**§ 33.2-214.3. Statewide prioritization for the Commonwealth Mass Transit Fund.**

A. 1. The Board shall develop a prioritization process for the use of funds allocated pursuant to subdivision C 2 of § 33.2-1526.1. Such prioritization process shall be used for the development of the Six-Year Improvement Program adopted annually by the Board pursuant to § 33.2-214. There shall be a separate prioritization process for state of good repair projects and major expansion projects. The prioritization process shall, for state of good repair projects, be based upon transit asset management principles, including federal requirements for Transit Asset Management pursuant to 49 U.S.C. § 5326. The prioritization process shall, for major expansion projects, be based on an objective and quantifiable analysis that considers the following factors relative to the cost of a major expansion project: congestion mitigation, economic development, accessibility, safety, environmental quality, and land use.

2. The Board shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, and other stakeholders in its development of the prioritization process pursuant to this subsection. Further, the Board shall explicitly consider input provided by an applicable metropolitan [ ~~planning~~ planning ] organization or the Northern Virginia Transportation Authority when developing the prioritization process set forth in subdivision 1 for a metropolitan planning area with a population of over 200,000 individuals.

B. The Board shall create for the Department of Rail and Public Transportation a Transit Service Delivery Advisory Committee, consisting of two members appointed by the Virginia Transit Association, one member appointed by the Community Transportation Association of Virginia, one member appointed by the Virginia Municipal League, one member appointed by the Virginia Association of Counties, and three members appointed by the Director of the Department of Rail and Public Transportation, to advise the Department of Rail and Public Transportation in the development of a distribution process for the funds allocated pursuant to subdivision C 1 of § 33.2-1526.1 and how transit systems can incorporate these metrics in their transit development plans. The Transit Service Delivery Advisory Committee shall elect a chairman from among its membership. The Department of Rail and Public Transportation shall provide administrative support to the committee. The Transit Service Delivery Advisory Committee shall meet at least annually and consult with interested stakeholders and hold at least one public hearing and report its findings to the Director of the Department of Rail and Public Transportation. Prior to the Board approving the service delivery factors, the Director of the Department of Rail and Public Transportation along with the chairman of the Transit Service Delivery Advisory Committee shall brief the Senate Committee on Finance, the House Appropriations Committee, and the Senate and House Committees on Transportation on the findings of the Transit Service Delivery Advisory Committee and the Department's recommendation. Before redefining any component of the service delivery factors, the Board shall consult with the Director of the Department of Rail and Public Transportation, the Transit Service Delivery Advisory Committee, and interested stakeholders and provide for a 45-day public comment period.

B. The Board may establish policies for the implementation of this section, including the

60 determination of the state share of operating, capital, and administrative costs related to mass transit.  
61 For purposes of this section, capital costs may include debt service payments on local or agency transit  
62 bonds. Funds may be paid to any local governing body, transportation district commission, or public  
63 service corporation for the purposes as set forth in this section. No funds from the Fund shall be  
64 allocated without a local match from the recipient.

65 C. Each year the Director of the Department of Rail and Public Transportation shall make  
66 recommendations to the Board for the allocation of funds from the Fund. Such recommendations, and  
67 the final allocations approved by the Board, shall adhere to the following:

68 1. Thirty-one percent of the funds shall be allocated to support operating costs of transit providers  
69 and shall be distributed by the Board as follows: (i) the first \$54 million of such funds shall be  
70 distributed to each transit property in the same proportion as its operating expenses bear to the total  
71 statewide operating expenses and shall be spent for purposes deemed to be eligible by the Board and  
72 (ii) the remaining amount of such funds shall be allocated to support operating costs of transit providers  
73 and shall be distributed by the Board on the basis of service delivery factors, based on effectiveness and  
74 efficiency, as established by the Board. Such measures and their relative weight shall be evaluated every  
75 three years and, if redefined by the Board, shall be published and made available for public comment at  
76 least one year in advance of being applied. The Washington Metropolitan Area Transit Authority  
77 (WMATA) shall not be eligible for an allocation of funds pursuant to this subdivision.

78 2. Twelve and one-half percent of the funds shall be allocated for capital purposes and distributed  
79 utilizing the transit capital prioritization process established by the Board pursuant to § 33.2-214.3. The  
80 Washington Metro Area Transit Authority shall not be eligible for an allocation of funds pursuant to  
81 this subdivision.

82 3. Fifty-three and one-half percent of the funds shall be allocated to the Northern Virginia  
83 Transportation Commission for distribution to WMATA for capital purposes and operating assistance, as  
84 determined by the Commission.

85 4. Three percent of the funds shall be allocated for special programs, including ridesharing,  
86 transportation demand management programs, experimental transit, public transportation promotion,  
87 operation studies, and technical assistance, and may be allocated to any local governing body, planning  
88 district commission, transportation district commission, or public transit corporation. Remaining funds  
89 may also be used directly by the Department of Rail and Public Transportation to (i) finance a program  
90 administered by the Department of Rail and Public Transportation designed to promote the use of  
91 public transportation and ridesharing throughout the Commonwealth or (ii) finance up to 80 percent of  
92 the cost of development and implementation of projects with a purpose of enhancing the provision and  
93 use of public transportation services.

