§ 2.2-3701. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Closed meeting" means a meeting from which the public is excluded.

"Electronic communication" means any audio or combined audio and visual communication method.

"Emergency" means an unforeseen circumstance rendering the notice required by this chapter impossible or impracticable and which circumstance requires immediate action.

"Information" as used in the exclusions established by §§ 2.2-3705.1 through 2.2-3705.7, means the content within a public record that references a specifically identified subject matter, and shall not be interpreted to require the production of information that is not embodied in a public record.

"Meeting" or "meetings" means the meetings including work sessions, when sitting physically, or through telephonic or video equipment pursuant to § 2.2-3708 or 2.2-3708.1, as a body or entity, or as an informal assemblage of (i) as many as three members or (ii) a quorum, if less than three, of the constituent membership, wherever held, with or without minutes being taken, whether or not votes are cast, of any public body. Neither the gathering of employees of a public body nor the gathering or attendance of two or more members of a public body (i) at any place or function where no part of the purpose of such gathering or attendance is the discussion or transaction of any public business, and such gathering or attendance was not called or prearranged with any purpose of discussing or transacting any business of the public body, or (ii) at a public forum, candidate appearance, or debate, the purpose of which is to inform the electorate and not to transact public business or to hold discussions relating to the transaction of public business, even though the performance of the members individually or collectively in the conduct of public business may be a topic of discussion or debate at such public meeting, shall be deemed a "meeting" subject to the provisions of this chapter.

"Open meeting" or "public meeting" means a meeting at which the public may be present.

"Public body" means any legislative body, authority, board, bureau, commission, district or agency of the Commonwealth or of any political subdivision of the Commonwealth, including cities, towns and counties, municipal councils, governing bodies of counties, school boards and planning commissions; boards of visitors of public institutions of higher education; and other organizations, corporations or agencies in the Commonwealth supported wholly or principally by public funds. It shall include (i) the Virginia Birth-Related Neurological Injury Compensation Program and its board of directors established pursuant to Chapter 50 (§ 38.2-5000 et seq.) of Title 38.2 and (ii) any committee, subcommittee, or other entity however designated, of the public body created to perform delegated functions of the public body or to advise the public body. It shall not exclude any such committee, subcommittee or entity because it has private sector or citizen members. Corporations organized by the Virginia Retirement System are "public bodies" for purposes of this chapter.

For the purposes of the provisions of this chapter applicable to access to public records, constitutional officers and private police departments as defined in § 9.1-101 shall be considered public bodies and, except as otherwise expressly provided by law, shall have the same obligations to disclose public records as other custodians of public records.

"Public records" means all writings and recordings that consist of letters, words or numbers, or their equivalent, set down by handwriting, typewriting, printing, photostating, photography, magnetic impulse, optical or magneto-optical form, mechanical or electronic recording or other form of data compilation,

59 however stored, and regardless of physical form or characteristics, prepared or owned by, or in the
60 possession of a public body or its officers, employees or agents in the transaction of public business.
61 ~~Records that are not prepared for or used in the transaction of public business are not public records.~~

62 "Regional public body" means a unit of government organized as provided by law within defined
63 boundaries, as determined by the General Assembly, whose members are appointed by the participating
64 local governing bodies, and such unit includes two or more counties or cities.

65 "Scholastic records" means those records containing information directly related to a student or an
66 applicant for admission and maintained by a public body that is an educational agency or institution or
67 by a person acting for such agency or institution.

68 **§ 2.2-3704. Public records to be open to inspection; procedure for requesting records and**
69 **responding to request; charges; transfer of records for storage, etc.**

70 A. Except as otherwise specifically provided by law, all public records shall be open to ~~inspection~~
71 ~~and copying by any~~ citizens of the Commonwealth, ~~representatives of newspapers and magazines with~~
72 ~~circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or~~
73 ~~into the Commonwealth~~ during the regular office hours of the custodian of such records. Access to such
74 records shall ~~not be denied to citizens of the Commonwealth, representatives of newspapers and~~
75 ~~magazines with circulation in the Commonwealth, and representatives of radio and television stations~~
76 ~~broadcasting in or into the Commonwealth~~ *be provided by the custodian in accordance with this chapter*
77 *by inspection or by providing copies of the requested records, at the option of the requester.* The
78 custodian may require the requester to provide his name and legal address. The custodian of such
79 records shall take all necessary precautions for their preservation and safekeeping.

80 B. A request for public records shall identify the requested records with reasonable specificity. The
81 request need not make reference to this chapter in order to invoke the provisions of this chapter or to
82 impose the time limits for response by a public body. Any public body that is subject to this chapter
83 and that is the custodian of the requested records shall promptly, but in all cases within five working
84 days of receiving a request, provide the requested records to the requester or make one of the following
85 responses in writing:

86 1. The requested records are being entirely withheld. Such response shall identify with reasonable
87 particularity the volume and subject matter of withheld records, and cite, as to each category of withheld
88 records, the specific Code section that authorizes the withholding of the records.

89 2. The requested records are being provided in part and are being withheld in part. Such response
90 shall identify with reasonable particularity the subject matter of withheld portions, and cite, as to each
91 category of withheld records, the specific Code section that authorizes the withholding of the records.

92 3. The requested records could not be found or do not exist. However, if the public body that
93 received the request knows that another public body has the requested records, the response shall include
94 contact information for the other public body.

95 4. It is not practically possible to provide the requested records or to determine whether they are
96 available within the five-work-day period. Such response shall specify the conditions that make a
97 response impossible. If the response is made within five working days, the public body shall have an
98 additional seven work days in which to provide one of the four preceding responses.

99 C. Any public body may petition the appropriate court for additional time to respond to a request for
100 records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy
101 search, and a response by the public body within the time required by this chapter will prevent the
102 public body from meeting its operational responsibilities. Before proceeding with the petition, however,
103 the public body shall make reasonable efforts to reach an agreement with the requester concerning the
104 production of the records requested.

105 D. Subject to the provisions of subsection G, no public body shall be required to create a new record
106 if the record does not already exist. However, a public body may abstract or summarize information
107 under such terms and conditions as agreed between the requester and the public body.

108 E. Failure to respond to a request for records shall be deemed a denial of the request and shall
109 constitute a violation of this chapter.

110 F. A public body may make reasonable charges not to exceed its actual cost incurred in accessing,
111 duplicating, supplying, or searching for the requested records. No public body shall impose any
112 extraneous, intermediary, or surplus fees or expenses to recoup the general costs associated with creating
113 or maintaining records or transacting the general business of the public body. Any duplicating fee
114 charged by a public body shall not exceed the actual cost of duplication. The public body may also
115 make a reasonable charge for the cost incurred in supplying records produced from a geographic
116 information system at the request of anyone other than the owner of the land that is the subject of the
117 request. However, such charges shall not exceed the actual cost to the public body in supplying such
118 records, except that the public body may charge, on a pro rata per acre basis, for the cost of creating
119 topographical maps developed by the public body, for such maps or portions thereof, which encompass
120 a contiguous area greater than 50 acres. All charges for the supplying of requested records shall be

estimated in advance at the request of the citizen.

G. Public records maintained by a public body in an electronic data processing system, computer database, or any other structured collection of data shall be made available to a requester at a reasonable cost, not to exceed the actual cost in accordance with subsection F. When electronic or other databases are combined or contain exempt and nonexempt records, the public body may provide access to the exempt records if not otherwise prohibited by law, but shall provide access to the nonexempt records as provided by this chapter.

