4. Title: Professional counselors; establishes minimum education requirements for licensure

5. Summary: The enrolled legislation clarifies the definitions of “counseling” and “professional counselor” and adds definitions for “residency,” “resident,” and “supervision.” The bill also requires the Board of Counseling to maintain a registry of persons who meet the requirements for supervision of residents and to make the registry of approved supervisors available to persons seeking resident status.

6. Budget Amendment Necessary: No. There is no clear estimate as to the additional expenditure required by this legislation, however additional nongeneral fund appropriation can be provided administratively once such spending needs are determined.

7. Minimal Fiscal Impact

8. Fiscal Implications: The Board of Counseling may experience some increased cost associated with the requirement to create and maintain a registry of those persons qualified to supervise residents. The exact cost of such an effort is unknown at this time. Should the cost of the registry exceed current revenues, the board would be required to cover these expenses by charging a one-time fee to those being added to the registry. It is expected that any such fee, if required, would be nominal.

9. Specific Agency or Political Subdivisions Affected: Department of Health Professions

10. Technical Amendment Necessary: No

11. Other Comments: None
