conform to the statewide strategic information technology plan or to the individual plans of state agencies or institutions of higher education. For projects that do not meet the definition of

B. Consistent with § 2.2-2012, the CIO may enter into public-private partnership contracts to finance or implement information technology programs and projects. The CIO may issue a request for information to seek out potential private partners interested in providing programs or projects pursuant to an agreement under this subsection. The compensation for such services shall be computed with reference to and paid from the increased revenue or cost savings attributable to the successful implementation of the program or project for the period specified in the contract. The CIO shall be responsible for reviewing and approving the programs and projects and the terms of contracts for same under this subsection. The CIO shall determine annually the total amount of increased revenue or cost savings attributable to the successful implementation of a program or project under this subsection and such amount shall be deposited in the Virginia Technology Infrastructure Fund created in § 2.2-2023. The CIO is authorized to use moneys deposited in the Fund to pay private partners pursuant to the terms of contracts under this subsection. All moneys in excess of that required to be paid to private partners, as determined by the CIO, shall be reported to the Comptroller and retained in the Fund. D. Subject to review and approval by the Secretary, the CIO shall have the authority to enter into and amend contracts for the provision of information technology services.

§ 2.2-2901. Appointments, promotions and tenure based upon merit and fitness.

A. In accordance with the provisions of this chapter all appointments and promotions to and tenure in positions in the service of the Commonwealth shall be based upon merit and fitness, to be ascertained, as far as possible, by the competitive rating of qualifications by the respective appointing authorities.

Persons holding positions in the service of the Commonwealth on July 1, 1952, shall be deemed to be holding their positions as though they had received appointment under the terms of this chapter.

B. Persons who leave the service of the Commonwealth for service in any of the armed forces of the United States shall be entitled to be restored to such positions upon the termination of their service with the armed forces, provided such persons, except for good cause shown, have filed an application for restoration to such positions within 90 calendar days following such termination of military service, accompanied by a certificate attesting that the military duty was satisfactorily performed. Such persons shall thereafter hold such positions as though they had received appointment under the terms of this chapter, except as to any such position which, in the meantime, may have been abolished. Any such former employee returning to, or applying for, employment in the state service, as provided by this section, shall be considered as having at least as favorable a status with reference to this chapter as he would have occupied if his service had been continuous.

C. No establishment of a position or rate of pay, and no change in rate of pay shall become effective except on order of the appointing authority and approval by the Governor. This subsection shall not apply to any position the compensation of which is at a rate of \$1,200 per annum or less.

D. In order to attract and retain professional auditors, accountants and staff members in the service of the Auditor of Public Accounts, the Joint Legislative Audit and Review Commission may establish scales of pay for such positions notwithstanding the provisions of this chapter. Such scales when established and certified to the Department of Human Resource Management and the Comptroller shall be applicable in the stead of the scales established under the personnel plan.

E. The Board of Visitors of public institutions of higher education shall establish policies for the designation of administrative and professional faculty positions at institutions of higher education. Those designations shall be reserved for positions that require a high level of administrative independence, responsibility, and oversight within the organization or specialized expertise within a given field as

defined by the Board of Visitors. The authority under this subsection to establish policies for the designation of administrative and professional faculty positions shall be granted only to those institutions that meet the conditions prescribed in subsection B of § 23-38.88 developed pursuant to subdivision B 5 of § 23-38.87:21.

§ 2.2-5005. Incentive performance benefits to certain public institutions of higher education.

2. Any unexpended appropriations of the public institution of higher education at the close of the fiscal year, which shall be reappropriated and allotted for expenditure by the institution in the immediately following fiscal year; and

3. A pro rata amount of the rebate due to the Commonwealth on credit card purchases of \$5,000 or less made during the fiscal year. The amount to be paid to each institution shall equal a pro rata share based upon its total transactions of \$5,000 or less using the credit card that is approved for use by all state agencies as compared to all transactions of \$5,000 or less using such card by all state agencies. The Comptroller shall determine the public institution's pro rata share and, as provided in the appropriation act, shall pay the institution by August 15, or as soon thereafter as practicable, of the fiscal year immediately following the year of certification.

The payment to an institution of its pro rata share under this subdivision shall also be applicable to other rebate or refund programs in effect that are similar to that of the credit card rebate program described in this subdivision. The Secretary of Finance shall identify such other rebate or refund programs and shall determine the pro rata share to be paid to the public institution of higher education.

Such rebate shall be certified by the Department of General Services and paid to each public institution by August 15, or as soon thereafter as practicable, of the fiscal year immediately following the year of certification.

§ 23-9.2:3. Power of governing body of educational institution to establish rules and regulations; offenses occurring on property of institution; state direct student financial assistance; release of educational records.

A. In addition to the powers now enjoyed by it, the board of visitors or other governing body of every educational institution shall have the power:

1. To establish rules and regulations for the acceptance and assistance of students except that (i) individuals who have failed to meet the federal requirement to register for the selective service shall not be eligible to receive any state direct student assistance; (ii) the accreditation status of a Virginia public high school shall not be considered in making admissions determinations for students who have earned a diploma pursuant to the requirements established by the Board of Education; and (iii) the governing boards of the four-year institutions shall establish policies providing for the admission of certain graduates of Virginia community colleges as set forth in § 23-9.2:3.02 23-38.87:18.

3. To establish programs, in cooperation with the State Council of Higher Education and the Office of the Attorney General, to promote compliance among students with the Commonwealth's laws relating to the use of alcoholic beverages.

4. To establish rules and regulations for the rescission or restriction of financial aid, within the discretionary authority provided to the institution by federal or state law and regulations, and the suspension and dismissal of students who fail or refuse to abide by such rules and regulations for the conduct of students.

5. To establish rules and regulations for the employment of professors, teachers, instructors and all

552 other employees and provide for their dismissal for failure to abide by such rules and regulations.

553 6. To provide parking and traffic rules and regulations on property owned by such institution.

554 7. To establish guidelines for the initiation or induction into any social fraternity or sorority in  
555 accordance with § 18.2-56.

556 8. To establish programs, in cooperation with the State Council of Higher Education for Virginia and  
557 the Office of the Attorney General, to promote the awareness and prevention of sexual crimes  
558 committed upon students.

559 B. Upon receipt of an appropriate resolution of the board of visitors or other governing body of an  
560 educational institution, the governing body of a political subdivision which is contiguous to the  
561 institution shall enforce state statutes and local ordinances with respect to offenses occurring on the  
562 property of the institution.

563 The governing bodies of the public institutions of higher education shall assist the State Council of  
564 Higher Education in enforcing the provisions related to eligibility for financial aid.

565 C. Notwithstanding any other provision of state law, the board of visitors or other governing body of  
566 every public institution of higher education in Virginia shall establish policies and procedures requiring  
567 the notification of the parent of a dependent student when such student receives mental health treatment  
568 at the institution's student health or counseling center and such treatment becomes part of the student's  
569 educational record in accordance with the federal Health Insurance Portability and Accountability Act  
570 (42 U.S.C. § 1320d et seq.) and may be disclosed without prior consent as authorized by the federal  
571 Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) and related regulations (34 C.F.R. Part  
572 99). Such notification shall only be required if it is determined that there exists a substantial likelihood  
573 that, as a result of mental illness the student will, in the near future, (i) cause serious physical harm to  
574 himself or others as evidenced by recent behavior or any other relevant information or (ii) suffer serious  
575 harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs.  
576 However, notification may be withheld if the student's treating physician or treating clinical psychologist  
577 has made a part of the student's record a written statement that, in the exercise of his professional  
578 judgment, the notification would be reasonably likely to cause substantial harm to the student or another  
579 person. No public institution of higher education or employee of a public institution of higher education  
580 making a disclosure pursuant to this subsection shall be civilly liable for any harm resulting from such  
581 disclosure unless such disclosure constitutes gross negligence or willful misconduct by the institution or  
582 its employees.

583 D. The board of visitors or other governing body of every public institution of higher education in  
584 Virginia shall establish policies and procedures requiring the release of the educational record of a  
585 dependent student, as defined by 20 U.S.C. § 1232g, to a parent at his request.

586 E. In order to improve the quality of the Commonwealth's work force and educational programs, the  
587 governing bodies of the public institutions of higher education shall establish programs to seek to ensure  
588 that all graduates have the technology skills necessary to compete in the 21st Century and, particularly,  
589 that all students matriculating in teacher-training programs receive instruction in the effective use of  
590 educational technology.

