2548 D. The governing body of any county, city, or town in the Commonwealth is authorized to procure
2549 or extend the necessary public liability insurance to cover claims arising out of mutual aid agreements

2556 may, together with all necessary equipment, lawfully go or be sent beyond the territorial limits of such
2557 county, city, or town to any point within or without the Commonwealth to assist in meeting such
2558 emergency.

2559 In such event, the acts performed by such fire or emergency medical services personnel and the
2560 expenditures made for such purpose by such county, city, or town shall be deemed conclusively to be for
2561 a public and governmental purpose, and all of the immunities from liability enjoyed by a county, city, or
2562 town when acting through its emergency medical services personnel for a public or governmental
2563 purpose within its territorial limits shall be enjoyed by it to the same extent when such county, city, or
2564 town is so acting, under this section or under other lawful authority, beyond its territorial limits.

2577 B. An emergency medical services agency established pursuant to subsection A may consist of
2578 government-employed emergency medical services personnel, volunteer emergency medical services
2579 personnel, or both. If an emergency medical services agency established pursuant to this section
2580 includes volunteer emergency medical services personnel, such volunteer emergency medical services

personnel shall be deemed instrumentalities of the county, city, or town, and, as such, exempt from suit for damages done incident to providing emergency medical services to the county, city, or town.

C. The governing body of any county, city, or town may empower an emergency medical services agency established therein pursuant to this section to make bylaws to promote its objects consistent with the laws of the Commonwealth and ordinances of the county, city, or town and may provide for the compensation of the officers and employees of such agency.

Upon the request of the Chief Medical Examiner in his capacity as chair of the Team, made after the conclusion of any law-enforcement investigation or prosecution, information and records regarding a child whose death is being reviewed by the Team may be inspected and copied by the Chief Medical Examiner or his designee, including, but not limited to, any report of the circumstances of the event maintained by any state or local law-enforcement agency or medical examiner, and information or records maintained on such child by any school, social services agency or court. Information, records or reports maintained by any Commonwealth's Attorney shall be made available for inspection and copying by the Chief Medical Examiner pursuant to procedures which shall be developed by the Chief Medical Examiner and the Commonwealth's Attorneys' Services Council established by § 2.2-2617. Any presentence report prepared pursuant to § 19.2-299 for any person convicted of a crime that led to the death of the child shall be made available for inspection and copying by the Chief Medical Examiner pursuant to procedures which shall be developed by the Chief Medical Examiner. In addition, the Chief Medical Examiner may inspect and copy from any Virginia health care provider, on behalf of the Team, (i) without obtaining consent, the health and mental health records of the child and those perinatal medical records of the child's mother that related to such child and (ii) upon obtaining consent from each adult regarding his personal records, or from a parent regarding the records of a minor child, the health and mental health records of the child's family. All such information and records shall be confidential and shall be excluded from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 9 of § 2.2-3705.5. Upon the conclusion of the child death review, all information and records concerning the child and the child's family shall be shredded or otherwise destroyed by the Chief Medical Examiner in order to ensure confidentiality. Such information or records shall not be subject to subpoena or discovery or be admissible in any criminal or civil proceeding. If available from other sources, however, such information and records shall not be immune from subpoena, discovery or introduction into evidence when obtained through such other sources solely because the information and records were presented to the Team during a child death review. Further, the findings of the Team may be disclosed or published in statistical or other form which shall not identify individuals. The portions of meetings in which individual child death cases are discussed by the Team shall be closed pursuant to subdivision A 21 of § 2.2-3711. In addition to the requirements of § 2.2-3712, all team members, persons attending closed team meetings, and persons presenting information and records on specific child deaths to the Team during closed meetings shall execute a sworn statement to honor the confidentiality of the information, records, discussions, and opinions disclosed during any closed meeting to review a specific child death. Violations of this subsection shall be punishable as a Class 3 misdemeanor.

D. Upon notification of a child death, any state or local government agency maintaining records on such child or such child's family which are periodically purged shall retain such records for the longer of 12 months or until such time as the State Child Fatality Review Team has completed its child death

3011 review of the specific case.

3012 E. The Team shall compile annual data which shall be made available to the Governor and the
3013 General Assembly as requested. These statistical data compilations shall not contain any personally
3014 identifying information and shall be public records.

3015 **§ 32.1-283.2. Local and regional child fatality review teams established; membership; authority;**
3016 **confidentiality; immunity.**

3017 A. Upon the initiative of any local or regional law-enforcement agency, fire department, department
3018 of social services, emergency medical services agency, Commonwealth's attorney's office, or community
3019 services board, local or regional child fatality teams may be established for the purpose of conducting
3020 contemporaneous reviews of local child deaths in order to develop interventions and strategies for
3021 prevention specific to the locality or region. Each team shall establish rules and procedures to govern the
3022 review process. Agencies may share information but shall be bound by confidentiality and execute a
3023 sworn statement to honor the confidentiality of the information they share. Violations shall be
3024 punishable as a Class 3 misdemeanor. The State Child Fatality Review Team shall provide technical
3025 assistance and direction as provided for in subsection A of § 32.1-283.1.

3026 B. Local and regional teams may be composed of the following persons from the localities
3027 represented on a particular board or their designees: a local or regional medical examiner, a local social
3028 services official in charge of child protective services, a director of the relevant local or district health
3029 department, a chief law-enforcement officer, a local fire marshal, *local emergency medical services*
3030 *agency director*, the attorney for the Commonwealth, an executive director of the local community
3031 services board or other local mental health agency, and such additional persons, not to exceed ~~five~~ *four*,
3032 as may be appointed to serve by the chairperson of the local or regional team. The chairperson shall be
3033 elected from among the designated membership. The additional members appointed by the chairperson
3034 may include, but are not restricted to, representatives of local human services agencies; local public
3035 education agencies; local pediatricians, psychiatrists and psychologists; and local child advocacy
3036 organizations.

3037 C. Each team shall establish local rules and procedures to govern the review process prior to
3038 conducting the first child fatality review. The review of a death shall be delayed until any criminal
3039 investigations connected with the death are completed or the Commonwealth consents to the
3040 commencement of such review prior to the completion of the criminal investigation.

3041 D. All information and records obtained or created regarding the review of a fatality shall be
3042 confidential and shall be excluded from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.)
3043 pursuant to subdivision 9 of § 2.2-3705.5. All such information and records shall be used by the team
3044 only in the exercise of its proper purpose and function and shall not be disclosed. Such information or
3045 records shall not be subject to subpoena, subpoena duces tecum, or discovery or be admissible in any
3046 criminal or civil proceeding. If available from other sources, however, such information and records
3047 shall not be immune from subpoena, subpoena duces tecum, discovery or introduction into evidence
3048 when obtained through such other sources solely because the information and records were presented to
3049 the team during a fatality review. No person who participated in the reviews nor any member of the
3050 team shall be required to make any statement as to what transpired during the review or what
3051 information was collected during the review. Upon the conclusion of the fatality review, all information
3052 and records concerning the victim and the family shall be returned to the originating agency or
3053 destroyed. However, the findings of the team may be disclosed or published in statistical or other form
3054 which shall not identify individuals. The portions of meetings in which individual cases are discussed by
3055 the team shall be closed pursuant to subdivision A 21 of § 2.2-3711. All team members, persons
3056 attending closed team meetings, and persons presenting information and records on specific fatalities to
3057 the team during closed meetings shall execute a sworn statement to honor the confidentiality of the
3058 information, records, discussions, and opinions disclosed during any closed meeting to review a specific
3059 death. Violations of this subsection shall be punishable as a Class 3 misdemeanor.

3060 E. Members of teams, as well as their agents and employees, shall be immune from civil liability for
3061 any act or omission made in connection with participation in a child fatality review team review, unless
3062 such act or omission was the result of gross negligence or willful misconduct. Any organization,
3063 institution, or person furnishing information, data, testimony, reports or records to review teams as part
3064 of such review, shall be immune from civil liability for any act or omission in furnishing such
3065 information, unless such act or omission was the result of gross negligence or willful misconduct.