Public bodies shall produce nonexempt records maintained in an electronic database in any tangible medium identified by the requester, including, where the public body has the capability, the option of posting the records on a website or delivering the records through an electronic mail address provided by the requester, if that medium is used by the public body in the regular course of business. No public body shall be required to produce records from an electronic database in a format not regularly used by the public body. However, the public body shall make reasonable efforts to provide records in any format under such terms and conditions as agreed between the requester and public body, including the payment of reasonable costs. The excision of exempt fields of information from a database or the conversion of data from one available format to another shall not be deemed the creation, preparation, or compilation of a new public record.

H. In any case where a public body determines in advance that charges for producing the requested records are likely to exceed \$200, the public body may, before continuing to process the request, require the requester to agree to payment of a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the requester.

I. Before processing a request for records, a public body may require the requester to pay any amounts owed to the public body for previous requests for records that remain unpaid 30 days or more after billing.

J. In the event a public body has transferred possession of public records to any entity, including but not limited to any other public body, for storage, maintenance, or archiving, the public body initiating the transfer of such records shall remain the custodian of such records for purposes of responding to requests for public records made pursuant to this chapter and shall be responsible for retrieving and supplying such public records to the requester. In the event a public body has transferred public records for storage, maintenance, or archiving and such transferring public body is no longer in existence, any public body that is a successor to the transferring public body shall be deemed the custodian of such records. In the event no successor entity exists, the entity in possession of the public records shall be deemed the custodian of the records for purposes of compliance with this chapter, and shall retrieve and supply such records to the requester. Nothing in this subsection shall be construed to apply to records transferred to the Library of Virginia for permanent archiving pursuant to the duties imposed by the Virginia Public Records Act (§ 42.1-76 et seq.). In accordance with § 42.1-79, the Library of Virginia shall be the custodian of such permanently archived records and shall be responsible for responding to requests for such records made pursuant to this chapter.

§ 2.2-3704.1. Posting of notice of rights and responsibilities by state and local public bodies; assistance by the Freedom of Information Advisory Council.

A. All state public bodies subject to the provisions of this chapter ~~and~~, any county or city, ~~and~~ any town with a population of more than 250, ~~and any school board~~ shall make available the following information to the public upon request and shall post a link to such information on the homepage of their respective *official* public government websites:

2. Contact information for the FOIA officer designated by the public body pursuant to § 2.2-3704.2 to (i) assist a requester in making a request for records or (ii) respond to requests for public records;

4. A general description, summary, list, or index of any exemptions in law that permit or require such public records to be withheld from release;

5. Any policy the public body has concerning the type of public records it routinely withholds from release as permitted by this chapter or other law; and

6. The following statement: "A public body may make reasonable charges not to exceed its actual

182 cost incurred in accessing, duplicating, supplying, or searching for the requested records. No public body
183 shall impose any extraneous, intermediary, or surplus fees or expenses to recoup the general costs
184 associated with creating or maintaining records or transacting the general business of the public body.
185 Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. All
186 charges for the supplying of requested records shall be estimated in advance at the request of the citizen
187 as set forth in subsection F of § 2.2-3704 of the Code of Virginia."

188 B. The Freedom of Information Advisory Council, created pursuant to § 30-178, shall assist in the
189 development and implementation of the provisions of subsection A, upon request.

190 **§ 2.2-3704.2. Public bodies to designate FOIA officer.**

191 A. All state public bodies, including state authorities, that are subject to the provisions of this chapter
192 and all local public bodies that are subject to the provisions of this chapter, shall designate and publicly
193 identify one or more Freedom of Information Act officers (FOIA officer) whose responsibility is to
194 serve as a point of contact for members of the public in requesting public records and to coordinate the
195 public body's compliance with the provisions of this chapter.

198 body's compliance with the provisions of this chapter shall be made available to the public upon request
199 and be posted on the respective public body's *official public government* website at the time of
200 designation and maintained thereafter on such website for the duration of the designation.

201 C. For such local public bodies, the name and contact information of the public body's FOIA officer
202 to whom members of the public may direct requests for public records and who will oversee the public
203 body's compliance with the provisions of this chapter shall be made available in a way reasonably
204 calculated to provide notice to the public, including posting at the public body's place of business,
205 posting on its *official public government* website, or including such information in its publications.

206 D. For the purposes of this section, local public bodies shall include constitutional officers.

207 E. Any such FOIA officer shall possess specific knowledge of the provisions of this chapter and be
208 trained at least annually by legal counsel for the public body or the Virginia Freedom of Information
209 Advisory Council.

210 **§ 2.2-3705.1. Exclusions to application of chapter; exclusions of general application to public**
211 **bodies.**

212 The following information contained in a public record is excluded from the mandatory disclosure
213 provisions of this chapter but may be disclosed by the custodian in his discretion, except where such
214 disclosure is prohibited by law. Redaction of information excluded under this section from a public
215 record shall be conducted in accordance with § 2.2-3704.01.

216 1. Personnel information concerning identifiable individuals, except that access shall not be denied to
217 the person who is the subject thereof. Any person who is the subject of such information and who is 18
218 years of age or older may waive, in writing, the protections afforded by this subdivision. If the
219 protections are so waived, such information shall be disclosed. Nothing in this subdivision shall be
220 construed to authorize the withholding of any resumes or applications submitted by persons who are
221 appointed by the Governor pursuant to § 2.2-106 or 2.2-107.

222 *No provision of this chapter or any provision of Chapter 38 (§ 2.2-3800 et seq.) shall be construed*
223 *as denying public access to (i) contracts between a public body and its officers or employees, other than*
224 *contracts settling public employee employment disputes held confidential as personnel records under*

230 *annual rate of pay is \$10,000 or less.*

231 2. Written advice of legal counsel to state, regional or local public bodies or the officers or
232 employees of such public bodies, and any other information protected by the attorney-client privilege.

233 3. Legal memoranda and other work product compiled specifically for use in litigation or for use in
234 an active administrative investigation concerning a matter that is properly the subject of a closed
235 meeting under § 2.2-3711.

236 4. Any test or examination used, administered or prepared by any public body for purposes of
237 evaluation of (i) any student or any student's performance, (ii) any employee or employment seeker's
238 qualifications or aptitude for employment, retention, or promotion, or (iii) qualifications for any license
239 or certificate issued by a public body.

240 As used in this subdivision, "test or examination" shall include (a) any scoring key for any such test
241 or examination and (b) any other document that would jeopardize the security of the test or examination.
242 Nothing contained in this subdivision shall prohibit the release of test scores or results as provided by
243 law, or limit access to individual records as provided by law. However, the subject of such employment

tests shall be entitled to review and inspect all records relative to his performance on such employment tests.

When, in the reasonable opinion of such public body, any such test or examination no longer has any potential for future use, and the security of future tests or examinations will not be jeopardized, the test or examination shall be made available to the public. However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

5. Records recorded in or compiled exclusively for use in closed meetings lawfully held pursuant to § 2.2-3711. However, no record that is otherwise open to inspection under this chapter shall be deemed exempt by virtue of the fact that it has been reviewed or discussed in a closed meeting.

6. Vendor proprietary information software that may be in the public records of a public body. For the purpose of this subdivision, "vendor proprietary information software" means computer programs acquired from a vendor for purposes of processing data for agencies or political subdivisions of the Commonwealth.

However, access shall not be denied to the person who is the subject of the record. *As used in this subdivision, "personal contact information" means the information provided to the public body for the purpose of receiving electronic mail from the public body and includes home or business (i) address, (ii) email address, or (iii) telephone number or comparable number assigned to any other electronic communication device.*

11. Communications and materials required to be kept confidential pursuant to § 2.2-4119 of the Virginia Administrative Dispute Resolution Act (§ 2.2-4115 et seq.).

12. Such information shall not be withheld after the public body has made a decision to award or not to award the contract. In the case of procurement transactions conducted pursuant to the Virginia Public Procurement Act (§ 2.2-4300 et seq.), the provisions of this subdivision shall not apply, and any release of information relating to such transactions shall be governed by the Virginia Public Procurement Act.