591 § 23-9.6:1. Duties of Council generally.

592 In addition to such other duties as may be prescribed elsewhere, the State Council of Higher  
593 Education shall:

594 1. Develop a statewide strategic plan that reflects the goals set forth in subsection B of § 23-38.88  
595 *developed pursuant to subdivision B 5 of § 23-38.87:21* for higher education in the Commonwealth,  
596 identifies a coordinated approach to such state and regional goals, and emphasizes the future needs for  
597 higher education in Virginia at both the undergraduate and the graduate levels, as well as the mission,  
598 programs, facilities and location of each of the existing institutions of higher education, each public  
599 institution's six-year plan, and such other matters as the Council deems appropriate. The Council shall  
600 revise such plans at least once every six years and shall submit such recommendations as are necessary  
601 for the implementation of the plan to the Governor and the General Assembly.

602 2. Review and approve or disapprove any proposed change in the statement of mission of any  
603 presently existing public institution of higher education and to define the mission of all public  
604 institutions of higher education created after the effective date of this provision. The Council shall,  
605 within the time prescribed in subdivision 1, make a report to the Governor and the General Assembly  
606 with respect to its actions hereunder. No such actions shall become effective until 30 days after  
607 adjournment of the session of the General Assembly next following the filing of such a report. Nothing  
608 contained in this provision shall be construed to authorize the Council to modify any mission statement  
609 adopted by the General Assembly, nor to empower the Council to affect, either directly or indirectly, the  
610 selection of faculty or the standards and criteria for admission of any public institution, whether related  
611 to academic standards, residence or other criteria; it being the intention of this section that faculty  
612 selection and student admission policies shall remain a function of the individual institutions.

613 3. Study any proposed escalation of any public institution to a degree-granting level higher than that

level to which it is presently restricted and to submit a report and recommendation to the Governor and the General Assembly relating to the proposal. The study shall include the need for and benefits or detriments to be derived from the escalation. No such institution shall implement any such proposed escalation until the Council's report and recommendation have been submitted to the General Assembly and the General Assembly approves the institution's proposal.

4. Review and approve or disapprove all enrollment projections proposed by each public institution of higher education. The Council's projections shall be in numerical terms by level of enrollment and shall be used for budgetary and fiscal planning purposes only. The Council shall develop estimates of the number of degrees to be awarded by each institution and include those estimates in its reports of enrollment projections. The student admissions policies for the institutions and their specific programs shall remain the sole responsibility of the individual boards of visitors; however, all four-year institutions shall adopt dual admissions policies with the community colleges, as required by § ~~23-9.2:3.02~~ 23-38.87:18.

5. Review and approve or disapprove all new academic programs which any public institution of higher education proposes. As used herein, "academic programs" include both undergraduate and graduate programs.

6. Review and require the discontinuance of any undergraduate or graduate academic program that is presently offered by any public institution of higher education when the Council determines that such academic program is (i) nonproductive in terms of the number of degrees granted, the number of students served by the program, the program's effectiveness, and budgetary considerations, or (ii) supported by state funds and is unnecessarily duplicative of academic programs offered at other public institutions of higher education in the Commonwealth. The Council shall make a report to the Governor and the General Assembly with respect to the discontinuance of any such academic program. No such discontinuance shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

7. Review and approve or disapprove the creation and establishment of any department, school, college, branch, division or extension of any public institution of higher education that such institution proposes to create and establish. This duty and responsibility shall be applicable to the proposed creation and establishment of departments, schools, colleges, branches, divisions and extensions, whether located on or off the main campus of the institution in question. If any organizational change is determined by the Council to be proposed solely for the purpose of internal management and the institution's curricular offerings remain constant, the Council shall approve the proposed change. Nothing in this provision shall be construed to authorize the Council to disapprove the creation and establishment of any department, school, college, branch, division or extension of any institution that has been created and established by the General Assembly.

8. Review the proposed closure of any academic program in a high demand or critical shortage area, as defined by the Council, by any public institution of higher education and assist in the development of an orderly closure plan, when needed.

9. Develop a uniform, comprehensive data information system designed to gather all information necessary to the performance of the Council's duties. The system shall include information on admissions, enrollments, self-identified students with documented disabilities, personnel, programs, financing, space inventory, facilities and such other areas as the Council deems appropriate. When consistent with the Government Data Collection and Dissemination Practices Act, the Virginia Unemployment Compensation Act, and applicable federal law, the Council, acting solely or in partnership with the Virginia Department of Education or the Virginia Employment Commission, may contract with private entities to create de-identified student records for the purpose of assessing the performance of institutions and specific programs relative to the workforce needs of the Commonwealth. For the purposes of this section, "de-identified student records" means records in which all personally identifiable information has been removed.

10. Develop in cooperation with institutions of higher education guidelines for the assessment of student achievement. An institution shall use an approved program that complies with the guidelines of the Council and is consistent with the institution's mission and educational objectives in the development of such assessment. The Council shall report the institutions' assessments of student achievement in the biennial revisions to the state's master plan for higher education.

11. Develop in cooperation with the appropriate state financial and accounting officials and to establish uniform standards and systems of accounting, record keeping and statistical reporting for the public institutions of higher education.

12. Review biennially and approve or disapprove all changes in the inventory of educational and general space that any public institution of higher education may propose, and to make a report to the Governor and the General Assembly with respect thereto. No such change shall be made until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

675 13. Visit and study the operations of each of the public institutions of higher education at such times  
676 as the Council shall deem appropriate and to conduct such other studies in the field of higher education  
677 as the Council deems appropriate or as may be requested by the Governor or the General Assembly.

678 14. Provide advisory services to private, accredited and nonprofit institutions of higher education,  
679 whose primary purpose is to provide collegiate or graduate education and not to provide religious  
680 training or theological education, on academic, administrative, financial and space utilization matters.  
681 The Council may also review and advise on joint activities, including contracts for services between  
682 such public and private institutions of higher education or between such private institutions and any  
683 agency of the Commonwealth or political subdivision thereof.

684 15. Adopt such rules and regulations as the Council believes necessary to implement all of the  
685 Council's duties and responsibilities as set forth in this Code. The various public institutions of higher  
686 education shall comply with such rules and regulations.

687 16. Issue guidelines consistent with the provisions of the federal Family Education Rights and  
688 Privacy Act (FERPA), 20 U.S.C. § 1232g requiring public institutions of higher education to release a  
689 student's academic and disciplinary record to a student's parent.

690 17. Require that each institution of higher education formed, chartered, or established in the  
691 Commonwealth after July 1, 1980, shall ensure the preservation of student transcripts in the event of  
692 institutional closure or revocation of approval to operate in the Commonwealth of Virginia. An  
693 institution may provide for the preservation of student transcripts by binding agreement with another  
694 institution of higher education with which it is not corporately connected or in such other way as the  
695 Council may authorize by regulation. In the event an institution closes, or has its approval to operate in  
696 the Commonwealth revoked, the Council, through its Director, may take such action as is necessary to  
697 secure and preserve the student transcripts until such time as an appropriate institution accepts all or  
698 some of the transcripts. Nothing in this section shall be deemed to interfere with the right of a student  
699 to his own transcripts; nor shall this section authorize disclosure of student records except as may  
700 otherwise be authorized by law.

701 18. Require the development and submission of articulation, transfer, and dual enrollment and  
702 admissions agreements between two- and four-year public institutions of higher education in Virginia,  
703 including programs for qualified students to be simultaneously accepted by a community college and a  
704 four-year public institution of higher education and, upon successful completion of an associate degree  
705 program from the community college, to be automatically enrolled in the four-year institution of higher  
706 education. Dual admissions agreements shall set forth (i) the obligations of the students accepted in such  
707 programs, including grade point average requirements, acceptable associate degree majors, and  
708 completion timetables; and (ii) the student's access to the privileges of enrollment in both institutions  
709 during the time enrolled in either institution. Such agreements shall be subject to the admissions  
710 requirements of the four-year institutions, except as provided in § ~~23-9.2:3.02~~ 23-38.87:18.

711 19. Provide periodic updates of base adequacy funding guidelines adopted by the Joint Subcommittee  
712 Studying Higher Education Funding Policies for the various public institutions.

