4. Title: Natural gas companies; right of entry upon property.

5. Summary: Curtails the ability of a natural gas company to enter upon real property for the purpose of conducting surveys and other tests for its proposed line or the location of facilities. The measure prohibits a natural gas company from entering upon property for such purposes unless the State Corporation Commission (Commission) has issued to it a public use certification, which may be issued only if the Commission finds, among other things, that the company has demonstrated that the pipeline or facility is for a public use. The measure also (i) establishes an expedited procedure for a landowner to seek injunctive relief; (ii) authorizes a landowner to bring a civil action for damages, including liquidated damages of \$500 per day per individual entering or attempting to enter property in violation of applicable requirements; (iii) requires a natural gas company to pay treble damages for any actual damages resulting from a lawful entry; (iv) authorizes the landowner or his agent to accompany surveyors and record or photograph survey activities; (v) requires any notice of intent to enter to set forth the time and location where the first entry will occur and the duration of the surveys; and (vi) requires any request for permission to inspect to be sent at least 21 days prior to any notice of intent to enter and include a description of each type of survey and each entity or agent proposed to make such survey.
