2. Patron: Bell, Richard P.

3. Committee: Education

4. Title: Health screenings for eating disorders in public schools.

5. Summary: Requires each school board to annually provide parent educational information or screen public school students in grades five through 10 for eating disorders.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: Preliminary. See item 8.

8. Fiscal Implications: It is anticipated that any administrative costs for the state associated with updating regulations promulgated by the Board of Education to conform to this legislation would be nominal and absorbed within current resources. However, there could be a potential local fiscal impact associated with providing educational information to parents each year or implementing annual screenings for eating disorders. At this time, it is not possible to reliably estimate the potential impact to local school divisions resulting from passage of this legislation.

9. Specific Agency or Political Subdivisions Affected: Board of Education and local school divisions.

10. Technical Amendment Necessary: No.

11. Other Comments: None.
