§ 23-218.1. *Mental health services; Board to develop plan.*

The Board shall develop standards and policies directing community colleges to adopt, incrementally and as resources become available, a mental health services action plan. The plan shall, at a minimum, require the designation of at least one faculty or staff member at each campus or center to serve as a point of contact for community services boards to ensure proper screening and referral of any student who may be in need of emergency mental health services. The plan may also include, but need not be limited to, (i) educational and outreach efforts to raise awareness of mental health problems among students and faculty and (ii) the provision of limited mental health services at each campus or center to enable compliance with §§ 23-9.2:8 and 23-9.2:10.