94 D. The Board may consider the transfer of funds from subdivisions C 2 and 4 to subdivision C 1 in  
95 times of statewide economic distress or statewide special need.

96 E. The Department of Rail and Public Transportation may reserve a balance of up to five percent of  
97 the Fund revenues in order to ensure stability in providing operating and capital funding to transit  
98 entities from year to year, provided that such balance shall not exceed five percent of revenues in a  
99 given biennium.

100 F. The Board may allocate up to 3.5 percent of the funds set aside for the Fund to support costs of  
101 project development, project administration, and project compliance incurred by the Department of Rail  
102 and Public Transportation in implementing rail, public transportation, and congestion management  
103 grants and programs.

104 G. Funds allocated to the Northern Virginia Transportation Commission (NVTC) for WMATA  
105 pursuant to subdivision C 3 shall be credited to the Counties of Arlington and Fairfax and the Cities of  
106 Alexandria, Fairfax, and Falls Church. Beginning in the fiscal year when service starts on Phase II of  
107 the Silver Line, such funds shall also be credited to Loudoun County. Funds allocated pursuant to this  
108 subsection shall be credited as follows:

109 1. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality  
110 using WMATA's capital formula shall be paid first by NVTC, which shall use 95 percent state aid for  
111 these payments.

112 2. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the  
113 related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall  
114 include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for  
115 NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

116 H. Appropriations from the Fund are intended to provide a stable and reliable source of revenue, as  
117 defined by P.L. 96-184.

118 I. Notwithstanding any other provision of law, funds allocated to WMATA may be disbursed by the  
119 Department of Rail and Public Transportation directly to WMATA or to any other transportation entity  
120 that has an agreement to provide funding to WMATA.

121 J. In any year that the total operating assistance in the approved WMATA budget increases by more

than two percent from the total operating assistance in the prior year's approved WMATA budget, the Board shall withhold an amount equal to 50 percent of the funds available under subdivision C 3. The following items shall not be included in the calculation of any WMATA budget increase: (i) any service, equipment, or facility that is required by any applicable law, rule, or regulation; (ii) any capital project approved by the WMATA Board; and (iii) any payments or obligations of any kind arising from or related to legal disputes or proceedings between or among WMATA and any other person or entity.

**§ 33.2-1907. Members of transportation district commissions.**

A. Any transportation district commission created pursuant to this chapter shall consist of the number of members the component governments shall agree upon, or as may otherwise be provided by law. The governing body of each participating county and city shall appoint from among its members the number of commissioners to which the county or city is entitled; however, for those commissions with powers as set forth in subsection A of § 33.2-1915, the governing body of each participating county or city is not limited to appointing commissioners from among its members. In addition, the governing body may appoint, from its number or otherwise, designated alternate members for those appointed to the commission who shall be able to exercise all of the powers and duties of a commission member when the regular member is absent from commission meetings. Each such appointee shall serve at the pleasure of the appointing body; however, no appointee to a commission with powers as set forth in subsection B of § 33.2-1915 may continue to serve when he is no longer a member of the appointing body. Each governing body shall inform the commission of its appointments to and removals from the commission by delivering to the commission a certified copy of the resolution making the appointment or causing the removal.

The Chairman of the Commonwealth Transportation Board, or his designee, shall be a member of each commission, ex officio with voting privileges. The Chairman of the Commonwealth Transportation Board may appoint an alternate member who may exercise all the powers and duties of the Chairman of the Commonwealth Transportation Board when neither the Chairman of the Commonwealth Transportation Board nor his designee is present at a commission meeting.

The Potomac and Rappahannock Transportation Commission shall also include two members of the House of Delegates and one member of the Senate from legislative districts located wholly or in part within the boundaries of the transportation district. The members of the House of Delegates shall be appointed by the Speaker of the House for terms coincident with their terms of office, and the member of the Senate shall be appointed by the Senate Committee on Rules for a term coincident with his term of office. The members of the General Assembly shall be eligible for reappointment for successive terms. Vacancies occurring other than by expiration of a term shall be filled for the unexpired term. Vacancies shall be filled in the same manner as the original appointments.

The Transportation District Commission of Hampton Roads shall consist of one nonlegislative citizen member appointed by the Governor from each county and city embraced by the transportation district. However, for the gubernatorial appointments that will become effective July 1, 2016, three of the appointments shall be for initial terms of two years and three appointments shall be for terms of four years. Thereafter, all gubernatorial appointments shall be for terms of four years so as to stagger the terms of the gubernatorial appointees. The governing body of each such county or city may appoint either a member of its governing body or its county or city manager to serve as an ex officio member with voting privileges. Every such ex officio member shall be allowed to attend all meetings of the commission that other members may be required to attend. Vacancies shall be filled in the same manner as the original appointments.

B. The Secretary or his designee and ~~any appointed member~~ *the appointee* of the Northern Virginia Transportation Commission are authorized to serve as members of the board of directors of the Washington Metropolitan Area Transit Authority (§ 33.2-3100 et seq.) and while so serving the provisions of § 2.2-2800 shall not apply to such member. In appointing Virginia members of the board of directors of the Washington Metropolitan Area Transit Authority (WMATA), the Northern Virginia Transportation Commission shall include the Secretary or his designee as a principal member on the board of directors of WMATA. Any designee serving as the principal member must reside in a locality served by WMATA.

