2295 15. Establishing and supporting a statewide system of health and medical emergency response teams,
 2296 including emergency medical services disaster task forces, coordination teams, disaster medical

 2306 Compensation Fund shall be contacted immediately to deploy assistance in the event there are victims as
 2307 defined in § 19.2-11.01, and that the Department of Criminal Justice Services and the Virginia Criminal

 2309 be victims; and

2310 19. Maintaining current contact information for both the Department of Criminal Justice Services and
 2311 the Virginia Criminal Injuries Compensation Fund.

2312 B. The Board of Health shall also develop and maintain as a component of the Emergency Medical
 2313 Services Plan a statewide prehospital and interhospital Trauma Triage Plan designed to promote rapid

access for pediatric and adult trauma patients to appropriate, organized trauma care through the publication and regular updating of information on resources for trauma care and generally accepted criteria for trauma triage and appropriate transfer. The Trauma Triage Plan shall include:

1. A strategy for maintaining the statewide Trauma Triage Plan through ~~formal development of~~ regional trauma triage plans that ~~incorporate each~~ *take into account the* region's geographic variations and trauma care capabilities and resources, including hospitals designated as trauma centers pursuant to subsection A *and inclusion of such regional plans in the statewide Trauma Triage Plan*. The regional trauma triage plans shall be reviewed triennially. Plans should ensure that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event there are victims as defined in § 19.2-11.01, and that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund become the lead coordinating agencies for those individuals determined to be victims; and maintain current contact information for both the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund.

2. A uniform set of proposed criteria for prehospital and interhospital triage and transport of trauma patients developed by the ~~Emergency Medical Services~~ Advisory Board, in consultation with the Virginia Chapter of the American College of Surgeons, the Virginia College of Emergency Physicians, the Virginia Hospital and Healthcare Association, and prehospital care providers. The ~~Emergency Medical Services~~ Advisory Board may revise such criteria from time to time to incorporate accepted changes in medical practice or to respond to needs indicated by analyses of data on patient outcomes. Such criteria shall be used as a guide and resource for health care providers and are not intended to establish, in and of themselves, standards of care or to abrogate the requirements of § 8.01-581.20. A decision by a health care provider to deviate from the criteria shall not constitute negligence per se.

3. A performance improvement program for monitoring the quality of ~~care~~ *emergency medical services and trauma services*, consistent with other components of the Emergency Medical Services Plan. The program shall provide for collection and analysis of data on emergency medical and trauma services from existing validated sources, including ~~but not limited to~~ the emergency medical services patient care information system, pursuant to Article 3.1 (§ 32.1-116.1 et seq.), the Patient Level Data System, and mortality data. The ~~Emergency Medical Services~~ Advisory Board shall review and analyze such data on a quarterly basis and report its findings to the Commissioner. The ~~Emergency Medical Services~~ Advisory Board may execute these duties through a committee composed of persons having expertise in critical care issues and representatives of emergency medical services providers. The program for monitoring and reporting the results of emergency medical *services* and trauma services data analysis shall be the sole means of encouraging and promoting compliance with the trauma triage criteria.

The Commissioner shall report aggregate findings of the analysis annually to each regional emergency medical services council. The report shall be available to the public and shall identify, minimally, as defined in the statewide plan, the frequency of (i) incorrect triage in comparison to the total number of trauma patients delivered to a hospital prior to pronouncement of death and (ii) incorrect interfacility transfer for each region.

The ~~Emergency Medical Services~~ Advisory Board or its designee shall ensure that each hospital ~~director~~ or emergency medical services ~~director~~ *agency chief* is informed of any incorrect interfacility transfer or triage, as defined in the statewide ~~plan~~ *Trauma Triage Plan*, specific to the ~~provider hospital or agency~~ and shall give the ~~provider hospital or agency~~ an opportunity to correct any facts on which such determination is based, if the ~~provider hospital or agency~~ asserts that such facts are inaccurate. The findings of the report shall be used to improve the Trauma Triage Plan, including triage, and transport and trauma center designation criteria.

The Commissioner shall ensure the confidentiality of patient information, in accordance with § 32.1-116.2. Such data or information in the possession of or transmitted to the Commissioner, the ~~Emergency Medical Services~~ Advisory Board, any committee acting on behalf of the ~~Emergency Medical Services~~ Advisory Board, any hospital or prehospital care provider, any regional emergency medical services council, ~~licensed~~ emergency medical services agency *that holds a valid license issued by the Commissioner*, or group or committee established to monitor the quality of ~~care~~ *emergency medical services or trauma services* pursuant to this subdivision, or any other person shall be privileged and shall not be disclosed or obtained by legal discovery proceedings, unless a circuit court, after a hearing and for good cause shown arising from extraordinary circumstances, orders disclosure of such data.

C. The Board of ~~Health~~ shall also develop and maintain as a component of the *Statewide* Emergency Medical Services Plan a statewide prehospital and interhospital Stroke Triage Plan designed to promote rapid access for stroke patients to appropriate, organized stroke care through the publication and regular updating of information on resources for stroke care and generally accepted criteria for stroke triage and

2375 appropriate transfer. The Stroke Triage Plan shall include:

2376 1. A strategy for maintaining the statewide Stroke Triage Plan through ~~formal development of~~
 2377 regional stroke triage plans that ~~incorporate each~~ *take into account the* region's geographic variations and
 2378 stroke care capabilities and resources, including hospitals designated as "primary stroke centers" through
 2379 certification by the Joint Commission or a comparable process consistent with the recommendations of
 2380 the Brain Attack Coalition, *and inclusion of such regional plans in the statewide Stroke Triage Plan.*
 2381 The regional stroke triage plans shall be reviewed triennially.

2382 2. A uniform set of proposed criteria for prehospital and interhospital triage and transport of stroke
 2383 patients developed by the ~~Emergency Medical Services~~ Advisory Board, in consultation with the
 2384 American Stroke Association, the Virginia College of Emergency Physicians, the Virginia Hospital and
 2385 Healthcare Association, and prehospital care providers. The Board of ~~Health~~ may revise such criteria
 2386 from time to time to incorporate accepted changes in medical practice or to respond to needs indicated
 2387 by analyses of data on patient outcomes. Such criteria shall be used as a guide and resource for health
 2388 care providers and are not intended to establish, in and of themselves, standards of care or to abrogate
 2389 the requirements of § 8.01-581.20. A decision by a health care provider to deviate from the criteria shall
 2390 not constitute negligence per se.

2391 D. Whenever any state-owned aircraft, vehicle, or other form of conveyance is utilized under the
 2392 provisions of this section, an appropriate amount not to exceed the actual costs of operation may be
 2393 charged by the agency having administrative control of such aircraft, vehicle, or other form of
 2394 conveyance.

2395 **§ 32.1-111.4. Regulations; emergency medical services personnel and vehicles; response times;**

 2411 the ~~State~~ Office of Emergency Medical Services, or the *Financial Assistance and Review* Committee, no

 2413 approved, denied, or not acted on such requests and recommendations;

2414 7. Authorization procedures, developed in consultation with the ~~Emergency Medical Services~~
 2415 ~~Advisory Board~~, *which* ~~that~~ allow the possession and administration of epinephrine or a medically

 2417 medical services personnel as authorized by § 54.1-3408 and authorization procedures that allow the
 2418 possession and administration of oxygen with the authority of the local *operational* medical director and
 2419 a ~~licensed~~ *an* emergency medical services agency *that holds a valid license issued by the Commissioner;*

2420 8. A uniform definition of "response time" and requirements, developed in consultation with the

 2425 requirements for *emergency medical services* agencies to collect and report such data to the Director of
 2426 the Office of Emergency Medical Services, who shall compile such information and make it available to
 2427 the public, upon request; and

2428 9. Enforcement provisions, including, but not limited to, civil penalties that the Commissioner may
 2429 assess against any *emergency medical services* agency or other entity found to be in violation of any of
 2430 the provisions of this article or any regulation promulgated under this article. All amounts paid as civil
 2431 penalties for violations of this article or regulations promulgated pursuant thereto shall be paid into the
 2432 state treasury and shall be deposited in the emergency medical services special fund established pursuant
 2433 to § 46.2-694, to be used only for emergency medical services purposes.

2434 B. The Board shall classify *emergency medical services* agencies and emergency medical services
 2435 vehicles by type of service rendered and shall specify the medical equipment, the supplies, the vehicle

specifications, and the *emergency medical services* personnel required for each classification.

§ 32.1-111.4:1. State Emergency Medical Services Advisory Board; purpose; membership; duties; reimbursement of expenses; staff support.

A. There is hereby created in the executive branch the State Emergency Medical Services Advisory Board for the purpose of advising the Board concerning the administration of the statewide emergency medical services system and emergency medical services vehicles maintained and operated to provide transportation to persons requiring emergency medical treatment and for reviewing and making recommendations on the Statewide Emergency Medical Services Plan. The Advisory Board shall be composed of 28 members appointed by the Governor as follows: one representative each from the Virginia Municipal League, Virginia Association of Counties, Virginia Hospital and Healthcare Association, and each of the 11 regional emergency medical services councils; one member each from the Medical Society of Virginia, Virginia Chapter of the American College of Emergency Physicians, Virginia Chapter of the American College of Surgeons, Virginia Chapter of the American Academy of Pediatrics, Emergency Nurses Association or the Virginia Nurses' Association, Virginia State Firefighters Association, Virginia Fire Chiefs Association, Virginia Ambulance Association, Virginia Association of Governmental Emergency Medical Services Administrators, and Virginia Association of Public Safety Communications Officials; two representatives of the Virginia Association of Volunteer Rescue Squads, Inc.; one Virginia professional firefighter; and one consumer who shall not be involved in or affiliated with emergency medical services in any capacity. Each organization and group shall submit three nominees from among which the Governor may make appointments. Of the three nominees submitted by each of the regional emergency medical services councils, at least one nominee shall be a representative of providers of prehospital care. Any person appointed to the Advisory Board shall be a member of the organization that he represents. To ensure diversity in the organizations and groups represented on the Advisory Board, the Governor may request additional nominees from the applicable organizations and groups. However, the Governor shall not be bound to make any appointment from among any nominees recommended by such organizations and groups.