713 20. Develop a uniform certificate of general studies program, in consultation with the Virginia  
714 Community College System and Virginia public institutions of higher education, to be offered at each  
715 community college in Virginia. Such program shall ensure that a community college student who  
716 completes the one-year certificate program shall be able to transfer all credits to a four-year public  
717 institution of higher education in the Commonwealth upon acceptance to the institution.

718 In carrying out its duties and responsibilities, the Council, insofar as practicable, shall preserve the  
719 individuality, traditions and sense of responsibility of the respective institutions. The Council, insofar as  
720 practicable, shall seek the assistance and advice of the respective institutions in fulfilling all of its duties  
721 and responsibilities.

722 § 23-9.14:2. State Transfer Module.

723 A. The Council shall develop, in cooperation with the governing boards of the public two- and  
724 four-year institutions of higher education, a State Transfer Module that designates those general  
725 education courses that are offered within various associate degree programs at the public two-year  
726 institutions that are transferable for credit or admission with standing as a junior (third year) to the  
727 public four-year institutions.

728 In developing such Module, the Council shall also seek the participation of private institutions of  
729 higher education in the Commonwealth.

730 B. The Council shall also require the development and implementation of articulation, transfer, and  
731 dual enrollment and admissions agreements between the Commonwealth's public two- and four-year  
732 institutions of higher education, including agreements to establish dual admissions programs for qualified  
733 students to be simultaneously accepted by a community college and a four-year public institution of  
734 higher education and, upon successful completion of an associate degree program from the community  
735 college, to be automatically enrolled in the four-year institution of higher education. Dual admissions  
736 agreements shall set forth (i) the obligations of the students accepted in such programs, including grade

point average requirements, acceptable associate degree majors, and completion timetables; and (ii) the student's access to the privileges of enrollment in both institutions during the time enrolled in either institution. Such agreements shall be subject to the admissions requirements of the four-year institutions. The Council shall require the public two- and four-year institutions of higher education to develop and implement such agreements, in accordance with the guidelines for articulation, transfer, and dual enrollment and admissions agreements required by § ~~23-9.2:3.02~~ 23-38.87:18.

C. The Council shall develop and make available to the public information identifying (i) all general education courses offered at public two-year institutions and designating those that are accepted for purposes of transfer for course credit at four-year public and private institutions of higher education in Virginia; and (ii) those two- and four-year public institutions that have entered into articulation, transfer, and dual enrollment and admissions agreements as required by § ~~23-9.2:3.02~~ 23-38.87:18.

#### CHAPTER 4.9:1.

#### THE VIRGINIA HIGHER EDUCATION OPPORTUNITY ACT OF 2011.

§ 23-38.87:10. Short title; purpose.

*This chapter may be cited as the "Preparing for the Top Jobs of the 21st Century: The Virginia Higher Education Opportunity Act of 2011," the "Top Jobs Act," or "TJ21." The objective of this chapter is to fuel strong economic growth in the Commonwealth and prepare Virginians for the top job opportunities in the knowledge-driven economy of the 21st Century by establishing a long-term commitment, policy, and framework for sustained investment and innovation that will enable the Commonwealth to build upon the strengths of its excellent higher education system and achieve national and international leadership in college degree attainment and personal income, and that will ensure these educational and economic opportunities are accessible and affordable for all capable and committed Virginia students.*

*In furtherance of this the objective, the following purposes shall inform the development and implementation of funding policies, performance criteria, economic opportunity metrics, and recommendations required by this chapter:*

*1. To ensure an educated workforce in Virginia through a public-private higher education system whose hallmarks are instructional excellence, affordable access, economic impact, institutional diversity and managerial autonomy, cost-efficient operation, technological and pedagogical innovation, and reform-based investment;*

*2. To take optimal advantage of the demonstrated correlation between higher education and economic growth by investing in a manner that will generate economic growth, job creation, personal income growth, and revenues generated for state and local government in Virginia;*

*3. To place Virginia among the most highly educated states and countries by conferring approximately 100,000 cumulative additional undergraduate degrees on Virginians by 2025, accompanied by a comparable increase in privately conferred Virginia undergraduate degrees over the same period, and to achieve these targets by expanding enrollment of Virginians at public and private higher education institutions in the Commonwealth, improving undergraduate graduation and retention rates in the Virginia higher education system, and increasing degree completion by Virginians with partial credit toward a college degree, including students with ongoing job and family commitments who need access to nontraditional college-level educational opportunities;*

*4. To enhance personal opportunity and earning power for individual Virginians by increasing college degree attainment in the Commonwealth, especially in high-demand, high-income fields such as science, technology, engineering, mathematics, and health care, and by providing information about the economic value and impact of individual degree programs by institution;*

*5. To promote university-based research that produces outside investment in Virginia, fuels economic advances, triggers commercialization of new products and processes, fosters the formation of new businesses, leads businesses to bring their facilities and jobs to Virginia, and in other ways helps place the Commonwealth on the leading edge in the knowledge-driven economy;*

*6. To support the national effort to enhance the security and economic competitiveness of the United States of America, and to secure a leading economic position for the Commonwealth of Virginia, through increased research and instruction in science, technology, engineering, mathematics, and related fields, which require qualified faculty, appropriate research facilities and equipment, public-private and intergovernmental collaboration, and sustained state support;*

*7. To preserve and enhance the Virginia higher education system's excellence and cost-efficiency through reform-based investment that promotes innovative instructional models and pathways to degree attainment, including optimal use of physical facilities and instructional resources throughout the year, technology-enhanced instruction, sharing of instructional resources between and among colleges, universities, and other degree-granting entities in the Commonwealth, increased online learning opportunities for nontraditional students, improved rate and pace of degree completion, expanded availability of dual enrollment and advanced placement options and early college commitment programs,*

798 expanded community college transfer options leading to bachelor's degree completion, and enhanced  
799 college readiness before matriculation, among other reforms;

800 8. To realize the potential for enhanced benefits from the Restructured Higher Education Financial  
801 and Administrative Operations Act of 2005 (§ 23-38.88 et seq.), through a sustained commitment to the  
802 principles of autonomy, accountability, affordable access, and mutual trust and obligation underlying the  
803 restructuring initiative; and

804 9. To establish a higher education funding framework and policy that promotes stable, predictable,  
805 equitable, and adequate funding, facilitates effective planning at the institutional and state levels,  
806 provides incentives for increased enrollment of Virginia students at public and private nonprofit colleges  
807 and universities in the Commonwealth, provides adequate need-based financial aid for low-income and  
808 middle-income students and families, relieves the upward pressure on tuition associated with loss of  
809 state support due to economic downturns or other causes, and provides financial incentives to promote  
810 innovation and enhanced economic opportunity in furtherance of the objective of this chapter.

811 § 23-38.87:11. Definitions.

812 For purposes of this chapter, unless the context clearly requires otherwise:

813 "College degree" means an undergraduate degree from an accredited two-year or four-year public or  
814 private institution of higher education.

815 "Cost of education" means the operating funds necessary during a fiscal year to provide educational  
816 and general services, other than research and public service, to students attending an institution in that  
817 fiscal year.

818 "Council" means the State Council of Higher Education for Virginia.

819 "Educational and general fees" means fees over and above tuition charged for certain educational  
820 and general services.

821 "Educational and general services" means services associated with instruction, academic support,  
822 student services, institutional support, research, public service, and operation and maintenance of  
823 physical plant, with adjustments based on particular state policies related to specific institutional  
824 conditions, but does not include services associated with programs and administrative services that are  
825 required to be self-supporting or are otherwise supported by funds other than general funds, such as  
826 food services, university-owned or university-leased dormitories or other living facilities, athletic  
827 programs, and other self-supporting programs.

828 "Enrollment" or "student enrollment" means the number of full-time equivalent students.

829 "Fiscal year" means the period from July 1 of one calendar year to June 30 of the next calendar  
830 year.

831 "Institution" or "public institution of higher education" means each two-year and four-year public  
832 institution of higher education in the Commonwealth and, in the case of the Virginia Community College  
833 System, the system as a whole, not each community college.

834 "Peer institutions" for an institution, means those institutions determined by the Council, in  
835 consultation with the institution, the Secretary of Education or his designee, the Director of the  
836 Department of Planning and Budget or his designee, and the Chairs of the House Committee on  
837 Appropriations and the Senate Committee on Finance or their designees, to be most similar to the  
838 institution and therefore to provide a fair comparison in determining what the appropriate and  
839 competitive faculty salaries for that institution should be.