13. Account numbers or routing information for any credit card, debit card, or other account with a financial institution of any person or public body. § 2.2-3705.2. Exclusions to application of chapter; records relating to public safety.

The following information contained in a public record is excluded from the mandatory disclosure provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law. Redaction of information excluded under this section from a public record shall be conducted in accordance with § 2.2-3704.01.

1. Confidential information, including victim identity, provided to or obtained by staff in a rape crisis center or a program for battered spouses.

2. ~~Information contained in engineering and construction drawings and plans submitted for the sole purpose of complying with the Building Code in obtaining a building permit if disclosure of such information would identify specific trade secrets or other information that would be harmful to the competitive position of the owner or lessee. However, such information shall be exempt only until the building is completed. Information relating to the safety or environmental soundness of any building~~

305 shall not be exempt from disclosure.

306 Information contained in engineering and construction drawings and plans that reveal critical
307 structural components; security equipment and systems; ventilation systems; fire protection equipment;
308 mandatory building emergency equipment or systems; elevators; electrical systems; telecommunications
309 equipment and systems; and other utility equipment and systems submitted for the purpose of complying
310 with the Uniform Statewide Building Code (§ 36-97 et seq.) or the Statewide Fire Prevention Code
311 (§ 27-94 et seq.) if disclosure of such information would jeopardize the safety or security of any public
312 or private commercial office, multifamily residential, or retail building or its occupants in the event of
313 terrorism or other threat to public safety. In order for the information to be excluded from mandatory
314 disclosure, the owner or lessee of such property, equipment, or system in writing shall (i) invoke the
315 protections of this paragraph; (ii) identify the drawings, plans, or other materials to be protected; and
316 (iii) state the reasons why protection is necessary.

317 Nothing in this subdivision shall authorize the withholding of information relating to any building in
318 connection with an inquiry into the performance of that building after it has been subjected to fire,
319 explosion, natural disaster, or other catastrophic event.

320 3. Information that describes the design, function, operation, or access control features of any
321 security system, whether manual or automated, which is used to control access to or use of any
322 automated data processing or telecommunications system.

323 4. Information concerning the prevention or response to terrorist activity or cyber attacks, including
324 (i) critical infrastructure information; (ii) vulnerability assessments, operational, procedural,
325 transportation, and tactical planning or training manuals; and staff meeting minutes; (iii) engineering or

327 information not lawfully available to the public regarding specific cybersecurity threats or vulnerabilities
328 or security plans and measures of an entity, facility, building, structure, information technology system,
329 or software program if disclosure of such information would (a) reveal the location or operation of
330 security equipment and systems, elevators, ventilation, fire protection, emergency, electrical,
331 telecommunications or utility equipment and systems of any public building, structure or information
332 storage facility, or telecommunications or utility equipment or systems or (b) jeopardize the safety of
333 any person.

334 The same categories of information concerning any person or entity submitted to a public body for
335 the purpose of antiterrorism response planning or cybersecurity planning or protection may be withheld
336 from disclosure if such person or entity in writing (1) invokes the protections of this subdivision; (2)
337 identifies with specificity the information for which protection is sought; and (3) states with reasonable
338 particularity why the protection of such information from public disclosure is necessary to meet the
339 objective of antiterrorism, cybersecurity planning or protection, or critical infrastructure information
340 security and resilience. Such statement shall be a public record and shall be disclosed upon request.

341 Any public body receiving a request for records excluded under this subdivision shall notify the
342 Secretary of Public Safety and Homeland Security or his designee of such request and the response
343 made by the public body in accordance with § 2-2-3704.

344 Nothing in this subdivision shall be construed to authorize the withholding of information relating to
345 the structural or environmental soundness of any building, nor shall it authorize the withholding of
346 information relating to any building in connection with an inquiry into the performance of that building
347 after it has been subjected to fire, explosion, natural disaster, or other catastrophic event.

348 As used in this subdivision, "critical infrastructure information" means the same as that term is
349 defined in 6 U.S.C. § 131.

350 5. 3. Information that would disclose the security aspects of a system safety program plan adopted
351 pursuant to 49 C.F.R. Part 659 by the Commonwealth's designated Rail Fixed Guideway Systems Safety
352 Oversight agency; and information in the possession of such agency, the release of which would
353 jeopardize the success of an ongoing investigation of a rail accident or other incident threatening railway
354 safety.

355 6. Information contained in engineering and architectural drawings; operational, procedural, tactical
356 planning or training manuals; or staff meeting minutes if disclosure of such information would (i) reveal
357 surveillance techniques, personnel deployments, alarm or security systems or technologies, or operational
358 and transportation plans or protocols or (ii) jeopardize the security of any governmental facility,
359 building, or structure or the safety of persons using such facility, building, or structure.

360 7. 4. Information concerning security plans and specific assessment components of school safety
361 audits, as provided in § 22.1-279.8.

362 Nothing in this subdivision shall be construed to authorize the withholding *prevent the disclosure of*
363 information relating to the effectiveness of security plans after (i) any school building or property has
364 been subjected to fire, explosion, natural disaster, or other catastrophic event or (ii) any person on
365 school property has suffered or been threatened with any personal injury.

366 8. 5. Information concerning the mental health assessment of an individual subject to commitment as

B. No resolution, ordinance, rule, contract, regulation or motion adopted, passed or agreed to in a closed meeting shall become effective unless the public body, following the meeting, reconvenes in open meeting and takes a vote of the membership on such resolution, ordinance, rule, contract, regulation, or motion that shall have its substance reasonably identified in the open meeting.

C. Public officers improperly selected due to the failure of the public body to comply with the other provisions of this section shall be de facto officers and, as such, their official actions are valid until they obtain notice of the legal defect in their election.

D. Nothing in this section shall be construed to prevent the holding of conferences between two or more public bodies, or their representatives, but these conferences shall be subject to the same procedures for holding closed meetings as are applicable to any other public body.

E. This section shall not be construed to (i) require the disclosure of any contract between the Department of Health Professions and an impaired practitioner entered into pursuant to Chapter 25.1 (§ 54.1-2515 et seq.) of Title 54.1 or (ii) require the board of directors of any authority created pursuant to the Industrial Development and Revenue Bond Act (§ 15.2-4900 et seq.), or any public body empowered to issue industrial revenue bonds by general or special law, to identify a business or industry to which subdivision A 5 applies. However, such business or industry shall be identified as a matter of public record at least 30 days prior to the actual date of the board's authorization of the sale or issuance

1535 of such bonds.

1536 **§ 2.2-3714. Violations and penalties.**

1537 In a proceeding commenced against any officer, employee, or member of a public body under
1538 § 2.2-3713 for a violation of § 2.2-3704, 2.2-3705.1 through ~~2.2-3705.8~~ 2.2-3705.7, 2.2-3706, 2.2-3707,
1539 2.2-3708, 2.2-3708.1, 2.2-3710, 2.2-3711 or 2.2-3712, the court, if it finds that a violation was willfully
1540 and knowingly made, shall impose upon such officer, employee, or member in his individual capacity,
1541 whether a writ of mandamus or injunctive relief is awarded or not, a civil penalty of not less than \$500
1542 nor more than \$2,000, which amount shall be paid into the State Literary Fund. For a second or
1543 subsequent violation, such civil penalty shall be not less than \$2,000 nor more than \$5,000.

1544 **§ 2.2-3806. Rights of data subjects.**

1545 A. Any agency maintaining personal information shall:

1546 1. Inform an individual who is asked to supply personal information about himself whether he is
1547 legally required, or may refuse, to supply the information requested, and also of any specific
1548 consequences that are known to the agency of providing or not providing the information.

