206 b. Three thousand dollars for single individuals and \$6,000 for married persons (one-half of such
207 amounts in the case of a married individual filing a separate return) for taxable years beginning on and

222 based under § 21 of the Internal Revenue Code for expenses for household and dependent care services

224 4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under
225 permanent foster care placement as defined in § 63.2-908, provided the taxpayer can also claim the child
226 as a personal exemption under § 151 of the Internal Revenue Code.

232 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the
233 deduction will be reduced by \$1 for every \$1 the total combined adjusted federal adjusted gross income

Virginia College Savings Plan, pursuant to Chapter 4.9 (§ 23-38.75 et seq.) of Title 23. Except as provided in subdivision 7 c, the amount deducted on any individual income tax return in any taxable year shall be limited to \$4,000 per prepaid tuition contract or savings trust account. If the purchase price or annual contribution to a savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or savings trust contribution has been fully deducted; however, except as provided in subdivision 7 c, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, the term "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. For taxable years beginning on and after January 1, 2006, contract payments to a producer of quota tobacco or a tobacco quota holder, or their spouses, as provided under the American Jobs Creation Act of 2004 (P.L. 108-357), but only to the extent that such payments have not been subtracted pursuant to subsection D of § 58.1-402, as follows:

a. If the payment is received in installment payments, then the recognized gain, including any gain recognized in taxable year 2005, may be subtracted in the taxable year immediately following the year in which the installment payment is received.

b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

§ 58.1-402. Virginia taxable income.

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, and E.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the

corporation under federal law which shall be further adjusted as provided in subsections B, C, D, and E.
B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;

6. [Repealed.]

7. The amount required to be included in income for the purpose of computing the partial tax on an accumulation distribution pursuant to § 667 of the Internal Revenue Code;

8. a. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation

428 in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and
429 costs without making the adjustment under subdivision a.

430 The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of
431 any petition pursuant to this subdivision, to include costs necessary to secure outside experts in
432 evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this
433 subdivision upon payment of such fee.

434 No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision
435 shall be maintained in any court of this Commonwealth.

436 c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under
437 § 58.1-446;

438 9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses
439 and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with
440 one or more direct or indirect transactions with one or more related members to the extent such
441 expenses and costs were deductible or deducted in computing federal taxable income for Virginia
442 purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

443 (1) The related member has substantial business operations relating to interest-generating activities, in
444 which the related member pays expenses for at least five full-time employees who maintain, manage,
445 defend or are otherwise responsible for operations or administration relating to the interest-generating
446 activities; and

447 (2) The interest expenses and costs are not directly or indirectly for, related to or in connection with
448 the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible
449 property; and

450 (3) The transaction giving rise to the expenses and costs between the corporation and the related
451 member has a valid business purpose other than the avoidance or reduction of taxation and payments
452 between the parties are made at arm's length rates and terms; and

453 (4) One of the following applies:

454 (i) The corresponding item of income received by the related member is subject to a tax based on or
455 measured by net income or capital imposed by Virginia, another state, or a foreign government that has
456 entered into a comprehensive tax treaty with the United States government;

457 (ii) Payments arise pursuant to a pre-existing contract entered into when the parties were not related
458 members provided the payments continue to be made at arm's length rates and terms;

459 (iii) The related member engages in transactions with parties other than related members that
460 generate revenue in excess of \$2 million annually; or

461 (iv) The transaction giving rise to the interest payments between the corporation and a related
462 member was done at arm's length rates and terms and meets any of the following: (a) the related
463 member uses funds that are borrowed from a party other than a related member or that are paid,
464 incurred or passed-through to a person who is not a related member; (b) the debt is part of a regular and
465 systematic funds management or portfolio investment activity conducted by the related member, whereby
466 the funds of two or more related members are aggregated for the purpose of achieving economies of
467 scale, the internal financing of the active business operations of members, or the benefit of centralized
468 management of funds; (c) financing the expansion of the business operations; or (d) restructuring the
469 debt of related members, or the pass-through of acquisition-related indebtedness to related members.

470 b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to
471 subdivision a may petition the Tax Commissioner, after filing the related income tax return for the
472 taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this
473 article for such taxable year including tax upon any amount of interest expenses and costs required to be
474 added to federal taxable income pursuant to subdivision a, to consider evidence relating to the
475 transaction or transactions between the corporation and a related member or members that resulted in the
476 corporation's taxable income being increased, as required under subdivision a, for such interest expenses
477 and costs.

478 If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and
479 convincing evidence, that the transaction or transactions between the corporation and a related member
480 or members resulting in such increase in taxable income pursuant to subdivision a had a valid business
481 purpose other than the avoidance or reduction of the tax due under this chapter and that the related
482 payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall
483 permit the corporation to file an amended return. For purposes of such amended return, the requirements
484 of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has
485 identified) that the transaction had a valid business purpose other than the avoidance or reduction of the
486 tax due under this chapter and that the related payments between the parties were made at arm's length
487 rates and terms. Such amended return shall be filed by the corporation within one year of the written
488 permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall
489 include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall

accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 9 shall be construed to limit or negate the Department's authority under § 58.1-446.

d. For purposes of subdivision B 9:

"Arm's-length rates and terms" means that (i) two or more related members enter into a written agreement for the transaction, (ii) such agreement is of a duration and contains payment terms substantially similar to those that the related member would be able to obtain from an unrelated entity, (iii) the interest is at or below the applicable federal rate compounded annually for debt instruments under § 1274(d) of the Internal Revenue Code that was in effect at the time of the agreement, and (iv) the borrower or payor adheres to the payment terms of the agreement governing the transaction or any amendments thereto.

"Valid business purpose" means one or more business purposes that alone or in combination constitute the motivation for some business activity or transaction, which activity or transaction improves, apart from tax effects, the economic position of the taxpayer, as further defined by regulation.