840 "STEM" means science, technology, engineering, and mathematics.

841 "Student" means a full-time or part-time undergraduate, graduate, or professional student attending a  
842 public institution of higher education and enrolled in a degree program.

843 "Virginia student" means a student who is eligible for in-state tuition pursuant to § 23-7.4.

844 § 23-38.87:12. Higher education funding policy.

845 The funding policy for public institutions of higher education shall be comprised of amounts for each  
846 institution from the state general fund, from funds other than the state general fund, or both, for each  
847 fiscal year of a biennium for:

848 1. Basic operations and instruction, as provided in § 23-38.87:13;

849 2. Each Virginia undergraduate student actually enrolled at the institution, as provided in  
850 § 23-38.87:14;

851 3. Need-based financial aid, as provided in § 23-38.87:15; and

852 4. Support for targeted financial incentives that encourage and reward progress toward the policy  
853 objectives specified in this chapter, as provided in § 23-38.87:16.

854 § 23-38.87:13. Calculation of state general fund share of an institution's basic operations and  
855 instruction funding need; cost of education.

856 A. Following consultation with each institution and the Higher Education Advisory Committee  
857 described in § 23-38.87:21, the Council shall calculate each institution's basic operations and  
858 instruction funding need as provided in subsection B for each year of the next biennium and shall make  
859 that calculation available to the Governor, the General Assembly, and all public institutions of higher

education. Each institution's basic operations and instruction funding need, and the Commonwealth's funding split policy by which 67 percent of an institution's cost of education for Virginia students is funded from the state general fund and 33 percent from funds other than the state general fund, shall be taken into account by the Governor during the preparation of his proposed biennial budget bill recommending the appropriation act for the next biennium and by the General Assembly in enacting that act. Between these biennial recalculations, an institution's appropriated basic operations and instruction funding may be increased or decreased for (i) an increase or decrease in Virginia undergraduate student enrollment as provided in § 23-38.87:14, (ii) meeting or not meeting targeted financial incentives listed in § 23-38.87:16, and (iii) any other purpose deemed appropriate by the General Assembly.

B. An institution's basic operations and instruction funding need for each fiscal year of the biennium shall be the sum of (i) the institution's cost of education for the total enrollment of students who actually attended that institution during the fiscal year that ended on June 30 of each odd-numbered year, which shall be determined using a cost reimbursement funding policy that consists of a set of formulas for calculating educational cost based on faculty-student ratios by discipline and level, and the educational and general programs of instruction, academic support, student services, institutional support, and operation and maintenance of physical plant, with adjustments to the funding policy based on particular state policies or specific institutional missions or conditions, (ii) the amount required to reach the Commonwealth's faculty salary goal of the 60th percentile of the most recently reported average faculty salaries paid by that institution's peer institutions, and (iii) such other funding for educational and general services as the General Assembly may appropriate.

C. State general funds shall be allocated and appropriated to institutions in a fair and equitable manner such that, to the extent practicable, the percentage of the cost of education for Virginia students enrolled at an institution to be funded from state general funds is the same for each institution. To the extent that the percentages differ among institutions, that fact shall be taken into account as the Governor deems appropriate in his budget bill and by the General Assembly as it deems appropriate in the appropriation act.

§ 23-38.87:14. Per student enrollment-based funding.

A. In order to incentivize Virginia undergraduate student enrollment growth at the Commonwealth's public institutions of higher education in furtherance of the increased degree conferral objectives of this chapter, the Governor shall recommend and the General Assembly shall determine and appropriate for distribution to the institutions a per student amount that shall follow each Virginia undergraduate student to the institution in which the student enrolls. Recommendations regarding this Virginia undergraduate student enrollment growth incentive shall be developed and reviewed as provided in subdivision B 1 of § 23-38.87:21.

B. The Governor shall consider and recommend as he deems appropriate and the General Assembly shall consider and provide as it deems appropriate additional general fund appropriations to address the unfunded enrollment growth that occurred between the 2005-2006 fiscal year and the enactment of this chapter.

C. In order to assist the General Assembly in determining the per student amount provided for in subsection A and its relation to the per student amount provided to private nonprofit institutions of higher education pursuant to the Tuition Assistance Grant Act (§ 23-38.11 et seq.), each private nonprofit institution of higher education eligible to participate in the Tuition Assistance Grant Program shall submit to the Council its Virginia student enrollment projections for that fiscal year and its actual Virginia student enrollment for the prior fiscal year in a manner determined by the Council. The student admissions policies for the private institutions and their specific programs shall remain the sole responsibility of the governing boards of the individual institutions.

§ 23-38.87:15. Need-based financial aid.

Each institution shall include in its six-year plan required by § 23-38.87:17 an institutional student financial aid commitment that, in conjunction with general funds appropriated for that purpose, provides assistance to students from both low-income and middle-income families. Each institution's six-year plan required by § 23-38.87:17 shall take into account the information and recommendations resulting from the review of federal and state financial aid programs and institutional practices conducted pursuant to subdivisions B 2 and C 1 of § 23-38.87:21. The definitions of "low-income family" and "middle-income family" shall be developed and reviewed pursuant to subdivision B 2 of § 23-38.87:21.

§ 23-38.87:16. Targeted economic and innovation incentives.

A. The Governor shall consider and may recommend and the General Assembly shall consider and may fund targeted economic and innovation incentives to achieve the purposes of this chapter. Such incentives may include, but are not limited to:

1. Increased enrollment of Virginia students, in addition to the per student funding provided by § 23-38.87:14;

921 2. Increased degree completion for Virginia residents who have partial credit completion for a  
922 degree;  
923 3. Increased degree completion in a timely or expedited manner;  
924 4. Improved retention and graduation rates;  
925 5. Increased degree production in the areas of science, technology, engineering, and mathematics  
926 and other high-need areas such as the health care-related professions;  
927 6. Increased research, including regional and public-private collaboration;  
928 7. Optimal year-round utilization of resources and other efficiency reforms;  
929 8. Technology-enhanced instruction, including course redesign, online instruction, and resource  
930 sharing among institutions;  
931 9. Enhanced community college transfer programs and grants and other enhanced degree path  
932 programs; and  
933 10. Other incentives based on the economic opportunity metrics developed pursuant to subdivision B  
934 4 of § 23-38.87:21.  
935 Nothing in this section shall prohibit incentives in furtherance of the purposes of this chapter from  
936 being provided to private institutions of higher education in the Commonwealth.  
937 B. The criteria for measuring whether the incentives in subsection A have been met, and the benefits  
938 or consequences for meeting or not meeting such incentives, shall be developed and reviewed as  
939 provided in subdivisions B 3 and B 4 of § 23-38.87:21.  
940 § 23-38.87:17. Institutional six-year plans.  
941 A. The governing board of each public institution of higher education shall develop and adopt  
942 biennially and affirm annually a six-year plan for the institution and shall submit that plan to the  
943 Council, the Governor, and the Chairs of the House Committee on Appropriations and the Senate  
944 Committee on Finance no later than July 1 of each odd-numbered year, and shall submit amendments to  
945 or an affirmation of that plan no later than July 1 of each even-numbered year or at any other time  
946 permitted by the Governor or General Assembly. The Council, the Governor or his designee, and the  
947 Chairs of the House Committee on Appropriations and the Senate Committee on Finance or their  
948 designees shall review each institution's plan or amendments and provide comments to the institution on  
949 that plan by September 1 of the relevant year. Each institution shall respond to any such comments by  
950 October 1 of that year.  
951 B. Each plan shall be structured in accordance with, and be consistent with, the purposes of this  
952 chapter set forth in § 23-38.87:10 and the criteria developed pursuant to § 23-38.87:21, and shall be in  
953 a form and manner prescribed by the Council, in consultation with the Secretary of Finance, Secretary  
954 of Education, Director of the Department of Planning and Budget, Executive Director of the Council,  
955 Staff Director of the House Committee on Appropriations, and Staff Director of the Senate Committee  
956 on Finance.  
957 C. Each plan shall address the institution's academic, financial, and enrollment plans, to include the  
958 number of Virginia and out-of-state students, for the six-year period and shall include:  
959 1. Financial planning reflecting the institution's anticipated level of general fund, tuition, and other  
960 nongeneral fund support for each year of the next biennium. The plan also shall include the institution's  
961 anticipated annual tuition and educational and general fee charges required by (i) degree level and (ii)  
962 domiciliary status, as provided in § 23-38.87:19, and shall indicate the planned use of any projected  
963 increase in general fund, tuition, or other nongeneral fund revenues. The plan shall be based upon any  
964 assumptions provided by the Council, following consultation with the Department of Planning and  
965 Budget and the staffs of the House Committee on Appropriations and the Senate Committee on Finance,  
966 for funding related to state general fund support pursuant to §§ 23-38.87:13, 23-38.87:14, 23-38.87:15,  
967 and 23-38.87:16, and shall be aligned with the institution's six-year enrollment projections;  
968 2. Plans for providing sufficient financial aid to mitigate the impact of tuition and fee increases on  
969 low-income and middle-income students and their families as described in § 23-38.87:15, including the  
970 projected mix of grants and loans;  
971 3. Degree conferral targets for Virginia undergraduate students;  
972 4. Plans for optimal year-round use of the institution's facilities and instructional resources;  
973 5. Plans for the development of an instructional resource sharing program with other institutions of  
974 higher education in the Commonwealth;  
975 6. Plans with regard to any other incentives set forth in § 23-38.87:16 or to any other matters the  
976 institution deems appropriate; and  
977 7. The identification of (i) proposed new programs or initiatives and (ii) institution-specific funding  
978 based on particular state policies or institution-specific programs, or both, as provided in subsection C  
979 of § 23-38.87:19.  
980 D. In developing such plans, each public institution of higher education shall give consideration to  
981 potential future impacts of tuition increases on the Virginia College Savings Plan (§ 23-38.75 et seq.)  
982 and shall discuss such potential impacts with the Virginia College Savings Plan. The chief executive