1549 2. Give notice to a data subject of the possible dissemination of part or all of this information to
1550 another agency, nongovernmental organization or system not having regular access authority, and
1551 indicate the use for which it is intended, and the specific consequences for the individual, which are
1552 known to the agency, of providing or not providing the information. However documented permission
1553 for dissemination in the hands of the other agency or organization shall satisfy the requirement of this
1554 subdivision. The notice may be given on applications or other data collection forms prepared by data
1555 subjects.

1556 3. Upon request and proper identification of any data subject, or of his authorized agent, grant the
1557 data subject or agent the right to inspect, in a form comprehensible to him:

1558 a. All personal information about that data subject except as provided in subdivision 1 of
1559 § 2.2-3705.1, subdivision 1 of § 2.2-3705.4, and subdivision 1 of § 2.2-3705.5.

1560 b. The nature of the sources of the information.

1561 c. The names of recipients, other than those with regular access authority, of personal information
1562 about the data subject including the identity of all persons and organizations involved and their
1563 relationship to the system when not having regular access authority, except that if the recipient has
1564 obtained the information as part of an ongoing criminal investigation such that disclosure of the
1565 investigation would jeopardize law-enforcement action, then no disclosure of such access shall be made
1566 to the data subject.

1567 4. Comply with the following minimum conditions of disclosure to data subjects:

1568 a. An agency shall make disclosures to data subjects required under this chapter, during normal
1569 business hours, in accordance with the procedures set forth in subsections B and C of § 2.2-3704 for
1570 responding to requests under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) or within a
1571 time period as may be mutually agreed upon by the agency and the data subject.

1572 b. The disclosures to data subjects required under this chapter shall be made (i) in person, if he
1573 appears in person and furnishes proper identification, or (ii) by mail, if he has made a written request,
1574 with proper identification. Copies of the documents containing the personal information sought by a data
1575 subject shall be furnished to him or his representative at reasonable charges for document search and
1576 duplication in accordance with subsection F of § 2.2-3704.

1577 c. The data subject shall be permitted to be accompanied by a person of his choosing, who shall
1578 furnish reasonable identification. An agency may require the data subject to furnish a written statement
1579 granting the agency permission to discuss the individual's file in such person's presence.

1580 5. If the data subject gives notice that he wishes to challenge, correct, or explain information about
1581 him in the information system, the following minimum procedures shall be followed:

1582 a. The agency maintaining the information system shall investigate, and record the current status of
1583 that personal information.

1584 b. If, after such investigation, the information is found to be incomplete, inaccurate, not pertinent, not
1585 timely, or not necessary to be retained, it shall be promptly corrected or purged.

1586 c. If the investigation does not resolve the dispute, the data subject may file a statement of not more
1587 than 200 words setting forth his position.

1588 d. Whenever a statement of dispute is filed, the agency maintaining the information system shall
1589 supply any previous recipient with a copy of the statement and, in any subsequent dissemination or use
1590 of the information in question, clearly note that it is disputed and supply the statement of the data
1591 subject along with the information.

1592 e. The agency maintaining the information system shall clearly and conspicuously disclose to the data
1593 subject his rights to make such a request.

1594 f. Following any correction or purging of personal information the agency shall furnish to past
1595 recipients notification that the item has been purged or corrected whose receipt shall be acknowledged.

1596 B. Nothing in this chapter shall be construed to require an agency to disseminate any

recommendation or letter of reference from or to a third party that is a part of the personnel file of any data subject nor to disseminate any test or examination used, administered or prepared by any public body for purposes of evaluation of (i) any student or any student's performance, (ii) any seeker's qualifications or aptitude for employment, retention, or promotion, or (iii) qualifications for any license or certificate issued by any public body.

As used in this subsection, "test or examination" includes (i) any scoring key for any such test or examination and (ii) any other document that would jeopardize the security of the test or examination. Nothing contained in this subsection shall prohibit the release of test scores or results as provided by law, or to limit access to individual records as provided by law; however, the subject of the employment tests shall be entitled to review and inspect all documents relative to his performance on those employment tests.

When, in the reasonable opinion of the public body, any such test or examination no longer has any potential for future use, and the security of future tests or examinations will not be jeopardized, the test or examination shall be made available to the public. Minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

C. Neither any provision of this chapter nor any provision of the Freedom of Information Act (§ 2.2-3700 et seq.) shall be construed to deny public access to records of the position, job classification, official salary or rate of pay of, and to records of the allowances or reimbursements for expenses paid to any public officer, official or employee at any level of state, local or regional government in the Commonwealth. The provisions of this subsection shall not apply to records of the official salaries or rates of pay of public employees whose annual rate of pay is \$10,000 or less.

D. Nothing in this section or in this chapter shall be construed to require an agency to disseminate information derived from tax returns in violation of §§ 2.2-3705.7 and prohibited from release pursuant to § 58.1-3.

§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth. The Board shall review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board shall accredit the school for another three years. The Board may review the accreditation status of any other school once every two years or once every three years, provided that any school that receives a multiyear accreditation status other than full accreditation shall be covered by a Board-approved multiyear corrective action plan for the duration of the period of accreditation. Such multiyear corrective action plan shall include annual written progress updates to the Board. A multiyear accreditation status shall not relieve any school or division of annual reporting requirements.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall report the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education determines through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division-level failure to implement the Standards of Quality or other division-level action or inaction, the Board may require a division-level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit to the Board for approval a corrective action plan, consistent with criteria established by the Board setting forth specific actions and a schedule designed to

1658 ensure that schools within its school division achieve full accreditation status. If the Board determines
1659 that the proposed corrective action plan is not sufficient to enable all schools within the division to
1660 achieve full accreditation, the Board may return the plan to the local school board with directions to
1661 submit an amended plan pursuant to Board guidance. Such corrective action plans shall be part of the
1662 relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

1663 With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and
1664 implement an academic review process, to be conducted by the Department of Education, to assist
1665 schools that are accredited with warning. The Department shall forward a report of each academic
1666 review to the relevant local school board, and such school board shall report the results of such
1667 academic review and the required annual progress reports in public session. The local school board shall
1668 implement any actions identified through the academic review and utilize them for improvement
1669 planning.

1670 B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve
1671 criteria for determining and recognizing educational performance in the Commonwealth's public school
1672 divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation
1673 process and shall include student outcome measurements. The Superintendent of Public Instruction shall
1674 annually report to the Board on the accreditation status of all school divisions and schools. Such report
1675 shall include an analysis of the strengths and weaknesses of public education programs in the various
1676 school divisions in Virginia and recommendations to the General Assembly for further enhancing student
1677 learning uniformly across the Commonwealth. In recognizing educational performance in the school
1678 divisions, the Board shall include consideration of special school division accomplishments, such as
1679 numbers of dual enrollments and students in Advanced Placement and International Baccalaureate
1680 courses, and participation in academic year Governor's Schools.

1681 The Superintendent of Public Instruction shall assist local school boards in the implementation of
1682 action plans for increasing educational performance in those school divisions and schools that are
1683 identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor
1684 the implementation of and report to the Board of Education on the effectiveness of the corrective actions
1685 taken to improve the educational performance in such school divisions and schools.

1686 C. With such funds as are available for this purpose, the Board of Education shall prescribe
1687 assessment methods to determine the level of achievement of the Standards of Learning objectives by all
1688 students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and
1689 skills related to the Standards of Learning being assessed. The Board shall, with the assistance of
1690 independent testing experts, conduct a regular analysis and validation process for these assessments. The
1691 Department of Education shall make available to school divisions Standards of Learning assessments
1692 typically administered by the middle and high schools by December 1 of the school year in which such
1693 assessments are to be administered or when newly developed assessments are available, whichever is
1694 later.

1695 The Board shall also provide the option of industry certification and state licensure examinations as a
1696 student-selected credit.