In selecting ~~from its membership those members~~ *a person* to serve on the board of directors of WMATA, the Northern Virginia Transportation Commission shall comply with the following requirements:

1. A board member shall not have been an employee of WMATA within one year of appointment to serve on the board of directors.

2. A board member shall have (i) experience in at least one of the fields of transit planning, transportation planning, or land use planning; transit or transportation management or other public sector management; engineering; finance; public safety; homeland security; human resources; or the law or (ii) knowledge of the region's transportation issues derived from working on regional transportation issue

183 resolution.

184 3. A board member shall be a regular patron of the services provided by WMATA.

185 4. Board members shall serve a term of four years with a maximum of two consecutive terms. A  
186 board member's term or terms must coincide with his term on the body that appointed him to the  
187 Northern Virginia Transportation Commission. Any vacancy created if a board member cannot fulfill his  
188 term because his term on the appointing body has ended shall be filled for the unexpired term in the  
189 same manner as the member being replaced was appointed within 60 days of the vacancy. The initial  
190 appointments to a four-year term will be as follows: the Secretary, or his designee, for a term of four  
191 years; the second principal member for a term of three years; one alternate for a term of two years; and  
192 the remaining alternate for a term of one year. Thereafter, board members shall be appointed for terms  
193 of four years. Service on the WMATA board of directors prior to July 1, 2012, shall not be considered  
194 in determining length of service. Any person appointed to an initial one-year or two-year term, or  
195 appointed to an unexpired term in which two years or less is remaining, shall be eligible to serve two  
196 consecutive four-year terms after serving the initial or unexpired term.

197 5. Members may be removed from the board of directors of WMATA if they attend fewer than  
198 three-fourths of the meetings in a calendar year; if they are conflicted due to employment at WMATA;  
199 or if they are found to be in violation of the State and Local Government Conflict of Interests Act  
200 (§ 2.2-3100 et seq.). If a board member is removed during a term, the vacancy shall be filled pursuant  
201 to the provisions of subdivision 4.

202 6. Each ~~member of~~ *person appointed by* the Northern Virginia Transportation Commission ~~appointed~~  
203 to the board of directors of WMATA shall file semiannual reports with the Secretary's office beginning  
204 July 1, 2012. The reports shall include (i) the dates of attendance at WMATA board meetings, (ii) any  
205 reasons for not attending a specific meeting, and (iii) dates and attendance at other WMATA-related  
206 public events.

207 7. Each nonelected member of the Northern Virginia Transportation Commission appointed to the  
208 board of directors of WMATA shall be eligible to receive reasonable and necessary expenses and  
209 compensation pursuant to §§ 2.2-2813 and 2.2-2825 from the Northern Virginia Transportation  
210 Commission for attending meetings and for the performance of his official duties as a board member on  
211 that day.

212 Any entity that provides compensation to a WMATA board member for his service on the WMATA  
213 board shall be required to submit on July 1 of each year to the Secretary the amount of that  
214 compensation. Such letter will remain on file with the Secretary's office and be available for public  
215 review.

216 C. When the Northern Virginia Transportation Commission and the Potomac and Rappahannock  
217 Transportation Commission enter into an agreement to operate a commuter railway, the agreement  
218 governing the creation of the railway shall provide that the Chairman of the Commonwealth  
219 Transportation Board or his designee shall have one vote on the oversight board for the railway. For  
220 each year in which the state contribution to the railway is greater than or equal to the highest  
221 contribution from an individual locality, the total annual subsidy as provided by the member localities  
222 used to determine vote weights shall be recalculated to include the Commonwealth contributing an  
223 amount equal to the highest contributing locality. The vote weights shall be recalculated to provide the  
224 Chairman of the Commonwealth Transportation Board or his designee the same weight as the highest  
225 contributing locality. The revised vote weights shall be used in determining the passage of motions  
226 before the oversight board.

227 **§ 33.2-2400. Northern Virginia Transportation District Fund.**

228 A. There is hereby created in the Department of the Treasury a special nonreverting fund that shall  
229 be a part of the Transportation Trust Fund and that shall be known as the Northern Virginia  
230 Transportation District Fund, referred to in this chapter as "the Fund," consisting of transfers pursuant to  
231 § 58.1-816 of annual collections of the state recordation taxes attributable to the Cities of Alexandria,  
232 Fairfax, Falls Church, Manassas, and Manassas Park and the Counties of Arlington, Fairfax, Loudoun,  
233 and Prince William; however, this dedication shall not affect the local recordation taxes under subsection  
234 B of § 58.1-802 and § 58.1-814. The Fund shall also include any public rights-of-way use fees  
235 appropriated by the General Assembly; any state or local revenues, including any funds distributed  
236 pursuant to § 33.2-366, that may be deposited into the Fund pursuant to a contract between a jurisdiction  
237 participating in the Northern Virginia Transportation District Program and the Commonwealth  
238 Transportation Board; and any other funds as may be appropriated by the General Assembly and  
239 designated for the Fund and all interest, dividends, and appreciation that may accrue thereto. Any  
240 moneys remaining in the Fund at the end of a biennium shall not revert to the general fund, but shall  
241 remain in the Fund, subject to the determination by the Commonwealth Transportation Board that a  
242 Category 2, 3, or 4 project may be funded.

