# **2015 SESSION**

	15104252D
1	HOUSE BILL NO. 1562
2	AMENDMENT IN THE NATURE OF A SUBSTITUTE
3	(Proposed by the House Committee for Courts of Justice
4	on February 4, 2015)
5	(Patron Prior to Substitute—Delegate Rust)
6	A BILL to amend the Code of Virginia by adding in Title 2.2 a chapter numbered 4.3, consisting of
7	sections numbered 2.2-436 and 2.2-437, and by adding in Title 59.1 a chapter numbered 50,
8	consisting of sections numbered 59.1-550 through 59.1-555, relating to electronic identity
9	management; standards; liability.
10	Be it enacted by the General Assembly of Virginia:
11	1. That the Code of Virginia is amended by adding in Title 2.2 a chapter numbered 4.3, consisting
12	of sections numbered 2.2-435.9 and 2.2-435.10, and by adding in Title 59.1 a chapter numbered 50,
13	consisting of sections numbered 59.1-550 through 59.1-555, as follows:
14 15	CHAPTER 4.3. COMMONWEALTH IDENTITY MANAGEMENT STANDARDS.
15 16	§ 2.2-436. Approval of electronic identity standards.
10	A. The Secretary of Technology, in consultation with the Secretary of Transportation, shall review
18	and approve or disapprove, upon the recommendation of the Identity Management Standards Advisory
19	Council pursuant to § 2.2-437, guidance documents that adopt (i) nationally recognized technical and
20	data standards regarding the verification and authentication of identity in digital and online
21	transactions; (ii) the minimum specifications and standards that should be included in an identity trust
$\overline{22}$	framework, as defined in § 59.1-550, so as to warrant liability protection pursuant to the Electronic
23	Identity Management Act (§ 59.1-550 et seq.); and (iii) any other related data standards or
24	specifications concerning reliance by third parties on identity credentials, as defined in § 59.1-550.
25	B. Final guidance documents approved pursuant to subsection A shall be posted on the Virginia
26	Regulatory Town Hall and published in the Virginia Register of Regulations as a general notice. The
27	Secretary of Technology shall send a copy of the final guidance documents to the Joint Commission on
28	Administrative Rules established pursuant to § 30-73.1 at least 90 days prior to the effective date of
<b>29</b>	such guidance documents. The Secretary of Technology shall also annually file a list of available
30	guidance documents developed pursuant to this chapter pursuant to § 2.2-4008 of the Virginia
31 32	Administrative Process Act (§ 2.2-4000 et seq.) and shall send a copy of such list to the Joint Commission on Administrative Rules.
33	§ 2.2-437. Identity Management Standards Advisory Council.
34	A. The Identity Management Standards Advisory Council (the Advisory Council) is established to
35	advise the Secretary of Technology on the adoption of identity management standards and the creation
36	of guidance documents pursuant to § 2.2-436.
37	B. 1. The Advisory Council shall consist of seven members, to be appointed by the Governor, with
38	expertise in electronic identity management and information technology. Members shall include a
39	representative of the Department of Motor Vehicles, a representative of the Virginia Information
40	Technologies Agency, and five representatives of the business community with appropriate experience
41	and expertise. In addition to the seven appointed members, the Chief Information Officer of the
42	Commonwealth, or his designee, may also serve as an ex officio member of the Advisory Council.
43 44	2. The Advisory Council shall designate one of its members as chairman.
44 45	3. Members appointed to the Advisory Council shall serve four-year terms, subject to the pleasure of the Governor, and may be reappointed.
<b>4</b> 6	4. Members shall serve without compensation but shall be reimbursed for all reasonable and
47	necessary expenses incurred in the performance of their duties as provided in § 2.2-2825.
<b>48</b>	5. Staff to the Advisory Council shall be provided by the Office of the Secretary of Technology.
49	C. Proposed guidance documents and general opportunity for oral or written submittals as to those
50	guidance documents shall be posted on the Virginia Regulatory Town Hall and published in the Virginia
51	Register of Regulations as a general notice following the processes and procedures set forth in
52	subsection B of § 2.2-4031 of the Virginia Administrative Process Act (§ 2.2-4000 et seq.). The Advisory
53	Council shall allow at least 30 days for the submission of written comments following the posting and
54	publication and shall hold at least one meeting dedicated to the receipt of oral comment no less than 15
55 56	days after the posting and publication. The Advisory Council shall also develop methods for the
56 57	identification and notification of interested parties and specific means of seeking input from interested persons and groups. The Advisory Council shall send a copy of such notices, comments, and other
57 58	background material relative to the development of the recommended guidance documents to the Joint
59	Commission on Administrative Rules.

## CHAPTER 50.

#### ELECTRONIC IDENTITY MANAGEMENT ACT.

62 § 59.1-550. Definitions.

63 As used in this chapter, unless the context requires a different meaning:

64 "Attribute provider" means an entity, or a supplier, employee, or agent thereof, that acts as the authoritative record of identifying information about an identity credential holder. 65

"Commonwealth identity management standards" means the minimum specifications and standards 66 that must be included in an identity trust framework so as to define liability pursuant to this chapter 67 68 that are set forth in guidance documents approved by the Secretary of Technology pursuant to Chapter 69 4.3 (§ 2.2-436 et seq.) of Title 2.2.

