

16100996D

HOUSE BILL NO. 312

Offered January 13, 2016

Prefiled January 5, 2016

A BILL to require the Department of Health to work with stakeholders to increase sharing of electronic health records.

Patrons—Orrock, Garrett and Mason

Referred to Committee on Health, Welfare and Institutions

Be it enacted by the General Assembly of Virginia:

1. § 1. That the Department of Health shall work with stakeholders, which shall include representatives of hospitals and other health care providers in the Commonwealth, to (i) evaluate interoperability of electronic health records systems between health systems and health care providers and the ability of health systems and health care providers to share patient records in electronic format and (ii) develop recommendations for improving the ability of health systems and health care providers to share electronic health records with the goal of ensuring that all health care providers in the Commonwealth are able to share electronic health information to reduce the cost of health care and improve the efficiency of health care services. The Department shall report its findings and recommendations to the Chairmen of the House Committee on Health, Welfare and Institutions and the Senate Committee on Education and Health by December 1, 2016.

2. That an emergency exists and this act is in force from its passage.