243 B. Allocations from the Fund may be paid (i) to any authority, locality, or commission for the  
244 purposes of paying the costs of the Northern Virginia Transportation District Program, which consists of

the following: the Fairfax County Parkway, the Route 234 Bypass, Metrorail capital improvements attributable to Fairfax County including Metro parking expansions, Metrorail capital improvements including the Franconia-Springfield Metrorail Station and new rail car purchases, the Route 7 improvements in Loudoun County and Fairfax County, the Route 50/Courthouse Road interchange improvements in Arlington County, the Route 28/Route 625 interchange improvements in Loudoun County, Metrorail capital improvements attributable to the City of Alexandria including the King Street Metrorail Station access, Metrorail capital improvements attributable to Arlington County including Ballston Station improvements, the Route 15 safety improvements in Loudoun County, the Route 28 parallel roads in Loudoun County, the Route 28/Sterling Boulevard interchange in Loudoun County, the Route 1/Route 123 interchange improvements in Prince William County, the Lee Highway improvements in the City of Fairfax, the Route 123 improvements in Fairfax County, the Telegraph Road improvements in Fairfax County, the Route 123 Occoquan River Bridge, Gallows Road in Fairfax County, the Route 1/Route 234 interchange improvements in Prince William County, the Potomac-Rappahannock Transportation Commission bus replacement program, and the Dulles Corridor Enhanced Transit program and (ii) for Category 4 projects as provided in § 2 of the act or acts authorizing the issuance of Bonds for the Northern Virginia Transportation District Program.

C. On or before July 15, 1994, \$19 million shall be transferred to the Fund. Such transfer shall be made by the issuance of a treasury loan at no interest in the amount of \$19 million in the event such an amount is not included for the Fund in the general appropriation act enacted by the 1994 Session of the General Assembly. Such treasury loan shall be repaid from the Commonwealth's portion of the state recordation tax imposed by Chapter 8 (§ 58.1-800 et seq.) of Title 58.1 designated for the Fund by this section and § 58.1-816.

*D. Beginning in fiscal year 2019, \$20 million each year shall be transferred from the Fund to the Washington Metropolitan Area Transit Authority Capital Fund established pursuant to § 33.2-2401.*

**§ 33.2-2401. Northern Virginia Transportation District Program.**

A. The General Assembly declares it to be in the public interest that the economic development needs and economic growth potential of Northern Virginia be addressed by a special transportation program to provide for the costs of providing an adequate, modern, safe, and efficient transportation network in Northern Virginia that shall be known as the Northern Virginia Transportation District Program (the Program), including environmental and engineering studies, rights-of-way acquisition, construction, improvements to all modes of transportation, and financing costs. The Program consists of the projects listed in clause (i) of subsection B of § 33.2-2400.

B. Allocations to the Program from the Fund shall be made annually by the Commonwealth Transportation Board for the creation and enhancement of a safe and efficient transportation system connecting the communities, businesses, places of employment, and residences of the Commonwealth, thereby enhancing the economic development potential, employment opportunities, mobility, and quality of life in the Commonwealth.

C. Except in the event that the Fund is insufficient to pay for the costs of the Program, allocations to the Program shall not diminish or replace allocations made from other sources or diminish allocations to which any district, system, or locality would be entitled under other provisions of this title but shall be supplemental to other allocations to the end that transportation improvements in the Northern Virginia Transportation District may be accelerated and augmented. Allocations under this subsection shall be limited to projects specified in subdivision 12 of § 33.2-1700.

D. The Commonwealth Transportation Board may expend such funds from all sources as may be lawfully available to initiate the Program and to support bonds and other obligations referenced in subsection E and in subsection B of § 33.2-2400.

E. The Commonwealth Transportation Board is authorized to receive, dedicate, or use (i) first from revenues received from the Fund; (ii) to the extent required, funds ~~appropriated and allocated, pursuant to the highway allocation formula as provided by law, to the highway construction district in which the project or projects to be financed are located or to the city or county in which the project or projects to be financed are located~~ *available for distribution after providing for subsection B of § 33.2-358*; (iii) to the extent required, legally available revenues of the Transportation Trust Fund; and (iv) such other funds that may be appropriated by the General Assembly for the payment of bonds or other obligations, including interest thereon, issued in furtherance of the Program. No such bond or other obligations shall pledge the full faith and credit of the Commonwealth.

**§ 33.2-2509. Northern Virginia Transportation Authority Fund.**

There is hereby created in the state treasury a special nonreverting fund for Planning District 8 to be known as the Northern Virginia Transportation Authority Fund, referred to in this chapter as "the Fund." The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to §§ 58.1-638, and 58.1-802.2, ~~and 58.1-1742~~, any other funds that may be appropriated by the General Assembly, and any funds that may be received for the credit of the Fund from any other

source shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund.

The amounts dedicated to the Fund pursuant to §§ 58.1-638; ~~and 58.1-802.2; and 58.1-1742~~ shall be deposited monthly by the Comptroller into the Fund and thereafter distributed to the Authority as soon as practicable for use in accordance with § 33.2-2510. If the Authority determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transportation projects pursuant to § 33.2-2510, the Authority may invest such excess moneys to the same extent as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust Fund.

