**3. Committee: Senate Courts of Justice**

**4. Title: Psychiatric evaluation of inmate**

**5. Summary:**

Current law establishes a procedure whereby a sheriff or regional jail superintendent can petition the court or a magistrate to commit an inmate to mental health treatment facility. Before the court or magistrate can consider the petition, the local community services board (CSB) or behavioral health authority (BHA) must conduct a preadmission screening of the inmate. The proposed legislation would require that any sheriff or superintendent, who files a petition for the commitment of an inmate, to ensure that the CSB or BHA is advised of the need for a preadmission screening. If the CSB or BHA does not respond upon being advised of the need or does not complete the preadmission screening, the proposed legislation would require the sheriff or superintendent to contact the director or other senior management of the CSB or BHA.

**6. Budget Amendment Necessary: None.**

**8. Fiscal Implications:**

The proposed legislation would not impose any additional service requirements upon sheriffs or superintendents or upon CSBs or BHAs. Therefore, it is not expected to have any fiscal impact.