1697 The Board of Education shall make publicly available such assessments in a timely manner and as
1698 soon as practicable following the administration of such tests, so long as the release of such assessments
1699 does not compromise test security or deplete the bank of assessment questions necessary to construct
1700 subsequent tests, or limit the ability to test students on demand and provide immediate results in the
1701 web-based assessment system.

1702 The Board shall include in the student outcome measures that are required by the Standards for
1703 Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including
1704 the completion of the alternative assessments implemented by each local school board, in accordance
1705 with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for
1706 English, mathematics, science, and history and social science and may be integrated to include multiple
1707 subject areas.

1708 The Board shall prescribe alternative methods of Standards of Learning assessment administration for
1709 children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the
1710 Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual
1711 Education Program team shall make the final determination as to whether an alternative method of
1712 administration is appropriate for the student.

1713 The Standards of Learning assessments administered to students in grades three through eight shall
1714 not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science
1715 in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, and
1716 mathematics in grade eight; (e) science after the student receives instruction in the grade six science, life
1717 science, and physical science Standards of Learning and before the student completes grade eight; and
1718 (f) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each
1719 local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

The Department of Education shall award recovery credit to any student in grades three through eight who fails a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently retakes and passes such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

The Board of Education shall not include in its calculation of the passage rate of a Standards of Learning assessment for the purposes of state accountability any student whose parent has decided to not have his child take such Standards of Learning assessment, unless such exclusions would result in the school's not meeting any required state or federal participation rate.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 44 10 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to

1781 an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a)
1782 does not reveal the identity of any person making a complaint or supplying information to the Board on
1783 a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any
1784 local school board or division superintendent receiving such records or other information shall, upon
1785 taking personnel action against a relevant employee, place copies of such records or information relating
1786 to the specific employee in such person's personnel file.

1787 Notwithstanding any other provision of state law, no test or examination authorized by this section,
1788 including the Standards of Learning assessments, shall be released or required to be released as
1789 minimum competency tests, if, in the judgment of the Board, such release would breach the security of
1790 such test or examination or deplete the bank of questions necessary to construct future secure tests.

1791 E. With such funds as may be appropriated, the Board of Education may provide, through an
1792 agreement with vendors having the technical capacity and expertise to provide computerized tests and
1793 assessments, and test construction, analysis, and security, for (i) web-based computerized tests and
1794 assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of
1795 student progress during and after remediation and (ii) the development of a remediation item bank
1796 directly related to the Standards of Learning.

1797 F. To assess the educational progress of students as individuals and as groups, each local school
1798 board shall require the use of Standards of Learning assessments, alternative assessments, and other
1799 relevant data, such as industry certification and state licensure examinations, to evaluate student progress
1800 and to determine educational performance. Each local school shall require the administration of
1801 appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests
1802 and shall include the Standards of Learning assessments, the local school board's alternative assessments,
1803 and the National Assessment of Educational Progress state-by-state assessment. Each school board shall
1804 analyze and report annually, in compliance with any criteria that may be established by the Board of
1805 Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine)
1806 assessment, if administered, industry certification examinations, and the Standards of Learning
1807 Assessments to the public.

1808 The Board of Education shall not require administration of the Stanford Achievement Test Series,
1809 Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the
1810 requirements for home instruction pursuant to § 22.1-254.1.

1811 The Board shall include requirements for the reporting of the Standards of Learning assessment
1812 scores and averages for each year, regardless of accreditation frequency, as part of the Board's
1813 requirements relating to the School Performance Report Card. Such scores shall be disaggregated for
1814 each school by student subgroups on the Virginia assessment program as appropriate and shall be
1815 reported to the public within three months of their receipt. These reports (i) shall be posted on the
1816 portion of the Department of Education's website relating to the School Performance Report Card, in a
1817 format and in a manner that allows year-to-year comparisons, and (ii) may include the National
1818 Assessment of Educational Progress state-by-state assessment.

1819 G. Each local school division superintendent shall regularly review the division's submission of data
1820 and reports required by state and federal law and regulations to ensure that all information is accurate
1821 and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the
1822 required reports and data to division superintendents annually. The status of compliance with this
1823 requirement shall be included in the Board of Education's annual report to the Governor and the General
1824 Assembly as required by § 22.1-18.

1825 H. Any school board may request the Board of Education for release from state regulations or, on
1826 behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the
1827 evaluation of the performance of one or more of its schools as authorized for certain other schools by
1828 the Standards of Accreditation pursuant to 8VAC20-131-280 C of the Virginia Administrative Code.
1829 Waivers of regulatory requirements may be granted by the Board of Education based on submission of a
1830 request from the division superintendent and chairman of the local school board. The Board of
1831 Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i)
1832 mandated by state or federal law or (ii) designed to promote health or safety. The school board shall
1833 provide in its waiver request a description of how the releases from state regulations are designed to
1834 increase the quality of instruction and improve the achievement of students in the affected school or
1835 schools. The Department of Education shall provide (a) guidance to any local school division that
1836 requests releases from state regulations and (b) information about opportunities to form partnerships with
1837 other agencies or entities to any local school division in which the school or schools granted releases
1838 from state regulations have demonstrated improvement in the quality of instruction and the achievement
1839 of students.

1840 The Board of Education may also grant local school boards waivers of specific requirements in
1841 § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the
1842 local school board, permitting the local school board to assign instructional personnel to the schools with

the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

§ 22.1-279.8. School safety audits and school crisis, emergency management, and medical emergency response plans required.

A. For the purposes of this section, unless the context requires otherwise:

"School crisis, emergency management, and medical emergency response plan" means the essential procedures, operations, and assignments required to prevent, manage, and respond to a critical event or emergency, including natural disasters involving fire, flood, tornadoes, or other severe weather; loss or disruption of power, water, communications or shelter; bus or other accidents; medical emergencies, including cardiac arrest and other life-threatening medical emergencies; student or staff member deaths; explosions; bomb threats; gun, knife or other weapons threats; spills or exposures to hazardous substances; the presence of unauthorized persons or trespassers; the loss, disappearance or kidnapping of a student; hostage situations; violence on school property or at school activities; incidents involving acts of terrorism; and other incidents posing a serious threat of harm to students, personnel, or facilities. The plan shall include a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as defined in the emergency response plan when there are victims as defined in § 19.2-11.01. The Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be the lead coordinating agencies for those individuals determined to be victims, and the plan shall also contain current contact information for both agencies.

"School safety audit" means a written assessment of the safety conditions in each public school to (i) identify and, if necessary, develop solutions for physical safety concerns, including building security issues and (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at school-sponsored events. Solutions and responses shall include recommendations for structural adjustments, changes in school safety procedures, and revisions to the school board's standards for student conduct.

B. The Virginia Center for School and Campus Safety, in consultation with the Department of Education, shall develop a list of items to be reviewed and evaluated in the school safety audits required by this section. Such items shall include those incidents reported to school authorities pursuant to § 22.1-279.3:1 and shall include a school inspection walk-through using a standardized checklist provided by the Virginia Center for School and Campus Safety, which shall incorporate crime prevention through environmental design principles.

The Virginia Center for School and Campus Safety shall prescribe a standardized report format for school safety audits, additional reporting criteria, and procedures for report submission, which may include instructions for electronic submission.

Each local school board shall require all schools under its supervisory control to annually conduct school safety audits as defined in this section and consistent with such list.

The results of such school safety audits shall be made public within 90 days of completion. The local school board shall retain authority to withhold or limit the release of any security plans, walk-through checklists, and specific vulnerability assessment components as provided in subdivision 7 4 of § 2.2-3705.2. The completed walk-through checklist shall be made available upon request to the chief law-enforcement officer of the locality or his designee. Each school shall maintain a copy of the school safety audit, which may exclude such security plans, walk-through checklists, and vulnerability assessment components, within the office of the school principal and shall make a copy of such report available for review upon written request.