The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating jurisdictions. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.

**§ 33.2-2510. Use of certain revenues by the Authority.**

A. All moneys received by the Authority and the proceeds of bonds issued pursuant to § 33.2-2511 shall be used by the Authority solely for transportation purposes benefiting those counties and cities that are embraced by the Authority. *Any moneys used by the Authority for the capital needs of the Washington Metropolitan Area Transit Authority (WMATA) pursuant to subdivision B 3 shall be determined to have been used solely for transportation purposes benefiting those counties and cities that are embraced by the Authority, provided that such moneys are used to pay the Commonwealth's share of the capital needs of WMATA as determined in the Authority's adopted annual budget.*

B. 1. Except as provided in ~~subdivision~~ subdivisions 2 and 3, 30 percent of the revenues received by the Authority under subsection A shall be distributed on a pro rata basis, with each locality's share being the total of such fee and taxes received by the Authority that are generated or attributable to the locality divided by the total of such fee and taxes received by the Authority. Of the revenues distributed pursuant to this subsection, as determined solely by the applicable locality, such revenues shall be used for additional urban or secondary highway construction, for other capital improvements that reduce congestion, for other transportation capital improvements that have been approved by the most recent long-range transportation plan adopted by the Authority, or for public transportation purposes. None of the revenue distributed by this subsection may be used to repay debt issued before July 1, 2013. Each locality shall create a separate, special fund in which all revenues received pursuant to this subsection and from the tax imposed pursuant to § 58.1-3221.3 shall be deposited. Each locality shall provide annually to the Authority sufficient documentation as required by the Authority showing that the funds distributed under this subsection were used as required by this subsection.

2. If a locality has not deposited into its special fund (i) revenues from the tax collected under § 58.1-3221.3 pursuant to the maximum tax rate allowed under that section or (ii) an amount, from sources other than moneys received from the Authority, that is equivalent to the revenue that the locality would receive if it was imposing the maximum tax authorized by § 58.1-3221.3, then the amount of revenue distributed to the locality pursuant to subdivision 1 shall be reduced by the difference between the amount of revenue that the locality would receive if it was imposing the maximum tax authorized by such section and the amount of revenue deposited into its special fund pursuant to clause (i) or (ii), as applicable. The amount of any such reduction in revenue shall be redistributed according to subsection E. The provisions of this subdivision shall be ongoing and apply over annual periods as determined by the Authority.

3. *Prior to the distribution of revenues pursuant to subdivision B 1, \$45 million annually shall be transferred to the WMATA Capital Fund established pursuant to § 33.2-3401.*

C. 1. The remaining 70 percent of the revenues received by the Authority under subsection A, plus the amount of any revenue to be redistributed pursuant to subsection B, shall be used by the Authority solely to fund transportation projects selected by the Authority that are contained in the regional transportation plan in accordance with § 33.2-2500 and that have been rated in accordance with § 33.2-257. For only those regional funds received in fiscal year 2014, the requirement for rating in accordance with § 33.2-257 shall not apply. The Authority shall give priority to selecting projects that are expected to provide the greatest congestion reduction relative to the cost of the project and shall document this information for each project selected. Such projects selected by the Authority for funding shall be located (i) only in localities embraced by the Authority or (ii) in adjacent localities but only to the extent that such extension is an insubstantial part of the project and is essential to the viability of the project within the localities embraced by the Authority.

2. Not less than 15 days prior to any decision by the Authority for the expenditure of funds pursuant to subdivision 1 for any project to create or improve any transportation facility, the Authority shall make

the following publicly available: (i) the project evaluation pursuant to § 33.2-257, (ii) the total amount of funds from the Authority to be used for the project, (iii) the total amount of funds from sources other than the Authority to be used for the project, and (iv) any other rating or scoring of other factors to be taken into account by the Authority related to each such transportation facility.

3. All transportation projects undertaken by the Authority shall be completed by private contractors accompanied by performance measurement standards, and all contracts shall contain a provision granting the Authority the option to terminate the contract if contractors do not meet such standards. Notwithstanding the foregoing, any locality may provide engineering services or right-of-way acquisition for any project with its own forces. The Authority shall avail itself of the strategies permitted under the Public-Private Transportation Act (§ 33.2-1800 et seq.) whenever feasible and advantageous. The Authority is independent of any state or local entity, including the Department and the Commonwealth Transportation Board, but the Authority, the Department, and the Commonwealth Transportation Board shall consult with one another to avoid duplication of efforts and, at the option of the Authority, may combine efforts to complete specific projects. Notwithstanding the foregoing, at the request of the Authority, the Department may provide the Authority with engineering services or right-of-way acquisition for the project with its own forces.

4. With regard to the revenues distributed under subdivision 1, each locality's total long-term benefit shall be approximately equal to the proportion of the total of the fees and taxes received by the Authority that are generated by or attributable to the locality divided by the total of such fees and taxes received by the Authority.

D. For road construction and improvements pursuant to subsection B, the Department may, on a reimbursement basis, provide the locality with planning, engineering, right-of-way, and construction services for projects funded in whole by the revenues provided to the locality by the Authority.