officer of the Virginia College Savings Plan shall provide to each institution the Plan's assumptions underlying the contract pricing of the program.

§ 23-38.87:18. Articulation, transfer, and dual enrollment and admissions agreements; admission of certain community college graduates.

A. The governing board of each four-year public institution of higher education shall develop, consistent with Council guidelines and the institution's six-year plan as set forth in § 23-38.87:17, articulation, transfer, and dual enrollment and admissions agreements with uniform application to all institutions within the Virginia Community College System and any two-year public institution of higher education that (i) meet appropriate general education and program requirements at the four-year institutions; (ii) provide additional opportunities for associate degree graduates to be admitted and enrolled; and (iii) establish dual admissions programs for qualified students to be simultaneously accepted by a community college and, contingent upon the successful completion of an acceptable associate degree program from the community college, by the four-year public institution of higher education.

B. A Uniform Certificate of General Studies shall be developed by the Council, the Virginia Community College System, and the public institutions of higher education as set forth in subdivision 20 of § 23-9.6:1. All credits earned by students attending a two-year college who complete an approved one-year certificate of general studies program shall be transferable to a four-year public institution of higher education in accord with Council guidelines. Credits earned by high school students who earn a transfer associate degree from a Virginia community college while completing high school shall be transferable to the four-year public institution of higher education to which they have been admitted.

C. The Council shall submit an annual report to the Senate Committee on Education and Health and the House Committee on Education specifying the total number of transfer students each institution of higher education admitted, enrolled, and graduated from institutions within the Virginia Community College System.

D. Students enrolling at an institution within the Virginia Community College System or a two-year public institution of higher education may declare an intention in writing to transfer to a four-year public institution of higher education in Virginia having an articulation agreement with the relevant community college or two-year public institution. If a student (i) completes an associate degree within four years of submitting a written declaration of intent to transfer to a four-year public institution of higher education in Virginia and (ii) enrolls in such an institution within 18 months of completing an associate degree, the articulation agreement in force at the time of the student's declaration shall determine those credits that will be transferred from the community college or two-year public institution to the four-year public institution upon successful completion of an associate degree.

E. Nothing in this section shall be construed to require the admission of students of the Virginia Community College System by a four-year public institution of higher education.

F. The Council, consistent with its responsibility to facilitate the development of articulation, transfer, and dual enrollment and admissions agreements set forth in §§ 23-9.6:1 and 23-9.14:2, shall develop guidelines for such agreements, including the conditions required to establish dual admissions programs for qualified students to be simultaneously accepted by a community college and a four-year public institution of higher education and, upon successful completion of an acceptable associate degree program from the community college, to be automatically enrolled in the four-year institution of higher education. Dual admissions agreements shall set forth (i) the obligations of the students accepted in such programs, including grade point average requirements, acceptable associate degree majors, and completion timetables, and (ii) the student's access to the privileges of enrollment in both institutions during the time enrolled in either institution.

§ 23-38.87:19. Tuition and fees.

A. The board of visitors of each of the Commonwealth's public institutions of higher education, or in the case of the Virginia Community College System the State Board for Community Colleges, shall continue to fix, revise from time to time, charge and collect tuition, fees, rates, rentals, and other charges for the services, goods, or facilities furnished by or on behalf of such institution and may adopt policies regarding any such service rendered or the use, occupancy, or operation of any such facility.

B. Except to the extent included in the institution's six-year plan as provided in subsection C, if the total of an institution's tuition and educational and general fees for a fiscal year for Virginia students exceeds the difference for that fiscal year between (i) the institution's cost of education for all students, as calculated pursuant to clause (i) of subsection B of § 23-38.87:13, and (ii) the sum of the tuition and educational and general fees for non-Virginia students, the state general funds appropriated for its basic operations and instruction pursuant to subsection A of § 23-38.87:13, and its per student funding provided pursuant to § 23-38.87:14, the institution shall forego state funding, in an amount to be determined by the General Assembly, and shall be obligated to provide increased financial aid to maintain affordability for students from low-income and middle-income families. This limitation shall not

1044 apply to any portion of tuition and educational and general fees for Virginia students allocated to  
1045 student financial aid, to an institution's share of state-mandated salary or fringe benefit increases, to  
1046 increases with funds other than state general funds for the improvement of faculty salary competitiveness  
1047 above the level included in the calculation in clause (i) of subsection B of § 23-38.87:13, or to the  
1048 institution's share of any of the targeted financial incentives described in § 23-38.87:16.

1049 C. Nothing in subsection B shall prohibit an institution from proposing in its six-year plan required  
1050 by § 23-38.87:17 (i) new programs or initiatives or (ii) institution-specific funding based on particular  
1051 state policies or institution-specific programs, or both, that will cause the total of the institution's tuition  
1052 and educational and general fees for a fiscal year for Virginia students to exceed the difference for that  
1053 fiscal year between (a) the institution's cost of education for all students, as calculated pursuant to  
1054 clause (i) of subsection B of § 23-38.87:13, and (b) the sum of the tuition and educational and general  
1055 fees for the institution's non-Virginia students, the state general funds appropriated for its basic  
1056 operations and instruction pursuant to subsection A of § 23-38.87:13, and its per student funding  
1057 provided pursuant to § 23-38.87:14.

1058 § 23-38.87:20. Creation of STEM public-private partnership; duties and responsibilities.

1059 In order to increase the number of students completing degrees in the high-demand, high-impact  
1060 fields of science, technology, engineering, and mathematics (STEM), and other high-demand,  
1061 anticipated-shortage fields such as the health care-related professions, and to help develop and guide  
1062 the implementation of a comprehensive plan for higher degree attainment in these fields, the Secretaries  
1063 of Education and Finance, in cooperation with the House Committees on Appropriations and Education  
1064 and the Senate Committees on Finance and on Education and Health, shall cause to be formed a  
1065 public-private partnership comprised of private-sector leaders, distinguished representatives from the  
1066 scientific community (including retired military personnel, government scientists, and researchers),  
1067 educational experts, relevant state and local government officials, and others as they deem appropriate.  
1068 The partnership shall advise on, and may collaborate with public and private entities to develop and  
1069 implement strategies to address, such priority issues as (i) determining the need for additional  
1070 high-demand degree enrollment, capacity, and resources at the Commonwealth's public and private  
1071 institutions of higher education; (ii) incentivizing greater coordination, innovation, and private  
1072 collaboration in kindergarten through secondary school STEM and other high-demand degree initiatives;  
1073 (iii) determining and refining best practices in STEM instruction and leveraging those best practices to  
1074 promote STEM education in both the Commonwealth's higher education institutions and its elementary  
1075 and secondary schools; (iv) enhancing teacher education and professional development in STEM  
1076 disciplines; (v) strengthening mathematics readiness in secondary schools through earlier diagnosis and  
1077 remediation of deficiencies; (vi) providing financial incentives to increase STEM enrollment and degree  
1078 production at the Commonwealth's public and private colleges and universities; (vii) providing  
1079 assistance to the Commonwealth's public and private colleges and universities in the acquisition and  
1080 improvement of STEM-related facilities and equipment; (viii) providing STEM incentives in early college  
1081 and university pathway programs and in the community college transfer grant program; (ix) assessing  
1082 degree programs using such economic opportunity metrics as marketplace demand, earning potential,  
1083 employer satisfaction, and other indicators of the historical and projected economic value and impact of  
1084 degrees to provide useful information on degrees to students as they make career choices and to state  
1085 policy makers and university decision makers as they decide how to allocate scarce resources; (x)  
1086 aligning state higher education efforts with marketplace demands; and (xi) determining such other issues  
1087 as the partnership deems relevant to increasing the number of students completing college and  
1088 university degrees in STEM and other high-demand fields.

