Second House	<input type="checkbox"/>	In Committee	<input type="checkbox"/>	Substitute	<input type="checkbox"/>	Enrolled

2. Patron: Edwards

3. Committee: Commerce and Labor

4. Title: Electric utility regulation; agricultural net energy metering.

5. Summary: Electric utility regulation; agricultural net energy metering. Allows an otherwise eligible agricultural customer-generator to participate in an electric utility's net energy metering program if it is to be served by multiple meters located on one parcel or on multiple parcels. Currently, an agricultural customer-generator may be served by multiple meters that are located at separate but contiguous sites. The measure increases the generation capacity limit for agricultural net metering from 500 kilowatts to one megawatt and adds falling water as a type of generating facility that may be used in agricultural net metering.

6. Budget Amendment Necessary: No

7. Fiscal Impact Estimates: No Fiscal Impact on the State Corporation Commission

8. Fiscal Implications: None on the State Corporation Commission

9. Specific Agency or Political Subdivisions Affected: State Corporation Commission

10. Technical Amendment Necessary: No

11. Other Comments: None
