The provisions of Article 1.1 (§ 19.2-310.2 et seq.) of Chapter 18 of Title 19.2 shall apply to all persons and all DNA samples taken as required by this section, mutatis mutandis.

The Department of Juvenile Justice shall verify that a DNA sample required to be taken has been received by the Department of Forensic Science. In any case where a DNA sample has not been received, the Department of Juvenile Justice shall notify the court and the court shall require the person to submit a sample for DNA analysis.

§ 19.2-310.2. Blood, saliva, or tissue sample required for DNA analysis upon conviction of certain crimes; fee.

A. Every person convicted of a felony on or after July 1, 1990, every person convicted of a felony offense under Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 who was incarcerated on July 1, 1989, and every person convicted of a misdemeanor violation of (i) § 16.1-253.2, 18.2-19, 18.2-60.3, 18.2-67.4, (ii) § 18.2-67.4:1, 18.2-67.4:2, (iii) subsection C of § 18.2-67.5, (iv) § 18.2-119, 18.2-130 or (v) §, 18.2-346, 18.2-370.6, 18.2-371, 18.2-387, or 18.2-387.1 shall have a sample of his blood, saliva or tissue taken for DNA (deoxyribonucleic acid) analysis to determine identification characteristics specific to the person. If a sample has been previously taken from the person as indicated by the Local Inmate Data System (LIDS), no additional sample shall be taken. The Department of Forensic Science shall provide to LIDS the most current information submitted to the DNA data bank on a weekly basis and shall remove from LIDS and the data bank persons no longer eligible to be in the data bank. A fee of \$25 shall be charged for the withdrawal of this sample. The fee shall be taxed as part of the costs of the criminal case resulting in the conviction and one-half of the fee shall be paid into the general fund of the locality where the sample was taken and one-half of the fee shall be paid into the general fund of the state treasury. This fee shall only be taxed one time regardless of the number of samples taken. The assessment provided for herein shall be in addition to any other fees prescribed by law. The analysis shall be performed by the Department of Forensic Science or other entity designated by the Department. The identification characteristics of the profile resulting from the DNA analysis shall be stored and maintained by the Department in a DNA data bank and shall be made available only as provided in § 19.2-310.5.

B. After July 1, 1990, the blood, saliva, or tissue sample shall be taken prior to release from custody. A person required under this section to submit a sample for DNA analysis is not relieved from this requirement regardless of whether no blood, saliva, or tissue sample has been taken from the person or, if a sample has been taken, whether the sample or the results from the analysis of a sample cannot be found in the DNA data bank maintained by the Department of Forensic Science.

C. Nothing in this section shall prevent the Department of Forensic Science from including the
