209 provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air
210 carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a
211 than it received in fiscal year 1994-1995.

212 Of the remaining amount:

213 a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased
214 by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air
215 carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however,
216 shall receive less than \$50,000 nor more than \$2 million per year from this provision.

217 b. Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever
218 airports on a discretionary basis, except airports owned or leased by MWAA.

219 c. Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports
220 on a discretionary basis.

221 3a. There is hereby created in the Department of the Treasury a special nonreverting fund that shall

229 costs of any and all facilities owned and operated by the Virginia Commercial Space Flight Authority.

230 b. Commonwealth Space Flight Fund revenue shall be allocated by the Board of Directors to the
231 Virginia Commercial Space Flight Authority in order to foster and stimulate the growth of the
232 commercial space flight industry in Virginia.

233 4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall
234 be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass
235 Transit Fund.

239 paid to any local governing body, transportation district commission, or public service corporation for
240 the purposes hereinafter specified.

241 b. The amounts allocated pursuant to this section shall be used to support the public transportation
242 administrative costs and the costs borne by the locality for the purchase of fuels, lubricants, tires and
243 maintenance parts and supplies for public transportation at a state share of 80 percent in 2002 and 95
244 percent in 2003 and succeeding years. These amounts may be used to support up to 95 percent of the

245 local or nonfederal share of capital project costs for public transportation and ridesharing equipment,
246 facilities, and associated costs. Capital costs may include debt service payments on local or agency
247 transit bonds. The term "borne by the locality" means the local share eligible for state assistance
248 consisting of costs in excess of the sum of fares and other operating revenues plus federal assistance
249 received by the locality.

250 e. Commonwealth Mass Transit Fund revenue shall be allocated by the Commonwealth
251 Transportation Board as follows:

252 (1) Funds for special programs, which shall include ridesharing, experimental transit, and technical
253 assistance, shall not exceed 1.5 percent of the Fund.

254 (2) The Board may allocate these funds to any locality or planning district commission to finance up
255 to 80 percent of the local share of all costs associated with the development, implementation, and
256 continuation of ridesharing programs.

257 (3) Funds allocated for experimental transit projects may be paid to any local governing body,
258 transportation district commission, or public corporation or may be used directly by the Department of
259 Rail and Public Transportation for the following purposes:

263 ridesharing projects approved by the Board for a period of time not to exceed 12 months.

264 (c) To finance up to 95 percent of the cost of the development and implementation of any other
265 project designated by the Board where the purpose of such project is to enhance the provision and use
266 of public transportation services.

267 d. Funds allocated for public transportation promotion and operation studies may be paid to any local
268 governing body, planning district commission, transportation district commission, or public transit
269 corporation, or may be used directly by the Department of Rail and Public Transportation for the
270 following purposes and aid of public transportation services:

271 (1) At the approval of the Board to finance a program administered by the Department of Rail and
272 Public Transportation designed to promote the use of public transportation and ridesharing throughout
273 Virginia.

274 (2) To finance up to 50 percent of the local share of public transportation operations planning and
275 technical study projects approved by the Board.

276 e. At least 73.5 percent of the Fund shall be distributed to each transit property in the same
277 proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for
278 the purposes specified in subdivision 4 b.

280 nonfederal share for federal projects and 95 percent of the total costs for nonfederal projects. In the
281 event that total capital funds available under this subdivision are insufficient to fund the complete list of
282 eligible projects, the funds shall be distributed to each transit property in the same proportion that such
283 capital expenditure bears to the statewide total of capital projects. Prior to the annual adoption of the
284 Six-Year Improvement Program, the Commonwealth Transportation Board may allocate up to 20 percent
285 of the funds in the Commonwealth Mass Transit Fund designated for capital purposes to transit
286 operating assistance if operating funds for the next fiscal year are estimated to be less than the current
287 fiscal year's allocation, to attempt to maintain transit operations at approximately the same level as the
288 previous fiscal year.

289 b. *The amounts allocated pursuant to this section shall be used to support the operating, capital, and*

309 designed to promote the use of public transportation and ridesharing throughout Virginia.

310 (ii) To finance up to 80 percent of the cost of the development and implementation of projects where
311 the purpose of such project is to enhance the provision and use of public transportation services.

312 (b) At least 72 percent of the funds shall be distributed to each transit property in the same
313 proportion as its operating expenses bear to the total statewide operating expenses and shall be spent
314 for the purposes specified in subdivision 4 b.

