4. Title: Eliminating various state mandates on local and regional government entities.

5. Summary: Elimination of various state mandates on local and regional government entities relating to procurement procedures, education, and land use.

6. Budget Amendment Necessary: No

7. Fiscal Impact Estimates: The fiscal impact is negligible on the State at most and any attempts to estimate the fiscal impact would generate only insignificant dollars.

8. Fiscal Implications: This legislation has no discernable fiscal impact on the expenditures and revenues of executive branch agencies in the Commonwealth. Administrative processes and activities may change slightly but those changes will be neutral on state fiscal operations. Eliminating the mandates should reduce some costs to the local and regional entities.