3066 **§ 32.1-291.12. Search and notification.**

3067 A. The following persons shall make a reasonable search of an individual who the person reasonably
3068 believes is dead or whose death is imminent for a document of gift or other information identifying the
3069 individual as a donor or as an individual who made a refusal:

3070 1. A law-enforcement officer, firefighter, ~~paramedic~~ *emergency medical services personnel*, or other
3071 emergency rescuer finding the individual; and

3072 2. If no other source of the information is immediately available, a hospital, as soon as practical after

the individual's arrival at the hospital.

B. If a document of gift or a refusal to make an anatomical gift is located by the search required by subdivision A 1 and the individual or deceased individual to whom it relates is taken to a hospital, the person responsible for conducting the search shall send the document of gift or refusal to the hospital.

C. A person is not subject to criminal or civil liability for failing to discharge the duties imposed by this section but may be subject to administrative sanctions.

§ 33.1-46.2. Designation of high-occupancy vehicle lanes; use of such lanes; penalties.

A. In order to facilitate the rapid and orderly movement of traffic to and from urban areas during peak traffic periods, the Commonwealth Transportation Board may designate one or more lanes of any highway in the interstate, primary, or secondary highway systems as high-occupancy vehicle lanes, hereinafter referred to in this section as HOV lanes. When lanes have been so designated and have been appropriately marked with such signs or other markers as the Board may prescribe, they shall be reserved during periods designated by the Board for the exclusive use of buses and high-occupancy vehicles. Any local governing body may also, with respect to highways under its exclusive jurisdiction, designate HOV lanes and impose and enforce restrictions on the use of such HOV lanes. Any highway for which the local jurisdiction receives highway maintenance funds pursuant to § 33.1-41.1 shall be deemed to be within the exclusive jurisdiction of the local governing body for the purposes of this section. HOV lanes shall be reserved for high-occupancy vehicles of a specified number of occupants as determined by the Board or, for HOV lanes designated by a local governing body, by that local governing body. Notwithstanding the foregoing provisions of this section, no designation of any lane or lanes of any highway as HOV lanes shall apply to the use of any such lanes by:

1. Emergency vehicles such as ~~fire-fighting~~ *firefighting* vehicles, ~~ambulances~~, and ~~rescue squad~~ *emergency medical services* vehicles,

2. Law-enforcement vehicles,

3. Motorcycles,

4. a. Transit and commuter buses designed to transport 16 or more passengers, including the driver,

b. Any vehicle operating under a certificate issued under § 46.2-2075, 46.2-2080, 46.2-2096, 46.2-2099.4, or 46.2-2099.44,

5. Vehicles of public utility companies operating in response to an emergency call,

6. Vehicles bearing clean special fuel vehicle license plates issued pursuant to § 46.2-749.3, provided such use is in compliance with federal law,

7. Taxicabs having two or more occupants, including the driver, or

8. (Contingent effective date, see Editor's note) Any active duty military member in uniform who is utilizing Interstate Route 264 and Interstate Route 64 for the purposes of traveling to or from a military facility in the Hampton Roads Planning District.

In the Hampton Roads Planning District, HOV restrictions may be temporarily lifted and HOV lanes opened to use by all vehicles when restricting use of HOV lanes becomes impossible or undesirable and the temporary lifting of HOV limitations is indicated by signs along or above the affected portion of highway.

The Commissioner of VDOT shall implement a program of the HOV facilities in the Hampton Roads Planning District beginning not later than May 1, 2000. This program shall include the temporary lifting of HOV restrictions and the opening of HOV lanes to all traffic when an incident resulting from nonrecurring causes within the general lanes occurs such that a lane of traffic is blocked or is expected to be blocked for 10 minutes or longer. The HOV restrictions for the facility will be reinstated when the general lane is no longer blocked and is available for use.

The Commissioner shall maintain necessary records to evaluate the effects of such openings on the operation of the general lanes and the HOV lanes. He shall report on the effects of this program. This program will terminate if the Federal Highway Administration requires repayment of any federal highway construction funds because of the program's impact on the HOV facilities in Hampton Roads.

B. In designating any lane or lanes of any highway as HOV lanes, the Board, or local governing body as the case may be, shall specify the hour or hours of each day of the week during which the lanes shall be so reserved, and the hour or hours shall be plainly posted at whatever intervals along the lanes the Board or local governing body deems appropriate. Any person driving a motor vehicle in a designated HOV lane in violation of this section shall be guilty of a traffic infraction which shall not be a moving violation and on conviction shall be fined \$100. However, violations committed within the boundaries of Planning District Eight shall be punishable as follows:

For a first offense, by a fine of \$125;

For a second offense within a period of five years from a first offense, by a fine of \$250;

For a third offense within a period of five years from a first offense, by a fine of \$500; and

For a fourth or subsequent offense within a period of five years from a first offense, by a fine of \$1,000.

3134 Upon a conviction under this section, the court shall furnish to the Commissioner of the Department
3135 of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such conviction which
3136 shall become a part of the person's driving record. Notwithstanding the provisions of § 46.2-492, no
3137 driver demerit points shall be assessed for any violation of this section; except that persons convicted of
3138 second, third, fourth, or subsequent violations within five years of a first offense committed in Planning
3139 District Eight shall be assessed three demerit points for each such violation.

3140 C. In the prosecution of an offense, committed in the presence of a law-enforcement officer, of
3141 failure to obey a road sign restricting a highway, or portion thereof, to the use of high-occupancy
3142 vehicles, proof that the vehicle described in the HOV violation summons was operated in violation of
3143 this section, together with proof that the defendant was at the time of such violation the registered
3144 owner of the vehicle, shall constitute in evidence a rebuttable presumption that such registered owner of
3145 the vehicle was the person who committed the violation. Such presumption shall be rebutted if the
3146 registered owner of the vehicle testifies in open court under oath that he was not the operator of the
3147 vehicle at the time of the violation. A summons for a violation of this section may be executed in
3148 accordance with § 19.2-76.2. Such rebuttable presumption shall not arise when the registered owner of
3149 the vehicle is a rental or leasing company.

3150 D. Notwithstanding the provisions of § 19.2-76, whenever a summons for a violation of this section
3151 is served in any county, city, or town, it may be executed by mailing by first-class mail a copy thereof
3152 to the address of the owner of the vehicle as shown on the records of the Department of Motor
3153 Vehicles. If the summoned person fails to appear on the date of return set out in the summons mailed
3154 pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

3155 No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for his
3156 failure to appear on the return date of the summons.

3157 E. Notwithstanding § 33.1-252, high-occupancy vehicles having three or more occupants (HOV-3)
3158 may be permitted to use the Omer L. Hirst-Adelard L. Brault Expressway (Dulles Toll Road) without
3159 paying a toll.

3160 F. Notwithstanding the contrary provisions of this section, the following conditions shall be met
3161 before the HOV-2 designation of Interstate Route 66 outside the Capital Beltway can be changed to
3162 HOV-3 or any more restrictive designation:

3163 1. The Department shall publish a notice of its intent to change the existing designation and also
3164 immediately provide similar notice of its intent to all members of the General Assembly representing
3165 districts that touch or are directly impacted by traffic on Interstate Route 66.

3166 2. The Department shall hold public hearings in the corridor to receive comments from the public.

3167 3. The Department shall make a finding of the need for a change in such designation, based on
3168 public hearings and its internal data and present this finding to the Commonwealth Transportation Board
3169 for approval.

3170 4. The Commonwealth Transportation Board shall make written findings and a decision based upon
3171 the following criteria:

3172 a. Is changing the HOV-2 designation to HOV-3 in the public interest?

3173 b. Is there quantitative and qualitative evidence that supports the argument that HOV-3 will facilitate
3174 the flow of traffic on Interstate Route 66?

3175 c. Is changing the HOV-2 designation beneficial to comply with the federal Clean Air Act
3176 Amendments of 1990?