The members of the Advisory Board shall not be eligible to receive compensation; however, the Department shall provide funding for the reimbursement of expenses incurred by members of the Advisory Board in the performance of their duties.

B. Appointments shall be staggered as follows: nine members for a term of two years, nine members for a term of three years, and 10 members for a term of four years. Thereafter, appointments shall be for terms of three years, except an appointment to fill a vacancy, which shall be for the unexpired term. Appointments shall be in a manner to preserve insofar as possible the representation of the specified groups. No member shall serve more than two successive terms. No person representing any organization or group named in subsection A who has served as a member of the Advisory Board for two or more successive terms for any period or for six or more consecutive years shall be nominated for appointment or appointed to the Advisory Board unless at least three consecutive years have elapsed since the person has served on the Advisory Board.

The chairman shall be elected from the membership of the Advisory Board for a term of one year and shall be eligible for reelection. The Advisory Board shall meet at least four times annually at the call of the chairman or the Commissioner.

C. The Advisory Board shall:

1. Advise the Board on the administration of this article;
2. Review and make recommendations for the Statewide Emergency Medical Services Plan and any revisions thereto; and

3. Review, on a schedule as it may determine, reports on the status of all aspects of the statewide emergency medical services system, including the Financial Assistance and Review Committee, the Rescue Squad Assistance Fund, the regional emergency medical services councils, and the emergency medical services vehicles, submitted by the Office of Emergency Medical Services.

D. The Advisory Board shall establish an Advisory Board Executive Committee to assist in the work of the Advisory Board. The Advisory Board Executive Committee shall, in addition to those duties of the Advisory Board Executive Committee established by the Advisory Board, review the annual financial report of the Virginia Association of Volunteer Rescue Squads, as required by § 32.1-111.13.

E. The Office of Emergency Medical Services shall provide staff support to the Advisory Board.

§ 32.1-111.4:2. Regional emergency medical services councils.

The Board shall designate regional emergency medical services councils that shall be authorized to receive and disburse public funds. Each such council shall be charged with the development and implementation of an efficient and effective regional emergency medical services delivery system.

The Board shall review those agencies that were the designated regional emergency medical services

2497 councils. The Board shall, in accordance with the standards established in its regulations, review and
 2498 may renew or deny applications for such designations every three years. In its discretion, the Board
 2499 may establish conditions for renewal of such designations or may solicit applications for designation as
 2500 a regional emergency medical services council.

2501 Each regional emergency medical services council shall include, if available, representatives of the
 2502 participating local governments, fire protection agencies, law-enforcement agencies, emergency medical
 2503 services agencies, hospitals, licensed practicing physicians, emergency care nurses, mental health
 2504 professionals, emergency medical services personnel, and other appropriate allied health professionals.

2505 Each regional emergency medical services council shall adopt and revise as necessary a regional

2507 The designated regional emergency services councils shall be required to match state funds with
 2508 local funds obtained from private or public sources in the proportion specified in the regulations of the
 2509 Board. Moneys received directly or indirectly from the Commonwealth shall not be used as matching
 2510 funds. A local governing body may choose to appropriate funds for the purpose of providing matching
 2511 grant funds for any designated regional emergency medical services council. However, this section shall
 2512 not be construed to place any obligation on any local governing body to appropriate funds to any such
 2513 council.

2514 The Board shall promulgate, in cooperation with the Advisory Board, regulations to implement this
 2515 section, which shall include, but not be limited to, requirements to ensure accountability for public
 2516 funds, criteria for matching funds, and performance standards.

2517 **§ 32.1-111.4.3. Provision of emergency medical services.**

2518 A. Any county, city, or town may provide emergency medical services to its citizens by (i)
 2519 establishing an emergency medical services agency as a department of government pursuant to
 2520 § 32.1-111.4:6 or (ii) contracting with or providing for the provision of emergency medical services by
 2521 an emergency medical services agency established pursuant to § 32.1-111.4:7.

2522 B. In cases in which a county, city, or town elects to contract with or provide for emergency medical
 2523 services by an emergency medical services agency pursuant to clause (ii) of subsection A, the emergency
 2524 medical services agency shall be deemed to be an instrumentality of the county, city, or town and, as
 2525 such, exempt from suit for damages done incident to the provision of emergency medical services therein
 2526 unless the emergency medical services agency is a private, for-profit emergency medical services
 2527 agency.

2528 **§ 32.1-111.4.4. Emergency medical services personnel and equipment may in emergencies go or be**
 2529 **sent beyond territorial limits.**

2530 Whenever the necessity arises during any actual or potential emergency resulting from fire, personal
 2531 injury, or other public disaster, the emergency medical services personnel of any county, city, or town
 2532 may, together with all necessary equipment, lawfully go or be sent beyond the territorial limits of such
 2533 county, city, or town to any point within or without the Commonwealth to assist in meeting such
 2534 emergency.

2535 In such event, the acts performed by such fire or emergency medical services personnel and the
 2536 expenditures made for such purpose by such county, city, or town shall be deemed conclusively to be for
 2537 a public and governmental purpose, and all of the immunities from liability enjoyed by a county, city, or
 2538 town when acting through its emergency medical services personnel for a public or governmental
 2539 purpose within its territorial limits shall be enjoyed by it to the same extent when such county, city, or
 2540 town is so acting, under this section or under other lawful authority, beyond its territorial limits.

2541 Emergency medical services personnel of any county, city, or town, when acting hereunder or under
 2542 other lawful authority beyond the territorial limits of such county, city, or town, shall have all the
 2543 immunities from liability and exemptions from laws, ordinances, and regulations and shall have all of
 2544 the pension, relief, disability, workers' compensation, and other benefits enjoyed by them while
 2545 performing their respective duties.

2546 **§ 32.1-111.4.5. Contracts of counties, cities, and towns to furnish emergency medical services;**
 2547 **public liability insurance to cover claims arising out of mutual aid agreements.**

2548 A. The governing body of any city or town may, in its discretion, authorize or require the emergency
 2549 medical services agency thereof to render aid in cases of actual or potential medical emergencies
 2550 occurring beyond its limits, may prescribe the conditions under which such aid may be rendered, and
 2551 may enter into contracts with nearby, adjacent, or adjoining counties and cities, within or without the
 2552 Commonwealth, including the District of Columbia, for rendering aid in the provision of emergency
 2553 medical services in such counties, cities, or any district, or sanitary district thereof or in the District of
 2554 Columbia, on such terms as may be agreed upon by such governing body and the governing body of the
 2555 District of Columbia or of such counties and cities, or districts, including sanitary districts, provided
 2556 that each of the parties to such agreement may contract as follows: (i) waive any and all claims against
 2557 all the other parties thereto that may arise out of their activities outside their respective jurisdictions

under such agreement; (ii) indemnify and save harmless the other parties to such agreement from all claims by third parties for property damage or personal injury that may arise out of the activities of the other parties to such agreement outside their respective jurisdictions under such agreement. When the emergency medical services agency of any city or town is operating under such permission or contracts on any call beyond the corporate limits of the city or town, it shall be deemed to be operating in a governmental capacity, and subject only to such liability for injuries as it would be if it were operating within the corporate limits of such city or town.

B. Any county, city, or town may contract with the federal or state government to provide emergency medical services to federal or state property located within or without the boundaries of the county, city, or town. In the absence of a written contract, any acts performed and all expenditures made by a county, city, or town in providing emergency medical services to property owned by the federal government shall be deemed conclusively to be for a public and governmental purpose, and all of the immunities from liability enjoyed by a county, city, or town when acting through its emergency medical services personnel for a public or governmental purpose within or without its territorial limits shall be enjoyed by it to the same extent when such county, city, or town is so acting, under the provisions of this section or under other lawful authority.

Emergency medical services personnel of any county, city, or town when acting hereunder, or under other lawful authority, shall have all of the immunities from liability and exemptions from laws, ordinances, and regulations and shall have all of the pension, relief, disability, workers' compensation, and other benefits enjoyed by them while performing their respective duties. The amount of compensation to the county, city, or town pursuant to the contract shall be a matter within the sole discretion of the governing body of the county, city, or town.

C. The governing body of any county adjoining or near any county, city, or town, within or without the Commonwealth, including the District of Columbia, having and maintaining emergency medical services equipment may contract with any such county, city, or town, upon such terms as such governing body may deem proper, for responding to medical emergencies in such county, city, or town and may prescribe the terms and conditions upon which such services may be provided on privately owned property in the county, city, or town and may raise funds with which to pay for such services, by levying and collecting annually, at such rates as such governing body may deem sufficient, a special tax upon the property in such county, or in any magisterial district thereof, subject to local taxation.

D. The governing body of any county, city, or town in the Commonwealth is authorized to procure or extend the necessary public liability insurance to cover claims arising out of mutual aid agreements executed with other counties, cities, or towns outside the Commonwealth, including the District of Columbia.

§ 32.1-111.4:6. Establishment of an emergency medical services agency as a department of local government.

A. The governing body of any county, city, or town may establish an emergency medical services agency as a department of government and may designate it by any name consistent with the names of its other governmental units. The head of such emergency medical services agency shall be known as "the emergency medical services agency chief" or "EMS chief." As many other officers and employees may be employed in such emergency medical services agency as the governing body may approve.

B. An emergency medical services agency established pursuant to subsection A may consist of government-employed emergency medical services personnel, volunteer emergency medical services personnel, or both. If an emergency medical services agency established pursuant to this section includes volunteer emergency medical services personnel, such volunteer emergency medical services agency shall be deemed an instrumentality of the county, city, or town and, as such, exempt from suit for damages done incident to providing emergency medical services to the county, city, or town.