Each school shall submit a copy of its school safety audit to the relevant school division superintendent. The division superintendent shall collate and submit all such school safety audits, in the prescribed format and manner of submission, to the Virginia Center for School and Campus Safety and shall make available upon request to the chief law-enforcement officer of the locality the results of such audits.

C. The division superintendent shall establish a school safety audit committee to include, if available, representatives of parents, teachers, local law-enforcement, emergency services agencies, local community services boards, and judicial and public safety personnel. The school safety audit committee shall review the completed school safety audits and submit any plans, as needed, for improving school safety to the division superintendent for submission to the local school board.

D. Each school board shall ensure that every school that it supervises shall develop a written school

1904 crisis, emergency management, and medical emergency response plan, consistent with the definition
1905 provided in this section, and shall provide copies of such plans to the chief law-enforcement officer, the
1906 fire chief, the chief of the emergency medical services agency, and the emergency management official
1907 of the locality. Each school division shall designate an emergency manager. The Department of
1908 Education and the Virginia Center for School and Campus Safety shall provide technical assistance to
1909 the school divisions of the Commonwealth in the development of the school crisis, emergency
1910 management, and medical emergency response plans that describe the components of a medical
1911 emergency response plan developed in coordination with local emergency medical services providers, the
1912 training of school personnel and students to respond to a life-threatening emergency, and the equipment
1913 required for this emergency response. The local school board shall annually review the written school
1914 crisis, emergency management, and medical emergency response plans. The local school board shall
1915 have the authority to withhold or limit the review of any security plans and specific vulnerability
1916 assessment components as provided in subdivision 7 4 of § 2.2-3705.2. The local school division
1917 superintendent shall certify this review in writing to the Virginia Center for School and Campus Safety
1918 no later than August 31 of each year.

1919 Upon consultation with local school boards, division superintendents, the Virginia Center for School
1920 and Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall
1921 develop, and may revise as it deems necessary, a model school crisis, emergency management, and
1922 medical emergency response plan for the purpose of assisting the public schools in Virginia in
1923 developing viable, effective crisis, emergency management, and medical emergency response plans. Such
1924 model shall set forth recommended effective procedures and means by which parents can contact the
1925 relevant school or school division regarding the location and safety of their school children and by
1926 which school officials may contact parents, with parental approval, during a critical event or emergency.

1927 **§ 23.1-2425. Confidential and public information.**

1928 A. The Authority is subject to the provisions of the Freedom of Information Act (§ 2.2-3700 et seq.),
1929 including the exclusions set forth in subdivision 15 14 of § 2.2-3705.7 and subdivision A 23 of
1930 § 2.2-3711.

1931 B. For purposes of the Freedom of Information Act (§ 2.2-3700 et seq.), meetings of the board are
1932 not considered meetings of the board of visitors of the University. Meetings of the board may be
1933 conducted through telephonic or video means as provided in § 2.2-3708.

1934 **§ 32.1-48.08. Declaration of quarantine.**

1935 A. The State Health Commissioner may declare a quarantine of any person or persons or any
1936 affected area after he finds that the quarantine is the necessary means to contain a communicable disease
1937 of public health threat as defined in § 32.1-48.06 to which such person or persons or the people of an
1938 affected area have been or may have been exposed and thus may become infected.

1939 B. The State Health Commissioner shall record his findings and any information on which he has
1940 relied in making the finding required for quarantine pursuant to subsection A. The State Health
1941 Commissioner's record of findings concerning any communicable disease of public health threat shall be
1942 confidential and shall not be disclosed in accordance with subdivision 17 12 of § 2.2-3705.5.

1943 C. The State Health Commissioner may order the quarantined person or persons to remain in their
1944 residences, to remain in another place where they are present, or to report to a place or places
1945 designated by the State Health Commissioner for the duration of their quarantine. An electronic device
1946 may be used to enforce any such quarantine. The Commissioner's order of quarantine shall be for a
1947 duration consistent with the known incubation period for such disease or, if the incubation period is
1948 unknown, for a period anticipated as being consistent with the incubation period for other similar
1949 infectious agents.

1950 **§ 32.1-48.011. Isolation may be ordered under certain exceptional circumstances; Commissioner**
1951 **authorized to require hospitalization or other health care.**

1952 A. Whenever the State Health Commissioner makes a determination of exceptional circumstances
1953 pursuant to § 32.1-48.05 and that the isolation procedures set forth in Article 3.01 (§ 32.1-48.01 et seq.)
1954 of this chapter are insufficient control measures to contain a communicable disease of public health
1955 threat, the isolation procedures herein may be invoked.

1956 B. The State Health Commissioner may order the isolation of a person or persons upon a finding that
1957 (i) such person or persons are infected with or may reasonably be suspected to be infected with a
1958 communicable disease of public health threat and (ii) isolation is necessary to protect the public health,
1959 to ensure such isolated person or persons receive appropriate medical treatment, and to protect health
1960 care providers and others who may come into contact with such infected person or persons.

1961 C. The State Health Commissioner shall record his findings and any information on which he has
1962 relied in making the finding required for isolation pursuant to this section. The State Health
1963 Commissioner's record of findings concerning any communicable disease of public health threat that is
1964 involved in an order of isolation shall be confidential and shall not be disclosed in accordance with
1965 subdivision 17 12 of § 2.2-3705.5.

D. The Commissioner may order the isolated person or persons to remain in their places of residence, to remain in another place where they are present, or to report to a place or facility designated by the Commissioner for the duration of their isolation. An electronic device may be used to enforce any such isolation. The Commissioner's order of isolation shall be for a duration consistent with the known course of such communicable disease of public health threat or, if the course of the disease is unknown or uncertain, for a period consistent with the probable course of the communicable disease of public health threat.

E. To the extent that persons subject to an order of isolation pursuant to this article require hospitalization or other health care services, the State Health Commissioner shall be authorized to require that such services be provided.

F. The State Health Commissioner shall also have the authority to monitor the medical condition of any person or persons subject to an order of isolation pursuant to this article through regular visits by public health nurses or such other means as the Commissioner shall determine to be necessary.

§ 32.1-48.015. Authorization to disclose health records.

A. The provisions of this article are hereby declared to be necessary to prevent serious harm and serious threats to the health and safety of individuals and the public in Virginia for purposes of authorizing the State Health Commissioner or his designee to examine and review any health records of any person or persons subject to any order of quarantine or order of isolation pursuant to this article and the regulations of the Department of Health and Human Services promulgated in compliance with the Health Insurance Portability and Accountability Act of 1996, as amended. The State Health Commissioner shall authorize any designee in writing to so examine and review any health records of any person or persons subject to any order of quarantine or order of isolation pursuant to this article.

B. Pursuant to the regulations concerning patient privacy promulgated by the federal Department of Health and Human Services, covered entities may disclose protected health information to the State Health Commissioner or his designee without obtaining consent or authorization for such disclosure from the person who is the subject of the records. Such protected health information shall be used to facilitate the health care of any person or persons who are subject to an order of quarantine or an order of isolation. The State Health Commissioner or his designee shall only redisclose such protected health information in compliance with the aforementioned federal regulations. Further, the protected health information disclosed to the State Health Commissioner or his designee shall be held confidential and shall not be disclosed pursuant to the provisions of subdivision 17 12 of § 2.2-3705.5.

C. Pursuant to subsection G of § 32.1-116.3, any person requesting or requiring any employee of a public safety agency as defined in subsection J of § 32.1-45.2 to arrest, transfer, or otherwise exercise custodial supervision over an individual known to the requesting person (i) to be infected with any communicable disease or (ii) to be subject to an order of quarantine or an order of isolation pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 shall inform such employee of a public safety agency of the potential risk of exposure to a communicable disease.

