Offered January 19, 2018

Patron—Convirs-Fowler

Referred to Committee on Privileges and Elections

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-802, as it is currently effective and as it shall become effective, and 24.2-814 of the Code of Virginia are amended and reenacted as follows:

§ 24.2-802. (Effective until July 1, 2020) Procedure for recount.

A. The State Board of Elections shall promulgate standards for (i) the proper handling and security of voting and counting machines, ballots, and other materials required for a recount, (ii) accurate determination of votes based upon objective evidence and taking into account the counting machine and form of ballots approved for use in the Commonwealth, and (iii) any other matters that will promote a timely and accurate resolution of the recount. The chief judge of the circuit court or the full recount court may, consistent with State Board of Elections standards, resolve disputes over the application of the standards and direct all other appropriate measures to ensure the proper conduct of the recount.

The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting and counting machines in use in the election district.

In preparation for the recount, the clerks of the circuit courts shall (a) secure all printed ballots and other election materials in sealed boxes; (b) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (c) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (d) certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.

B. Within seven calendar days of the filing of the petition for a recount of any election other than an election for presidential electors, or within five calendar days of the filing of a petition for a recount of an election for presidential electors, the chief judge of the circuit court shall call a preliminary hearing at which (i) motions may be disposed of and (ii) the rules of procedure may be fixed, both subject to review by the full court. As part of the preliminary hearing, the chief judge may permit the petitioner and his counsel, together with each other party and his counsel and at least two members of the electoral board and the custodians, to examine any direct recording electronic machine of the type that prints returns when the print-out sheets are not clearly legible. The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall also have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting and counting machines and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.

The chief judge, subject to review by the full court, may set the place or places for the recount and may order the delivery of election materials to a central location and the transportation of voting and counting machines to a central location in each county or city under appropriate safeguards.

After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all motions shall be disposed of and the rules of procedure shall be fixed finally. The court shall call for the advice and cooperation of the Department, the State Board, or any local electoral board, as appropriate, and such boards or agency shall have the duty and authority to assist the court. The court shall fix procedures that shall provide for the accurate determination of votes in the election.

The determination of the votes in a recount shall be based on votes cast in the election and shall not take into account (a) any absentee ballots or provisional ballots sought to be cast but ruled invalid and not cast in the election, (b) ballots cast only for administrative or test purposes and voided by the officers of election, or (c) ballots spoiled by a voter and replaced with a new ballot.

The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be used pursuant to § 24.2-803 in contesting the results of an election.

C. The court shall permit each candidate, or petitioner and governing body or chief executive officer, to select an equal number of the officers of election to be recount officials and to count printed ballots,

INTRODUCED

HB1589

59 or in the case of direct recording electronic machines, to redetermine the vote. The number shall be
60 fixed by the court and be sufficient to conduct the recount within a reasonable period. The court may
61 permit each party to the recount to submit a list of alternate officials in the number the court directs.
62 There shall be at least one team of recount officials to recount printed ballots and to redetermine the
63 vote cast on direct recording electronic machines of the type that prints returns for the election district at
64 large in which the recount is being held. There shall be at least one team from each locality using ballot
65 scanner machines to insert the ballots into one or more scanners. The ballot scanner machines shall be
66 programmed to count only votes cast for parties to the recount or for or against the question in a
67 referendum recount. Each team shall be composed of one representative of each party.

68 The court may provide that if, at the time of the recount, any recount official fails to appear, the
69 remaining recount officials present shall appoint substitute recount officials who shall possess the same
70 qualifications as the recount officials for whom they substitute. The court may select pairs of recount
71 coordinators to serve for each county or city in the election district who shall be members of the county
72 or city electoral board and represent different political parties. The court shall have authority to summon
73 such officials and coordinators. On the request of any party to the recount, the court shall allow that
74 party to appoint one representative observer for each team of recount officials. The representative
75 observers shall have an unobstructed view of the work of the recount officials. The expenses of its
76 representatives shall be borne by each party.

77 D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used
78 and any or all ballots cast at the election, or may assume supervision thereof through the recount
79 coordinators and officials.

80 The redetermination of the vote in a recount shall be conducted as follows:

81 1. For paper ballots, the recount officials shall hand count the paper ballots using the standards
82 promulgated by the State Board pursuant to subsection A.

83 2. For direct recording electronic machines (DREs), the recount officials shall open the envelopes
84 with the printouts and read the results from the printouts. If the printout is not clear, or on the request
85 of the court, the recount officials shall rerun the printout from the machine or examine the counters as
86 appropriate.

