3. Committee: Privileges and Elections

4. Title: Election precincts not to be changed between certain dates.

5. Summary: Prohibits counties, cities, and towns from creating, dividing, abolishing, or consolidating any precincts or otherwise changing the boundaries of any precinct between February 1, 2019, and May 15, 2021, except in certain specified circumstances. Precinct ordinances may be adopted after January 1, 2021, but may not be implemented before May 15, 2021.

The substitute bill also requires counties and cities to adjust local election district lines to congressional and state legislative district lines established by the General Assembly and requires that precincts be contained wholly within congressional or state legislative districts when a county, city, or town is divided between two or more such districts. The bill provides that a locality that is unable to comply with this requirement may apply to the State Board of Elections for a waiver to administer a split precinct. The State Board shall have the authority to grant the request or direct the locality to create a precinct with fewer than the required number of registered voters.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: Preliminary – see Item 8.

8. Fiscal Implications: As stand-alone legislation, the Department of Elections considers implementation of this bill as “routine,” and does not require significant additional funding. However, the Department of Elections will review all electoral legislation likely to be enacted prior to the passage by each house. If the aggregate number of “routine” bills likely to pass either house is unusually large, it is possible that the Department of Elections will require additional resources. If so, the Department of Elections will identify the costs at that time.

This bill is not expected to have a fiscal impact on the Division of Legislative Services.

9. Specific Agency or Political Subdivisions Affected: Virginia Department of Elections, Division of Legislative Services, and localities.

10. Technical Amendment Necessary: No.

11. Other Comments: None.