C. The governing body of any county, city, or town may empower an emergency medical services agency established therein pursuant to this section to make bylaws to promote its objects consistent with the laws of the Commonwealth and ordinances of the county, city, or town and may provide for the compensation of the officers and employees of such agency.

D. All check stubs or time cards purporting to be a record of time spent on the job by emergency medical services personnel employed by an emergency medical services agency established pursuant to this section shall record all hours of employment, regardless of how spent. All check stubs or pay records purporting to show the hourly compensation of emergency medical services personnel employed by an emergency medical services agency established pursuant to this section shall show the actual hourly wage to be paid. Nothing in this section shall require the showing of such information on check stubs, time cards, or pay records; however, if such information is shown, the information shall be in compliance with this section.

§ 32.1-111.4:7. Establishment of an emergency medical services agency as a nongovernmental entity.

A. Any number of persons wishing to provide emergency medical services may establish an emergency medical services agency by (i) recording a writing stating the formation of such company, with the names of the members thereof thereto subscribed in the court of the county or city wherein such agency shall be located, (ii) complying with such local ordinances as may exist related to establishment of an emergency medical services agency, and (iii) obtaining a valid emergency medical services agency license from the Office of Emergency Medical Services together with such emergency medical services vehicle permits from the Office of Emergency Medical Services as the Office of Emergency Medical Services may require. The principal officer of such emergency medical services agency shall be known as "the emergency medical services agency chief" or "EMS chief."

B. The members of an emergency medical services agency established pursuant to subsection A may make regulations for effecting its objects consistent with the laws of the Commonwealth; the ordinances of the county, city, or town; and the bylaws of the emergency medical services agency thereof.

C. In every county, city, or town in which an emergency medical services agency is established pursuant to this section, there shall be appointed, at such time and in such manner as the governing body of such county, city, or town in which the emergency medical services agency is located may prescribe, an emergency medical services agency chief and as many other officers of the emergency medical services agency as such governing body may direct.

D. An emergency medical services agency established pursuant to this section may be dissolved when the local governing body of the county, city, or town in which the emergency medical services agency is located determines that the emergency medical services agency has failed, for three months successively, to have or keep in good and serviceable condition emergency medical services vehicles and equipment and other proper implements, or when the governing body of the county, city, or town for any reason deems it advisable.

§ 32.1-111.4:8. Ordinances as to emergency medical services agencies.

The governing body of any county, city, or town in which an emergency medical services agency is established pursuant to § 32.1-111.4:6 or 32.1-111.4:7 may make such ordinances in relation to the powers and duties of emergency medical services agencies and emergency medical services agency chiefs or other officers of such emergency medical services agencies as it may deem proper.

§ 32.1-111.5. Certification and recertification of emergency medical services providers; appeals process.

A. The Board shall prescribe by regulation the qualifications required for certification of emergency medical services providers, including those qualifications necessary for authorization to follow Do Not Resuscitate Orders pursuant to § 54.1-2987.1. Such regulations shall include criteria for determining whether an applicant's relevant practical experience and didactic and clinical components of education and training completed during his service as a member of any branch of the armed forces of the United States may be accepted by the Commissioner as evidence of satisfaction of the requirements for certification.

B. Each person desiring certification as an emergency medical services provider shall apply to the Commissioner upon a form prescribed by the Board. Upon receipt of such application, the Commissioner shall cause the applicant to be examined or otherwise determined to be qualified for certification. When determining whether an applicant is qualified for certification, the Commissioner shall consider and may accept relevant practical experience and didactic and clinical components of education and training completed by an applicant during his service as a member of any branch of the armed forces of the United States as evidence of satisfaction of the requirements for certification. If the Commissioner determines that the applicant meets the requirements for certification as an emergency medical services provider, he shall issue a certificate to the applicant. An emergency medical services provider certificate so issued shall be valid for a period required by law or prescribed by the Board. Any certificate so issued may be suspended at any time that the Commissioner determines that the holder no longer meets the qualifications prescribed for such emergency medical services provider. The Commissioner may temporarily suspend any certificate without notice, pending a hearing or informal fact-finding conference, if the Commissioner finds that there is a substantial danger to public health or safety. When the Commissioner has temporarily suspended a certificate pending a hearing, the Commissioner shall seek an expedited hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.).

C. The Board shall prescribe by regulation procedures and the qualifications required for the recertification of emergency medical services providers.

D. The Commissioner may issue a temporary certificate when he finds that it is in the public interest. A temporary certificate shall be valid for a period not exceeding 90 days.

E. The State Board of Health shall require each person who, on or after July 1, 2013, applies to be a volunteer with or employee of an emergency medical services agency to submit fingerprints and provide personal descriptive information to be forwarded along with his fingerprints through the Central

Criminal Records Exchange to the Federal Bureau of Investigation, for the purpose of obtaining his criminal history record information. The Central Criminal Records Exchange shall forward the results of the state and national records search to the Commissioner or his designee, who shall be a governmental entity. If an applicant is denied employment or service as a volunteer because of information appearing on his criminal history record and the applicant disputes the information upon which the denial was based, the Central Criminal Records Exchange shall, upon written request, furnish to the applicant the procedures for obtaining a copy of the criminal history record from the Federal Bureau of Investigation.

§ 32.1-111.6. Emergency medical services agency license; emergency medical services vehicle permits.

A. No person shall operate, conduct, maintain, or profess to be an *emergency medical services* agency without a valid ~~permit~~ *license* issued by the Commissioner for such *emergency medical services* agency and a valid *permit* for each emergency medical services vehicle used by such *emergency medical services* agency.

B. The Commissioner shall issue an original or renewal ~~permit~~ *license* for an *emergency medical services* agency or *renewal permit* for an emergency medical services vehicle ~~which~~ that meets all requirements set forth in this article and in the regulations of the Board, upon application, on forms and according to procedures established by the Board. ~~Permits~~ *Licenses and permits* shall be valid for a period specified by the Board, not to exceed two years.

C. The Commissioner may issue temporary ~~permits~~ *licenses* for *emergency medical services* agencies or *temporary permits* for emergency medical services vehicles not meeting required standards, valid for a period not to exceed ~~sixty~~ 60 days, when the public interest will be served thereby.

D. 2. If no other source of the information is immediately available, a hospital, as soon as practical after the individual's arrival at the hospital.

B. If a document of gift or a refusal to make an anatomical gift is located by the search required by subdivision A 1 and the individual or deceased individual to whom it relates is taken to a hospital, the person responsible for conducting the search shall send the document of gift or refusal to the hospital.

C. A person is not subject to criminal or civil liability for failing to discharge the duties imposed by this section but may be subject to administrative sanctions.

§ 33.2-262. Removal of snow from driveways of volunteer fire departments and emergency medical services agencies.

On the roads under the jurisdiction of the Department, the Department shall remove snow from the driveways and entrances of volunteer fire departments and volunteer ~~rescue squads~~ *emergency medical services agencies* when the chief of any individual volunteer fire department, or ~~the head of any individual volunteer rescue squad,~~ *emergency medical services agency* makes a written request for such snow removal service, provided that such service shall only be performed when such service can be performed during the normal course of snow removal activities of the Department without interfering with, or otherwise inconveniencing, such snow removal activities. Such service shall not extend to any parking lots adjacent to such driveways and entranceways not normally used by the volunteer fire department or volunteer ~~rescue squad vehicles~~ *emergency medical services agency* as their direct driveway or entrance.

§ 33.2-501. Designation of HOV lanes; use of such lanes; penalties.

A. In order to facilitate the rapid and orderly movement of traffic to and from urban areas during peak traffic periods, the Board may designate one or more lanes of any highway in the Interstate System, primary state highway system, or secondary state highway system as HOV lanes. When lanes have been so designated and have been appropriately marked with signs or other markers as the Board may prescribe, they shall be reserved during periods designated by the Board for the exclusive use of buses and high-occupancy vehicles. Any local governing body may also, with respect to highways under its exclusive jurisdiction, designate HOV lanes and impose and enforce restrictions on the use of such lanes. Any highway for which the locality receives highway maintenance funds pursuant to § 33.2-319 shall be deemed to be within the exclusive jurisdiction of the local governing body for the purposes of this section. HOV lanes shall be reserved for high-occupancy vehicles of a specified number of occupants as determined by the Board or, for HOV lanes designated by a local governing body, by that local governing body. Notwithstanding the foregoing provisions of this section, no designation of any lane or lanes of any highway as HOV lanes shall apply to the use of any such lanes by:

1. Emergency vehicles such as firefighting vehicles, ~~ambulances,~~ and ~~rescue squad~~ *emergency medical services* vehicles;
2. Law-enforcement vehicles;
3. Motorcycles;
4. a. Transit and commuter buses designed to transport 16 or more passengers, including the driver;
- 46.2-2099.4, or 46.2-2099.44;
5. Vehicles of public utility companies operating in response to an emergency call;
6. Vehicles bearing clean special fuel vehicle license plates issued pursuant to § 46.2-749.3, provided such use is in compliance with federal law;
7. Taxicabs having two or more occupants, including the driver; or
8. (Contingent effective date) Any active duty military member in uniform who is utilizing Interstate 264 and Interstate 64 for the purposes of traveling to or from a military facility in the Hampton Roads Planning District.

In the Hampton Roads Planning District, HOV restrictions may be temporarily lifted and HOV lanes opened to use by all vehicles when restricting use of HOV lanes becomes impossible or undesirable and the temporary lifting of HOV limitations is indicated by signs along or above the affected portion of highway.

The Commissioner of Highways shall implement a program of the HOV facilities in the Hampton Roads Planning District beginning not later than May 1, 2000. This program shall include the temporary lifting of HOV restrictions and the opening of HOV lanes to all traffic when an incident resulting from nonrecurring causes within the general lanes occurs such that a lane of traffic is blocked or is expected to be blocked for 10 minutes or longer. The HOV restrictions for the facility shall be reinstated when the general lane is no longer blocked and is available for use.

