HOUSE BILL NO. 1913

House Amendments in [] — January 31, 2013

A BILL to amend and reenact §§ 43-3, 43-4, 43-4.01, 43-5, 43-8, and 43-10 of the Code of Virginia, relating to mechanics' liens; licensed contractors.

Patron Prior to Engrossment—Delegate Surovell

Referred to Committee for Courts of Justice

Be it enacted by the General Assembly of Virginia:

1. That §§ 43-3, 43-4, 43-4.01, 43-5, 43-8, and 43-10 of the Code of Virginia are amended and reenacted as follows:

§ 43-3. Lien for work done and materials furnished; waiver of right to file or enforce lien.

A. All persons performing labor or furnishing materials of the value of \$150 or more, including the reasonable rental or use value of equipment, for the construction, removal, repair or improvement of any building or structure permanently annexed to the freehold, and all persons performing any labor or furnishing materials of like value for the construction of any railroad, shall have a lien, if perfected as hereinafter provided, upon such building or structure, and so much land therewith as shall be necessary for the convenient use and enjoyment thereof, and upon such railroad and franchises for the work done and materials furnished, subject to the provisions of § 43-20. But when the claim is for repairs or improvements to existing structures only, no lien shall attach to the property repaired or improved unless such repairs or improvements were ordered or authorized by the owner, or his agent.

If the building or structure being constructed, removed or repaired is part of a condominium as defined in § 55-79.41 or under the Horizontal Property Act (§§ 55-79.1 through 55-79.38), any person providing labor or furnishing material to one or more units or limited common elements within the condominium pursuant to a single contract may perfect a single lien encumbering the one or more units which are the subject of the contract or to which those limited common elements pertain, and for which payment has not been made. All persons providing labor or furnishing materials for the common elements pertaining to all the units may perfect a single lien encumbering all such condominium units. Whenever a lien has been or may be perfected encumbering two or more units, the proportionate amount of the indebtedness attributable to each unit shall be the ratio that the percentage liability for common expenses appertaining to that unit computed pursuant to subsection D of § 55-79.83 bears to the total percentage liabilities for all units which are encumbered by the lien. The lien claimant shall release from a perfected lien an encumbered unit upon request of the unit owner as provided in subsection B of § 55-79.46 upon receipt of payment equal to that portion of the indebtedness evidenced by the lien attributable to such unit determined as herein provided. In the event the lien is not perfected, the lien claimant shall upon request of any interested party execute lien releases for one or more units upon receipt of payment equal to that portion of the indebtedness attributable to such unit or units determined as herein provided but no such release shall preclude the lien claimant from perfecting a single lien against the unreleased unit or units for the remaining portion of the indebtedness.

B. Any person providing labor or materials for site development improvements or for streets, stormwater facilities, sanitary sewers or water lines for the purpose of providing access or service to the individual lots in a development or condominium units as defined in § 55-79.41 or under the Horizontal Property Act (§§ 55-79.1 through 55-79.38) shall have a lien on each individual lot in the development for the fractional part of the total value of the work contracted for by the claimant in the subdivision as is obtained by using "one" as the numerator and the number of lots being developed as the denominator and in the case of a condominium on each individual unit in an amount computed by reference to the liability of that unit for common expenses appertaining to that condominium pursuant to subsection D of § 55-79.83; provided, however, no such lien shall be valid as to any lot or condominium unit unless the person providing such work shall, prior to the sale of such lot or condominium unit, file with the clerk of the circuit court of the jurisdiction in which such land lies a document setting forth a full disclosure of the nature of the lien which may be claimed, the total value of the work contracted for by the claimant in the subdivision and the portion thereof allocated to each lot as required herein, and a description of the development or condominium, and shall, thereafter, comply with all other applicable provisions of this chapter. "Site development improvements" means improvements which are provided for the development, such as project site grading, traffic signalization, and installation of electric, gas, cable, or other utilities, for the benefit of the development rather than for an individual lot. In determining the individual lots in the development for the purpose of allocating value of the work contracted for by the claimant, parcels of land within the development which are common area, or

59 which are being developed for the benefit of the development as a whole and not for resale, shall not be
60 included in the denominator of the disclosure statement.

61 Nothing contained herein shall be construed to prevent the filing of a mechanics' lien under the
62 provisions of subsection A, or require the lien claimant to elect under which subsection the lien may be
63 enforced.