3177 G. [Repealed.]

3178 **§ 33.1-56.3. HOT lanes enforcement.**

3179 Any person operating a motor vehicle on designated HOT lanes shall make arrangements with the
3180 HOT lanes operator for payment of the required toll prior to entering such HOT lanes. The driver of a
3181 vehicle who enters the HOT lanes in an unauthorized vehicle, in violation of the conditions for use of
3182 such HOT lanes established pursuant to § 33.1-56.2, without payment of the required toll, or without
3183 having made arrangements with the HOT lanes operator for payment of the required toll, shall have
3184 committed a violation of this section, which may be enforced in the following manner:

3185 A. On a form prescribed by the Supreme Court, a summons for civil violation of this section may be
3186 executed by a law-enforcement officer, when such violation is observed by such officer. The form shall
3187 contain the option for the driver of the vehicle to prepay all penalties, unpaid toll, administrative fees,
3188 and costs.

3189 B. 1. A HOT lanes operator shall install and operate, or cause to be installed or operated, a
3190 photo-enforcement system at locations where tolls are collected for the use of such HOT lanes.

3191 2. A summons for civil violation of this section may be executed pursuant to this subsection, when
3192 such violation is evidenced by information obtained from a photo-enforcement system as defined in this
3193 article. A certificate, sworn to or affirmed by a technician employed or authorized by the HOT lanes
3194 operator, or a facsimile of such a certificate, based on inspection of photographs, microphotographs,
3195 videotapes, or other recorded images produced by a photo-enforcement system, shall be prima facie

evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this subsection. Any vehicle rental or vehicle leasing company, if named in a summons, shall be released as a party to the action if it provides the HOT lanes operator a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a summons shall be issued for the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.).

3. On a form prescribed by the Supreme Court, a summons issued under this subsection may be executed pursuant to § 19.2-76.2. Such form shall contain the option for the driver or registered owner to prepay all penalties, unpaid toll, administrative fees, and costs. HOT lanes operator personnel or their agents mailing such summons shall be considered conservators of the peace for the sole and limited purpose of mailing such summons. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles or, if the registered owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to this subsection, such named operator of the vehicle. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

4. The registered owner of such vehicle shall be given reasonable notice by way of a summons as provided in this subsection that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing and notice of the civil penalty and costs for such offense.

Upon the filing of an affidavit with the court at least 14 days prior to the hearing date by the registered owner of the vehicle stating that he was not the driver of the vehicle on the date of the violation and providing the legal name and address of the driver of the vehicle at the time of the violation, a summons will also be issued to the alleged driver of the vehicle at the time of the offense. The affidavit shall constitute prima facie evidence that the person named in the affidavit was driving the vehicle at all the relevant times relating to the matter named in the affidavit.

If the registered owner of the vehicle produces a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the court shall dismiss the summons issued to the registered owner of the vehicle.

C. 1. The HOT lanes operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. The operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in a notice or invoice issued by a HOT lanes operator. If paid within 30 days of notification, the administrative fee shall not exceed \$25.

2. Upon a finding by a court of competent jurisdiction that the driver of the vehicle observed by a law-enforcement officer under subsection A, or the vehicle described in the summons for civil violation issued pursuant to evidence obtained by a photo-enforcement system under subsection B was in violation of this section, the court shall impose a civil penalty upon the driver of such vehicle issued a summons under subsection A, or upon the driver or registered owner of such vehicle issued a summons under subsection B, payable to the HOT lanes operator as follows: for a first offense, \$50; for a second offense, \$250; for a third offense within a period of two years of the second offense, \$500; and for a fourth and subsequent offense within a period of three years of the second offense, \$1,000, together with, in each case, the unpaid toll, all accrued administrative fees imposed by the HOT lanes operator as authorized by this section, and applicable court costs. The court shall remand penalties, unpaid toll, and administrative fees assessed for violation of this section to the treasurer or director of finance of the county or city in which the violation occurred for payment to the HOT lanes operator for expenses associated with operation of the HOT lanes and payments against any bonds or other liens issued as a result of the construction of the HOT lanes. No person shall be subject to prosecution under both subsections A and B for actions arising out of the same transaction or occurrence.

3. Upon a finding by a court that a person has violated this section, in the event such person fails to pay the required penalties, fees, and costs, the court shall notify the Commissioner of Motor Vehicles, who shall suspend all of the registration certificates and license plates issued for any motor vehicles registered solely in the name of such person and shall not issue any registration certificate or license plate for any other vehicle that such person seeks to register solely in his name until the court has

3257 notified the Commissioner that such penalties, fees, and costs have been paid. The HOT lanes operator
 3258 and the Commissioner may enter into an agreement whereby the HOT lanes operator may reimburse the
 3259 Department of Motor Vehicles for their reasonable costs to develop, implement, and maintain this
 3260 enforcement mechanism, and that specifies that the Commissioner shall have an obligation to suspend
 3261 such registration certificates so long as the HOT lanes operator makes the required reimbursements in a
 3262 timely manner in accordance with the agreement.

3263 4. Except as provided in subsections D and E, imposition of a civil penalty pursuant to this section
 3264 shall not be deemed a conviction as an operator of a motor vehicle under Title 46.2 and shall not be
 3265 made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be
 3266 used for insurance purposes in the provision of motor vehicle insurance coverage.

3267 D. 1. The HOT lanes operator may restrict the usage of the HOT lanes to designated vehicle
 3268 classifications pursuant to an interim or final comprehensive agreement executed pursuant to § 56-566 or
 3269 56-566.1. Notice of any such vehicle classification restrictions shall be provided through the placement
 3270 of signs or other markers prior to and at all HOT lanes entrances.

3271 2. Any person driving an unauthorized vehicle on the designated HOT lanes shall be guilty of a
 3272 traffic infraction, which shall not be a moving violation, and shall be punishable as follows: for a first
 3273 offense, by a fine of \$125; for a second offense within a period of five years from a first offense, by a
 3274 fine of \$250; for a third offense within a period of five years from a first offense, by a fine of \$500;
 3275 and for a fourth and subsequent offense within a period of five years from a first offense, by a fine of
 3276 \$1,000.

3277 Upon a conviction under this subsection, the court shall furnish to the Commissioner of the
 3278 Department of Motor Vehicles, in accordance with § 46.2-383, an abstract of the record of such
 3279 conviction that shall become a part of the person's driving record. Notwithstanding the provisions of §
 3280 46.2-492, no driver demerit points shall be assessed for any violation of this subsection, except that
 3281 persons convicted of a second, third, fourth, or subsequent violation within five years of a first offense
 3282 shall be assessed three demerit points for each such violation.

3283 E. The driver of a vehicle who enters the HOT lanes by crossing through any barrier, buffer or other
 3284 area separating the HOT lanes from other lanes of travel shall have committed a violation of § 46.2-852,
 3285 unless the vehicle is a state or local law-enforcement vehicle, firefighting truck, ambulance, or rescue
 3286 squad emergency medical services vehicle used in the performance of its official duties. No person shall
 3287 be subject to both prosecution under this subsection and under subsection A, B, or D for actions arising
 3288 out of the same transaction or occurrence.

3289 Upon a conviction under this subsection, the court shall furnish to the Commissioner of the
 3290 Department of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such
 3291 conviction, which shall become a part of the convicted person's driving record.

3292 F. No person shall be subject to prosecution under both this section and under § 33.1-46.2, 46.2-819,
 3293 or 46.2-819.1 for actions arising out of the same transaction or occurrence.

3294 G. Any action under this section shall be brought in the general district court of the county or city in
 3295 which the violation occurred.

3296 **§ 33.1-200.1. Removal of snow from driveways of volunteer fire departments and rescue squads.**

3297 The Department of Transportation shall remove snow from the driveways and entrances on the roads
 3298 under the jurisdiction of the Department of Transportation of volunteer fire departments and volunteer
 3299 rescue squads emergency medical services agencies when the chief of any individual volunteer fire
 3300 department, or the head director of any individual volunteer rescue squad emergency medical services
 3301 agency, makes a written request for such snow removal service; provided that such service shall only be
 3302 performed when such service can be performed during the normal course of snow removal activities of
 3303 the Department of Transportation without interfering with, or otherwise inconveniencing, such snow
 3304 removal activities; provided further, that such service shall not extend to any parking lots adjacent to
 3305 such driveways and entranceways not normally used by the volunteer fire department or volunteer rescue
 3306 squad emergency medical services vehicles as their direct driveway or entrance.

