planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land. No land shall be included in any district without the signature on the application, or the written approval of all owners thereof. A district may be located in more than one locality, provided that (i) separate application is made to each locality involved, (ii) each local governing body approves the district, and (iii) the district meets the size requirements of this section. In the event that one of the local governing bodies disapproves the creation of a district within its boundaries, the creation of the district within the adjacent localities' boundaries shall not be affected, provided that the district otherwise meets the requirements set out in this chapter. In no event shall the act of creating a single district located in two localities pursuant to this subsection be construed to create two districts.

A. The local governing body, after receiving the report of the local planning commission and the advisory committee, shall hold a public hearing as provided by law, and after such public hearing, may by ordinance create the district or add land to an existing district as applied for, or with any modifications it deems appropriate.

B. The governing body may require, as a condition to creation of the district, that any parcel in the district shall not, without the prior approval of the governing body, be developed to any more intensive use or to certain more intensive uses, other than uses resulting in more intensive agricultural or forestal production, during the period which the parcel remains within the district. Local governing bodies shall not prohibit as a more intensive use, construction and placement of dwellings for persons who earn a substantial part of their livelihood from a farm or forestry operation on the same property, or for members of the immediate family of the owner, or divisions of parcels for such family members, unless the governing body finds that such use in the particular case would be incompatible with farming or forestry in the district. To further the purposes of this chapter and to promote agriculture and forestry and the creation of districts, the local governing body may adopt programs offering incentives to landowners to impose land use and conservation restrictions on their land within the district. Programs

offering such incentives shall not be permitted unless authorized by law. Any conditions to creation of the district and the period before the review of the district shall be described, either in the application or in a notice sent by first-class mail to all landowners in the district and published in a newspaper having a general circulation within the district at least two weeks prior to adoption of the ordinance creating the district. The ordinance shall state any conditions to creation of the district and shall prescribe the period before the first review of the district, which shall be no less than four years but not more than ten years from the date of its creation. In prescribing the period before the first review, the local governing body shall consider the period proposed in the application. The ordinance shall remain in effect at least until such time as the district is to be reviewed. In the event of annexation by a city or town of any land within a district, the district shall continue until the time prescribed for review.

C. Upon the adoption of an ordinance creating a district or adding land to an existing district, the local governing body shall submit a copy of the ordinance with maps to the local commissioner of the revenue, and the State Forester, and the Commissioner of Agriculture and Consumer Services for information purposes. The commissioner of the revenue shall identify the parcels of land in the district in the land book and on the tax map, and the local governing body shall identify such parcels on the zoning map, where applicable and shall designate the districts on the official comprehensive plan map each time the comprehensive plan map is updated.

§ 15.2-4310. Additions to a district.

§ 15.2-4314. Withdrawal of land from a district; termination of a district.

A. At any time after the creation of a district within any locality, any owner of land lying in such district may file with the ~~locality~~ *program administrator* a written request to withdraw all or part of his land from the district for good and reasonable cause. The ~~local governing body~~ *program administrator* shall refer the request to the ~~local planning commission and the advisory committee for their recommendations and shall hold a public hearing~~ *advisory committee for its recommendation. The advisory committee shall make recommendations concerning the request to withdraw to the local planning commission, which shall hold a public hearing and make recommendations to the local governing body.* Land proposed to be withdrawn may be reevaluated through the Virginia or local Land Evaluation and Site Assessment (LESA) System. The landowner seeking to withdraw land from a district, if denied favorable action by the governing body, shall have an immediate right of appeal de novo to the circuit court serving the territory wherein the district is located. B. Upon termination of a district or withdrawal or removal of any land from a district created pursuant to this chapter, land that is no longer part of a district shall be subject to and liable for roll-back taxes as are provided in § 58.1-3237. Sale or gift of a portion of land in a district to a member of the immediate family as defined in § 15.2-2244 shall not in and of itself constitute a withdrawal or removal of any of the land from a district.

C. Upon termination of a district or upon withdrawal or removal of any land from a district, land that is no longer part of a district shall be subject to those local laws and ordinances prohibited by the provisions of subsection B of § 15.2-4312.

D. Upon the death of a property owner, any heir at law, devisee, surviving cotenant or personal representative of a sole owner of any fee simple interest in land lying within a district shall, as a matter of right, be entitled to withdraw such land from such district upon the inheritance or descent of such land provided that such heir at law, devisee, surviving cotenant or personal representative files written notice of withdrawal with the local governing body and the local commissioner of the revenue within two years of the date of death of the owner.

E. Upon termination or modification of a district, or upon withdrawal or removal of any parcel of land from a district, the local governing body shall submit a copy of the ordinance or notice of withdrawal to the local commissioner of revenue, the State Forester and the State Commissioner of Agriculture and Consumer Services for information purposes. The commissioner of revenue shall delete the identification of such parcel from the land book and the tax map, and the local governing body shall delete the identification of such parcel from the zoning map, where applicable.

F. The withdrawal or removal of any parcel of land from a lawfully constituted district shall not in itself serve to terminate the existence of the district. The district shall continue in effect and be subject to review as to whether it should be terminated, modified or continued pursuant to § 15.2-4311 of this chapter.

2. That § 15.2-4308 of the Code of Virginia is repealed.