The Commissioner of Highways shall maintain necessary records to evaluate the effects of such openings on the operation of the general lanes and the HOV lanes. This program will terminate if the Federal Highway Administration requires repayment of any federal highway construction funds because of the program's impact on the HOV facilities in Hampton Roads.

B. In designating any lane or lanes of any highway as HOV lanes, the Board or local governing body shall specify the hour or hours of each day of the week during which the lanes shall be so reserved, and the hour or hours shall be plainly posted at whatever intervals along the lanes the Board or local governing body deems appropriate. Any person driving a motor vehicle in a designated HOV lane in violation of this section is guilty of a traffic infraction, which shall not be a moving violation, and on conviction shall be fined \$100. However, violations committed within the boundaries of Planning District 8 shall be punishable as follows:

1. For a first offense, by a fine of \$125;
2. For a second offense within a period of five years from a first offense, by a fine of \$250;
3. For a third offense within a period of five years from a first offense, by a fine of \$500; and
4. For a fourth or subsequent offense within a period of five years from a first offense, by a fine of \$1,000.

Upon a conviction under this section, the court shall furnish to the Commissioner of the Department of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such conviction, which shall become a part of the person's driving record. Notwithstanding the provisions of § 46.2-492, no driver demerit points shall be assessed for any violation of this section, except that persons convicted of second, third, fourth, or subsequent violations within five years of a first offense committed in Planning District 8 shall be assessed three demerit points for each such violation.

C. In the prosecution of an offense, committed in the presence of a law-enforcement officer, of failure to obey a road sign restricting a highway, or portion thereof, to the use of high-occupancy vehicles, proof that the vehicle described in the HOV violation summons was operated in violation of this section, together with proof that the defendant was at the time of such violation the registered owner of the vehicle, shall constitute in evidence a rebuttable presumption that such registered owner of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the registered owner of the vehicle testifies in open court under oath that he was not the operator of the vehicle at the time of the violation. A summons for a violation of this section may be executed in accordance with § 19.2-76.2. Such rebuttable presumption shall not arise when the registered owner of the vehicle is a rental or leasing company.

D. Notwithstanding the provisions of § 19.2-76, whenever a summons for a violation of this section is served in any locality, it may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for his failure to appear on the return date of the summons.

E. Notwithstanding § 33.2-613, high-occupancy vehicles having three or more occupants (HOV-3) may be permitted to use the Omer L. Hirst-Adelard L. Brault Expressway (Dulles Toll Road) without paying a toll.

F. Notwithstanding the contrary provisions of this section, the following conditions shall be met before the HOV-2 designation of Interstate Route 66 outside the Capital Beltway can be changed to HOV-3 or any more restrictive designation:

1. The Department of Transportation shall publish a notice of its intent to change the existing designation and also immediately provide similar notice of its intent to all members of the General Assembly representing districts that touch or are directly impacted by traffic on Interstate Route 66.

2. The Department of Transportation shall hold public hearings in the corridor to receive comments from the public.

3. The Department of Transportation shall make a finding of the need for a change in such designation, based on public hearings and its internal data, and present this finding to the Board for approval.

4. The Board shall make written findings and a decision based upon the following criteria:

- a. Is changing the HOV-2 designation to HOV-3 in the public interest?

- b. Is there quantitative and qualitative evidence that supports the argument that HOV-3 will facilitate the flow of traffic on Interstate Route 66?

- c. Is changing the HOV-2 designation beneficial to comply with the federal Clean Air Act Amendments of 1990?

§ 33.2-503. HOT lanes enforcement.

Any person operating a motor vehicle on designated HOT lanes shall make arrangements with the HOT lanes operator for payment of the required toll prior to entering such HOT lanes. The driver of a vehicle who enters the HOT lanes in an unauthorized vehicle, in violation of the conditions for use of such HOT lanes established pursuant to § 33.2-502, without payment of the required toll or without having made arrangements with the HOT lanes operator for payment of the required toll shall have

3229 committed a violation of this section, which may be enforced in the following manner:

3230 1. On a form prescribed by the Supreme Court, a summons for civil violation of this section may be
 3231 executed by a law-enforcement officer, when such violation is observed by such officer. The form shall
 3232 contain the option for the driver of the vehicle to prepay the unpaid toll and all penalties, administrative
 3233 fees, and costs.

3234 2. a. A HOT lanes operator shall install and operate, or cause to be installed or operated, a
 3235 photo-enforcement system at locations where tolls are collected for the use of such HOT lanes.

3236 b. A summons for civil violation of this section may be executed pursuant to this subdivision, when
 3237 such violation is evidenced by information obtained from a photo-enforcement system as defined in this
 3238 chapter. A certificate, sworn to or affirmed by a technician employed or authorized by the HOT lanes
 3239 operator, or a facsimile of such a certificate, based on inspection of photographs, microphotographs,
 3240 videotapes, or other recorded images produced by a photo-enforcement system, shall be prima facie
 3241 evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other
 3242 recorded images evidencing such a violation shall be available for inspection in any proceeding to
 3243 adjudicate the liability for such violation under this subdivision. Any vehicle rental or vehicle leasing
 3244 company, if named in a summons, shall be released as a party to the action if it provides to the HOT
 3245 lanes operator a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or
 3246 lessee prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement,
 3247 lease, or affidavit, a summons shall be issued for the renter or lessee identified therein. Release of this
 3248 information shall not be deemed a violation of any provision of the Government Data Collection and
 3249 Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act
 3250 (§ 38.2-600 et seq.).

3251 c. On a form prescribed by the Supreme Court, a summons issued under this subdivision may be
 3252 executed pursuant to § 19.2-76.2. Such form shall contain the option for the driver or registered owner
 3253 to prepay the unpaid toll and all penalties, administrative fees, and costs. HOT lanes operator personnel
 3254 or their agents mailing such summons shall be considered conservators of the peace for the sole and
 3255 limited purpose of mailing such summons. Notwithstanding the provisions of § 19.2-76, a summons for
 3256 a violation of this section may be executed by mailing by first-class mail a copy thereof to the address
 3257 of the owner of the vehicle as shown on the records of the Department of Motor Vehicles or, if the
 3258 registered owner has named and provided a valid address for the operator of the vehicle at the time of
 3259 the violation in an affidavit executed pursuant to this subdivision, such named operator of the vehicle. If
 3260 the summoned person fails to appear on the date of return set out in the summons mailed pursuant to
 3261 this section, the summons shall be executed in the manner set out in § 19.2-76.3.

3262 d. The registered owner of such vehicle shall be given reasonable notice by way of a summons as
 3263 provided in this subdivision that his vehicle had been used in violation of this section, and such owner
 3264 shall be given notice of the time and place of the hearing and notice of the civil penalty and costs for
 3265 such offense.

3266 Upon the filing of an affidavit with the court at least 14 days prior to the hearing date by the
 3267 registered owner of the vehicle stating that he was not the driver of the vehicle on the date of the
 3268 violation and providing the legal name and address of the driver of the vehicle at the time of the
 3269 violation, a summons will also be issued to the alleged driver of the vehicle at the time of the offense.
 3270 The affidavit shall constitute prima facie evidence that the person named in the affidavit was driving the
 3271 vehicle at all the relevant times relating to the matter named in the affidavit.

3272 If the registered owner of the vehicle produces a certified copy of a police report showing that the
 3273 vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained
 3274 stolen at the time of the alleged offense, then the court shall dismiss the summons issued to the
 3275 registered owner of the vehicle.

3276 3. a. The HOT lanes operator may impose and collect an administrative fee in addition to the unpaid
 3277 toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be
 3278 reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. The
 3279 operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in a notice or
 3280 invoice issued by a HOT lanes operator. If paid within 30 days of notification, the administrative fee
 3281 shall not exceed \$25.

3282 b. Upon a finding by a court of competent jurisdiction that the driver of the vehicle observed by a
 3283 law-enforcement officer under subdivision 1 or the vehicle described in the summons for civil violation
 3284 issued pursuant to evidence obtained by a photo-enforcement system under subdivision 2 was in
 3285 violation of this section, the court shall impose a civil penalty upon the driver of such vehicle issued a
 3286 summons under subdivision 1, or upon the driver or registered owner of such vehicle issued a summons
 3287 under subdivision 2, payable to the HOT lanes operator as follows: for a first offense, \$50; for a second
 3288 offense, \$250; for a third offense within a period of two years of the second offense, \$500; and for a
 3289 fourth and subsequent offense within a period of three years of the second offense, \$1,000, together

with, in each case, the unpaid toll, all accrued administrative fees imposed by the HOT lanes operator as authorized by this section, and applicable court costs. The court shall remand penalties, the unpaid toll, and administrative fees assessed for violation of this section to the treasurer or director of finance of the county or city in which the violation occurred for payment to the HOT lanes operator for expenses associated with operation of the HOT lanes and payments against any bonds or other liens issued as a result of the construction of the HOT lanes. No person shall be subject to prosecution under both subdivisions 1 and 2 for actions arising out of the same transaction or occurrence.

c. Upon a finding by a court that a person has violated this section, in the event such person fails to pay the required penalties, fees, and costs, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall suspend all of the registration certificates and license plates issued for any motor vehicles registered solely in the name of such person and shall not issue any registration certificate or license plate for any other vehicle that such person seeks to register solely in his name until the court has notified the Commissioner of the Department of Motor Vehicles that such penalties, fees, and costs have been paid. The HOT lanes operator and the Commissioner of the Department of Motor Vehicles may enter into an agreement whereby the HOT lanes operator may reimburse the Department of Motor Vehicles for its reasonable costs to develop, implement, and maintain this enforcement mechanism, and that specifies that the Commissioner of the Department of Motor Vehicles shall have an obligation to suspend such registration certificates so long as the HOT lanes operator makes the required reimbursements in a timely manner in accordance with the agreement.

d. Except as provided in subdivisions 4 and 5, imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator of a motor vehicle under Title 46.2 and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

4. a. The HOT lanes operator may restrict the usage of the HOT lanes to designated vehicle classifications pursuant to an interim or final comprehensive agreement executed pursuant to § 33.2-1808 or 33.2-1809. Notice of any such vehicle classification restrictions shall be provided through the placement of signs or other markers prior to and at all HOT lanes entrances.

b. Any person driving an unauthorized vehicle on the designated HOT lanes is guilty of a traffic infraction, which shall not be a moving violation, and shall be punishable as follows: for a first offense, by a fine of \$125; for a second offense within a period of five years from a first offense, by a fine of \$250; for a third offense within a period of five years from a first offense, by a fine of \$500; and for a fourth and subsequent offense within a period of five years from a first offense, by a fine of \$1,000.

