**3. Committee:** Health, Welfare and Institutions

**4. Title:** Three-year moratorium on installation of synthetic turf

**5. Summary:** Places a three-year moratorium on the installation of synthetic turf that contains recycled crumb rubber from waste tires within the boundaries of a public or private elementary or secondary school, public or private preschool, or recreational park by any (i) public or private elementary or secondary school, (ii) public or private preschool, or (iii) local governing body. The bill also requires the Virginia Department of Health, in coordination with the Virginia Department of Conservation and Recreation and the Virginia Department of Education, to analyze the potential adverse health impacts of synthetic turf that contains recycled crumb rubber from waste tires and report its findings to the General Assembly.

**6. Budget Amendment Necessary:** No.

**7. No Fiscal Impact.**

**8. Fiscal Implications:** This bill would not have a fiscal impact on the Commonwealth. The Department of Health estimates a minimal fiscal impact of \$5,000 related to the coordination and planning of meetings with two other state agencies to analyze the health impacts of synthetic turf that contains recycled crumb rubber. This amount would cover expenses such as per diems and mileage reimbursements for meeting attendees. This amount can be absorbed by the agency; therefore no general fund dollars are needed.

**9. Specific Agency or Political Subdivisions Affected:** The Department of Health, The Department of Conservation and Recreation, and the Department of Education.

**10. Technical Amendment Necessary:** No.

**11. Other Comments:** None.
