### Current Law

Under current law, a taxpayer may claim the Major Business Facility Job Tax Credit if the taxpayer creates at least 50 new full-time jobs in connection with the establishment or expansion of a major business facility and the company is engaged in a qualifying industry in Virginia. If a taxpayer is located in an enterprise zone or in an economically distressed area (as defined by the Virginia Economic Development Partnership), the threshold is reduced from 50 jobs to 25. The credit is equal to \$1,000 for each qualifying new job in excess of 50 jobs (25 jobs for a taxpayer located in an enterprise zone or economically distressed area).

The Major Business Facility Job Tax Credit must generally be claimed ratably over three taxable years, beginning with the taxable year following the year in which the facility is established or expanded, or the new qualifying jobs are added. However, effective for taxable years beginning January 1, 2009 through December 31, 2012, taxpayers are allowed to claim the credit amount over two years instead of three.

### Proposal

This bill would extend the time during which the major business facility job tax credit may be taken over a two-year period from taxable years beginning January 1, 2009 through December 31, 2012, to taxable years beginning January 1, 2009 through December 31, 2014.