1089 § 23-38.87:21. Creation of Higher Education Advisory Committee; duties and responsibilities.

1090 A. The Secretary of Education, in consultation with the Chairs of the House Committee on  
1091 Appropriations and the Senate Committee on Finance, the Secretary of Finance and the public  
1092 institutions of higher education in the Commonwealth, shall convene a Higher Education Advisory  
1093 Committee (Advisory Committee) to provide advice and make recommendations on the matters set forth  
1094 in subsections B, C and D. The Advisory Committee shall include a representative from the Office of the  
1095 Secretary of Education, who shall serve as chair; representatives from the House Committee on  
1096 Appropriations, the Senate Committee on Finance, the Office of the Secretary of Finance, the  
1097 Department of Planning and Budget, and the Council; the chief financial officers of several of the  
1098 public institutions of higher education; a representative of a private nonprofit institution of higher  
1099 education in the Commonwealth; and such other persons as the Advisory Committee may designate.

1100 B. Consistent with the objectives of this chapter identified in § 23-38.87:10, the Advisory Committee,  
1101 in consultation with and with assistance from the staff of the Council and such other assistance it may  
1102 need, shall develop and review at least every five years, in consultation with the respective Chairs of the  
1103 House Committees on Appropriations and Education and the Senate Committees on Finance and on  
1104 Education and Health, or their designees, representatives of public institutions of higher education in  
1105 the Commonwealth, and such other state officials as may be designated by the Governor:

1. The methodology pursuant to subsection A of § 23-38.87:14 for determining how a significant increment of state funding shall follow the student to the two-year or four-year institution in which the student enrolls, how the amount of such per student funding for four-year institutions will be made to correspond as nearly as practical to the per student allocation envisioned under the then-existing appropriation for the Tuition Assistance Grant Act (§ 23-38.11 et seq.) for students attending private nonprofit higher education institutions in the Commonwealth, how and as of what date an institution's student enrollment shall be calculated, how an increase or decrease in Virginia undergraduate student enrollment above or below the enrollment level used to calculate the institution's funding under § 23-38.87:13 shall be reflected in the institution's appropriation pursuant to subsection A of § 23-38.87:14, and the standards and process for determining whether an increase or decrease in Virginia undergraduate student enrollment qualifies for funding under § 23-38.87:14;

2. Criteria for determining which families qualify as "low-income" and "middle-income" for purposes of § 23-38.87:15 and how they relate to federal, state and institutional policies governing the provision of financial assistance to students of such families;

3. Objective performance criteria for measuring the financial incentives set forth in § 23-38.87:16, and benefits or consequences for meeting or not meeting the incentives included in an institution's six-year plan pursuant to § 23-38.87:17;

4. Economic opportunity metrics, such as marketplace demand, earning potential, and employer satisfaction, and other indicators of the historical and projected economic value of degrees that can be used to assess degree programs in order to provide useful information on the economic impact of degrees to students as they make career choices and to state policy makers and university decision makers as they decide how to allocate scarce resources; and

5. The additional authority that should be granted to all public institutions of higher education under the Restructured Higher Education Financial and Administrative Operations Act (§ 23-38.88 et seq.), state goals and objectives each public institution of higher education should be expected to achieve, objective criteria for measuring educational-related performance with regard to those goals and objectives, and the benefits or consequences for meeting or not meeting those goals and objectives, including those set forth in § 2.2-5005.

The Advisory Committee shall submit its recommendations to the Council, which shall review the recommendations and provide its recommendations to the Governor. The Governor shall submit to the General Assembly any recommendations he deems appropriate.

C. Consistent with the purposes of this chapter identified in § 23-38.87:10, the Advisory Committee, in consultation with and with assistance from the staff of the Council and such other assistance as it may need, shall review at least every five years, in consultation with the respective Chairs of the House Committees on Appropriations and Education and the Senate Committees on Finance and on Education and Health, or their designees, representatives of public institutions of higher education in the Commonwealth, and such other state officials as may be designated by the Governor:

1. 12. Seek to ensure the safety and security of the Commonwealth's students on college and university campuses.

Upon making such commitments to the Governor and the General Assembly by August 1, 2005, the public institution of higher education shall be allowed to exercise the restructured financial and operational authority set forth in subdivisions A 1 through A 13 of § 23-38.88, subject to such conditions as may be provided under the enabling statutes granting the additional authority. *State goals and objectives to be achieved by public institutions of higher education shall be developed as provided in subdivision B 5 of § 23-38.87:21.*

C. As provided in § 23-9.6:1.01, the State Council of Higher Education shall in consultation with the respective chairmen of the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health or their designees, representatives of public institutions of higher education, and such other state officials as may be designated by the Governor, develop objective measures of educational-related performance and institutional performance benchmarks for such objective measures. At a minimum, the State Council shall develop such objective measures and institutional performance benchmarks for the goals and objectives set forth in subdivisions B 1 through B 10 and B 12. In addition, the Governor shall develop objective measures of financial and administrative management performance and related institutional performance benchmarks for the goals and objectives set forth in subdivision B 11.

As provided in subsection C of § 23-9.6:1.01, any public institution of higher education that has been certified during the fiscal year by the State Council of Higher Education for Virginia as meeting the institutional performance benchmarks in effect for the fiscal year as set forth in the general appropriation act shall be provided the financial benefits under § 2.2-5005. Such benefits shall first be provided as determined under such section. *Objective criteria for measuring performance with regard to the state goals and objectives developed pursuant to subsection B, and benefits or consequences for meeting or not meeting those goals and objectives shall be developed as provided in subdivision B 5 of § 23-38.87:21.*

D. 1. The restructured financial and operational authority set forth in Subchapter 3 (§ 23-38.91 et

seq.) of this chapter shall only be granted in accordance with the expressed terms of a management agreement between the public institution of higher education and the Commonwealth.

No restructured financial or operational authority set forth in Subchapter 3 (§ 23-38.91 et seq.) of this chapter shall be granted to a public institution of higher education unless such authority is expressly included in the management agreement. In addition, the only implied authority that shall be granted from entering into a management agreement is that implied authority that is actually necessary to carry out the expressed grant of restructured financial or operational authority. As a matter of law, the initial presumption shall be that any restructured financial or operational authority set forth in Subchapter 3 is not included in the management agreement. These requirements shall also apply to any other provision included in Subchapter 3.

2. No public institution of higher education shall enter into a management agreement unless:

a. (i) Its most current and unenhanced bond rating received from (a) Moody's Investors Service, Inc., (b) Standard & Poor's, Inc., or (c) Fitch Investor's Services, Inc. is at least AA- (i.e., AA minus) or its equivalent, provided that such bond rating has been received within the last three years of the date that the initial agreement is entered into or (ii) the institution has (a) participated in decentralization pilot programs in the areas of finance and capital outlay, (b) demonstrated management competency in those two areas as evidenced by a written certification from the Cabinet Secretary or Secretaries designated by the Governor, (c) received additional operational authority under a memorandum of understanding pursuant to § 23-38.90 in at least one functional area, and (d) demonstrated management competency in that area for a period of at least two years. In submitting "The Budget Bill" for calendar year 2005 pursuant to subsection A of § 2.2-1509, the Governor shall include criteria for determining whether or not an institution has demonstrated the management competency required by clause (ii) of this subdivision;

b. An absolute two-thirds, or more, of the institution's governing body shall have voted in the affirmative for a resolution expressing the sense of the body that the institution is qualified to be, and should be, governed by the provisions of Subchapter 3 (§ 23-38.91 et seq.) of this chapter, which resolution shall be included in the initial management agreement;

c. The institution agrees to reimburse the Commonwealth for any additional costs to the Commonwealth in providing health or other group insurance benefits to employees, and in undertaking any risk management program, that are attributable to the institution's exercise of any restructured financial or operational authority set forth in Subchapter 3. The institution's agreement to reimburse the Commonwealth for such additional costs shall be expressly included in each management agreement with the institution. The Secretary of Finance and the Secretary of Administration, in consultation with the Virginia Retirement System and the affected institutions, shall establish procedures for determining any amounts to be paid by each institution and a mechanism for transferring the appropriate amounts directly and solely to the programs whose costs have been affected.

