

18103986D

SENATE BILL NO. 307

Offered January 10, 2018

Prefiled January 8, 2018

A BILL to amend and reenact §§ 5.1-1, 5.1-1.4, and 5.1-2.2 of the Code of Virginia, relating to the Department of Aviation; unmanned aircraft systems.

Patron—Cosgrove

Referred to Committee on Transportation

Be it enacted by the General Assembly of Virginia:

1. That §§ 5.1-1, 5.1-1.4, and 5.1-2.2 of the Code of Virginia are amended and reenacted as follows:

§ 5.1-1. Definitions.

When used in this title, unless expressly stated otherwise:

"Aircraft" means any contrivance now known, or hereafter invented, used, or designed for navigation of or flight in the air, including a balloon or other contrivance designed for maneuvering in airspace at an altitude greater than 24 inches above ground or water level, except that any contrivance now or hereafter invented of fixed or flexible wing design, operating without the assistance of any motor, engine, or other mechanical propulsive device, which is designed to utilize the feet and legs of the operator or operators as the sole means of initiating and sustaining forward motion during the launch and of providing the point of contact with the ground upon landing and commonly called a "hang glider" shall not be included within this definition.

"Aircraft based in this Commonwealth" means an aircraft that is either (i) domiciled in a county, city, or town in the Commonwealth or (ii) parked in a county, city, or town in the Commonwealth when not in flight for the period of time specified in § 5.1-5.

"Airman" means any individual, including the person in command and any pilot, mechanic, or member of the crew, who engages in the navigation of aircraft while under way within Virginia airspace; any individual who is directly in charge of the inspection, maintenance, overhauling, or repair of aircraft, aircraft engines, propellers, or accessories; and any individual who serves in the capacity of aircraft dispatcher.

"Air navigation facility" means any airport ground or air navigation facility, other than one owned and operated by the United States, used in, available for use in, or designed for use in aid of air navigation, including any structures, buildings, mechanisms, lights, beacons, markers, communicating systems, or other instrumentalities or devices, and any combination of any or all of such facilities, used or useful as an aid, or constituting any advantage or convenience, to the safe taking off, navigation, and landing of aircraft; in the safe and efficient operation or maintenance of an airport; in the safe, efficient and convenient handling or processing of aviation passengers, mail or cargo; or in the servicing or maintenance of aircraft or ground equipment.

"Airport" means any area of land or water which is used, or intended for public use, for the landing and takeoff of aircraft, and any appurtenant areas that are used, or intended for use, for airport buildings or other airport facilities or rights-of-way, easements and together with all airport buildings and facilities located thereon.

"Airport hazard" means any structure, object or natural growth, or use of land that obstructs the airspace required for the flight of aircraft in landing or taking off at an airport or is otherwise hazardous to such landing or taking off of aircraft.

"Airspace" means all that space above the land and waters within the boundary of the Commonwealth.

"Board" means the Virginia Aviation Board.

"Civil aircraft" means any aircraft other than a public aircraft.

"Commercial aircraft" means any civil aircraft used in flight activity for compensation or for hire.

"Contract carrier by aircraft" or "contract carrier" means any person not included under the definitions of "common carrier by aircraft" or "restricted common carrier by aircraft" as defined in § 5.1-89 who, under special and individual contracts or agreements, and whether directly or by a lease or any other arrangement, transports passengers or property by aircraft for compensation and in the transportation of passengers does not charge individual fares.

"Department" means the Department of Aviation.

"Drop zone" means any locality whether over land or water that is used, or intended for use, for the landing and recovery of sky divers or parachutists using a parachute or other contrivance designed for

59 sport jumping.

60 "Landing area" or "landing field" means any locality, whether over land or water, including airports
61 and intermediate landing fields, which is used or intended to be used for the landing and takeoff of
62 aircraft and open to the public for such use, whether or not facilities are provided for the sheltering,
63 servicing, or repair of aircraft or for receiving or discharging passengers or cargo.

64 "Person" means any individual, corporation, government, political subdivision of the Commonwealth,
65 or governmental subdivision or agency, business trust, estate, trust, partnership, two or more of any of
66 the foregoing having a joint or common interest, or any other legal or commercial entity.

67 "Public aircraft" means an aircraft used exclusively in the service of any state, or political
68 subdivision thereof, or the federal government.

69 "*Unmanned aircraft*" means an aircraft that is operated without the possibility of human intervention
70 from within or on the aircraft.

71 "*Unmanned aircraft system*" means an unmanned aircraft and associated elements, including
72 communication links, sensing devices, and the components that control the unmanned aircraft.

73 **§ 5.1-1.4. Enforcement of laws, rules and regulations.**

74 Except for the provisions of Chapter 9 (§ 5.1-89 et seq.) of this title, the Department shall have the
75 authority to enforce any provision of this title and any rules and regulations promulgated by the Board
76 in reference to aircraft, airfields, *unmanned aircraft systems*, pilots and other similar subjects. Said rules
77 and regulations, and enforcement actions taken in connection therewith, shall be in accordance with the
78 substantive and procedural requirements of the Administrative Process Act, ~~Chapter 40~~ (§ 2.2-4000 et
79 seq.) of Title 2.2.

80 **§ 5.1-2.2. Powers and duties of Board.**

81 The Board shall exercise the following powers and duties:

82 1. Provide a means of citizen access to the Department;
83 2. Provide a means of publicizing the policies and programs of the Department in order to educate
84 the public and elicit public support for Department activities;

85 3. Monitor the policies and activities of the Department and have the right of access to departmental
86 information;

87 4. Advise the Governor and the Director on matters relating to the Commonwealth's aviation policies
88 and programs;

89 5. Promulgate such rules and regulations relating to airports, landing fields and other aviation
90 facilities, aircraft, *unmanned aircraft systems*, and such other kindred matters and things as may be
91 proper and necessary to promote and develop safe aviation practices and operations; and

92 6. Develop on behalf of the Department recommendations for distribution of funds to localities by
93 the State Corporation Commission for aviation development through the end of the 1978-80 biennium,
94 after which time the Board shall be responsible for the allocation on behalf of the Department of all
95 such funds as provided in this act, which funds shall be distributed by the Department in accordance
96 with such allocation.
