62 3. Provide any interested parent with a written explanation of the allowable uses of a savings

69 C. The parent of a qualified student shall make an initial application or annual renewal application

75 year for which the parent receives disbursement of state funds into the savings account pursuant to
76 subsection E.

77 3. Release the resident school division from all obligations to educate the qualified student. The
78 receipt of a savings account has the same effect as a refusal to consent to the receipt of services under

80 4. Not accept, concurrently with receipt of a savings account, a scholarship from a scholarship

82 pursuant to Article 13.3 (§ 58.1-439.25 et seq.) of Chapter 3 of Title 58.1.

83 5. Use the moneys deposited in the savings account only for one or more of the following
84 education-related expenses of the qualified student: (i) tuition, deposits, fees, or required textbooks at a
85 qualified school; (ii) educational therapies or services for the qualified student from a practitioner or
86 provider, including paraprofessionals or educational aides; (iii) tutoring services; (iv) curriculum; (v)
87 tuition or fees for a private online learning program; (vi) fees for a nationally standardized

90 basis by a public elementary or secondary school or preschool to the public, including classes and
91 extracurricular activities; (viii) such insurance, surety bond payments, or fees as may be required for
92 the savings account; (ix) transportation; (x) computer hardware and software, not to exceed 10 percent
93 of the annual savings account disbursement; and (xi) consumable educational supplies or any other
94 education-related goods or services, such as Internet access, that are necessary for the provision of the
95 qualified student's education pursuant to § 22.1-254.

96 6. Submit a quarterly expense summary, in the form prescribed by the Department and containing
97 such provisions as prescribed by the Department, for education-related expenses pursuant to subdivision
98 5 that were incurred prior to or during such quarter, including all applicable invoices and receipts, to
99 the resident school division prior to receiving a savings account disbursement for the subsequent
100 quarter. Each resident school division shall determine, on the basis of policies and procedures
101 established by the Department pursuant to subsection A of § 22.1-222.3, the appropriateness of such
102 expenses on the basis of such receipts and invoices prior to making a savings account disbursement for
103 the subsequent quarter or renewing the written agreement.

104 7. Notify the resident school division in writing within 30 days of the date on which his child ceases
105 to reside in the resident school division, in which case the parent shall immediately cease to make
106 additional expenditures for education-related expenses of his child and shall reimburse to the resident
107 school division an amount equal to (i) the difference between the year-to-date disbursements to the
108 savings account and the total annual amount that the qualified parent would have received in the
109 savings account, multiplied by (ii) the number of days during which his child resided in the resident
110 school division while the savings account contained disbursed funds divided by the total school days in
111 the resident school division's current school year. The parent may spread such reimbursement payments
112 over no more than four equal quarterly payments.

113 8. Submit to audits of the savings account.

114 D. The resident school division shall give written notice to any parent applying for or requesting
115 renewal of a savings account as to the disposition of the application or renewal request no later than
116 14 days immediately succeeding such application or renewal request. The resident school division may
117 send the parent a written notice requesting any additional information that is necessary to determine the
118 final disposition of the application or renewal request. Such parent shall submit the requested
119 information to the resident school division no later than 30 calendar days immediately succeeding such
120 request for additional information. If the requested information is not received within such time, the
121 resident school division may deny the application or renewal request. In the event that the resident

school division denies any application or renewal request, the parent may appeal such denial no later than 30 calendar days immediately succeeding receipt of the notice of denial to the school board in the resident school division, and such school board shall hear and take action on such appeal no later than 30 calendar days immediately succeeding the receipt of the notice of appeal. In the event that the school board denies any such application or renewal request on appeal, the parent may appeal such denial no later than 30 calendar days immediately succeeding receipt of the notice of denial to an independent hearing officer chosen from the list maintained by the Executive Secretary of the Supreme Court. The costs of an appeal before an independent hearing officer shall be apportioned among the parties by the hearing officer in a manner consistent with his findings. If the parent prevails in an appeal before the independent hearing officer, the application or renewal request shall immediately be approved, effective on the date on which it was first submitted.

E. No later than 14 calendar days immediately succeeding the approval of an application or renewal request or submission of a quarterly expense summary, the resident school division shall make warrant for and disburse on a quarterly basis (i) to the appropriate savings account state funds in an amount that is equivalent to one quarter of 90 percent of all applicable annual Standards of Quality per pupil state funds appropriated for public school purposes and apportioned to the resident school division in which the qualified student resides, including the per pupil share of state sales tax funding in basic aid and any state per pupil share of special education funding to which the qualified student is eligible and (ii) to the Department retained savings. No resident school division shall transfer federal funds, the local share of Standards of Quality per pupil funds, or any portion of such local share to a savings account.

F. The Department shall disburse retained savings for the following purposes and in the following order: (i) establishing policies, processes, and procedures for managing and administering savings accounts; (ii) managing and administering savings accounts, including Department expenditures and third-party expenditures to qualified financial institutions and other organizations; and (iii) other public elementary and secondary school purposes for which the Department is authorized to disburse funds.

G. Each qualified student whose parent has applied for and received a savings account shall be counted in the March 31 average daily membership or fall membership of the resident school division as a full-time equivalent student and shall be identified as such for the purpose of the calculation of the state share to be transferred to the savings account and, as applicable, to the Department as retained savings. No such qualified student shall be counted in the resident school division's required effort to meet actual need for required matching local funds as prescribed by the Standards of Quality or any other initiative supported by the Commonwealth that requires a local match of funds.

H. The Department shall determine the Standards of Quality per pupil state funds for a qualified student and retained savings based on the current general appropriation act.

I. No later than November 1 of each year, each division superintendent shall certify and report to the Superintendent of Public Instruction the number of students in the school division whose parents have received a savings account and the amount of funds transferred to each such savings account and retained savings. No later than December 15 of each year, the Superintendent of Public Instruction shall report to the Governor and the Chairmen of the House Committee on Appropriations and Senate Committee on Finance the name of each school division in which the parent of a qualified student has received a savings account, the number of qualified students whose parents have received a savings account, and the total Standards of Quality state funding transferred to savings accounts and retained savings.

J. Any entity that receives moneys from a savings account shall refund, rebate, or otherwise remit any such moneys when such refund, rebate, or remission is required pursuant to policies and procedures established by the Department pursuant to subsection A of § 22.1-222.3, but no such entity shall refund, rebate, or otherwise remit any such moneys to a parent or qualified student.

K. Upon a qualified student's graduation from high school, receipt of a high school equivalency certification, acceptance into an institution of higher education for full-time enrollment, or reaching the age of 22, whichever occurs first, his savings account shall be closed and any funds remaining in the savings account shall be returned to the Commonwealth.

L. Moneys in a savings account received by a parent pursuant to this article do not constitute state taxable income to the parent.

§ 22.1-222.3. Policies and procedures; audit.

A. The Department shall establish policies, processes, and procedures for application, audits for compliance with subdivisions C 4 and 5 of § 22.1-222.2, quarterly expense summary administration, renewal, and appeal pursuant to § 22.1-222.2. To the extent practicable, such policies, processes, and procedures shall take advantage of existing Department and resident school division policies, processes, and procedures and third-party automated solutions to minimize cost and improve effectiveness.
