

VIRGINIA ACTS OF ASSEMBLY — CHAPTER

An Act to amend and reenact § 2.2-2009 of the Code of Virginia, relating to the Virginia Information Technologies Agency; procurement of information technology; compliance with federal laws and regulations pertaining to information security and privacy.

[H 2360]

Approved

Be it enacted by the General Assembly of Virginia:**1. That § 2.2-2009 of the Code of Virginia is amended and reenacted as follows:****§ 2.2-2009. Additional duties of the CIO relating to security of government information.**

A. To provide for the security of state government electronic information from unauthorized uses, intrusions or other security threats, the CIO shall direct the development of policies, standards, and guidelines for assessing security risks, determining the appropriate security measures and performing security audits of government electronic information. Such policies, standards, and guidelines shall apply to the Commonwealth's executive, legislative, and judicial branches and independent agencies. The CIO shall work with representatives of the Chief Justice of the Supreme Court and Joint Rules Committee of the General Assembly to identify their needs. Such policies, standards, and guidelines shall, at a minimum:

1. Address the scope and frequency of security audits. In developing and updating such policies, standards, and guidelines, the CIO shall designate a government entity to oversee, plan, and coordinate the conduct of periodic security audits of all executive branch agencies and independent agencies. The CIO shall coordinate these audits with the Auditor of Public Accounts and the Joint Legislative Audit and Review Commission. The Chief Justice of the Supreme Court and the Joint Rules Committee of the General Assembly shall determine the most appropriate methods to review the protection of electronic information within their branches;

2. Control unauthorized uses, intrusions, or other security threats;

3. Provide for the protection of confidential data maintained by state agencies against unauthorized access and use in order to ensure the security and privacy of citizens of the Commonwealth in their interaction with state government. Such policies, standards, and guidelines shall include requirements that (i) any state employee or other authorized user of a state technology asset provide passwords or other means of authentication to use a technology asset and access a state-owned or state-operated computer network or database and (ii) a digital rights management system or other means of authenticating and controlling an individual's ability to access electronic records be utilized to limit access to and use of electronic records that contain confidential information to authorized individuals;

4. Address the creation and operation of a risk management program designed to identify information technology security gaps and develop plans to mitigate the gaps. All agencies in the Commonwealth shall cooperate with the CIO, including (i) providing the CIO with information required to create and implement a Commonwealth risk management program, (ii) creating an agency risk management program, and (iii) complying with all other risk management activities.

5. *Require that any contract for information technology entered into by the Commonwealth's executive, legislative, and judicial branches and independent agencies require compliance with applicable federal laws and regulations pertaining to information security and privacy.*

B. 1. The CIO shall annually report to the Governor, the Secretary, and General Assembly on the results of security audits, the extent to which security policy, standards, and guidelines have been adopted by executive branch and independent agencies, and a list of those executive branch agencies and independent agencies that have not implemented acceptable security and risk management regulations, policies, standards, and guidelines to control unauthorized uses, intrusions, or other security threats. For any executive branch agency or independent agency whose security audit results and plans for corrective action are unacceptable, the CIO shall report such results to (i) the Secretary, (ii) any other affected cabinet secretary, (iii) the Governor, and (iv) the Auditor of Public Accounts. Upon review of the security audit results in question, the CIO may take action to suspend the executive branch agency's or independent agency's information technology projects pursuant to subsection B of § 2.2-2016.1, limit additional information technology investments pending acceptable corrective actions, and recommend to the Governor and Secretary any other appropriate actions.

2. Executive branch agencies and independent agencies subject to such audits as required by this section shall fully cooperate with the entity designated to perform such audits and bear any associated costs. Public bodies that are not required to but elect to use the entity designated to perform such audits

ENROLLED

HB2360ER

57 shall also bear any associated costs.

58 C. The provisions of this section shall not infringe upon responsibilities assigned to the Comptroller,
59 the Auditor of Public Accounts, or the Joint Legislative Audit and Review Commission by other
60 provisions of the Code of Virginia.

61 D. The CIO shall promptly receive reports from directors of departments in the executive branch of
62 state government made in accordance with § 2.2-603 and shall take such actions as are necessary,
63 convenient or desirable to ensure the security of the Commonwealth's electronic information and
64 confidential data.

65 E. The CIO shall provide technical guidance to the Department of General Services in the
66 development of policies, standards, and guidelines for the recycling and disposal of computers and other
67 technology assets. Such policies, standards, and guidelines shall include the expunging, in a manner as
68 determined by the CIO, of all confidential data and personal identifying information of citizens of the
69 Commonwealth prior to such sale, disposal, or other transfer of computers or other technology assets.

70 F. The CIO shall provide all directors of agencies and departments with all such information,
71 guidance, and assistance required to ensure that agencies and departments understand and adhere to the
72 policies, standards, and guidelines developed pursuant to this section.

73 **2. That the provisions of this act shall apply to contracts for information technology entered into**
74 **on or after July 1, 2017.**