3307 **§ 33.1-252. Free use of toll facilities by certain state officers and employees; penalties.**

3308 A. Vehicles transporting two or more persons, including the driver, may be permitted toll-free use of
 3309 the Dulles Toll Road during rush hours by the Commonwealth Transportation Board; however,
 3310 notwithstanding the provisions of subdivision B 1 of § 56-543 said vehicles shall not be permitted
 3311 toll-free use of a roadway as defined pursuant to the Virginia Highway Corporation Act of 1988
 3312 (§ 56-535 et seq.). Upon presentation of a toll pass issued pursuant to regulations promulgated by the
 3313 Commonwealth Transportation Board, the following persons may use all toll bridges, toll ferries, toll

3415 **§ 38.2-1904. Rate standards.**

3416 A. Rates for the classes of insurance to which this chapter applies shall not be excessive, inadequate,
3417 or unfairly discriminatory. All rates and all changes and amendments to rates to which this chapter
3418 applies for use in this Commonwealth shall consider loss experience and other factors within Virginia if
3419 relevant and actuarially sound; provided, other data, including countrywide, regional, or other state data,
3420 may be considered where such data is relevant and where a sound actuarial basis exists for considering
3421 data other than Virginia-specific data.

3422 1. No rate shall be held to be excessive unless it is unreasonably high for the insurance provided and
3423 a reasonable degree of competition does not exist in the area with respect to the classification to which
3424 the rate applies.

3425 2. No rate shall be held inadequate unless it is unreasonably low for the insurance provided and (i)
3426 continued use of it would endanger solvency of the insurer or (ii) use of the rate by the insurer has or,
3427 if continued, will have the effect of destroying competition or creating a monopoly.

3428 3. No rate shall be unfairly discriminatory if a different rate is charged for the same coverage and
3429 the rate differential (i) is based on sound actuarial principles or (ii) is related to actual or reasonably
3430 anticipated experience.

3431 B. 1. In determining whether rates comply with the standards of subsection A of this section,
3432 separate consideration shall be given to (i) past and prospective loss experience within and outside this
3433 Commonwealth, (ii) conflagration or catastrophe hazards, (iii) a reasonable margin for underwriting
3434 profit and contingencies, (iv) dividends, savings or unabsorbed premium deposits allowed or returned by
3435 insurers to their policyholders, members or subscribers, (v) past and prospective expenses both
3436 countrywide and those specifically applicable to this Commonwealth, (vi) the loss reserving practices,
3437 standards and procedures utilized by the insurer, (vii) investment income earned or realized by insurers
3438 from their unearned premium and loss reserve and the Commission may give separate consideration to
3439 investment income earned on surplus funds, and (viii) all other relevant factors within and outside this
3440 Commonwealth. When actual experience or data does not exist, the Commission may consider estimates.

3441 2. In the case of fire insurance rates, consideration shall be given to the experience of the fire

insurance business during a period of not less than the most recent five-year period for which such experience is available.

3. In the case of workers' compensation insurance rates for volunteer firefighters or volunteer lifesaving or volunteer rescue squad members emergency medical services personnel, the rates shall be calculated based upon the combined experience of both volunteer firefighters or volunteer lifesaving or volunteer rescue squad members emergency medical services personnel and paid firefighters or paid lifesaving or paid rescue squad members emergency medical services personnel, so that the resulting rate is the same for both volunteer and paid members, but in no event shall resulting premiums be less than forty dollars \$40 per year for any volunteer firefighter or rescue squad member volunteer emergency medical services personnel.

4. In the case of uninsured motorist coverage required by subsection A of § 38.2-2206, consideration shall be given to all sums distributed by the Commission from the Uninsured Motorists Fund in accordance with the provisions of Chapter 30 (§ 38.2-3000 et seq.) of this title.

C. For the classes of insurance to which this chapter applies, including insurance against contingent, consequential and indirect losses as defined in § 38.2-133 (i) the systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group for any class of insurance, or with respect to any subdivision or combination of insurance for which separate expense provisions are applicable, and (ii) risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in hazards, expense provisions, or both. The standards may measure any difference between risks that can be demonstrated to have a probable effect upon losses or expenses. Notwithstanding any other provision of this subsection, except as permitted by § 38.2-1908, each member of a rate service organization shall use the uniform classification system, uniform experience rating plan, and uniform statistical plan of its designated rate service organization in the provision of insurance defined in § 38.2-119.

D. No insurer shall use any information pertaining to any motor vehicle conviction or accident to produce increased or surcharged rates above their filed manual rates for individual risks for a period longer than thirty-six 36 months. This period shall begin no later than twelve 12 months after the date of the conviction or accident.

E. Each authorized insurer subject to the provisions of this chapter may file with the Commission an expense reduction plan that permits variations in expense provisions. Such filing may contain provisions permitting agents to reduce their commission resulting in an appropriate reduction in premium. Nothing in this section shall be construed to require an agent to reduce a commission, nor may an insurer unreasonably refuse to reduce a premium due to a commission reduction as permitted by its filed expense reduction plan.

§ 38.2-2005. Provisions governing making of rates.

A. Rates for the classes of insurance to which this chapter applies shall not be excessive, inadequate, or unfairly discriminatory. All rates and all changes and amendments to rates to which this chapter applies for use in this Commonwealth shall consider loss experience and other factors within Virginia if relevant and actuarially sound; however, other data, including countrywide, regional or other state data, may be considered where such data is relevant and where a sound actuarial basis exists for considering data other than Virginia-specific data.

B. 1. In making rates for the classes of insurance to which this chapter applies, separate consideration shall be given to (i) past and prospective loss experience within and outside this Commonwealth, (ii) conflagration or catastrophe hazards, (iii) a reasonable margin for underwriting profit and contingencies, (iv) dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, (v) past and prospective expenses both countrywide and those specifically applicable to this Commonwealth, (vi) investment income earned or realized by insurers from their unearned premium and loss reserve and the Commission may give separate consideration to investment income earned on surplus funds, (vii) the loss reserving practices, standards and procedures utilized by the insurer, and (viii) all other relevant factors within and outside this Commonwealth. When actual experience or data does not exist, the Commission may consider estimates.

2. In the case of fire insurance rates, consideration shall be given to the experience of the fire insurance business during a period of not less than the most recent five-year period for which such experience is available.

3. [Repealed.]

In the case of workers' compensation insurance rates for volunteer firefighters or volunteer lifesaving or volunteer rescue squad members emergency medical services personnel written through the Virginia Worker's Compensation Insurance Plan, the rates shall be calculated based upon the combined

3503 experience of both volunteer firefighters or volunteer ~~lifesaving or volunteer rescue squad members or~~
 3504 ~~nonprofit emergency medical services personnel~~ and paid firefighters or paid ~~lifesaving or paid rescue~~
 3505 ~~squad members emergency medical services personnel~~, so that the resulting rate is the same for both
 3506 volunteer and paid members, but in no event shall resulting premiums be less than ~~forty dollars~~ \$40 per
 3507 year for any volunteer firefighter or ~~rescue squad member~~ *volunteer emergency medical services*
 3508 *personnel*.

3509 C. For the classes of insurance to which this chapter applies (i) the systems of expense provisions
 3510 included in the rates for use by any insurer or group of insurers may differ from those of other insurers
 3511 or groups of insurers to reflect the requirements of the operating methods of any such insurer or group
 3512 for any class of insurance, or for any subdivision or combination of insurance for which separate
 3513 expense provisions apply, and (ii) risks may be grouped by classifications for the establishment of rates
 3514 and minimum premiums. Classification rates may be modified to produce rates for individual risks in
 3515 accordance with rating plans that establish standards for measuring variations in hazards, expense
 3516 provisions, or both. The standards may measure any difference among risks that can be demonstrated to
 3517 have a probable effect upon losses or expenses.

3518 D. All rates, rating schedules or rating plans and every manual of classifications, rules and rates,
 3519 including every modification thereof, approved by the Commission under this chapter, shall be used until
 3520 a change is approved by the Commission.