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall receive less than \$50,000 nor more than \$2 million per year from this provision.

b. Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever airports on a discretionary basis, except airports owned or leased by MWAA.

c. Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports on a discretionary basis.

3a. There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the Commonwealth Space Flight Fund. The Commonwealth Space Flight Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. b. Commonwealth Space Flight Fund revenue shall be allocated by the Board of Directors to the Virginia Commercial Space Flight Authority in order to foster and stimulate the growth of the commercial space flight industry in Virginia.

4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass Transit Fund.

a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall be credited to the Fund. If funds in subdivision 4 b (1)(e) or 4 b (2)(d) are allocated to the construction of a new fixed rail project, such project shall be evaluated according to the process established pursuant to subsection B of § 33.2-214.1. Funds may be paid to any local governing body, transportation district commission, or public service corporation for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section § 33.2-1526.1 shall be used to support the operating, capital, and administrative costs of public transportation at a state share determined by the Commonwealth Transportation Board, and these amounts may be used to support the capital project costs of public transportation and ridesharing equipment, facilities, and associated costs at a state share determined by the Commonwealth Transportation Board. Capital costs may include debt service payments on local or agency transit bonds. In making these determinations, the Commonwealth Transportation Board shall confer with the Director of the Department of Rail and Public Transportation. In development of the Director's recommendation and subsequent allocation of funds by the Commonwealth Transportation Board, the Director of the Department of Rail and Public Transportation and the Commonwealth Transportation Board shall adhere to the following:

(1) For the distribution of revenues from the Commonwealth Mass Transit Fund, of those revenues generated in 2014 and thereafter, the first \$160 million in revenues or the maximum available revenues if less than \$160 million shall be distributed by the Commonwealth Transportation Board as follows:

(a) Funds for special programs, which shall include ridesharing, transportation demand management programs, experimental transit, public transportation promotion, operation studies, and technical assistance, shall not exceed 3 percent of the funds pursuant to this section and may be allocated to any local governing body, planning district commission, transportation district commission, or public transit corporation, or may be used directly by the Department of Rail and Public Transportation for the following purposes and aid of public transportation services:

(i) To finance a program administered by the Department of Rail and Public Transportation designed

552 to promote the use of public transportation and ridesharing throughout Virginia.

553 (ii) To finance up to 80 percent of the cost of the development and implementation of projects where  
554 the purpose of such project is to enhance the provision and use of public transportation services.

555 (b) At least 72 percent of the funds shall be distributed to each transit property in the same  
556 proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for  
557 the purposes specified in subdivision 4 b.

558 (c) Twenty-five percent of the funds shall be allocated and distributed utilizing a tiered approach  
559 evaluated by the Transit Service Delivery Advisory Committee along with the Director of the  
560 Department of Rail and Public Transportation and established by the Commonwealth Transportation  
561 Board for capital purposes based on asset need and anticipated state participation level and revenues.  
562 The tier distribution measures may be evaluated by the Transit Service Delivery Advisory Committee  
563 along with the Director of the Department of Rail and Public Transportation every three years and, if  
564 redefined by the Board, shall be published at least one year in advance of being applied. Funds allocated  
565 for debt service payments will be included in the tier that applies to the capital asset that is leveraged.

566 (d) Transfer of funds from funding categories in subdivisions 4 b (1)(a) and 4 b (1)(c) to 4 b (1)(b)  
567 shall be considered by the Commonwealth Transportation Board in times of statewide economic distress  
568 or statewide special need.

569 (2) The Commonwealth Transportation Board shall allocate the remaining revenues after the  
570 application of the provisions set forth in subdivision 4 b (1) generated for the Commonwealth Mass  
571 Transit Fund for 2014 and succeeding years as follows:

572 (a) Funds pursuant to this section shall be distributed among operating, capital, and special projects  
573 in order to respond to the needs of the transit community.

574 (b) Of the funds pursuant to this section, at least 72 percent shall be allocated to support operating  
575 costs of transit providers and distributed by the Commonwealth Transportation Board based on service  
576 delivery factors, based on effectiveness and efficiency, as established by the Commonwealth  
577 Transportation Board. These measures and their relative weight shall be evaluated every three years and,  
578 if redefined by the Commonwealth Transportation Board, shall be published and made available for  
579 public comment at least one year in advance of being applied. In developing the service delivery factors,  
580 the Commonwealth Transportation Board shall create for the Department of Rail and Public  
581 Transportation a Transit Service Delivery Advisory Committee, consisting of two members appointed by  
582 the Virginia Transit Association, one member appointed by the Community Transportation Association  
583 of Virginia, one member appointed by the Virginia Municipal League, one member appointed by the  
584 Virginia Association of Counties, and three members appointed by the Director of the Department of  
585 Rail and Public Transportation, to advise the Department of Rail and Public Transportation in the  
586 development of a distribution process for the funds allocated pursuant to this subdivision 4 b (2)(b) and  
587 how transit systems can incorporate these metrics in their transit development plans. The Transit Service  
588 Delivery Advisory Committee shall elect a Chair. The Department of Rail and Public Transportation  
589 shall provide administrative support to the committee. Effective July 1, 2013, the Transit Service  
590 Delivery Advisory Committee shall meet at least annually and consult with interested stakeholders and  
591 hold at least one public hearing and report its findings to the Director of the Department of Rail and  
592 Public Transportation. Prior to the Commonwealth Transportation Board approving the service delivery  
593 factors, the Director of the Department of Rail and Public Transportation along with the Chair of the  
594 Transit Service Delivery Advisory Committee shall brief the Senate Committee on Finance, the House  
595 Appropriations Committee, and the Senate and House Committees on Transportation on the findings of  
596 the Transit Service Delivery Advisory Committee and the Department's recommendation. Before  
597 redefining any component of the service delivery factors, the Commonwealth Transportation Board shall  
598 consult with the Director of the Department of Rail and Public Transportation, Transit Service Delivery  
599 Advisory Committee, and interested stakeholders and provide for a 45-day public comment period. Prior  
600 to approval of any amendment to the service delivery measures, the Board shall notify the  
601 aforementioned committees of the pending amendment to the service delivery factors and its content.