70

"Identity attribute" means identifying information associated with an identity credential holder. "Identity credential" means the data, or the physical object upon which the data may reside, that an 71 identity credential holder may present to verify or authenticate his identity in a digital or online 72 transaction. 73

74 "Identity credential holder" means a person bound to or in possession of an identity credential who 75 has agreed to the terms and conditions of the identity provider.

76 "Identity proofer" means a person or entity authorized to act as a representative of an identity 77 provider in the confirmation of a potential identity credential holder's identification and identity 78 attributes prior to issuing an identity credential to a person.

79 "Identity provider" means an entity, or a supplier, employee, or agent thereof, certified by an identity 80 trust framework operator to provide identity credentials that may be used by an identity credential holder to assert his identity, or any related attributes, in a digital or online transaction. For purposes of 81 this chapter, "identity provider" includes an attribute provider, an identity proofer, and any suppliers, 82 employees, or agents thereof. "Identity trust framework" means a digital identity system with established identity, security, privacy, 83

84 85 technology, and enforcement rules and policies adhered to by certified identity providers that are members of the identity trust framework. Members of an identity trust framework include identity trust 86 87 framework operators and identity providers. Relying parties may be, but are not required to be, a 88 member of an identity trust framework in order to accept an identity credential issued by a certified 89 identity provider to verify an identity credential holder's identity.

90 "Identity trust framework operator" means the entity that (i) defines rules and policies for member 91 parties to an identity trust framework, (ii) certifies identity providers to be members of and issue identity 92 credentials pursuant to the identity trust framework, and (iii) evaluates participation in the identity trust 93 framework to ensure compliance by members of the identity trust framework with its rules and policies, 94 including the ability to request audits of participants for verification of compliance.

"Relying party" is an individual or entity that relies on the validity of an identity credential or an 95 96 associated trustmark.

97 "Trustmark" means a machine-readable official seal, authentication feature, certification, license, or 98 logo that may be provided by an identity trust framework operator to certified identity providers within 99 its identity trust framework to signify that the identity provider complies with the written rules and 100 policies of the identity trust framework rules and policies.

#### § 59.1-551. Trustmark; warranty.

102 The use of a trustmark on an identity credential provides a warranty by the identity provider that the written rules and policies of the identity trust framework of which it is a member have been adhered to 103 104 in asserting the identity and any related attributes contained on the identity credential. No other 105 warranties are applicable unless expressly provided by the identity provider. 106

### § 59.1-552. Establishment of liability; limitation of liability.

107 A. An identity trust framework operator or identity provider shall be liable if the issuance of an 108 identity credential or assignment of an identity attribute, or a trustmark, is not in compliance with the Commonwealth's identity management standards in place at the time of issuance. Further, the identity 109 110 trust framework operator or identity provider shall be liable for noncompliance with applicable terms of 111 any contractual agreement with a contracting party and any written rules and policies of the identity 112 trust framework of which it is a member.

B. An identity trust framework operator or identity provider shall not be liable if the issuance of the 113 114 identity credential or assignment of an identity attribute or a trustmark was in compliance with (i) the Commonwealth's identity management standards in place at the time of issuance or assignment, (ii) 115 116 applicable terms of any contractual agreement with a contracting party, and (iii) any written rules and policies of the identity trust framework of which it is a member, provided such identity trust framework 117 118 operator or identity provider did not commit an act or omission that constitutes gross negligence or 119 willful misconduct. An identity trust framework operator or identity provider shall not be liable for 120 misuse of an identity credential by the identity credential holder or by any other person who misuses an 121 identity credential.

122 § 59.1-553. Commercially reasonable security procedures for electronic fund transfers.

Use of an identity credential or identity attribute shall satisfy any requirement for a commercially
reasonable security or attribution procedure in Title 8.4A, the Uniform Electronic Transactions Act
(§ 59.1-479 et seq.), and the Uniform Computer Information Transactions Act (§ 59.1-501.1 et seq.),
provided that the identity credential or identity attribute was issued or assigned in accordance with (i)
the Commonwealth's identity management standards in place at the time of issuance or assignment, (ii)
the terms of any contractual agreement, and (iii) any written rules and policies of the identity trust
framework of which the issuer is a member.

#### 130 § 59.-554. Applicability of chapter.

The provisions of this chapter shall not be construed to require any individual or entity to rely on or
 accept any identity credential or attribute issued in accordance with Commonwealth identity
 management standards or this chapter.

#### 134 § 59.1-555. Sovereign immunity.

No provisions of this chapter nor any act or omission of a state, regional, or local governmental
entity related to the issuance of electronic identity credentials or attributes or the administration or
participation in an identity trust framework related to the issuance of electronic identity credentials or
attributes shall be deemed a waiver of sovereign immunity to which the governmental entity or its
officers, employees, or agents are otherwise entitled.