 3526 minimum coverage (i) to persons occupying the insured motor vehicle; and (ii) to the named insured

 3532 funeral expenses, resulting from the accident and incurred within three years after the date of the
 3533 accident, up to \$2,000 per person; however, if the insured does not elect to purchase such limit the
 3534 insurer and insured may agree to any other limit;

3535 2. If the person is usually engaged in a remunerative occupation, an amount equal to the loss of
 3536 income incurred after the date of the accident resulting from injuries received in the accident up to \$100
 3537 per week during the period from the first workday lost as a result of the accident up to the date the
 3538 person is able to return to his usual occupation. However, the period shall not extend beyond one year
 3539 from the date of the accident; and

3540 3. An expense described in subdivision 1 shall be deemed to have been incurred:

 3543 care provider or (ii) Medicaid or Medicare, where the actual payment with reference to the medical bill
 3544 rendered by the provider is less than or equal to the provider's usual and customary fee, in the amount
 3545 of the actual payment as evidenced by an explanation of benefits, remittance advice, or similar
 3546 documentation from the health care provider; however, if the insured is required to make a payment in

 3548 increased by the payment made by the insured; or

3549 c. If no medical bill is rendered or specific charge made by a health care provider to the insured, an
 3550 insurer, or any other person, in the amount of the usual and customary fee charged in that community
 3551 for the service rendered.

3552 B. The insured has the option of purchasing either or both of the coverages set forth in subdivisions
 3553 A 1 and A 2. Either or both of the coverages, as well as any other medical expense or loss of income
 3554 coverage under any policy of automobile liability insurance, shall be payable to the covered injured
 3555 person or pursuant to an assignment of benefits in accordance with subsection D, notwithstanding the
 3556 failure or refusal of the named insured or other person entitled to the coverage to give notice to the
 3557 insurer of an accident as soon as practicable under the terms of the policy, except where the failure or
 3558 refusal prejudices the insurer in establishing the validity of the claim.

3559 C. In any policy of personal automobile insurance in which the insured has purchased coverage
 3560 under subsection A, every insurer providing such coverage arising from the ownership, maintenance or
 3561 use of no more than four motor vehicles shall be liable to pay up to the maximum policy limit available
 3562 on every motor vehicle insured under that coverage if the health care or disability expenses and costs
 3563 mentioned in subsection A exceed the limits of coverage for any one motor vehicle so insured.

3564 D. Any attempt to assign medical expense benefits shall be subject to the following:

1. An assignment of medical expense benefits shall be valid only if:

If you have been in an automobile accident, you may be entitled to payment from your automobile insurance if you have medical expense benefits coverage. By signing this assignment of benefits form you are giving to your health care provider the right to receive some or all of that payment directly from your automobile insurance company.

If you have health insurance and your healthcare provider is in-network: as long as you provide information necessary to verify your health insurance coverage the healthcare provider may only bill the amount you owe for any copayment, coinsurance, or deductibles to your automobile insurance and you may be entitled to any remainder of your automobile insurance benefit.

If you do not provide information necessary to verify your health insurance coverage, do not have health insurance, or your healthcare provider is not in your health insurer's provider network: your health care provider may bill their full charges to your automobile insurance.

You may want to consult your insurance agent or attorney before signing or initialing this form. You are not required to sign/initial this form to receive care.";
2. Upon receipt of a copy of an AOB form that satisfies the requirements of subdivision D 1 and (i) an explanation of benefits or remittance advice or (ii) a bill, claim form, or documentation from the assignee advising that it has been represented to the assignee that the covered injured person does not have health insurance or is covered by a self-insured or self-funded employee welfare benefit plan subject to the Employee Retirement Income Security Act of 1974 which requires medical expense coverage to be primary, a motor vehicle insurer shall pay directly to the health care provider, from any medical expense benefits available to such person under a motor vehicle insurance policy:
 - a. If the covered injured person is covered under a health care policy, the health care provider is an in-network provider, and the health care provider has submitted its claim to the health insurer for the health care services, the amount of any copayments, coinsurance, or deductibles owed by the injured covered person to the health care provider, as evidenced by an explanation of benefits, remittance advice, or similar documentation provided to the motor vehicle insurer; or

3. A motor vehicle insurer shall in all respects be held harmless for making payments pursuant to subdivision D 2 to a health care provider in accordance with an assignment of benefits that satisfies the requirements of subdivision D 1;
4. A covered injured person shall not be required to assign to any person any medical expense benefits he may have under this section, including any assignment of the proceeds of such coverages;
5. An assignment of medical expense benefits shall be void and unenforceable as against public

3626 policy if the assignment does not comply with the requirements of subdivision D 1;

3627 6. Medical expense benefits may not be reduced because of any benefits paid, payable, or provided
3628 by any insurance contract providing hospital, medical, surgical, and similar or related benefits, or any
3629 subscription contract or health services plan delivered or issued for delivery or providing for the
3630 payment of benefits to or on behalf of persons residing in or employed in the Commonwealth, except as
3631 authorized by this section; and

3632 7. Nothing in this section shall prohibit the payment of medical expense benefits due to the covered
3633 injured person directly to any state or federal assistance program that has provided medical benefits to

§ 44-146.28. Authority of Governor and agencies under his control in declared state of emergency.

(a) In the case of a declaration of a state of emergency as defined in § 44-146.16, the Governor is authorized to expend from all funds of the state treasury not constitutionally restricted, a sum sufficient. Allotments from such sum sufficient may be made by the Governor to any state agency or political subdivision of the Commonwealth to carry out disaster service missions and responsibilities. Allotments may also be made by the Governor from the sum sufficient to provide financial assistance to eligible applicants located in an area declared to be in a state of emergency, but not declared to be a major disaster area for which federal assistance might be forthcoming. This shall be considered as a program of last resort for those local jurisdictions that cannot meet the full cost.

The Virginia Department of Emergency Management shall establish guidelines and procedures for determining whether and to what extent financial assistance to local governments may be provided.

The guidelines and procedures shall include, but not be limited to, the following:

(1) Participants may be eligible to receive financial assistance to cover a percentage of eligible costs if they demonstrate that they are incapable of covering the full cost. The percentage may vary, based on the Commission on Local Government's fiscal stress index. The cumulative effect of recent disasters during the preceding twelve months may also be considered for eligibility purposes.

(2) Only eligible participants that have sustained an emergency or disaster as defined in § 44-146.16 with total eligible costs of four dollars or more per capita may receive assistance except that (i) any town with a total population of less than 3,500 shall be eligible for disaster assistance for incurred eligible damages of \$15,000 or greater and (ii) any town with a population of 3,500 or more, but less than 5,000 shall be eligible for disaster assistance for incurred eligible damages of \$20,000 or greater and (iii) any town with a population of 5,000 or greater with total eligible costs of four dollars or more per capita may receive assistance. No site or facility may be included with less than \$1,000 in eligible costs. However, the total cost of debris clearance may be considered as costs associated with a single site.

(3) Eligible participants shall be fully covered by all-risk property and flood insurance policies, including provisions for insuring the contents of the property and business interruptions, or shall be self-insured, in order to be eligible for this assistance. Insurance deductibles shall not be covered by this program.

(4) Eligible costs incurred by towns, public service authorities, volunteer fire departments and volunteer rescue squad emergency medical services agencies may be included in a county's or city's total costs.

(5) Unless otherwise stated in guidelines and procedures, eligible costs are defined as those listed in the Public Assistance component of Public Law 93-288, as amended, excluding beach replenishment and snow removal.

(6) State agencies, as directed by the Virginia Department of Emergency Management, shall conduct an on-site survey to validate damages and to § document restoration costs.

(7) Eligible participants shall maintain complete documentation of all costs in a manner approved by the Auditor of Public Accounts and shall provide copies of the documentation to the Virginia Department of Emergency Management upon request.