In developing management agreements, public institutions of higher education shall give consideration to potential future impacts of tuition increases on the Virginia College Savings Plan (§ 23-38.75) and shall discuss such potential impacts with parties participating in development of such agreements. The chief executive officer of the Virginia College Savings Plan shall provide to the institution and such parties the Plan's assumptions underlying the contract pricing of the program; and

d. Before executing a management agreement with the Commonwealth that affects insurance or benefit programs administered by the Virginia Retirement System, the Governor shall transmit a draft of the relevant provisions to the Board of Trustees of the Virginia Retirement System, which shall review the relevant provisions in order to ensure compliance with the applicable provisions of Title 51.1, administrative policies and procedures and federal regulations governing retirement plans. The Board shall advise the Governor and appropriate Cabinet Secretaries of any conflicts.

3. Each initial management agreement with an institution shall remain in effect for a period of three years. Subsequent management agreements with the institution shall remain in effect for a period of five years.

If an existing agreement is not renewed or a new agreement executed prior to the expiration of the three-year or five-year term, as applicable, the existing agreement shall remain in effect on a provisional basis for a period not to exceed one year. If, after the expiration of the provisional one-year period, the management agreement has not been renewed or a new agreement executed, the institution shall no longer be granted any of the financial or operational authority set forth in Subchapter 3 (§ 23-38.91 et seq.) of this chapter, unless and until such time as a new management agreement is entered into between the institution and the Commonwealth.

The Joint Legislative Audit and Review Commission, in cooperation with the Auditor of Public Accounts, shall conduct a review relating to the initial management agreement with each public institution of higher education. The review shall cover a period of at least the first 24 months from the effective date of the management agreement. The review shall include, but shall not be limited to, the degree of compliance with the expressed terms of the management agreement, the degree to which the

institution has demonstrated its ability to manage successfully the administrative and financial operations of the institution without jeopardizing the financial integrity and stability of the institution, the degree to which the institution is meeting the objectives described in subsection B, and any related impact on students and employees of the institution from execution of the management agreement. The Joint Legislative Audit and Review Commission shall make a written report of its review no later than June 30 of the third year of the management agreement. The Joint Legislative Audit and Review Commission is authorized, but not required, to conduct a similar review of any management agreement entered into subsequent to the initial agreement.

4. The right and power by the Governor to void a management agreement shall be expressly included in each management agreement. The management agreement shall provide that if the Governor makes a written determination that a public institution of higher education that has entered into a management agreement with the Commonwealth is not in substantial compliance with the terms of the agreement or with the requirements of this chapter in general, (i) the Governor shall provide a copy of that written determination to the chairmen of the Board of Visitors or other governing body of the public institution of higher education and to the members of the General Assembly, and (ii) the institution shall develop and implement a plan of corrective action, satisfactory to the Governor, for purposes of coming into substantial compliance with the terms of the management agreement and with the requirements of this chapter, as soon as practicable, and shall provide a copy of such corrective action plan to the members of the General Assembly. If after a reasonable period of time after the corrective action plan has been implemented by the institution, the Governor determines that the institution is not yet in substantial compliance with the management agreement or the requirements of this chapter, the Governor may void the management agreement. Upon the Governor voiding a management agreement, the affected public institution of higher education shall not be allowed to exercise any restructured financial or operational authority pursuant to the provisions of Subchapter 3 (§ 23-38.91 et seq.) unless and until the institution enters into a subsequent management agreement with the Secretary or Secretaries designated by the Governor or the void management agreement is reinstated by the General Assembly.

5. A management agreement with a public institution of higher education shall not grant any of the restructured financial or operational authority set forth in Subchapter 3 (§ 23-38.91 et seq.) of this chapter to the Virginia Cooperative Extension and Agricultural Experiment Station, the University of Virginia College at Wise, or the Virginia Institute of Marine Sciences or to an affiliated entity of the institution unless such intent, as well as the degree of the restructured financial or operational authority to be granted, is expressly included in the management agreement.

6. Following the execution of each management agreement with a public institution of higher education and submission of that management agreement to the Chairmen of the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance, and the Senate Committee on Education and Health pursuant to § 23-38.97, the Governor shall include a recommendation for approval of the management agreement in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his gubernatorial amendments submitted pursuant to subsection E of § 2.2-1509 due by the December 20 that immediately follows the date of submission of the management agreement to such Committees. Following the General Assembly's consideration of whether to approve or disapprove the management agreement as recommended, if the management agreement is approved as part of the general appropriation act, it shall become effective on the effective date of such general appropriation act. However, no management agreement shall be entered into by a public institution of higher education and the Secretary or Secretaries designated by the Governor after November 15 of a calendar year.

E. A covered institution and the members of its governing body, officers, directors, employees, and agents shall be entitled to the same sovereign immunity to which they would be entitled if the institution were not governed by this chapter; provided further, that the Virginia Tort Claims Act (§ 8.01-195.1 et seq.) and its limitations on recoveries shall remain applicable with respect to institutions governed by this chapter.

§ 23-38.90. Memoranda of understanding.

Effective July 1, 2008, any public institution of higher education may enter into a memorandum of understanding with the appropriate Cabinet Secretary or Secretaries, as designated by the Governor, for additional operational authority in any operational area or areas adopted by the General Assembly in accordance with law provided that the authority granted in the memorandum of understanding is consistent with that institution's ability to manage its operations in the particular area or areas and provided that the following general criteria are met:

1. The institution has received and maintained Council certification pursuant to § 23-9.6:1-01 23-38.87:22 for the most recent year that the Council has completed certification;

2. An absolute two-thirds or more of the institution's governing body shall have voted in the affirmative for a resolution expressing the sense of the body that the institution is qualified to be, and

should be, governed by memoranda of understanding as provided in this chapter; and

3. The institution must adopt at least one new education-related measure for each area of operational authority for which a memorandum of understanding is requested. Each education-related measure and its respective target shall be developed in consultation with the Secretary of Finance, Secretary of Education, the appropriate Cabinet Secretary, and the Council. Each education-related measure and its respective target must be approved by the Council and shall become part of the certification required by § 23-9.6:1-04 23-38.87:22.

Within 15 days of receipt of a request from a public institution of higher education to enter into a memorandum of understanding as provided herein, the Cabinet Secretary or Secretaries receiving that request shall notify the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance of the request. The Cabinet Secretary or Secretaries shall determine within 90 calendar days whether or not to enter into the requested memorandum of understanding, or some variation thereof. If the determination is to enter into a memorandum of understanding with the institution, the Cabinet Secretary or Secretaries shall forward a copy of the governing body's resolution and a copy of the memorandum of understanding to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. Each initial memorandum of understanding shall remain in effect for a period of three years. Subsequent memoranda of understanding shall remain in effect for a period of five years. If the determination is not to enter into a memorandum of understanding with the institution, the Cabinet Secretary or Secretaries shall notify the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance of the reasons for denying the institution's request. If an institution's request is denied, nothing in this section shall prohibit the institution from submitting a future request to enter into a memorandum of understanding pursuant to this section.

§ 23-38.91. Responsibility and accountability for management of institution; governance.