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles, in accordance with § 46.2-383, an abstract of the record of such conviction, which shall become a part of the person's driving record. Notwithstanding the provisions of § 46.2-492, no driver demerit points shall be assessed for any violation of this subdivision, except that persons convicted of a second, third, fourth, or subsequent violation within five years of a first offense shall be assessed three demerit points for each such violation.

5. The driver of a vehicle who enters the HOT lanes by crossing through any barrier, buffer, or other area separating the HOT lanes from other lanes of travel is guilty of a violation of § 46.2-852, unless the vehicle is a state or local law-enforcement vehicle, firefighting truck, ambulance, or rescue squad emergency medical services vehicle used in the performance of its official duties. No person shall be subject to prosecution both under this subdivision and under subdivision 1, 2, or 4 for actions arising out of the same transaction or occurrence.

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such conviction, which shall become a part of the convicted person's driving record.

6. No person shall be subject to prosecution both under this section and under § 33.2-501, 46.2-819, or 46.2-819.1 for actions arising out of the same transaction or occurrence.

7. Any action under this section shall be brought in the general district court of the county or city in which the violation occurred.

 3389 Department of Transportation for deposit into the toll road fund.
 3390 C. Any tollgate keeper who refuses to permit the persons listed in subsection A to use any toll

§ 38.2-1904. Rate standards.

A. Rates for the classes of insurance to which this chapter applies shall not be excessive, inadequate, or unfairly discriminatory. All rates and all changes and amendments to rates to which this chapter applies for use in this Commonwealth shall consider loss experience and other factors within Virginia if relevant and actuarially sound; provided, *that* other data, including countrywide, regional, or other state data, may be considered where such data is relevant and where a sound actuarial basis exists for considering data other than Virginia-specific data.

1. No rate shall be held to be excessive unless it is unreasonably high for the insurance provided and a reasonable degree of competition does not exist in the area with respect to the classification to which the rate applies.

2. No rate shall be held inadequate unless it is unreasonably low for the insurance provided and (i) continued use of it would endanger solvency of the insurer or (ii) use of the rate by the insurer has or, if continued, will have the effect of destroying competition or creating a monopoly.

3. No rate shall be unfairly discriminatory if a different rate is charged for the same coverage and the rate differential (i) is based on sound actuarial principles or (ii) is related to actual or reasonably anticipated experience.

B. 1. In determining whether rates comply with the standards of subsection A of this section, separate consideration shall be given to (i) past and prospective loss experience within and outside this Commonwealth, (ii) conflagration or catastrophe hazards, (iii) a reasonable margin for underwriting profit and contingencies, (iv) dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, (v) past and prospective expenses both countrywide and those specifically applicable to this Commonwealth, (vi) the loss reserving practices, standards and procedures utilized by the insurer, (vii) investment income earned or realized by insurers from their unearned premium and loss reserve and the Commission may give separate consideration to investment income earned on surplus funds, and (viii) all other relevant factors within and outside this Commonwealth. When actual experience or data does not exist, the Commission may consider estimates.

2. In the case of fire insurance rates, consideration shall be given to the experience of the fire insurance business during a period of not less than the most recent five-year period for which such experience is available.

3. In the case of workers' compensation insurance rates for volunteer firefighters or volunteer lifesaving or volunteer rescue squad members emergency medical services personnel, the rates shall be calculated based upon the combined experience of both volunteer firefighters or volunteer lifesaving or volunteer rescue squad members emergency medical services personnel and paid firefighters or paid lifesaving or paid rescue squad members emergency medical services personnel, so that the resulting rate is the same for both volunteer and paid members, but in no event shall resulting premiums be less than forty dollars \$40 per year for any volunteer firefighter or rescue squad member volunteer emergency medical services personnel.

4. In the case of uninsured motorist coverage required by subsection A of § 38.2-2206, consideration shall be given to all sums distributed by the Commission from the Uninsured Motorists Fund in accordance with the provisions of Chapter 30 (§ 38.2-3000 et seq.) of this title.

C. For the classes of insurance to which this chapter applies, including insurance against contingent, consequential and indirect losses as defined in § 38.2-133 (i) the systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group for any class of insurance, or with respect to any subdivision or combination of insurance for which separate expense provisions are applicable, and (ii) risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in hazards, expense provisions, or both. The standards may measure any difference between risks that can be demonstrated to have a probable effect upon losses or expenses. Notwithstanding any other provision of this subsection, except as permitted by § 38.2-1908, each member of a rate service organization shall use the uniform classification system, uniform experience rating plan, and uniform statistical plan of its designated rate service organization in the provision of insurance defined in § 38.2-119.

D. No insurer shall use any information pertaining to any motor vehicle conviction or accident to produce increased or surcharged rates above their filed manual rates for individual risks for a period longer than thirty-six 36 months. This period shall begin no later than twelve 12 months after the date of the conviction or accident.

E. Each authorized insurer subject to the provisions of this chapter may file with the Commission an expense reduction plan that permits variations in expense provisions. Such filing may contain provisions permitting agents to reduce their commission resulting in an appropriate reduction in premium. Nothing in this section shall be construed to require an agent to reduce a commission, nor may an insurer unreasonably refuse to reduce a premium due to a commission reduction as permitted by its filed expense reduction plan.

§ 38.2-2005. Provisions governing making of rates.

A. Rates for the classes of insurance to which this chapter applies shall not be excessive, inadequate, or unfairly discriminatory. All rates and all changes and amendments to rates to which this chapter applies for use in this Commonwealth shall consider loss experience and other factors within Virginia if relevant and actuarially sound; however, other data, including countrywide, regional or other state data, may be considered where such data is relevant and where a sound actuarial basis exists for considering data other than Virginia-specific data.

B. 1. In making rates for the classes of insurance to which this chapter applies, separate consideration shall be given to (i) past and prospective loss experience within and outside this Commonwealth, (ii) conflagration or catastrophe hazards, (iii) a reasonable margin for underwriting profit and contingencies, (iv) dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, (v) past and prospective expenses both countrywide and those specifically applicable to this Commonwealth, (vi) investment income earned or realized by insurers from their unearned premium and loss reserve and the Commission may give

separate consideration to investment income earned on surplus funds, (vii) the loss reserving practices, standards and procedures utilized by the insurer, and (viii) all other relevant factors within and outside this Commonwealth. When actual experience or data does not exist, the Commission may consider estimates.

2. In the case of fire insurance rates, consideration shall be given to the experience of the fire insurance business during a period of not less than the most recent five-year period for which such experience is available.

3. [Repealed.]

In the case of workers' compensation insurance rates for volunteer firefighters or volunteer ~~lifesaving or volunteer rescue squad members~~ *emergency medical services personnel* written through the Virginia Worker's Compensation Insurance Plan, the rates shall be calculated based upon the combined experience of both volunteer firefighters or volunteer ~~lifesaving or volunteer rescue squad members~~ *emergency medical services personnel* and paid firefighters or paid ~~lifesaving or paid rescue squad members~~ *emergency medical services personnel*, so that the resulting rate is the same for both volunteer and paid members, but in no event shall resulting premiums be less than ~~forty dollars~~ \$40 per year for any volunteer firefighter or ~~rescue squad member~~ *volunteer emergency medical services personnel*.

C. For the classes of insurance to which this chapter applies (i) the systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group for any class of insurance, or for any subdivision or combination of insurance for which separate expense provisions apply, and (ii) risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in hazards, expense provisions, or both. The standards may measure any difference among risks that can be demonstrated to have a probable effect upon losses or expenses.

D. All rates, rating schedules or rating plans and every manual of classifications, rules and rates, including every modification thereof, approved by the Commission under this chapter, shall be used until a change is approved by the Commission.

All reasonable and necessary expenses for medical, chiropractic, hospital, dental, surgical, ~~ambulance~~, prosthetic and rehabilitation services, *services provided by an emergency medical services vehicle as defined in § 32.1-111.1*, and funeral expenses, resulting from the accident and incurred within three years after the date of the accident, up to \$2,000 per person; however, if the insured does not elect to purchase such limit the insurer and insured may agree to any other limit;

2. If the person is usually engaged in a remunerative occupation, an amount equal to the loss of income incurred after the date of the accident resulting from injuries received in the accident up to \$100 per week during the period from the first workday lost as a result of the accident up to the date the person is able to return to his usual occupation. However, the period shall not extend beyond one year from the date of the accident; and

3. An expense described in subdivision 1 shall be deemed to have been incurred:

a. If the insured is directly responsible for payment of the expense;

b. If the expense is paid by (i) a health care insurer pursuant to a negotiated contract with the health care provider or (ii) Medicaid or Medicare, where the actual payment with reference to the medical bill rendered by the provider is less than or equal to the provider's usual and customary fee, in the amount of the actual payment as evidenced by an explanation of benefits, remittance advice, or similar documentation from the health care provider; however, if the insured is required to make a payment in addition to the actual payment by the health care insurer or Medicaid or Medicare, the amount shall be increased by the payment made by the insured; or

c. If no medical bill is rendered or specific charge made by a health care provider to the insured, an insurer, or any other person, in the amount of the usual and customary fee charged in that community for the service rendered.

B. The insured has the option of purchasing either or both of the coverages set forth in subdivisions A 1 and A 2. Either or both of the coverages, as well as any other medical expense or loss of income

coverage under any policy of automobile liability insurance, shall be payable to the covered injured person or pursuant to an assignment of benefits in accordance with subsection D, notwithstanding the failure or refusal of the named insured or other person entitled to the coverage to give notice to the insurer of an accident as soon as practicable under the terms of the policy, except where the failure or refusal prejudices the insurer in establishing the validity of the claim.