If a jurisdiction meets the criteria set forth in the guidelines and procedures, but is in an area that has neither been declared to be in a state of emergency nor been declared to be a major disaster area for which federal assistance might be forthcoming, the Governor is authorized, in his discretion, to make an allotment from the sum sufficient to that jurisdiction without a declaration of a state of emergency, in the same manner as if a state of emergency declaration had been made.

The Governor shall report to the Chairmen of the Senate Finance Committee, the House Appropriations Committee, and the House Finance Committee within thirty days of authorizing the sum sufficient pursuant to this section. The Virginia Department of Emergency Management shall report annually to the General Assembly on the local jurisdictions that received financial assistance and the amount each jurisdiction received.

(b) Public agencies under the supervision and control of the Governor may implement their emergency assignments without regard to normal procedures (except mandatory constitutional requirements) pertaining to the performance of public work, entering into contracts, incurring of obligations, employment of temporary workers, rental of equipment, purchase of supplies and materials and expenditures of public funds.

(c) Allotments may be made by the Governor from a sum sufficient to provide financial assistance to Virginia state agencies and political subdivisions responding to a declared state of emergency in another state as provided by § 44-146.17, whether or not a state of emergency is declared in the Commonwealth pursuant to § 44-146.16.

(d) Allotments may be made by the Governor from a sum sufficient for the deployment of personnel

3872 and materials for the Virginia National Guard and the Virginia Defense Force to prepare for a response
3873 to any of the circumstances set forth in subdivisions A 1 through A 5 of § 44-75.1, whether or not a
3874 state of emergency is declared in the Commonwealth pursuant to § 44-146.16. However, preparation
3875 authorized by this subsection shall be limited to the deployment of no more than 300 personnel, and

Such abstract shall be provided at a fee that is one-half the normal charge if the request is accompanied by appropriate written evidence that the person has applied to be a volunteer with the Virginia Council of the Girl Scouts of the USA.

C. Whenever the Commissioner issues an order to suspend or revoke the driver's license or driving privilege of any individual, he may notify the National Driver Register Service operated by the United

4118 States Department of Transportation and any similar national driver information system and provide
4119 whatever classes of information the authority may require.

4120 D. Accident reports may be inspected under the provisions of §§ 46.2-379 and 46.2-380.

4121 E. Whenever the Commissioner takes any licensing action pursuant to the provisions of the Virginia
4122 Commercial Driver's License Act (§ 46.2-341.1 et seq.), he may provide information to the Commercial
4123 Driver License Information System, or any similar national commercial driver information system,
4124 regarding such action.

4142 **§ 46.2-334.01. Licenses issued to persons less than 19 years old subject to certain restrictions.**

4143 A. Any learner's permit or driver's license issued to any person less than 18 years old shall be
4144 subject to the following:

4145 1. Notwithstanding the provisions of § 46.2-498, whenever the driving record of a person less than
4146 19 years old shows that he has been convicted of committing, when he was less than 18 years old, (i)
4147 an offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489
4148 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13
4149 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall direct such person to attend a driver
4150 improvement clinic. No safe driving points shall be awarded for such clinic attendance, nor shall any
4151 safe driving points be awarded for voluntary or court-assigned clinic attendance. Such person's parent,
4152 guardian, legal custodian, or other person standing in loco parentis may attend such clinic and receive a
4153 reduction in demerit points and/or an award of safe driving points pursuant to § 46.2-498. The
4154 provisions of this subdivision shall not be construed to prohibit awarding of safe driving points to a
4155 person less than 18 years old who attends and successfully completes a driver improvement clinic
4156 without having been directed to do so by the Commissioner or required to do so by a court.

4157 2. If any person less than 19 years old is convicted a second time of committing, when he was less
4158 than 18 years old, (i) an offense for which demerit points have been assessed or are assessable under
4159 Article 19 (§ 46.2-489 et seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or
4160 Article 13 (§ 46.2-1095 et seq.) of Chapter 10, the Commissioner shall suspend such person's driver's
4161 license or privilege to operate a motor vehicle for 90 days. Such suspension shall be consecutive to, and
4162 not concurrent with, any other period of license suspension, revocation, or denial. Any person who has
4163 had his driver's license or privilege to operate a motor vehicle suspended in accordance with this
4164 subdivision may petition the juvenile and domestic relations district court of his residence for a restricted
4165 license to authorize such person to drive a motor vehicle in the Commonwealth to and from his home,
4166 his place of employment, or an institution of higher learning where he is enrolled, provided there is no
4167 other means of transportation by which such person may travel between his home and his place of
4168 employment or the institution of higher learning where he is enrolled. On such petition the court may, in
4169 its discretion, authorize the issuance of a restricted license for a period not to exceed the term of the
4170 suspension of the person's license or privilege to operate a motor vehicle in the Commonwealth. Such
4171 restricted license shall be valid solely for operation of a motor vehicle between such person's home and
4172 his place of employment or the institution of higher learning where he is enrolled.

4173 3. If any person is convicted a third time of committing, when he was less than 18 years old, (i) an
4174 offense for which demerit points have been assessed or are assessable under Article 19 (§ 46.2-489 et
4175 seq.) or (ii) a violation of any provision of Article 12 (§ 46.2-1091 et seq.) or Article 13 (§ 46.2-1095
4176 et seq.) of Chapter 10, the Commissioner shall revoke such person's driver's license or privilege to
4177 operate a motor vehicle for one year or until such person reaches the age of 18 years, whichever is
4178 longer. Such revocation shall be consecutive to, and not concurrent with, any other period of license
4179 suspension, revocation, or denial.

4. In no event shall any person subject to the provisions of this section be subject to the suspension or revocation provisions of subdivision 2 or 3 for multiple convictions arising out of the same transaction or occurrence.

B. The initial license issued to any person younger than 18 years of age shall be deemed a provisional driver's license. Until the holder is 18 years old, a provisional driver's license shall not authorize its holder to operate a motor vehicle with more than one passenger who is less than 21 years old, unless the driver is accompanied by a parent or person acting in loco parentis provided that such person accompanying the driver is occupying the seat beside the driver and is lawfully permitted to operate a motor vehicle at the time. After the first year the provisional license is issued the holder may operate a motor vehicle with up to three passengers who are less than 21 years old when (i) the holder is driving to or from a school-sponsored activity, or (ii) a licensed driver who is at least 21 years old is occupying the seat beside the driver, or (iii) in cases of emergency. This passenger limitation, however, shall not apply to members of the driver's family or household. For the purposes of this subsection, "a member of the driver's family or household" means any of the following: (a) the driver's spouse, children, stepchildren, brothers, sisters, half-brothers, half-sisters, and any individual who has a child in common with the driver, whether or not they reside in the same home with the driver; (b) the driver's brothers-in-law and sisters-in-law who reside in the same home with the driver; and (c) any individual who cohabits with the driver, and any children of such individual residing in the same home with the driver.

C. The holder of a provisional driver's license shall not operate a motor vehicle on the highways of the Commonwealth between the hours of midnight and 4:00 a.m. except when driving (i) to or from a place of business where he is employed; (ii) to or from an activity that is supervised by an adult and is sponsored by a school or by a civic, religious, or public organization; (iii) accompanied by a parent, a person acting in loco parentis, or by a spouse who is 18 years old or older, provided that such person accompanying the driver is actually occupying a seat beside the driver and is lawfully permitted to operate a motor vehicle at the time; or (iv) in cases of emergency, including response by volunteer firefighters and volunteer ~~rescue~~ *emergency medical services* personnel to emergency calls.

C1. Except in a driver emergency or when the vehicle is lawfully parked or stopped, the holder of a provisional driver's license shall not operate a motor vehicle on the highways of the Commonwealth while using any cellular telephone or any other wireless telecommunications device, regardless of whether such device is or is not hand-held.

D. The provisional driver's license restrictions in subsections B, C, and C1 shall expire on the holder's eighteenth birthday. A violation of the provisional driver's license restrictions in either subsection B, C, or C1 shall constitute a traffic infraction. For a second or subsequent violation of the provisional driver's license restrictions in either subsection B, C, or C1, in addition to any other penalties that may be imposed pursuant to § 16.1-278.10, the court may suspend the juvenile's privilege to drive for a period not to exceed six months.