§ 32.1-283.1. State Child Fatality Review Team; membership; access to and maintenance of records; confidentiality; etc.

A. There is hereby created the State Child Fatality Review Team, referred to in this section as "the Team," which shall develop and implement procedures to ensure that child deaths occurring in Virginia are analyzed in a systematic way. The Team shall review (i) violent and unnatural child deaths, (ii) sudden child deaths occurring within the first 18 months of life, and (iii) those fatalities for which the cause or manner of death was not determined with reasonable medical certainty. No child death review shall be initiated by the Team until conclusion of any law-enforcement investigation or criminal prosecution. The Team shall (i) develop and revise as necessary operating procedures for the review of child deaths, including identification of cases to be reviewed and procedures for coordination among the agencies and professionals involved, (ii) improve the identification, data collection, and record keeping of the causes of child death, (iii) recommend components for prevention and education programs, (iv) recommend training to improve the investigation of child deaths, and (v) provide technical assistance, upon request, to any local child fatality teams that may be established. The operating procedures for the review of child deaths shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.) pursuant to subdivision B 17 of § 2.2-4002.

B. The 16-member Team shall be chaired by the Chief Medical Examiner and shall be composed of the following persons or their designees: the Commissioner of Behavioral Health and Developmental Services; the Director of Child Protective Services within the Department of Social Services; the Superintendent of Public Instruction; the State Registrar of Vital Records; and the Director of the Department of Criminal Justice Services. In addition, one representative from each of the following entities shall be appointed by the Governor to serve for a term of three years: local law-enforcement agencies, local fire departments, local departments of social services, the Medical Society of Virginia, the Virginia College of Emergency Physicians, the Virginia Pediatric Society, local emergency medical

services personnel, attorneys for the Commonwealth, and community services boards.

C. Upon the request of the Chief Medical Examiner in his capacity as chair of the Team, made after the conclusion of any law-enforcement investigation or prosecution, information and records regarding a child whose death is being reviewed by the Team may be inspected and copied by the Chief Medical Examiner or his designee, including, but not limited to, any report of the circumstances of the event maintained by any state or local law-enforcement agency or medical examiner, and information or records maintained on such child by any school, social services agency or court. Information, records, or reports maintained by any attorney for the Commonwealth shall be made available for inspection and copying by the Chief Medical Examiner pursuant to procedures which shall be developed by the Chief Medical Examiner and the Commonwealth's Attorneys' Services Council established by § 2.2-2617. Any presentence report prepared pursuant to § 19.2-299 for any person convicted of a crime that led to the death of the child shall be made available for inspection and copying by the Office of the Chief Medical Examiner pursuant to procedures which shall be developed by the Chief Medical Examiner. In addition, the Office of the Chief Medical Examiner may inspect and copy from any Virginia health care provider, on behalf of the Team, (i) without obtaining consent, the health and mental health records of the child and those perinatal medical records of the child's mother that related to such child and (ii) upon obtaining consent from each adult regarding his personal records, or from a parent regarding the records of a minor child, the health and mental health records of the child's family. All such information and records shall be confidential and shall be excluded from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 9 7 of § 2.2-3705.5. Upon the conclusion of the child death review, all information and records concerning the child and the child's family shall be shredded or otherwise destroyed by the Office of the Chief Medical Examiner in order to ensure confidentiality. Such information or records shall not be subject to subpoena or discovery or be admissible in any criminal or civil proceeding. If available from other sources, however, such information and records shall not be immune from subpoena, discovery, or introduction into evidence when obtained through such other sources solely because the information and records were presented to the Team during a child death review. Further, the findings of the Team may be disclosed or published in statistical or other form which shall not identify individuals. The portions of meetings in which individual child death cases are discussed by the Team shall be closed pursuant to subdivision A 21 of § 2.2-3711. In addition to the requirements of § 2.2-3712, all team members, persons attending closed team meetings, and persons presenting information and records on specific child deaths to the Team during closed meetings shall execute a sworn statement to honor the confidentiality of the information, records, discussions, and opinions disclosed during any closed meeting to review a specific child death. Violations of this subsection are punishable as a Class 3 misdemeanor.

D. Upon notification of a child death, any state or local government agency maintaining records on such child or such child's family which are periodically purged shall retain such records for the longer of 12 months or until such time as the State Child Fatality Review Team has completed its child death review of the specific case.

E. The Team shall compile annual data which shall be made available to the Governor and the General Assembly as requested. These statistical data compilations shall not contain any personally identifying information and shall be public records.

§ 32.1-283.2. Local and regional child fatality review teams established; membership; authority; confidentiality; immunity.

A. Upon the initiative of any local or regional law-enforcement agency, fire department, department of social services, emergency medical services agency, attorney for the Commonwealth's office, or community services board, local or regional child fatality teams may be established for the purpose of conducting contemporaneous reviews of local child deaths in order to develop interventions and strategies for prevention specific to the locality or region. Each team shall establish rules and procedures to govern the review process. Agencies may share information but shall be bound by confidentiality and execute a sworn statement to honor the confidentiality of the information they share. Violations are punishable as a Class 3 misdemeanor. The State Child Fatality Review Team shall provide technical assistance and direction as provided for in subsection A of § 32.1-283.1.

B. Local and regional teams may be composed of the following persons from the localities represented on a particular board or their designees: a medical examiner appointed pursuant to § 32.1-282, a local social services official in charge of child protective services, a director of the relevant local or district health department, a chief law-enforcement officer, a local fire marshal, a local emergency medical services agency chief, the attorney for the Commonwealth, an executive director of the local community services board or other local mental health agency, and such additional persons, not to exceed four, as may be appointed to serve by the chairperson of the local or regional team. The chairperson shall be elected from among the designated membership. The additional members appointed by the chairperson may include, but are not restricted to, representatives of local human services agencies; local public education agencies; local pediatricians, psychiatrists and psychologists; and local

child advocacy organizations.

C. Each team shall establish local rules and procedures to govern the review process prior to conducting the first child fatality review. The review of a death shall be delayed until any criminal investigations connected with the death are completed or the Commonwealth consents to the commencement of such review prior to the completion of the criminal investigation.

D. All information and records obtained or created regarding the review of a fatality shall be confidential and shall be excluded from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 9 7 of § 2.2-3705.5. All such information and records shall be used by the team only in the exercise of its proper purpose and function and shall not be disclosed. Such information or records shall not be subject to subpoena, subpoena duces tecum, or discovery or be admissible in any criminal or civil proceeding. If available from other sources, however, such information and records shall not be immune from subpoena, subpoena duces tecum, discovery or introduction into evidence when obtained through such other sources solely because the information and records were presented to the team during a fatality review. No person who participated in the reviews nor any member of the team shall be required to make any statement as to what transpired during the review or what information was collected during the review. Upon the conclusion of the fatality review, all information and records concerning the victim and the family shall be returned to the originating agency or destroyed. However, the findings of the team may be disclosed or published in statistical or other form which shall not identify individuals. The portions of meetings in which individual cases are discussed by the team shall be closed pursuant to subdivision A 21 of § 2.2-3711. All team members, persons attending closed team meetings, and persons presenting information and records on specific fatalities to the team during closed meetings shall execute a sworn statement to honor the confidentiality of the information, records, discussions, and opinions disclosed during any closed meeting to review a specific death. Violations of this subsection are punishable as a Class 3 misdemeanor.

E. Members of teams, as well as their agents and employees, shall be immune from civil liability for any act or omission made in connection with participation in a child fatality review team review, unless such act or omission was the result of gross negligence or willful misconduct. Any organization, institution, or person furnishing information, data, testimony, reports or records to review teams as part of such review, shall be immune from civil liability for any act or omission in furnishing such information, unless such act or omission was the result of gross negligence or willful misconduct.