87 3. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots
88 through a scanner programmed to count only the votes for the office or issue in question in the recount
89 and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set
90 aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be
91 programmed to meet the programming requirements of this subdivision, shall be hand counted using the
92 standards promulgated by the State Board pursuant to subsection A. If the total number of
93 machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by
94 the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on
95 ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards
96 promulgated by the State Board pursuant to subsection A. Prior to running the machine-readable ballots
97 through the ballot scanner machine, the recount officials shall ensure that logic and accuracy tests have
98 been successfully performed on each scanner after the scanner has been programmed. The result
99 calculated for ballots accepted by the ballot scanner machine during the recount shall be considered the
100 correct determination for those machine-readable ballots unless the court finds sufficient cause to rule
101 otherwise.

102 There shall be only one redetermination of the vote in each precinct.

103 At the conclusion of the recount of each precinct, the recount officials shall write down (i) the
104 number of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from
105 the ballots cast as shown on the statement of results if the ballots cannot be found, for each of the two
106 candidates or for and against the question and (ii) *the number of ballots for which there is a question*
107 *regarding the ballot's validity*. They shall submit the *questioned* ballots or the statement of results used,
108 ~~as to the validity of which questions exist,~~ to the court. The written statement of any one recount
109 official challenging a ballot shall be sufficient to require its submission to the court. If, on all direct
110 recording electronic machines, the number of persons voting in the election, or the number of votes cast
111 for the office or on the question, totals more than the number of names on the pollbooks of persons
112 voting on the voting machines, the figures recorded by the machines shall be accepted as correct.

113 E. At the conclusion of the recount of all precincts, after allowing the parties to inspect the
114 questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned
115 ballots *properly before it* and votes. *Only those questioned ballots whose validity was challenged during*
116 *the recount of the precinct shall be properly before the recount court*. After determining all matters
117 pertaining to the recount and redetermination of the vote as raised by the parties, the court shall certify
118 to the State Board and the electoral board or boards ~~(a)~~ (i) the vote for each party to the recount and
119 declare the person who received the higher number of votes to be nominated or elected, as appropriate,
120 or ~~(b)~~ (ii) the votes for and against the question and declare the outcome of the referendum. The

Department shall post on the Internet any and all changes made during the recount to the results as previously certified by it pursuant to § 24.2-679.

~~E.~~ *F.* Costs of the recount shall be assessed against the counties and cities comprising the election district when (i) the candidate petitioning for the recount is declared the winner; (ii) the petitioners in a recount of a referendum win the recount; or (iii) there was between the candidate apparently nominated or elected and the candidate petitioning for the recount a difference of not more than one-half of one percent of the total vote cast for the two such candidates as determined by the State Board or electoral board prior to the recount. Otherwise the costs of the recount shall be assessed against the candidate petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

~~F.~~ *G.* The court shall determine the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

~~G.~~ *H.* Any petitioner who may be assessed with costs under subsection E shall post a bond with surety with the court in the amount of \$10 per precinct in the area subject to recount. If the petitioner wins the recount, the bond shall not be forfeit. If the petitioner loses the recount, the bond shall be forfeit only to the extent of the assessed costs. If the assessed costs exceed the bond, he shall be liable for such excess.

~~H.~~ *I.* The recount proceeding shall be final and not subject to appeal.

~~I.~~ *J.* For the purposes of this section:

"Overvote" means a ballot on which a voter casts a vote for a greater number of candidates or positions than the number for which he was lawfully entitled to vote and no vote shall be counted with respect to that office or issue.

"Undervote" means a ballot on which a voter casts a vote for a lesser number of candidates or positions than the number for which he was lawfully entitled to vote.

§ 24.2-802. (Effective July 1, 2020) Procedure for recount.

A. The State Board of Elections shall promulgate standards for (i) the proper handling and security of voting systems, ballots, and other materials required for a recount, (ii) accurate determination of votes based upon objective evidence and taking into account the voting system and form of ballots approved for use in the Commonwealth, and (iii) any other matters that will promote a timely and accurate resolution of the recount. The chief judge of the circuit court or the full recount court may, consistent with State Board of Elections standards, resolve disputes over the application of the standards and direct all other appropriate measures to ensure the proper conduct of the recount.

The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting systems in use in the election district.

In preparation for the recount, the clerks of the circuit courts shall (a) secure all printed ballots and other election materials in sealed boxes; (b) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (c) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (d) certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.

B. Within seven calendar days of the filing of the petition for a recount of any election other than an election for presidential electors, or within five calendar days of the filing of a petition for a recount of an election for presidential electors, the chief judge of the circuit court shall call a preliminary hearing at which (i) motions may be disposed of and (ii) the rules of procedure may be fixed, both subject to review by the full court. The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting systems and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.

The chief judge, subject to review by the full court, may set the place or places for the recount and may order the delivery of election materials to a central location and the transportation of voting systems to a central location in each county or city under appropriate safeguards.