E. A violation of subsection B, C, or C1 shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence, or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this subsection change any existing law, rule, or procedure pertaining to any such civil action.

F. No citation for a violation of this section shall be issued unless the officer issuing such citation has cause to stop or arrest the driver of such motor vehicle for the violation of some other provision of this Code or local ordinance relating to the operation, ownership, or maintenance of a motor vehicle or any criminal statute.

§ 46.2-502. Clinic fees.

A. The Department and all businesses, organizations, governmental entities or individuals certified by the Department to provide driver improvement clinic instruction may charge a fee not to exceed \$100, which shall include the processing fee set forth in subsection B of this section, to persons notified by the Department to attend a driver improvement clinic. No person shall be permitted to attend a driver improvement clinic unless the person first pays the required attendance fee to the business, organization, governmental entity or individual providing the driver improvement clinic instruction.

B. All businesses, organizations, governmental entities or individuals certified by the Department to provide driver improvement clinic instruction shall collect for the Department a processing fee of \$10 from each person attending a driver improvement clinic taught by such businesses, organizations, governmental entities or individuals. Such processing fee payments shall accompany the clinic rosters submitted to the Department by such businesses, organizations, governmental entities or individuals. No such processing fee, however, shall be required or collected from members of volunteer ~~rescue~~ *emergency medical services agencies* and volunteer fire departments who attend such clinics in order to successfully complete training for emergency vehicle operation. All fees collected by the

Department under this subsection shall be paid by the Commissioner into the state treasury and shall be set aside as a special fund to be used to meet the expenses of the Department.

§ 46.2-644.2. Department's records; fees; exemption.

The Department shall maintain a record of any certificate of title it issued under this article. Fees to be paid to the Department for issuance of such certificates of title shall be the same as those imposed for the titling of motor vehicles pursuant to § 46.2-627.

Any all-terrain vehicle or off-road motorcycle purchased and used by a nonprofit volunteer rescue squad emergency medical services agency shall be exempt from fees imposed under this section.

§ 46.2-649.1:1. Registration of vehicles owned and used by volunteer emergency medical services agencies or volunteer fire departments.

Upon application therefor, the Commissioner shall register and issue permanent license plates without year or month decals for display on any (i) firefighting truck, trailer, and semitrailer on which firefighting apparatus is permanently attached when any such vehicle is owned or under exclusive control of a volunteer fire department or (ii) ambulance emergency medical services vehicle or other vehicle owned or used exclusively by a volunteer fire department or volunteer lifesaving or first aid crew or rescue squad emergency medical services agency if any such vehicle is used exclusively as an ambulance or lifesaving and first aid emergency medical services vehicle and is not rented, leased, or lent to any private individual, firm, or corporation, and no charge is made by the organization for the use of the vehicle. The equipment shall be painted a distinguishing color and conspicuously display in letters and figures not less than three inches in height the identity of the volunteer fire department, lifesaving or first aid crew or rescue squad or volunteer emergency medical services agency having control of its operation.

No fee shall be charged for any vehicle registration or license plate issuance under this section.

§ 46.2-694. (Contingent expiration date) Fees for vehicles designed and used for transportation of passengers; weights used for computing fees; burden of proof.

A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:

1. Thirty-three dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.

2. Thirty-eight dollars for each passenger car or motor home which weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.

3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a motorcycle with a normal seating capacity of more than 10 adults including the driver if the private motor vehicle is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

5. Twenty-three dollars for each trailer or semitrailer designed for use as living quarters for human beings.

6. Thirteen dollars plus \$0.30 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of passengers, operating either intrastate or interstate. Interstate common carriers of interstate passengers may elect to be licensed and pay the fees prescribed in subdivision 7 of this subsection on submission to the Commissioner of a declaration of operations and equipment as he may prescribe. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds.

7. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of interstate passengers if election is made to be licensed under this subsection. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds. In lieu of the foregoing fee of \$0.70 per 100 pounds, a motor carrier of passengers, operating two or more vehicles both within and outside the Commonwealth and registered for insurance purposes with the Surface Transportation Board of the United States Department of Transportation, Federal Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the registration fees provided in this subsection so that the total registration fees to be paid for such vehicles of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total

number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.

8. Thirteen dollars plus \$0.80 per 100 pounds or major fraction thereof for each motor vehicle, trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for the transportation of passengers. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

9. Twenty-three dollars for a taxicab or other vehicle which is kept for rent or hire operated with a chauffeur for the transportation of passengers, and which operates or should operate under permits issued by the Department as required by law. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

10. Eighteen dollars for a motorcycle, with or without a sidecar. To this fee shall be added a surcharge of \$3 which shall be distributed as provided in § 46.2-1191.

10a. Fourteen dollars for a moped, to be paid into the state treasury and set aside as a special fund to be used to meet the expenses of the Department.

11. Twenty-three dollars for a bus used exclusively for transportation to and from church school, for the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of the vehicle exceeds 4,000 pounds, the fee shall be \$28.

12. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of \$4.25 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12 of this subsection. All funds collected from \$4 of the \$4.25 fee shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical ~~service~~ *services* purposes. The moneys in the special emergency medical services fund shall be distributed as follows:

a. Two percent shall be distributed to the State Department of Health to provide funding to the Virginia Association of Volunteer Rescue Squads to be used solely for the purpose of conducting volunteer recruitment, retention and training activities;

b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency medical services training programs (excluding advanced life support classes); (ii) advanced life support training; (iii) recruitment and retention programs (all funds for such support shall be used to recruit and retain volunteer emergency medical services personnel only, including public awareness campaigns, technical assistance programs, and similar activities); (iv) emergency medical services system development, initiatives, and priorities based on needs identified by the State Emergency Medical Services Advisory Board; (v) local, regional, and statewide performance contracts for emergency medical services to meet the objectives stipulated in § 32.1-111.3; (vi) technology and radio communication enhancements; and (vii) improved emergency preparedness and response. Any funds set aside for distribution under this provision and remaining undistributed at the end of any fiscal year shall revert to the Rescue Squad Assistance Fund;

c. Thirty-two percent shall be distributed to the Rescue Squad Assistance Fund;

d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical Services for use in emergency medical services; and

e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is registered, to provide funding for training of volunteer or salaried emergency medical ~~service~~ *services* personnel of ~~licensed~~, nonprofit emergency medical services agencies *that hold a valid permit issued by the Commissioner of Health* and for the purchase of necessary equipment and supplies for use in such locality for ~~licensed, nonprofit~~ emergency medical and rescue services *provided by nonprofit emergency medical services agencies that hold a valid permit issued by the Commissioner of Health*.

All revenues generated by the remaining \$0.25 of the \$4.25 fee approved by the 2008 Session of the General Assembly shall be deposited into the Rescue Squad Assistance Fund and used only to pay for the costs associated with the certification and recertification training of emergency medical services personnel.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be in addition to any local appropriations and local governing bodies shall not use these funds to

4364 supplant local funds. Each local governing body shall report annually to the Board of Health on the use
4365 of the funds returned to it pursuant to this section. In any case in which the local governing body grants
4366 the funds to a regional emergency medical services council to be distributed to the licensed, nonprofit
4367 emergency medical and rescue services, the local governing body shall remain responsible for the proper
4368 use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the
4369 locality pursuant to this section for that year has not been received from a local governing body, any
4370 funds due to that local governing body for the next fiscal year shall be retained until such time as the
4371 report has been submitted to the Board.

4372 B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646
4373 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or
4374 § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the
4375 number of months in the registration period for such motor vehicles, trailers, and semitrailers.

4376 C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required
4377 by this section to be based upon the weight of the vehicle.

4378 D. The applicant for registration bears the burden of proof that the vehicle for which registration is
4379 sought is entitled by weight, design, and use to be registered at the fee tendered by the applicant to the
4380 Commissioner or to his authorized agent.

4381 **§ 46.2-694. (Contingent effective date) Fees for vehicles designed and used for transportation of**
4382 **passengers; weights used for computing fees; burden of proof.**

4383 A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the
4384 transportation of passengers on the highways in the Commonwealth are:

4385 1. Twenty-three dollars for each private passenger car or motor home if the passenger car or motor
4386 home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for
4387 compensation and is not kept or used for rent or for hire, or is not operated under a lease without a
4388 chauffeur.