602 (c) Funds for special programs, which shall include ridesharing, transportation demand management  
603 programs, experimental transit, public transportation promotion, operation studies, and technical  
604 assistance, shall not exceed 3 percent of the funds pursuant to this section and may be allocated to any  
605 local governing body, planning district commission, transportation district commission, or public transit  
606 corporation, or may be used directly by the Department of Rail and Public Transportation for the  
607 following purposes and aid of public transportation services:

608 (i) To finance a program administered by the Department of Rail and Public Transportation designed  
609 to promote the use of public transportation and ridesharing throughout Virginia.

610 (ii) To finance up to 80 percent of the cost of the development and implementation of projects where  
611 the purpose of such project is to enhance the provision and use of public transportation services.

612 (d) Of the funds pursuant to this section, 25 percent shall be allocated and distributed utilizing a  
613 tiered approach evaluated by the Transit Service Delivery Advisory Committee along with the Director

of Rail and Public Transportation and established by the Commonwealth Transportation Board for capital purposes based on asset need and anticipated state participation level and revenues. The tier distribution measures may be evaluated by the Transit Service Delivery Advisory Committee along with the Director of Rail and Public Transportation every three years and, if redefined by the Board, shall be published at least one year in advance of being applied. Funds allocated for debt service payments shall be included in the tier that applies to the capital asset that is leveraged.

(e) Transfer of funds from funding categories in subdivisions 4 b (2)(c) and 4 b (2)(d) to 4 b (2)(b) shall be considered by the Commonwealth Transportation Board in times of statewide economic distress or statewide special need.

(f) The Department of Rail and Public Transportation may reserve a balance of up to five percent of the Commonwealth Mass Transit Fund revenues under this subsection in order to assure better stability in providing operating and capital funding to transit entities from year to year.

(3) The Commonwealth Mass Transit Fund shall not be allocated without requiring a local match from the recipient.

c. There is hereby created in the Department of the Treasury a special nonreverting fund known as the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be established on the books of the Comptroller and consist of such moneys as are appropriated to it by the General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given, bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in § 33.2-1800 and for purposes as enumerated in subdivision 7 of § 33.2-1701 or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. If revenues of the Commonwealth Transit Capital Fund are allocated to the construction of a new fixed rail project, such project shall be evaluated according to the process established pursuant to subsection B of § 33.2-214.1. The Commonwealth Transit Capital Fund shall not be allocated without requiring a local match from the recipient.

d. The Commonwealth Transportation Board may allocate up to three and one-half percent of the funds set aside for the Commonwealth Mass Transit Fund to support costs of project development, project administration, and project compliance incurred by the Department of Rail and Public Transportation in implementing rail, public transportation, and congestion management grants and programs.

5. Funds for Metro shall be paid by the Northern Virginia Transportation Commission (NVTC) to the Washington Metropolitan Area Transit Authority (WMATA) and be a credit to the Counties of Arlington and Fairfax and the Cities of Alexandria, Falls Church, and Fairfax in the following manner:

a. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC. NVTC shall use 95 percent state aid for these payments.

b. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

Appropriations from the Commonwealth Mass Transit Fund are intended to provide a stable and reliable source of revenue as defined by Public Law 96-184.

6. Notwithstanding any other provision of law, funds allocated to Metro may be disbursed by the Department of Rail and Public Transportation directly to Metro or to any other transportation entity that has an agreement to provide funding to Metro.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury

675 during each month, and such distribution shall be made as soon as practicable after the close of each  
676 such month.

