A. Any reports, information or records received and maintained by *the Department of Health Professions* or any health regulatory board in connection with possible disciplinary proceedings, including any material received or developed by a board during an investigation or proceeding, shall be strictly confidential. *A The Department of Health Professions or a board* may only disclose such confidential information:

1. In a disciplinary proceeding before a board or in any subsequent trial or appeal of an action or order, or to the respondent in entering into a confidential consent agreement under § 54.1-2400;

4. Pursuant to an order of a court of competent jurisdiction for good cause arising from extraordinary circumstances being shown;

6. To the Health Practitioners' Monitoring Program within the Department of Health Professions in connection with health practitioners who apply to or participate in the Program.

B. In no event shall confidential information received, maintained or developed by *the Department of Health Professions* or any board, or disclosed by the *Department of Health Professions or a board* to others, pursuant to this section, be available for discovery or court subpoena or introduced into evidence in any civil action. This section shall not, however, be construed to inhibit an investigation or prosecution under Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2.

C. Any claim of a physician-patient or practitioner-patient privilege shall not prevail in any investigation or proceeding by any health regulatory board acting within the scope of its authority. The disclosure, however, of any information pursuant to this provision shall not be deemed a waiver of such privilege in any other proceeding.

D. This section shall not prohibit the Director of the Department of Health Professions, after consultation with the relevant health regulatory board president or his designee, from disclosing to the Attorney General, or the appropriate attorney for the Commonwealth, investigatory information which indicates a possible violation of any provision of criminal law, including the laws relating to the manufacture, distribution, dispensing, prescribing or administration of drugs, other than drugs classified as Schedule VI drugs and devices, by any individual regulated by any health regulatory board.

E. This section shall not prohibit the Director of the Department of Health Professions from disclosing matters listed in subdivision A 1, A 2, or A 3 of § 54.1-2909; from making the reports of aggregate information and summaries required by § 54.1-2400.3; or from disclosing the information required to be made available to the public pursuant to § 54.1-2910.1.

65 G. Whenever a complaint or report has been filed about a person licensed, certified, or registered by  
66 a health regulatory board, the source and the subject of a complaint or report shall be provided  
67 information about the investigative and disciplinary procedures at the Department of Health Professions.  
68 Prior to interviewing a licensee who is the subject of a complaint or report, or at the time that the  
69 licensee is first notified in writing of the complaint or report, whichever shall occur first, the licensee  
70 shall be provided with a copy of the complaint or report and any records or supporting documentation,  
71 unless such provision would materially obstruct a criminal or regulatory investigation. If the relevant  
72 board concludes that a disciplinary proceeding will not be instituted, the board may send an advisory  
73 letter to the person who was the subject of the complaint or report. The relevant board may also inform  
74 the source of the complaint or report (i) that an investigation has been conducted, (ii) that the matter  
75 was concluded without a disciplinary proceeding, (iii) of the process the board followed in making its  
76 determination, and (iv), if appropriate, that an advisory letter from the board has been communicated to  
77 the person who was the subject of the complaint or report. In providing such information, the board  
78 shall inform the source of the complaint or report that he is subject to the requirements of this section  
79 relating to confidentiality and discovery.

80 G. H. Orders and notices of the health regulatory boards relating to disciplinary actions shall be  
81 disclosed. Information on the date and location of any disciplinary proceeding, allegations against the  
82 respondent, and the list of statutes and regulations the respondent is alleged to have violated shall be  
83 provided to the source of the complaint or report by the relevant board prior to the proceeding. The  
84 source shall be notified of the disposition of a disciplinary case.

85 H. I. This section shall not prohibit investigative staff authorized under § 54.1-2506 from  
86 interviewing fact witnesses, disclosing to fact witnesses the identity of the subject of the complaint or  
87 report, or reviewing with fact witnesses any portion of records or other supporting documentation  
88 necessary to refresh the fact witnesses' recollection.

89 I. J. Any person found guilty of the unlawful disclosure of confidential information possessed by a  
90 health regulatory board shall be guilty of a Class 1 misdemeanor.