4389 2. Twenty-eight dollars for each passenger car or motor home which weighs more than 4,000
4390 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept
4391 or used for rent or for hire, or is not operated under a lease without a chauffeur.

4392 3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a
4393 motorcycle with a normal seating capacity of more than 10 adults including the driver if the private
4394 motor vehicle is not used for the transportation of passengers for compensation and is not kept or used
4395 for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less
4396 than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000
4397 pounds.

4398 4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be
4399 less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000
4400 pounds.

4401 5. Twenty-three dollars for each trailer or semitrailer designed for use as living quarters for human
4402 beings.

4403 6. Thirteen dollars plus \$0.30 per 100 pounds or major fraction thereof for each motor vehicle,
4404 trailer, or semitrailer used as a common carrier of passengers, operating either intrastate or interstate.

4406 in subdivision 7 of this subsection on submission to the Commissioner of a declaration of operations and
4407 equipment as he may prescribe. An additional \$5 shall be charged if the motor vehicle weighs more

4411 under this subsection. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000
4412 pounds. In lieu of the foregoing fee of \$0.70 per 100 pounds, a motor carrier of passengers, operating
4413 two or more vehicles both within and outside the Commonwealth and registered for insurance purposes
4414 with the Surface Transportation Board of the United States Department of Transportation, Federal
4415 Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of
4416 such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the
4417 registration fees provided in this subsection so that the total registration fees to be paid for such vehicles
4418 of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total
4419 number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total
4420 number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in
4421 each instance is the estimated total mileage to be traveled by such vehicles during the license year for
4422 which such fees are paid, subject to the adjustment in accordance with an audit to be made by
4423 representatives of the Commissioner at the end of such license year, the expense of such audit to be
4424 borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and
4425 licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less

than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.

8. Thirteen dollars plus \$0.80 per 100 pounds or major fraction thereof for each motor vehicle, trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for the transportation of passengers. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

9. Twenty-three dollars for a taxicab or other vehicle which is kept for rent or hire operated with a chauffeur for the transportation of passengers, and which operates or should operate under permits issued by the Department as required by law. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

10. Eighteen dollars for a motorcycle, with or without a sidecar. To this fee shall be added a surcharge of \$3 which shall be distributed as provided in § 46.2-1191.

10a. Fourteen dollars for a moped, to be paid into the state treasury and set aside as a special fund to be used to meet the expenses of the Department.

11. Twenty-three dollars for a bus used exclusively for transportation to and from church school, for the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of the vehicle exceeds 4,000 pounds, the fee shall be \$28.

12. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of \$4.25 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12 of this subsection. 4741 such enforcement action, and the treasurer or director of finance may add the cost of this fee to the
4742 delinquent tax bill or the amount of the parking citation. The treasurer or director of finance of any
4743 county, city, or town seeking to collect delinquent taxes or parking citations through the withholding of
4744 registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the

4858 public services, and when such vehicle is operated under emergency conditions, may, without subjecting
4859 himself to criminal prosecution:

4860 1. Disregard speed limits, while having due regard for safety of persons and property;

4861 2. Proceed past any steady or flashing red signal, traffic light, stop sign, or device indicating moving
4862 traffic shall stop if the speed of the vehicle is sufficiently reduced to enable it to pass a signal, traffic
4863 light, or device with due regard to the safety of persons and property;

4864 3. Park or stop notwithstanding the other provisions of this chapter;

4865 4. Disregard regulations governing a direction of movement of vehicles turning in specified directions
4866 so long as the operator does not endanger life or property;

4867 5. Pass or overtake, with due regard to the safety of persons and property, another vehicle at any
4868 intersection;

4869 6. Pass or overtake with due regard to the safety of persons and property, while en route to an

4871 either in a no-passing zone or by crossing the highway centerline; or

4872 7. Pass or overtake with due regard to the safety of persons and property, while en route to an
4873 emergency, stopped or slow-moving vehicles, by going off the paved or main traveled portion of the

4879 whistle, or air horn designed to give automatically intermittent signals, as may be reasonably necessary.
4880 The exemption granted under subdivision A 2 shall apply only when the operator of such emergency
4881 vehicle displays a flashing, blinking, or alternating emergency light or lights as provided in §§ 46.2-1022
4882 and 46.2-1023 and either (a) sounds a siren, exhaust whistle, or air horn designed to give automatically
4883 intermittent signals or (b) slows the vehicle down to a speed reasonable for the existing conditions,
4884 yields right-of-way to the driver of another vehicle approaching or entering the intersection from another
4885 direction or, if required for safety, brings the vehicle to a complete stop before proceeding with due
4886 regard for the safety of persons and property. In addition, the exemptions granted to emergency vehicles
4887 by subsection A shall apply only when there is in force and effect for such vehicle either (i) standard
4888 motor vehicle liability insurance covering injury or death to any person in the sum of at least \$100,000
4889 because of bodily injury to or death of one person in any one accident and, subject to the limit for one

4892 accident or (ii) a certificate of self-insurance issued pursuant to § 46.2-368. Such exemptions shall not,
4893 however, protect the operator of any such vehicle from criminal prosecution for conduct constituting
4894 reckless disregard of the safety of persons and property. Nothing in this section shall release the operator
4895 of any such vehicle from civil liability for failure to use reasonable care in such operation.

4896 C. For the purposes of this section, the term "emergency vehicle" shall mean:

5492 A. Retirement allowance. - A member shall receive an annual retirement allowance, payable for life,
5493 as follows:

5494 1. Normal retirement. - The allowance shall equal 1.70 percent of his average final compensation

5500 amount of all other creditable service.

5501 2. Early retirement; applicable to teachers, state employees, and certain others. - The allowance shall

5504 of service at retirement, the amount of the retirement allowance shall be reduced on an actuarial
5505 equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal

5513 normal retirement with creditable service and average final compensation being determined as of the
5514 date of actual retirement. If the creditable service of the member equals 30 or more years but the sum of
5515 his age at retirement plus his creditable service at retirement is less than 90, the amount of the
5516 retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual
5517 retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which the
5518 sum of his then attained age plus his then creditable service would have been equal to 90 or more had
5519 he remained in service until such date. If the member has less than 30 years of creditable service, the
5520 retirement allowance shall be reduced for the period by which the actual retirement date precedes the
5521 earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total
5522 of at least 30 years of creditable service and his then creditable service plus his then attained age would
5523 have been equal to 90 or more.

5524 The provisions of this subdivision shall apply to the employees of any political subdivision that
5525 participates in the retirement system and any other employees as provided by law. The participating
5526 political subdivision may, however, elect to provide its employees with the early retirement allowance
5527 set forth in subdivision 2. No such election shall be made for a person who becomes a member on or
5528 after July 1, 2010, or a member who does not have at least 60 months of creditable service as of
5529 January 1, 2013. Any election pursuant to this subdivision shall be set forth in a legally adopted
5530 resolution.

5531 Notwithstanding the foregoing, a political subdivision by legally adopted resolution may declare to
5532 the Board that, for purposes of this subdivision, subdivisions B 1 and B 3 and subsection D of

Such resolution shall be irrevocable.

4. Additional allowance. - In addition to the allowance payable under subdivisions 1, 2, and 3, a member shall receive an additional allowance which shall be the actuarial equivalent, for his attained age at the time of retirement, of the excess of his accumulated contributions transferred from the abolished system to the retirement system, including interest credited at the rate of two percent compounded annually since the transfer to the date of retirement, over the annual amounts equal to four percent of his annual creditable compensation at the date of abolishment for a period equal to his period of membership in the abolished system.

5. 50/10 retirement. - The allowance shall be payable in a monthly stream of payments equal to the greater of (i) the actuarial equivalent of the benefit the member would have received had he terminated service and deferred retirement to age 55 or (ii) the actuarially calculated present value of the member's accumulated contributions, including accrued interest.