677 D. The net revenue so distributable among the counties and cities shall be apportioned and  
678 distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five  
679 to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such  
680 population estimate produced by the Weldon Cooper Center for Public Service of the University of  
681 Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are  
682 dependents living on any federal military or naval reservation or other federal property within the school  
683 division in which the institutions or federal military or naval reservation or other federal property is  
684 located. Such population estimate produced by the Weldon Cooper Center for Public Service of the  
685 University of Virginia shall account for members of the military services who are under 20 years of age  
686 within the school division in which the parents or guardians of such persons legally reside. Such  
687 population estimate produced by the Weldon Cooper Center for Public Service of the University of  
688 Virginia shall account for individuals receiving services in state hospitals, state training centers, or  
689 mental health facilities, persons who are confined in state or federal correctional institutions, or persons  
690 who attend the Virginia School for the Deaf and the Blind within the school division in which the  
691 parents or guardians of such persons legally reside. Such population estimate produced by the Weldon  
692 Cooper Center for Public Service of the University of Virginia shall account for persons who attend  
693 institutions of higher education within the school division in which the student's parents or guardians  
694 legally reside. To such estimate, the Department of Education shall add the population of students with  
695 disabilities, ages two through four and 20 through 21, as provided to the Department of Education by  
696 school divisions. The revenue so apportionable and distributable is hereby appropriated to the several  
697 counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other  
698 expenses incurred in the operation of the public schools, which shall be considered as funds raised from  
699 local resources. In any county, however, wherein is situated any incorporated town constituting a school  
700 division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays,  
701 debt and interest payments, or other expenses incurred in the operation of the public schools, the proper  
702 proportionate amount received by him in the ratio that the school population of such town bears to the  
703 school population of the entire county. If the school population of any city or of any town constituting a  
704 school division is increased by the annexation of territory since the last estimate of school population  
705 provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this  
706 section, be added to the school population of such city or town as shown by the last such estimate and a  
707 proper reduction made in the school population of the county or counties from which the annexed  
708 territory was acquired.

709 E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a  
710 two percent sales and use tax, up to an annual amount of \$13 million, collected from the sales of  
711 hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment,  
712 wildlife-watching equipment, and auxiliary wildlife-watching equipment in Virginia, as estimated by the  
713 most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of  
714 Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated  
715 Recreation, shall be paid into the Game Protection Fund established under § 29.1-101 and shall be used,  
716 in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the  
717 Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be  
718 dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established  
719 under § 29.1-101.01, is equal to or in excess of \$35 million, any portion of sales and use tax revenues  
720 that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess  
721 of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board  
722 and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the  
723 balance in the Capital Improvement Fund is less than \$35 million.

724 F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales  
725 and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the  
726 General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the  
727 Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under  
728 § 58.1-638.1 an amount equivalent to one-half of the net revenue generated from such one-half percent  
729 increase as provided in this subdivision. The transfers to the Public Education Standards of  
730 Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the  
731 net revenue generated (and collected in the succeeding month) from such one-half percent increase for  
732 the month of August 2004 and for each month thereafter.

733 2. Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the  
734 revenue generated by a 0.125 percent sales and use tax shall be distributed to the Public Education  
735 Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1, and be

7. That (i) the Washington Metropolitan Area Transit Authority (WMATA) was established pursuant to an interstate compact between Virginia, Maryland, and the District of Columbia to operate a regional mass transit system in the Washington, D.C., metropolitan area; (ii) WMATA is currently the second largest rapid heavy rail mass transportation system and the sixth largest bus mass transportation system in the United States; (iii) Section 16 of the WMATA compact embodies the funding principle that "the payment of the costs shall be borne by the persons using or benefiting from the Authority's facilities and services and any remaining costs shall be equitably shared among the federal, District of Columbia and participating local governments"; (iv) the operation of the rapid heavy rail mass transportation system and the bus mass transportation system by WMATA provides particular and substantial benefit to the persons living, traveling, commuting, and working in those localities embraced by the Northern Virginia Transportation Commission; (v) the benefits to such persons include not only access to the rapid heavy rail mass transportation system and the bus mass transportation system operated by WMATA but also the lessened congestion on roadways and highways as a result of such operations; and (vi) on a typical weekday more than 340,000 trips are taken on WMATA in Virginia. In doing so, the Secretary shall develop, propose, and seek agreement on reforms related to the following: (i) the legal and organizational structure of WMATA; (ii) the composition and qualifications of the WMATA Board of Directors and the length of terms of its members, including the adoption of provisions that directors need not be required to hold public office and shall be appointed by each signatory on the basis of expertise and experience gained outside of government service in the operation of large transportation enterprises; (iii) labor costs and labor relations; (iv) the elimination of the mandatory binding-arbitration provision associated with union contract negotiations and the adoption of a provision that no employee of WMATA or employee of any WMATA contractor be required to have membership in a labor union as a condition of employment; (v) measures necessary to resolve WMATA's \$2.5 billion unfunded pension liability; (vi) the transition of the employee pension plans to defined contribution plans, and other postemployment benefits issues; (vii) implementation of the provisions of the Compact by the WMATA Board of Directors, management, and employees; (viii) measures necessary to better ensure the safety of riders and employees, including safety in the event of a homeland security emergency in the national capital area; (ix) financial and operations improvements necessary to ensure that WMATA's performance is at least as efficient as its closest comparable transit systems in the United States in terms of expense per passenger mile, vehicle revenue mile, and vehicle revenue hour; and (x) other possible changes to the Compact that the Secretary may consider appropriate after consultation with the Chairmen of the House and Senate Committees on Transportation and the Metro Reform Commission established pursuant to § 33.2-3100.1 of the Code of Virginia, as created by this act. The Secretary shall report to and consult quarterly with, beginning July 1, 2018, the Chairmen of the House and Senate Committees on Transportation and the Metro Reform Commission regarding activity undertaken in accordance with this enactment.

10. That should any portion of this act be held unconstitutional by a court of competent jurisdiction, the remaining portions shall remain in effect.