After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all motions shall be disposed of and the rules of procedure shall be fixed finally. The court shall call for the advice and cooperation of the Department, the State Board, or any local electoral board, as appropriate, and such boards or agency shall have the duty and authority to assist the court. The court

182 shall fix procedures that shall provide for the accurate determination of votes in the election.

183 The determination of the votes in a recount shall be based on votes cast in the election and shall not
184 take into account (a) any absentee ballots or provisional ballots sought to be cast but ruled invalid and
185 not cast in the election, (b) ballots cast only for administrative or test purposes and voided by the
186 officers of election, or (c) ballots spoiled by a voter and replaced with a new ballot.

187 The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the
188 filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be
189 used pursuant to § 24.2-803 in contesting the results of an election.

190 C. The court shall permit each candidate, or petitioner and governing body or chief executive officer,
191 to select an equal number of the officers of election to be recount officials and to count printed ballots.
192 The number shall be fixed by the court and be sufficient to conduct the recount within a reasonable
193 period. The court may permit each party to the recount to submit a list of alternate officials in the
194 number the court directs. There shall be at least one team from each locality using ballot scanner
195 machines to insert the ballots into one or more scanners. The ballot scanner machines shall be
196 programmed to count only votes cast for parties to the recount or for or against the question in a
197 referendum recount. Each team shall be composed of one representative of each party.

198 The court may provide that if, at the time of the recount, any recount official fails to appear, the
199 remaining recount officials present shall appoint substitute recount officials who shall possess the same
200 qualifications as the recount officials for whom they substitute. The court may select pairs of recount
201 coordinators to serve for each county or city in the election district who shall be members of the county
202 or city electoral board and represent different political parties. The court shall have authority to summon
203 such officials and coordinators. On the request of any party to the recount, the court shall allow that
204 party to appoint one representative observer for each team of recount officials. The representative
205 observers shall have an unobstructed view of the work of the recount officials. The expenses of its
206 representatives shall be borne by each party.

207 D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used
208 and any or all ballots cast at the election, or may assume supervision thereof through the recount
209 coordinators and officials.

210 The redetermination of the vote in a recount shall be conducted as follows:

211 1. For paper ballots, the recount officials shall hand count the paper ballots using the standards
212 promulgated by the State Board pursuant to subsection A.

213 2. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots
214 through a scanner programmed to count only the votes for the office or issue in question in the recount
215 and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set
216 aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be
217 programmed to meet the programming requirements of this subdivision, shall be hand counted using the
218 standards promulgated by the State Board pursuant to subsection A. If the total number of
219 machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by
220 the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on
221 ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards
222 promulgated by the State Board pursuant to subsection A. Prior to running the machine-readable ballots
223 through the ballot scanner machine, the recount officials shall ensure that logic and accuracy tests have
224 been successfully performed on each scanner after the scanner has been programmed. The result
225 calculated for ballots accepted by the ballot scanner machine during the recount shall be considered the
226 correct determination for those machine-readable ballots unless the court finds sufficient cause to rule
227 otherwise.

228 There shall be only one redetermination of the vote in each precinct.

229 At the conclusion of the recount of each precinct, the recount officials shall write down (i) the
230 number of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from
231 the ballots cast as shown on the statement of results if the ballots cannot be found, for each of the two
232 candidates or for and against the question and (ii) *the number of ballots for which there is a question*
233 *regarding the ballot's validity*. They shall submit the *questioned* ballots or the statement of results used,
234 ~~as to the validity of which questions exist,~~ to the court. The written statement of any one recount
235 official challenging a ballot shall be sufficient to require its submission to the court. If, on all ballot
236 scanners, the number of persons voting in the election, or the number of votes cast for the office or on
237 the question, totals more than the number of names on the pollbooks of persons voting on the voting
238 machines, the figures recorded by the machines shall be accepted as correct.

239 E. At the conclusion of the recount of all precincts, after allowing the parties to inspect the
240 questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned
241 ballots *properly before it* and votes. *Only those questioned ballots whose validity was challenged during*
242 *the recount of the precinct shall be properly before the recount court*. After determining all matters
243 pertaining to the recount and redetermination of the vote as raised by the parties, the court shall certify

Otherwise the costs of the recount shall be assessed against the candidate petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

~~F.~~ G. The court shall determine the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

~~G.~~ H. Any petitioner who may be assessed with costs under subsection E shall post a bond with surety with the court in the amount of \$10 per precinct in the area subject to recount. If the petitioner wins the recount, the bond shall not be forfeit. If the petitioner loses the recount, the bond shall be forfeit only to the extent of the assessed costs. If the assessed costs exceed the bond, he shall be liable for such excess.

~~H.~~ I. The recount proceeding shall be final and not subject to appeal.

Such notice or complaint shall be filed within 10 days following the date of the entry of the order of the recount court pursuant to subsection ~~D~~ E of § 24.2-802.
