All persons required by this subsection to report suspected abuse or neglect who maintain a record of a child who is the subject of such a report shall cooperate with the investigating agency and shall make related information, records and reports available to the investigating agency unless such disclosure violates the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g). Provision of such information, records, and reports by a health care provider shall not be prohibited by § 8.01-399. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure.

B. For purposes of subsection A, "reason to suspect that a child is abused or neglected" shall include (i) a finding made by a health care provider within six weeks of the birth of a child that the results of toxicology studies of the child indicate the presence of a controlled substance not prescribed for the mother by a physician; (ii) a finding made by a health care provider within six weeks of the birth of a child that the child was born dependent on a controlled substance which was not prescribed by a physician for the mother and has demonstrated affected by substance abuse or experiencing withdrawal symptoms resulting from in utero drug exposure; (iii) (ii) a diagnosis made by a health care provider at any time within four years following a child's birth that the child has an illness, disease, or condition which that, to a reasonable degree of medical certainty, is attributable to in utero exposure to maternal abuse of a controlled substance which was not prescribed by a physician for the mother or the child during pregnancy; or (iv) (iii) a diagnosis made by a health care provider at any time within four years following a child's birth that the child has a fetal alcohol spectrum disorder attributable to in utero exposure to alcohol. C. Any person who makes a report or provides records or information pursuant to subsection A or who testifies in any judicial proceeding arising from such report, records, or information shall be immune from any civil or criminal liability or administrative penalty or sanction on account of such report, records, information, or testimony, unless such person acted in bad faith or with malicious purpose.

D. Any person required to file a report pursuant to this section who fails to do so as soon as possible, but not longer than 24 hours after having reason to suspect a reportable offense of child abuse or neglect, shall be fined not more than \$500 for the first failure and for any subsequent failures not less than \$1,000. In cases evidencing acts of rape, sodomy, or object sexual penetration as defined in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, a person who knowingly and intentionally fails to make the report required pursuant to this section shall be guilty of a Class 1 misdemeanor.
