

2013 SESSION

SENATE SUBSTITUTE

13104122D

SENATE BILL NO. 956

AMENDMENT IN THE NATURE OF A SUBSTITUTE
(Proposed by the Senate Committee on Commerce and Labor
on January 21, 2013)

(Patron Prior to Substitute—Senator Favola)

A BILL to require certain utilities to address the appropriateness of declining block rates.

Be it enacted by the General Assembly of Virginia:

1. § 1. That as part of its 2013 integrated resource plan filing with the State Corporation Commission pursuant to Chapter 24 (§ 56-597 et seq.) of Title 56 of the Code of Virginia, any investor-owned electric utility that uses a declining block rate for residential customers during winter months shall address the appropriateness of such rate provision. In so doing, the utility shall address the effect of the rate provision on energy conservation, peak load, efficient and cost effective use of the utility's generation fleet and associated infrastructure, equity among customers within the residential class, and the affordability of home heating for residential customers.