A. The Board of Visitors and administration of a public university or college of the Commonwealth that meets the requirements of this subchapter to demonstrate the ability to manage successfully the administrative and financial operations of the institution without jeopardizing the financial integrity and stability of the institution may enter into negotiation with the Governor to develop a management agreement with the Commonwealth, as provided in this subchapter. Consistent with the terms of the management agreement, the Board of Visitors shall assume full responsibility for management of the institution, subject to the requirements and conditions set forth in this subchapter, the general requirements for management agreements as provided in § 23-38.88, and the specific management agreement with the Commonwealth. The Board of Visitors shall be fully accountable for (a) the management of the institution of higher education as provided in this subchapter, (b) meeting the requirements of §§ 2.2-5004, 23-9.2:3-03 23-38.87:17, and 23-9.6:1-04 23-38.87:22, and (c) meeting such other provisions as may be set forth in the management agreement with the Commonwealth.

B. Each covered institution shall be governed and administered in the manner provided in this subchapter but subject to the expressed terms of the management agreement entered into pursuant to § 23-38.88, in the appropriation act, and in each such institution's enabling legislation.

§ 23-38.93. Educational policies of the Commonwealth; other requirements.

A. For purposes of §§ 2.2-5004, 23-1.01, 23-1.1, 23-2, 23-2.1, 23-2.1:1, 23-3, 23-4.2, 23-4.3, 23-4.4, 23-7.1:02, 23-7.4, 23-7.4:1, 23-7.4:2, 23-7.4:3, 23-7.5, 23-8.2:1, 23-9.1, 23-9.2, 23-9.2:3, 23-9.2:3-03, and 23-9.2:3.1 through 23-9.2:5, 23-9.6:1-04, and Chapter 4.9 (§ 23-38.75 et seq.), and §§ 23-38.87:17 and 23-38.87:22, each covered institution shall remain a public institution of higher education of the Commonwealth following its conversion to a covered institution governed by this chapter, and shall retain the authority granted and any obligations required by such provisions. In addition, each covered institution shall retain the authority, and any obligations related to the exercise of such authority, that is granted to institutions of higher education pursuant to Chapter 1.1 (§ 23-9.3 et seq.); Chapter 3 (§ 23-14 et seq.); Chapter 3.2 (§ 23-30.23 et seq.); Chapter 3.3 (§ 23-30.39 et seq.); Chapter 4 (§ 23-31 et seq.); Chapter 4.01 (§ 23-38.10:2 et seq.); Chapter 4.1 (§ 23-38.11 et seq.); Chapter 4.4 (§ 23-38.45 et seq.); Chapter 4.4:1 (§ 23-38.53:1 et seq.); Chapter 4.4:2 (§ 23-38.53:4 et seq.); Chapter 4.4:3 (§ 23-38.53:11); Chapter 4.4:4 (§ 23-38.53:12 et seq.); Chapter 4.5 (§ 23-38.54 et seq.); Chapter 4.7 (§ 23-38.70 et seq.); Chapter 4.8 (§ 23-38.72 et seq.); and Chapter 4.9 (§ 23-38.75 et seq.).

B. State government-owned or operated and state-owned teaching hospitals that are a part of a covered institution as of the institution's effective date of the initial Management Agreement shall continue to be characterized as state government-owned or operated and state-owned teaching hospitals for purposes of payments under the State Plan for Medicaid Services adopted pursuant to § 32.1-325 et seq., provided that the covered institution commits to serve indigent and medically indigent patients, in which event the Commonwealth, through the Department of Medical Assistance Services, shall, subject to the appropriation in the appropriation act in effect, continue to reimburse the full cost of the provision of care, treatment, health-related and educational services to indigent and medically indigent patients and continue to treat hospitals that were part of a covered institution and that were Type One Hospitals prior to the institution's effective date of the initial Management Agreement as Type One Hospitals for

purposes of such reimbursement.

§ 23-38.97. Eligibility requirements and procedures; management agreement.

A. Any public institution of higher education may initiate the process to be governed by this subchapter by complying with the following requirements:

1. An absolute two-thirds, or more, of the institution's governing body shall have voted in the affirmative for a resolution expressing the sense of the body that the institution is qualified to be, and should be, governed by this subchapter.

2. Following such affirmative vote by such governing body, the institution shall submit to the Governor a written request for his approval to be governed by this subchapter. A copy of such request shall be sent to the Chairmen of the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance and the Senate Committee on Education and Health. Such written request shall provide documentation substantiating that: (i) the institution possesses the necessary administrative infrastructure, experience, and expertise to perform successfully its public educational mission as a covered institution; (ii) the institution is financially able to operate as a covered institution without jeopardizing the financial integrity and stability of the institution; (iii) the institution consistently meets the financial and administrative management standards pursuant to § 2.2-5004; and (iv) the institution's governing body has adopted performance and accountability standards, in addition to any institutional performance benchmarks included in the general appropriation act and developed pursuant to § 23-9.6-1.01, against which its implementation of this additional authority can be measured.

B. If the Governor finds that the institution meets the criteria set forth in subdivision A 2, he shall authorize those Cabinet Secretaries he deems appropriate to enter into a management agreement, as described in § 23-38.88, with the governing body of that institution addressing such matters as that institution's in-state undergraduate student enrollment, its financial aid requirements and capabilities, and its tuition policy for in-state undergraduate students.

C. Any such management agreement, executed by the designated Cabinet Secretaries and governing body of the institution shall be submitted by no later than November 15 of any given year to the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Finance, and the Senate Committee on Education and Health. The Governor shall include a recommendation for approval of the management agreement with the public institution of higher education in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his gubernatorial amendments submitted pursuant to subsection E of § 2.2-1509 due by the December 20 that immediately follows the date of submission of the management agreement to such Committees. Following the General Assembly's consideration of whether to approve or disapprove the management agreement as recommended, if the management agreement is approved as part of the general appropriation act, it shall become effective on the effective date of such general appropriation act.

§ 36-98.1. State buildings; exception for certain assets owned by the Department of Transportation.

A. The Building Code shall be applicable to all state-owned buildings and structures, and to all buildings and structures built on state-owned property, with the exception that §§ 2.2-1159 through 2.2-1161 shall provide the standards for ready access to and use of state-owned buildings by the physically handicapped.

Any state-owned building or structure, or building or structure built on state-owned property, for which preliminary plans were prepared or on which construction commenced after the initial effective date of the Uniform Statewide Building Code, shall remain subject to the provisions of the Uniform Statewide Building Code that were in effect at the time such plans were completed or such construction commenced. Subsequent reconstruction, renovation or demolition of such building or structure shall be subject to the pertinent provisions of the Building Code.

Acting through the Division of Engineering and Buildings, the Department of General Services shall function as the building official for any state-owned buildings or structures and for all buildings and structures built on state-owned property. The Department shall review and approve plans and specifications, grant modifications, and establish such rules and regulations as may be necessary to implement this section. It may provide for the (i) inspection of state-owned buildings or structures and for all buildings and structures built on state-owned property and (ii) enforcement of the Building Code and standards for access by the physically handicapped by delegating inspection and Building Code enforcement duties to the State Fire Marshal's Office, to other appropriate state agencies having needed expertise, and to local building departments, all of which shall provide such assistance within a reasonable time and in the manner requested. State agencies and institutions occupying buildings shall pay to the local building department the same fees as would be paid by a private citizen for the services rendered when such services are requested by the Department of General Services. The Department of General Services may alter or overrule any decision of the local building department after having first considered the local building department's report or other rationale given for its decision. When altering or overruling any decision of a local building department, the Department of General Services shall

1546 Transportation Board. Emergency response planning and activities related to the standards approved by  
1547 the Commonwealth Transportation Board shall be developed by the Department of Transportation and  
1548 coordinated with the appropriate local officials and emergency services providers. On an annual basis the  
1549 Department of Transportation shall provide a report on the maintenance and operability of installed fire

1568 3. That, notwithstanding the language of § 23-9.6:1.01 of the Code of Virginia as it existed prior  
1569 to the effective date of this act, the institutional plan due in 2011 shall be due on July 1, 2011. To  
1570 the extent that the requirements of § 23-38.87:17 of this act differ from § 23-9.6:1.01, the  
1571 requirements for the plan due on July 1, 2011, shall be set forth in the 2011 amendments to the  
1572 appropriation act. To the extent that such requirements are not so addressed, the Governor may,

1576 4. That any certification received during 2011 by a public institution of higher education from the  
1577 State Council of Higher Education for Virginia pursuant to § 23-9.6:1.01 of the Code of Virginia,  
1578 as it existed prior to the effective date of this act, shall be valid until June 30, 2013, and that any