316 evaluated by the Transit Service Delivery Advisory Committee along with the Director of the Department
317 of Rail and Public Transportation and established by the Commonwealth Transportation Board for
318 capital purposes based on asset need and anticipated state participation level and revenues. The tier
319 distribution measures may be evaluated by the Transit Service Delivery Advisory Committee along with
320 the Director of the Department of Rail and Public Transportation every three years and, if redefined by
321 the Board, shall be published at least one year in advance of being applied. Funds allocated for debt
322 service payments will be included in the tier that applies to the capital asset that is leveraged.

323 (d) Transfer of funds from funding categories in subdivisions 4 b (1) (a) and 4 b (1) (c) to 4 b (1)
324 (b) shall be considered by the Commonwealth Transportation Board in times of statewide economic
325 distress or statewide special need.

326 (2) The Commonwealth Transportation Board shall allocate the remaining revenues after the
327 application of the provisions set forth in subdivision 4 b (1) generated for the Commonwealth Mass
328 Transit Fund for 2014 and succeeding years as follows:

329 (a) Funds pursuant to this section shall be distributed among operating, capital, and special projects
330 in order to respond to the needs of the transit community.

331 (b) Of the funds pursuant to this section, at least 72 percent shall be allocated to support operating
332 costs of transit providers and distributed by the Commonwealth Transportation Board based on service
333 delivery factors, based on effectiveness and efficiency, as established by the Commonwealth
334 Transportation Board. These measures and their relative weight shall be evaluated every three years
335 and, if redefined by the Commonwealth Transportation Board, shall be published and made available
336 for public comment at least one year in advance of being applied. In developing the service delivery
337 factors, the Commonwealth Transportation Board shall create for the Department of Rail and Public
338 Transportation a Transit Service Delivery Advisory Committee, consisting of two members appointed by
339 the Virginia Transit Association, one member appointed by the Community Transportation Association of
340 Virginia, one member appointed by the Virginia Municipal League, one member appointed by the
341 Virginia Association of Counties, and three members appointed by the Director of the Department of
342 Rail and Public Transportation, to advise the Department of Rail and Public Transportation in the
343 development of a distribution process for the funds allocated pursuant to this subdivision 4 b (2) (b) and
344 how transit systems can incorporate these metrics in their transit development plans. The Transit Service
345 Delivery Advisory Committee shall elect a Chair. The Department of Rail and Public Transportation
346 shall provide administrative support to the committee. Effective July 1, 2013, the Transit Service
347 Delivery Advisory Committee shall meet at least annually and consult with interested stakeholders and
348 hold at least one public hearing and report its findings to the Director of the Department of Rail and
349 Public Transportation. Prior to the Commonwealth Transportation Board approving the service delivery
350 factors, the Director of the Department of Rail and Public Transportation along with the Chair of the
351 Transit Service Delivery Advisory Committee shall brief the Senate Committee on Finance, the House
352 Appropriations Committee, and the Senate and House Committees on Transportation on the findings of
353 the Transit Service Delivery Advisory Committee and the Department's recommendation. Before
354 redefining any component of the service delivery factors, the Commonwealth Transportation Board shall
355 consult with the Director of the Department of Rail and Public Transportation, Transit Service Delivery
356 Advisory Committee, and interested stakeholders and provide for a 60-day public comment period. Prior
357 to approval of any amendment to the service delivery measures, the Board shall notify the
358 aforementioned committees of the pending amendment to the service delivery factors and its content.

359 (c) Funds for special programs, which shall include ridesharing, transportation demand management
360 programs, experimental transit, public transportation promotion, operation studies, and technical
361 assistance, shall not exceed 3 percent of the funds pursuant to this section and may be allocated to any

463 school population of the entire county. If the school population of any city or of any town constituting a
464 school division is increased by the annexation of territory since the last estimate of school population
465 provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this
466 section, be added to the school population of such city or town as shown by the last such estimate and a

477 Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be
478 dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established
479 under § 29.1-101.01, is equal to or in excess of \$35 million, any portion of sales and use tax revenues
480 that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess
481 of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board
482 and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the
483 balance in the Capital Improvement Fund is less than \$35 million.

489 increase as provided in this subdivision. The transfers to the Public Education Standards of
490 Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the

491 net revenue generated (and collected in the succeeding month) from such one-half percent increase for
492 the month of August 2004 and for each month thereafter.

493 2. For the purposes of the Comptroller making the required transfers under subdivision 1, the Tax
494 Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each
495 month certifying the sales and use tax revenues generated in the preceding month. Within three calendar
496 days of receiving such certification, the Comptroller shall make the required transfers to the Public
497 Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

498 G. If errors are made in any distribution, or adjustments are otherwise necessary, the errors shall be
499 corrected and adjustments made in the distribution for the next quarter or for subsequent quarters.