64 C. Any right to file or enforce any mechanics' lien granted hereunder may be waived in whole or in
65 part at any time by any person entitled to such lien. In the event that payments are made to the
66 contractor without designating to which lot the payments are to be applied, the payments shall be
67 deemed to apply to any lot previously sold by the developer such that the remaining lots continue to
68 bear liability for an amount up to but not exceeding the amount set forth in any disclosure statement
69 filed under the provisions of subsection B.

70 *D. A person who performs labor or furnishes materials without a valid license or certificate issued*
71 *by the Board of Contractors pursuant to Chapter 11 (§ 54.1-1100 et seq.) of Title 54.1, or without the*
72 *proper class of license for the value of the work to be performed, when such a license or certificate is*
73 *required by law for the labor performed or materials furnished shall not be entitled to a lien pursuant*
74 *to this section.*

75 **§ 43-4. Perfection of lien by general contractor; recordation and notice.**

76 A general contractor, or any other lien claimant under §§ 43-7 and 43-9, in order to perfect the lien
77 given by § 43-3, provided such lien has not been barred by § 43-4.01 C, shall file a memorandum of
78 lien at any time after the work is commenced or material furnished, but not later than 90 days from the
79 last day of the month in which he last performs labor or furnishes material, and in no event later than
80 90 days from the time such building, structure, or railroad is completed, or the work thereon otherwise
81 terminated. The memorandum shall be filed in the clerk's office in the county or city in which the
82 building, structure or railroad, or any part thereof is located. The memorandum shall show the names of
83 the owner of the property sought to be charged, and of the claimant of the lien, the amount and
84 consideration of his claim, and the time or times when the same is or will be due and payable, verified
85 by the oath of the claimant, or his agent, including a statement declaring his intention to claim the
86 benefit of the lien, and giving a brief description of the property on which he claims a lien. *The*
87 *memorandum shall also contain the claimant's license or certificate number issued by the Board of*
88 *Contractors pursuant to Chapter 11 (§ 54.1-1100 et seq.) of Title 54.1, if any, and the date such license*
89 *or certificate was issued and the date such license or certificate expires. It shall be the duty of the clerk*
90 *in whose office the memorandum is filed to record and index the same as provided in § 43-4.1, in the*
91 *name of the claimant of the lien and of the owner of the property. From the time of such recording and*
92 *indexing all persons shall be deemed to have notice thereof. A lien claimant who is a general contractor,*
93 *and not lien claimants under §§ 43-7 and 43-9, also shall file along with the memorandum of lien, a*
94 *certification of mailing of a copy of the memorandum of lien on the owner of the property at the*
95 *owner's last known address. The cost of recording the memorandum shall be taxed against the person*
96 *found liable in any judgment or decree enforcing such lien. The lien claimant may file any number of*
97 *memoranda but no memorandum filed pursuant to this chapter shall include sums due for labor or*
98 *materials furnished more than 150 days prior to the last day on which labor was performed or material*
99 *furnished to the job preceding the filing of such memorandum. However, any memorandum may include*
100 *(i) sums withheld as retainages with respect to labor performed or materials furnished at any time before*
101 *it is filed, but not to exceed 10 percent of the total contract price and (ii) sums which are not yet due*
102 *because the party with whom the lien claimant contracted has not yet received such funds from the*
103 *owner or another third party. The time limitations set forth herein shall apply to all labor performed or*
104 *materials furnished on construction commenced on or after July 1, 1980. [An inaccuracy in the*
105 *memorandum as to the claimant's license or certificate number, if any, the date such license or*
106 *certificate was issued, or the date such license or certificate expires shall not bar a person from*
107 *perfecting a lien if the claimant can otherwise be reasonably identified in the records of the Board of*
108 *Contractors.]*

109 **§ 43-4.01. Posting of building permit; identification of mechanics' lien agent in building permit;**
110 **notice to mechanics' lien agent; effect of notice.**

111 A. The building permit for any one- or two-family residential dwelling unit issued pursuant to the
112 Uniform Statewide Building Code shall be conspicuously and continuously posted on the property for
113 which the permit is issued until all work is completed on the property. The permit shall be posted on
114 the property before any labor is performed or any material furnished on the property for which the
115 building permit is issued. Nothing herein shall be construed to prohibit a permit being amended after it
116 has been initially issued to name a mechanics' lien agent or a new mechanics' lien agent.