C. In any policy of personal automobile insurance in which the insured has purchased coverage under subsection A, every insurer providing such coverage arising from the ownership, maintenance or use of no more than four motor vehicles shall be liable to pay up to the maximum policy limit available on every motor vehicle insured under that coverage if the health care or disability expenses and costs mentioned in subsection A exceed the limits of coverage for any one motor vehicle so insured.

D. Any attempt to assign medical expense benefits shall be subject to the following:

1. An assignment of medical expense benefits shall be valid only if:

c. The AOB form includes a conspicuous statement that the assignor is not required to execute the AOB form;

d. If the AOB form includes a notice that complies with the provisions of subdivision g, the AOB form is signed, initialed, or otherwise marked by the assignor, at or near the notice provision, to acknowledge that the assignor has read, or had the opportunity to read, the notice;

e. If the AOB form does not include a notice that complies with the provisions of subdivision g, (i) the assignor is given a separate document, in any printed or electronic format, that is delivered to the assignor at the same time as the AOB form and that contains a notice that complies with the provisions of subdivision g; (ii) the AOB form includes a conspicuous statement that a notice regarding the assignment of medical expense benefits is provided in a separate document; and (iii) the AOB form is signed, initialed, or otherwise marked by the assignor at or near the statement described in clause (ii) to acknowledge that the assignor has read, or had the opportunity to read, the separate document containing the notice;

f. The statements required by subdivision D 1 to be included in the AOB form or a separate document, including the notice prescribed by subdivision g, are in not less than eight-point type; and

g. The assignor is provided, either in the AOB form or in a separate document, a notice that summarizes the effect of the assignment of medical expense benefits, which notice states the following:

"Notice: automobile accident patients

If you have been in an automobile accident, you may be entitled to payment from your automobile insurance if you have medical expense benefits coverage. By signing this assignment of benefits form you are giving to your health care provider the right to receive some or all of that payment directly from your automobile insurance company.

If you have health insurance and your healthcare provider is in-network: as long as you provide information necessary to verify your health insurance coverage the healthcare provider may only bill the amount you owe for any copayment, coinsurance, or deductibles to your automobile insurance and you may be entitled to any remainder of your automobile insurance benefit.

If you do not provide information necessary to verify your health insurance coverage, do not have health insurance, or your healthcare provider is not in your health insurer's provider network: your health care provider may bill their full charges to your automobile insurance.

You may want to consult your insurance agent or attorney before signing or initialing this form. You are not required to sign/initial this form to receive care."

2. Upon receipt of a copy of an AOB form that satisfies the requirements of subdivision D 1 and (i) an explanation of benefits or remittance advice or (ii) a bill, claim form, or documentation from the assignee advising that it has been represented to the assignee that the covered injured person does not have health insurance or is covered by a self-insured or self-funded employee welfare benefit plan subject to the Employee Retirement Income Security Act of 1974 which requires medical expense coverage to be primary, a motor vehicle insurer shall pay directly to the health care provider, from any medical expense benefits available to such person under a motor vehicle insurance policy:

a. If the covered injured person is covered under a health care policy, the health care provider is an in-network provider, and the health care provider has submitted its claim to the health insurer for the health care services, the amount of any copayments, coinsurance, or deductibles owed by the injured covered person to the health care provider, as evidenced by an explanation of benefits, remittance advice, or similar documentation provided to the motor vehicle insurer; or

b. If (i) the covered injured person is not covered under a health care policy, (ii) the covered injured

person is covered by a self-insured or self-funded employee welfare benefit plan subject to the Employee Retirement Income Security Act of 1974 which requires medical expense coverage to be primary, or (iii) the health care provider is not an in-network provider, amounts to cover the cost of the health care services provided, in the amount of the usual and customary fee charged in that community for the health care services rendered;

3. A motor vehicle insurer shall in all respects be held harmless for making payments pursuant to subdivision D 2 to a health care provider in accordance with an assignment of benefits that satisfies the requirements of subdivision D 1;

4. A covered injured person shall not be required to assign to any person any medical expense benefits he may have under this section, including any assignment of the proceeds of such coverages;

5. An assignment of medical expense benefits shall be void and unenforceable as against public policy if the assignment does not comply with the requirements of subdivision D 1;

6. Medical expense benefits may not be reduced because of any benefits paid, payable, or provided by any insurance contract providing hospital, medical, surgical, and similar or related benefits, or any subscription contract or health services plan delivered or issued for delivery or providing for the payment of benefits to or on behalf of persons residing in or employed in the Commonwealth, except as authorized by this section; and

7. § 44-146.28. Authority of Governor and agencies under his control in declared state of emergency.

(a) In the case of a declaration of a state of emergency as defined in § 44-146.16, the Governor is authorized to expend from all funds of the state treasury not constitutionally restricted, a sum sufficient. Allotments from such sum sufficient may be made by the Governor to any state agency or political subdivision of the Commonwealth to carry out disaster service missions and responsibilities. Allotments may also be made by the Governor from the sum sufficient to provide financial assistance to eligible applicants located in an area declared to be in a state of emergency, but not declared to be a major disaster area for which federal assistance might be forthcoming. This shall be considered as a program of last resort for those local jurisdictions that cannot meet the full cost.

The Virginia Department of Emergency Management shall establish guidelines and procedures for determining whether and to what extent financial assistance to local governments may be provided.

The guidelines and procedures shall include, but not be limited to, the following:

(1) Participants may be eligible to receive financial assistance to cover a percentage of eligible costs if they demonstrate that they are incapable of covering the full cost. The percentage may vary, based on the Commission on Local Government's fiscal stress index. The cumulative effect of recent disasters during the preceding twelve months may also be considered for eligibility purposes.

(2) Only eligible participants that have sustained an emergency or disaster as defined in § 44-146.16 with total eligible costs of four dollars or more per capita may receive assistance except that (i) any town with a total population of less than 3,500 shall be eligible for disaster assistance for incurred eligible damages of \$15,000 or greater and (ii) any town with a population of 3,500 or more, but less than 5,000 shall be eligible for disaster assistance for incurred eligible damages of \$20,000 or greater and (iii) any town with a population of 5,000 or greater with total eligible costs of four dollars or more per capita may receive assistance. No site or facility may be included with less than \$1,000 in eligible costs. However, the total cost of debris clearance may be considered as costs associated with a single site.

(3) Eligible participants shall be fully covered by all-risk property and flood insurance policies, including provisions for insuring the contents of the property and business interruptions, or shall be self-insured, in order to be eligible for this assistance. Insurance deductibles shall not be covered by this program.

(4) Eligible costs incurred by towns, public service authorities, volunteer fire departments and volunteer ~~rescue squads emergency medical services agencies~~ may be included in a county's or city's total costs.

(5) Unless otherwise stated in guidelines and procedures, eligible costs are defined as those listed in the Public Assistance component of Public Law 93-288, as amended, excluding beach replenishment and snow removal.

(6) State agencies, as directed by the Virginia Department of Emergency Management, shall conduct an on-site survey to validate damages and to document restoration costs.

(7) Eligible participants shall maintain complete documentation of all costs in a manner approved by the Auditor of Public Accounts and shall provide copies of the documentation to the Virginia Department of Emergency Management upon request.

If a jurisdiction meets the criteria set forth in the guidelines and procedures, but is in an area that has neither been declared to be in a state of emergency nor been declared to be a major disaster area for which federal assistance might be forthcoming, the Governor is authorized, in his discretion, to make an allotment from the sum sufficient to that jurisdiction without a declaration of a state of emergency, in the same manner as if a state of emergency declaration had been made.

The Governor shall report to the Chairmen of the Senate Finance Committee, the House

Appropriations Committee, and the House Finance Committee within thirty days of authorizing the sum sufficient pursuant to this section. The Virginia Department of Emergency Management shall report annually to the General Assembly on the local jurisdictions that received financial assistance and the amount each jurisdiction received.

(b) Public agencies under the supervision and control of the Governor may implement their emergency assignments without regard to normal procedures (except mandatory constitutional requirements) pertaining to the performance of public work, entering into contracts, incurring of obligations, employment of temporary workers, rental of equipment, purchase of supplies and materials and expenditures of public funds.

(c) Allotments may be made by the Governor from a sum sufficient to provide financial assistance to Virginia state agencies and political subdivisions responding to a declared state of emergency in another state as provided by § 44-146.17, whether or not a state of emergency is declared in the Commonwealth pursuant to § 44-146.16.

(d) Allotments may be made by the Governor from a sum sufficient for the deployment of personnel and materials for the Virginia National Guard and the Virginia Defense Force to prepare for a response to any of the circumstances set forth in subdivisions A 1 through A 5 of § 44-75.1, whether or not a state of emergency is declared in the Commonwealth pursuant to § 44-146.16. A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:

1. Thirty-three dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.

2. Thirty-eight dollars for each passenger car or motor home which weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.

3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a motorcycle with a normal seating capacity of more than 10 adults, including the driver, if the private motor vehicle is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

 4345 each instance is the estimated total mileage to be traveled by such vehicles during the license year for
 4346 which such fees are paid, subject to the adjustment in accordance with an audit to be made by
 4347 representatives of the Commissioner at the end of such license year, the expense of such audit to be
 4348 borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and

 4350 than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles,

4379 b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency
 4380 medical services training programs (excluding advanced life support classes); (ii) advanced life support

All revenues generated by the remaining \$0.25 of the \$4.25 fee approved by the 2008 Session of the General Assembly shall be deposited into the Rescue Squad Assistance Fund and used only to pay for the costs associated with the certification and recertification training of emergency medical services personnel.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. In the event the owner of the motor vehicle is a full-time student attending an institution of higher education, the situs shall be the domicile of such student, provided the student has presented sufficient evidence that he has paid a personal property tax on the motor vehicle in his domicile.

