8. **Fiscal Implications:** The above reflects the bill's anticipated impact to the Department of Labor and Industry for costs related to enforcing the provisions of this bill. The Department of Labor and Industry (DOLI) will need one child labor inspector to address violations under this bill. Recently, the federal Child Labor Division expanded the age that a child could act as a lifeguard to include 15 year olds. This led to additional monitoring and complaint inspections of pools where children were employed. Using that change as a proxy, it is anticipated that DOLI would respond to complaints and conduct approximately 100 inspections annually concerning children working on tobacco farms.

9. **Specific Agency or Political Subdivisions Affected:** Department of Labor and Industry.

10. **Technical Amendment Necessary:** No.

11. Other Comments: None.
