4. Title: Public-Private Transportation Act; receipt of competing proposals; disclosure of business points.

5. Summary: The proposed legislation would require that within 30 days of the receipt of an unsolicited proposal through the Public Private Transportation Act of 1995 (PPTA), the responsible public entity shall post a public notice of the unsolicited proposal on the Department of General Service's electronic procurement website (eVA). The responsible public entity shall then provide 120 days for the submission of any competing proposals.

The bill specifies specific information the notice is to include. The responsible public entity must also afford opportunities for public comment on the proposals submitted. The bill also requires that once the negotiation phase for the development of an interim or a comprehensive agreement is complete and a decision to award has been made by a responsible public entity, the major business points of the agreement must be posted.

6. Budget Amendment Necessary: None.

7. Fiscal Impact Estimates: Preliminary. See Item 8.

8. Fiscal Implications: The proposed legislation would require posting information regarding unsolicited PPTA bids on the state's procurement website. eVA is currently able to support the requirements of the bill without additional costs on the responsible public entities. The provisions of the bill are not expected to impact state finances.

9. Specific Agency or Political Subdivisions Affected: Department of Transportation, Virginia Port Authority, other responsible public entities authorized to participate in the PPTA