B. The revenue derived from all county, city, or town taxes and license fees imposed on motor vehicles, trailers, or semitrailers shall be applied to general county, city, or town purposes.

C. A county, city, or town may require that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid and satisfactory evidence that any delinquent motor vehicle, trailer, or semitrailer personal property taxes owing have been paid which have been properly assessed or are assessable against the applicant by the county, city, or town. A county, city, or town may also provide that no motor vehicle license shall be issued unless the tangible personal property taxes properly assessed or assessable by that locality on any tangible personal property used or usable as a dwelling titled by the Department of Motor Vehicles and owned by the taxpayer have been paid. Any county and any town within any such county may by agreement require that all personal property taxes assessed by either the county or the town on any vehicle be paid before licensure of such vehicle by either the county or the town.

C1. The Counties of Dinwiddie, Lee, and Wise may, by ordinance or resolution adopted after public notice and hearing and, with the consent of the treasurer, require that no license may be issued under this section unless the applicant has produced satisfactory evidence that all fees, including delinquent fees, payable to such county or local solid waste authority, for the disposal of solid waste pursuant to the Virginia Water and Waste Authorities Act (§ 15.2-5100 et seq.), or pursuant to § 15.2-2159, have been paid in full. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

E. If in any county imposing license fees and taxes under this section, a town therein imposes like fees and taxes on vehicles of owners resident in the town, the owner of any vehicle subject to the fees or taxes shall be entitled, on the owner's displaying evidence that he has paid the fees or taxes, to receive a credit on the fees or taxes imposed by the county to the extent of the fees or taxes he has paid to the town. Nothing in this section shall deprive any town now imposing these licenses and taxes from increasing them or deprive any town not now imposing them from hereafter doing so, but subject to the limitations provided in subsection D. The governing body of any county and the governing body of any town in that county wherein each imposes the license tax herein provided may provide mutual agreements so that not more than one license plate or decal in addition to the state plate shall be required.

No credit shall be allowed on the fees or taxes imposed by the county for fees or taxes paid to the tier-city, except as may be provided by the consolidation agreement or plan. The governing body of any county and the governing body of any tier-city in such county wherein each imposes the license tax herein may provide by mutual agreement that no more than one license plate or decal in addition to the state license plate shall be required.

Any county, city, or town may by ordinance provide that it shall be unlawful for any owner or operator of a motor vehicle, trailer, or semitrailer (i) to fail to obtain and, if any required by such ordinance, to display the local license required by any ordinance of the county, city or town in which the vehicle is registered, or (ii) to display upon a motor vehicle, trailer, or semitrailer any such local license, required by ordinance to be displayed, after its expiration date. The ordinance may provide that

a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor and may, in the case of a motor vehicle registered to a resident of the locality where such vehicle is registered, authorize the issuance by local law-enforcement officers of citations, summonses, parking tickets, or uniform traffic summonses for violations. Any such ordinance may also provide that a violation of the ordinance by the registered owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained. Nothing in this section shall be construed to require a county, city, or town to issue a decal or any other tangible evidence of a local license to be displayed on the licensed vehicle if the county's, city's, or town's ordinance does not require display of a decal or other evidence of payment. No ordinance adopted pursuant to this section shall require the display of any local license, decal, or sticker on any vehicle owned by a public service company, as defined in § 56-76, having a fleet of at least 2,500 vehicles garaged in the Commonwealth.

H. Except as provided by subsections E and F, no vehicle shall be subject to taxation under the provisions of this section in more than one jurisdiction. The treasurer or director of finance of any county, city, or town may enter into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes to such county, city or town any local vehicle license fees or delinquent tangible personal property tax or parking citations. Before being issued any vehicle registration or renewal of such license or registration by the Commissioner, the applicant shall first satisfy all such local vehicle license fees and delinquent taxes or parking citations and present evidence satisfactory to the Commissioner that all such local vehicle license fees and delinquent taxes or parking citations have been paid in full. The Commissioner shall charge a reasonable fee to cover the costs of such enforcement action, and the treasurer or director of finance may add the cost of this fee to the delinquent tax bill or the amount of the parking citation. The treasurer or director of finance of any county, city, or town seeking to collect delinquent taxes or parking citations through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the debtor whose registration or renewal is to be denied. Any agreement entered into pursuant to the provisions of this subsection shall provide the debtor notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department of Motor Vehicles shall be deemed sufficient. In the case of parking violations, the Commissioner shall only refuse to issue or renew the vehicle registration of any applicant therefor pursuant to this subsection for the vehicle that incurred the parking violations. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

K. The governing bodies of any two or more counties, cities, or towns may enter into compacts for the regional enforcement of local motor vehicle license requirements. The governing body of each participating jurisdiction may by ordinance require the owner or operator of any motor vehicle, trailer, or semitrailer to display on his vehicle a valid local license issued by another county, city, or town that is a party to the regional compact, provided that the owner or operator is required by the jurisdiction of situs, as provided in § 58.1-3511, to obtain and display such license. The ordinance may also provide that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that (i) all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid to all participating jurisdictions and (ii) any delinquent motor vehicle, trailer, or semitrailer personal property taxes that have been properly assessed or are assessable by any participating jurisdiction against the applicant have been paid. Any city and any county having the urban county executive form of government, the counties adjacent to such county and towns within them may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction or any other jurisdiction in the compact unless all fines owed to any participating jurisdiction by the owner of the vehicle for violation of any participating jurisdiction's ordinances governing parking of vehicles have been paid. The ordinance may further provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor. Any such ordinance may also provide that a

violation of the ordinance by the owner of the vehicle may not be discharged by payment of a fine and applicable court costs except upon presentation of satisfactory evidence that the required license has been obtained. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

The benefit for such member shall be calculated in accordance with the provisions of subdivision A 1 of § 51.1-155.

4. Notwithstanding the foregoing, a political subdivision by legally adopted resolution may declare to the Board that, for purposes of subdivisions B 1 and B 3 and subsection D, and subdivision A 3 of § 51.1-155, any person who is *an individual who meets the definition of "emergency medical services personnel" in § 32.1-111.1 or who is employed as a firefighter, emergency medical technician, or law-enforcement officer as those terms are defined in § 15.2-1512.2 (i)* shall not be considered a person who becomes a member on or after July 1, 2010, and (ii) shall be deemed to have at least 60 months of creditable service as of January 1, 2013. Such resolution shall be irrevocable.

C. Deferred retirement for members terminating service. - Any member who terminates service after five or more years of creditable service, regardless of termination date, may retire under the provisions of subsection A, B, or D of this section if he has not withdrawn his accumulated contributions prior to the effective date of his retirement or if he has five or more years of creditable service for which his employer has paid the contributions and such contributions cannot be withdrawn. For the purposes of this subsection, any requirements as to the member being in service shall not apply.

D. 50/10 retirement. - Any member in service on or after January 1, 1994, who has attained his fiftieth birthday with 10 or more years of creditable service may retire prior to his normal retirement date upon written notification to the Board setting forth the date the retirement is to become effective. A person who becomes a member on or after July 1, 2010, or a member who does not have at least 60 months of creditable service as of January 1, 2013, shall not be allowed to retire pursuant to this subsection.

E. Effective date of retirement. - The effective date of retirement shall be after the last day of service of the member, but shall not be more than 90 days prior to the filing of the notice of retirement.

F. Notification on behalf of member. - If the member is physically or mentally unable to submit written notification of his intention to retire, the member's appointing authority may submit notification on his behalf.

§ 51.1-155. Service retirement allowance.

A. Retirement allowance. - A member shall receive an annual retirement allowance, payable for life, as follows:

1. Normal retirement. - The allowance shall equal 1.70 percent of his average final compensation multiplied by the amount of his creditable service. Notwithstanding the foregoing, for a member who (i) is a person who becomes a member on or after July 1, 2010, or (ii) does not have at least 60 months of creditable service as of January 1, 2013, the allowance shall equal the sum of (a) 1.65 percent of his

average final compensation multiplied by the amount of his creditable service performed or purchased on or after January 1, 2013, and (b) 1.70 percent of his average final compensation multiplied by the amount of all other creditable service.

2. Early retirement; applicable to teachers, state employees, and certain others. - The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has less than 30 years of service at retirement, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of 30 years of creditable service. The provisions of this subdivision shall apply to teachers and state employees. These provisions shall also apply to employees of any political subdivision that participates in the retirement system if the political subdivision makes the election provided in subdivision 3.

3. Early retirement; applicable to employees of certain political subdivisions, any person who becomes a member on or after July 1, 2010, and any member who does not have at least 60 months of creditable service as of January 1, 2013. - The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the creditable service of the member equals 30 or more years but the sum of his age at retirement plus his creditable service at retirement is less than 90, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which the sum of his then attained age plus his then creditable service would have been equal to 90 or more had he remained in service until such date. If the member has less than 30 years of creditable service, the retirement allowance shall be reduced for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of at least 30 years of creditable service and his then creditable service plus his then attained age would have been equal to 90 or more.

The provisions of this subdivision shall apply to the employees of any political subdivision that participates in the retirement system and any other employees as provided by law. The participating political subdivision may, however, elect to provide its employees with the early retirement allowance set forth in subdivision 2. No such election shall be made for a person who becomes a member on or after July 1, 2010, or a member who does not have at least 60 months of creditable service as of January 1, 2013. Any election pursuant to this subdivision shall be set forth in a legally adopted resolution.

Notwithstanding the foregoing, a political subdivision by legally adopted resolution may declare to the Board that, for purposes of this subdivision, subdivisions B 1 and B 3 and subsection D of § 51.1-153, any person who *meets the definition of "emergency medical services personnel" in § 32.1-111.1* or is employed as a firefighter, ~~emergency medical technician~~, or law-enforcement officer as those terms are defined in § 15.2-1512.2 (i) shall not be considered a person who becomes a member on or after July 1, 2010, and (ii) shall be deemed to have at least 60 months of creditable service as of January 1, 2013. Such resolution shall be irrevocable.