§ 32.1-283.3. Family violence fatality review teams established; model protocol and data management; membership; authority; confidentiality, etc.

A. The Office of the Chief Medical Examiner shall develop a model protocol for the development and implementation of local family violence fatality review teams (teams) and such model protocol shall include relevant procedures for conducting reviews of fatal family violence incidents. A "fatal family violence incident" means any fatality that occurred or that is suspected of having occurred in the context of abuse between family members or intimate partners. The Office of the Chief Medical Examiner shall provide technical assistance to the local teams and serve as a clearinghouse for information.

B. Subject to available funding, the Office of the Chief Medical Examiner shall provide ongoing surveillance of fatal family violence occurrences and promulgate an annual report based on accumulated data.

C. Any county or city, or combination of counties, cities, or counties and cities, may establish a family violence fatality review team to examine fatal family violence incidents and to create a body of information to help prevent future family violence fatalities. The team shall have the authority to review the facts and circumstances of all fatal family violence incidents that occur within its designated geographic area.

D. Membership in the team may include, but shall not be limited to, health care professionals, representatives from the local bar, attorneys for the Commonwealth, judges, law-enforcement officials, criminologists, medical examiners appointed pursuant to § 32.1-282, other experts in forensic medicine and pathology, family violence victim advocates, health department professionals, probation and parole professionals, adult and child protective services professionals, and representatives of family violence local coordinating councils.

E. Each team shall establish local rules and procedures to govern the review process prior to the first fatal family violence incident review conducted. The review of a death shall be delayed until any criminal investigations or prosecutions connected with the death are completed.

F. All information and records obtained or created regarding the review of a fatality shall be confidential and shall be excluded from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 9 7 of § 2.2-3705.5. All such information and records shall be used by the team only in the exercise of its proper purpose and function and shall not be disclosed. Such information or records shall not be subject to subpoena, subpoena duces tecum or discovery or be admissible in any criminal or civil proceeding. If available from other sources, however, such information and records

2150 shall not be immune from subpoena, subpoena duces tecum, discovery or introduction into evidence
2151 when obtained through such other sources solely because the information and records were presented to
2152 the team during a fatality review. No person who participated in the review nor any member of the team
2153 shall be required to make any statement as to what transpired during the review or what information was
2154 collected during the review. Upon the conclusion of the fatality review, all information and records
2155 concerning the victim and the family shall be returned to the originating agency or destroyed. However,
2156 the findings of the team may be disclosed or published in statistical or other form which shall not
2157 identify individuals. The portions of meetings in which individual cases are discussed by the team shall
2158 be closed pursuant to subdivision A 21 of § 2.2-3711. All team members, persons attending closed team
2159 meetings, and persons presenting information and records on specific fatalities to the team during closed
2160 meetings shall execute a sworn statement to honor the confidentiality of the information, records,
2161 discussions, and opinions disclosed during any closed meeting to review a specific death. Violations of
2162 this subsection are punishable as a Class 3 misdemeanor.

2163 G. Members of teams, as well as their agents and employees, shall be immune from civil liability for
2164 any act or omission made in connection with participation in a family violence fatality review, unless
2165 such act or omission was the result of gross negligence or willful misconduct. Any organization,
2166 institution, or person furnishing information, data, testimony, reports or records to review teams as part
2167 of such review, shall be immune from civil liability for any act or omission in furnishing such
2168 information, unless such act or omission was the result of gross negligence or willful misconduct.

2174 60 years or older, or any adult age 18 years or older who is incapacitated, who resides in the
2175 Commonwealth, or who does not reside in the Commonwealth but who is temporarily in the

2177 subject of an adult protective services or law-enforcement investigation; (ii) whose death was due to
2178 abuse, neglect, or exploitation or acts suggesting abuse, neglect, or exploitation; or (iii) whose death
2179 came under the jurisdiction of or was investigated by the Office of the Chief Medical Examiner pursuant
2180 to § 32.1-283. The Team shall not initiate an adult death review until the conclusion of any
2181 law-enforcement investigation or criminal prosecution. The operating procedures for the review of adult
2182 deaths shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.) pursuant to subdivision
2183 B 17 of § 2.2-4002.

2184 B. The 16-member team shall consist of the following persons or their designees: the Chief Medical
2185 Examiner, the Commissioner of Behavioral Health and Developmental Services, the Commissioner for
2186 Aging and Rehabilitative Services, the Director of the Office of Licensure and Certification of the
2187 Department of Health, and the State Long-Term Care Ombudsman. In addition, the Governor shall

2190 attorneys for the Commonwealth, law-enforcement agencies, nurses specializing in geriatric care,
2191 psychiatrists specializing in geriatric care, and long-term care providers. The Team further shall include
2192 two members appointed by the Governor who are advocates for elderly or disabled populations in
2193 Virginia. The Chief Medical Examiner shall serve as chair of the Team.

2194 After the initial staggering of terms, members appointed by the Governor shall be appointed for a
2195 term of four years. Appointments to fill vacancies, other than by expiration of a term, shall be for the
2196 unexpired terms. Vacancies shall be filled in the same manner as the original appointments. All
2197 members may be reappointed. The Chief Medical Examiner and other ex officio members of the Team
2198 shall serve terms coincident with their terms of office.

2199 C. Upon the request of the chair of the Team, made after the conclusion of any law-enforcement
2200 investigation or prosecution, information and records regarding an adult whose death is being reviewed
2201 by the Team shall be inspected and copied by the chair or his designee, including but not limited to any
2202 report of the circumstances of the event maintained by any state or local law-enforcement agency or the
2203 Office of the Chief Medical Examiner and information or records on the adult maintained by any facility
2204 that provided services to the adult, by any social services agency, or by any court. Information, records,

2209 mental health records of (i) the adult whose death is subject to review, without authorization; (ii) any
2210 adult relative of the deceased, with authorization; and (iii) any minor child of the deceased, with the
2211 authorization of the minor's parent or guardian. The chair of the Team also may copy and inspect the

presentence report, prepared pursuant to § 19.2-299, of any person convicted of a crime that led to the death of the adult who is the subject of review by the Team.

D. All information obtained or generated by the Team regarding a review shall be confidential and excluded from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 9 7 of § 2.2-3705.5. Such information shall not be subject to subpoena or discovery or be admissible in any civil or criminal proceeding. If available from other sources, however, such information and records shall not be immune from subpoena, discovery, or introduction into evidence when obtained through such other sources solely because the information and records were presented to the Team during an adult death review. The Team shall compile all information collected during a review. The findings of the Team may be disclosed or published in statistical or other form, but shall not identify any individuals. The portions of meetings in which individual adult death cases are discussed by the Team shall be closed pursuant to subdivision A 21 of § 2.2-3711.

E. All Team members and other persons attending closed Team meetings, including any persons presenting information or records on specific fatalities, shall execute a sworn statement to honor the confidentiality of the information, records, discussions, and opinions disclosed during meetings at which the Team reviews a specific death. G. The Team shall compile an annual report by October 1 of each year that shall be made available to the Governor and the General Assembly. The annual report shall include any policy, regulatory, or budgetary recommendations developed by the Team. Any statistical compilations prepared by the Team shall be public record and shall not contain any personally identifying information.

Each team shall establish rules and procedures to govern the review process. Agencies may share information but shall be bound by confidentiality and execute a sworn statement to honor the confidentiality of the information they share. A violation of this subsection is punishable as a Class 3 misdemeanor. The Office of the Chief Medical Examiner shall develop a model protocol for the development and implementation of local or regional adult fatality review teams and such model protocol shall include relevant procedures for conducting reviews of adult fatalities.

B.