117 B. If the building permit contains the name, mailing address, and telephone number of the mechanics'
118 lien agent as defined in § 43-1, any person entitled to claim a lien under this title may notify the
119 mechanics' lien agent then named on the permit or amended permit that he seeks payment for labor
120 performed or material furnished by registered or certified mail or by physical delivery. Such notice shall

121 contain (i) the name, mailing address, and telephone number of the person sending such notice, (ii) *the*
 122 *person's license or certificate number issued by the Board of Contractors pursuant to Chapter 11*
 123 *(§ 54.1-1100 et seq.) of Title 54.1, if any, and the date such license or certificate was issued and the*
 124 *date such license or certificate expires, (iii) the building permit number on the building permit, (iii) (iv)*
 125 *a description of the property as shown on the building permit, and (iv) (v) a statement that the person*
 126 *filing such notice seeks payment for labor performed or material furnished. A return receipt or other*
 127 *receipt showing delivery of the notice to the addressee or written evidence that such notice was*
 128 *delivered by the postal service or other carrier to but not accepted by the addressee shall be prima facie*
 129 *evidence of receipt. An inaccuracy in the notice as to the description of the property shall not bar a*
 130 *person from claiming a lien under this title or filing a memorandum or otherwise perfecting or enforcing*
 131 *a lien as provided in subsection C if the property can otherwise be reasonably identified from the*
 132 *description.*

133 In the event that the mechanics' lien agent dies, resigns, or otherwise becomes unable or unwilling to
 134 serve during the construction period, the owner or the general contractor shall immediately appoint a
 135 successor mechanics' lien agent with all the rights, duties, and obligations of the predecessor mechanics'
 136 lien agent. An amended permit shall be displayed as provided in subsection A. Until such time as the
 137 successor is named and displayed as provided, notice given hereunder to the predecessor mechanics' lien
 138 agent at the address shown shall be deemed good notice, notwithstanding the fact that the agent may
 139 have died, resigned or become otherwise unable or unwilling to serve.

140 C. Except as provided otherwise in this subsection, no person other than a person claiming a lien
 141 under subsection B of § 43-3 may claim a lien under this title or file a memorandum or otherwise
 142 perfect and enforce a lien under this title with respect to a one or two family residential dwelling unit if
 143 such person fails to notify any mechanics' lien agent identified on the building permit in accordance
 144 with subsection B above (i) within ~~thirty~~ 30 days of the first date that he performs labor or furnishes
 145 material to or for the building or structure or (ii) within ~~thirty~~ 30 days of the date such a permit is
 146 issued, if such labor or materials are first performed or furnished by such person prior to the issuance of
 147 a building permit. However, the failure to give any such notices within the appropriate ~~thirty-day~~ 30-day
 148 period as required by the previous sentence shall not bar a person from claiming a lien under this title
 149 or from filing a memorandum or otherwise perfecting and enforcing a lien under this title, provided that
 150 such lien is limited to labor performed or materials furnished on or after the date a notice is given by
 151 such person to the mechanics' lien agent in accordance with subsection B above. A person performing
 152 labor or furnishing materials with respect to a one or two family residential dwelling unit on which a
 153 building permit is not posted at the time he first performs his labor or first furnishes his material or, if
 154 posted, does not state the name of the mechanics' lien agent, shall determine from appropriate authorities
 155 whether a permit of the type described in subsection B above has been issued, the date on which it is
 156 issued, and the name of the mechanics' lien agent, if any, that has been appointed. The issuing authority
 157 shall maintain the mechanics' lien agent information in the same manner and in the same location in
 158 which it maintains its record of building permits issued.

159 No person shall be required to comply with this subsection as to any memorandum of lien which is
 160 recorded prior to the issuance of a building permit nor shall any person be required to comply with this
 161 subsection when the building permit does not designate a mechanics' lien agent.

162 D. Unless otherwise agreed in writing, the only duties of the mechanics' lien agent shall be to receive
 163 notices delivered to him pursuant to subsection B and to provide any notice upon request to a settlement
 164 agent, as defined in § 55-525.8, involved in a transaction relating to the residential dwelling unit.

165 E. Mechanics' lien agents are authorized to enter into written agreements with third parties with
 166 regard to funds to be advanced to them for disbursement, and the transfer, disbursement, return and
 167 other handling of such funds shall be governed by the terms of such written agreements.

168 F. A mechanics' lien agent as defined in § 43-1 may charge a reasonable fee for services rendered in
 169 connection with administration of notice authorized herein and the disbursement of funds for payment of
 170 labor and materials for the construction or repair of improvements on real estate.