4. Additional allowance. - In addition to the allowance payable under subdivisions 1, 2, and 3, a member shall receive an additional allowance which shall be the actuarial equivalent, for his attained age at the time of retirement, of the excess of his accumulated contributions transferred from the abolished system to the retirement system, including interest credited at the rate of two percent compounded annually since the transfer to the date of retirement, over the annual amounts equal to four percent of his annual creditable compensation at the date of abolishment for a period equal to his period of membership in the abolished system.

5. 50/10 retirement. - The allowance shall be payable in a monthly stream of payments equal to the greater of (i) the actuarial equivalent of the benefit the member would have received had he terminated service and deferred retirement to age 55 or (ii) the actuarially calculated present value of the member's accumulated contributions, including accrued interest.

B. Beneficiary serving in position covered by this title.

1. Except as provided in subdivisions 2 and 3, if a beneficiary of a service retirement allowance under this chapter or the provisions of Chapters 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.) is at any time in service as an employee in a position covered for retirement purposes under the provisions of this or any chapter other than Chapter 6 (§ 51.1-600 et seq.), 6.1 (§ 51.1-607 et seq.), or 7 (§ 51.1-700 et seq.), his retirement allowance shall cease while so employed. Any member who retires and later returns to covered employment shall not be entitled to select a different retirement option for a subsequent retirement.

2. Active members of the General Assembly who are eligible to receive a retirement allowance under this title, excluding their service as a member of the General Assembly, shall be eligible to receive a

retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly. Such members of the General Assembly shall continue to be reported as any other members of the retirement system. Upon ceasing to serve in the General Assembly, members of the General Assembly receiving a retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly shall have their retirement allowance recomputed prospectively to include their service as a member of the General Assembly. Active members of the General Assembly shall be prohibited from receiving a service retirement allowance under this title based solely on their service as a member of the General Assembly.

3. (Expires July 1, 2015) Any person receiving a service retirement allowance under this chapter, who is hired as a local school board instructional or administrative employee required to be licensed by the Board of Education, may elect to continue to receive the retirement allowance during such employment, under the following conditions:

(a) The person has been receiving such retirement allowance for a certain period of time preceding his employment as provided by law;

(b) The person is not receiving a retirement benefit pursuant to an early retirement incentive program from any local school division within the Commonwealth; and

(c) At the time the person is employed, the position to which he is assigned is among those identified by the Superintendent of Public Instruction pursuant to subdivision 4 of § 22.1-23, by the relevant division superintendent, pursuant to § 22.1-70.3, or by the relevant local school board, pursuant to subdivision 9 of § 22.1-79.

If the person elects to continue to receive the retirement allowance during the period of such employment, then his service performed and compensation received during such period of time will not increase, decrease, or affect in any way his retirement benefits before, during, or after such employment.

§ 51.1-169. Hybrid retirement program.

A. For purposes of this section, "hybrid retirement program" or "program" means a hybrid retirement program covering any employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for retirement purposes other than the Virginia Retirement System defined benefit retirement plan established under Chapter 1 (§ 51.1-124.1 et seq.). Persons who are participants in, or eligible to be participants in, the retirement plans under the provisions of Chapter 2 (§ 51.1-200 et seq.), Chapter 2.1 (§ 51.1-211 et seq.), the optional retirement plans established under §§ 51.1-126.1, 51.1-126.3, 51.1-126.4, and 51.1-126.7, or a person eligible to earn the benefits permitted by § 51.1-138 shall not be eligible to participate in the hybrid retirement program. Any person who *meets the definition of "emergency medical services personnel" in § 32.1-111.1* or is employed as a firefighter, ~~emergency medical technician~~, or law-enforcement officer as those terms are defined in § 15.2-1512.2 and whose employing political subdivision has legally adopted an irrevocable resolution as described in subdivision B 4 of § 51.1-153 and subdivision A 3 of § 51.1-155 shall not be eligible to participate in the hybrid retirement program. No member of the Judicial Retirement System under Chapter 3 (§ 51.1-300 et seq.) shall be eligible to participate in the hybrid retirement program described in § 51.1-169 except members appointed to an original term on or after January 1, 2014.

The Board shall maintain the hybrid retirement program established by this section, and any employer is authorized to make contributions under such program for the benefit of its employees participating in such program. Every person who is otherwise eligible to participate in the program but is not a member of a retirement plan administered by the Virginia Retirement System the first time he is hired on or after January 1, 2014, in a covered position, shall participate in the hybrid retirement program established by this section.

A person who participates in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System under this chapter may make an irrevocable election to participate in the hybrid retirement program maintained under this section. Such election shall be exercised no later than April 30, 2014. If an election is not made by April 30, 2014, such employee shall be deemed to have elected not to participate in the hybrid retirement program and shall continue to participate in his current retirement plan.

B. 1. The employer shall make contributions to the defined benefit component of the program in accordance with § 51.1-145.

2. The employer shall make a mandatory contribution to the defined contribution component of the program on behalf of an employee participating in the program in the amount of one percent of creditable compensation. In addition, the employer shall make a matching contribution on behalf of the employee based on the employee's voluntary contributions under the defined contribution component of the program to the deferred compensation plan established under § 51.1-602, up to a maximum of 2.5 percent of creditable compensation for the payroll period, as follows: (i) 100 percent of the first one percent of creditable compensation contributed by the employee to the defined contribution component

of the program under subdivision C 2 for the payroll period, and (ii) 50 percent of the next three percent of creditable compensation contributed by the employee to the defined contribution component of the program under subdivision C 2 for the payroll period. The matching contribution by the employer shall be made to the appropriate cash match plan established for the employee under § 51.1-608.

3. The total amount contributed by the employer under subdivision 2 shall vest to the employee's benefit according to the following schedule:

- a. Upon completion of two years of active participation, 50 percent.
- b. Upon completion of three years of active participation, 75 percent.
- c. Upon completion of four years of active participation, 100 percent.

For purposes of this subdivision, "active participation" includes creditable service, as defined in § 51.1-124.3, in any retirement plan established by this title and administered by the Retirement System.

If an employee terminates employment with an employer prior to achieving 100 percent vesting, contributions made by an employer on behalf of the employee under subdivision 2 that are not vested, shall be forfeited. The Board may establish a forfeiture account and may specify the uses of the forfeiture account.

4. An employee may direct the investment of contributions made by an employer under subdivision B 2.

5. No loans or hardship distributions shall be available from contributions made by an employer under subdivision B 2.

2. An employee participating in the hybrid retirement program may also make voluntary contributions to the defined contribution component of the program of up to four percent of creditable compensation or the limit on elective deferrals pursuant to § 457(b) of the Internal Revenue Code, whichever is less. The contribution by the employee shall be made to the appropriate deferred compensation plan established by the employee under § 51.1-602.

3. If an employee's voluntary contributions under subdivision C 2 are less than four percent of creditable compensation, the contribution will increase by one-half of one percent, beginning on January 1, 2017, and every three years thereafter, until the employee's voluntary contributions under subdivision C 2 reach four percent of creditable compensation. The increase will be effective beginning with the first pay period that begins in such calendar year unless the employee elects not to increase the voluntary contribution in a manner prescribed by the Board.

4. No loans or hardship distributions shall be available from contributions made by an employee under this subsection.

D. 1. The amount of the service retirement allowance under the defined benefit component of the program shall be governed by § 51.1-155 for all creditable service credited prior to the effective date of the member's participation in the program. For all other creditable service, the allowance shall equal one percent of a member's average final compensation multiplied by the amount of his creditable service while in the program. For judges who are participating in the hybrid retirement program, creditable service shall be determined as provided in § 51.1-303 and service retirement eligibility shall be determined as provided in § 51.1-305.

2. No member shall retire for disability under the defined benefit component of the program.

3. Except as provided in subdivision 1, any employee participating in the hybrid retirement program maintained under this section shall be considered to be a person who becomes a member on or after July 1, 2010.

4. In all other respects, administration of the defined benefit component of the program shall be governed by the provisions of Chapter 1 (§ 51.1-124.1 et seq.).

E. With respect to any employee who elects, pursuant to subsection A, to participate in the otherwise applicable defined benefit retirement plan established by this title and administered by the Virginia Retirement System, the employer shall collect and pay all employee and employer contributions to the Virginia Retirement System for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) for such employee.

F. 1. The Board shall develop policies and procedures for administering the hybrid retirement program it maintains, including the establishment of guidelines for employee elections and deferrals under the program.

2. No employee who is an active member in the hybrid retirement program maintained under this section shall also be an active member of any other optional retirement plan maintained under the

provisions of Chapter 1 (§ 51.1-124.1 et seq.).

3. If a member of the hybrid retirement program maintained under this section is at any time in service as an employee in a position covered for retirement purposes under the provisions of Chapter 1 (§ 51.1-124.1 et seq.), 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.), his benefit payments under the hybrid retirement program maintained under this section shall be suspended while so employed; provided, however, reemployment shall have no effect on a payment under the defined contribution component of the program if the benefit is being paid in an annuity form under an annuity contract purchased with the member's account balance.

4. Any administrative fee imposed pursuant to subdivision A 13 of § 51.1-124.22 on any employer for administering and overseeing the hybrid retirement program maintained under this section shall be charged for each employee participating in such program and shall be for costs incurred by the Virginia Retirement System that are directly related to the administration and oversight of such program. Notwithstanding the foregoing, the Board is authorized to collect all or a portion of such fee directly from the employee.

5. The creditable compensation for any employee on whose behalf employee or employer contributions are made into the hybrid retirement program shall not exceed the limit on compensation as adjusted by the Commissioner of the Internal Revenue Service pursuant to the transition provisions applicable to eligible participants under state and local governmental plans under § 401(a)(17) of the Internal Revenue Code as amended in 1993 and as contained in § 13212(d)(3) of the Omnibus Budget Reconciliation Act of 1993 (P.L. 103-66).

6.
