8. Fiscal Implications: It is anticipated that this bill will result in an expenditure impact on the Department of Game and Inland Fisheries (DGIF). The bill will require DGIF to update its regulations. According to DGIF, the provisions of the bill will also require the department to alter, reprint, and ship approximately 500,000 updated Freshwater Fishing and Watercraft Owner's Guides. Additionally, the department will need to alter boat titling and registration forms, student manuals, exams, and other informational materials. There are about 250,000 registered boat owners in the Commonwealth, all of which will need to be notified of the changes through direct mail communications. DGIF estimates that these actions will cost the agency about \$130,000 from the Motorboat And Water Safety Fund. However, the agency can absorb these costs within its current resources.

9. Specific Agency or Political Subdivisions Affected: Department of Game and Inland Fisheries.

10. Technical Amendment Necessary: No.

11. Other Comments: This bill is similar to HB650 as introduced.
