

Department of Planning and Budget 2018 Fiscal Impact Statement

1. Bill Number: SB374

House of Origin ☐ Introduced ☒ Substitute ☐ Engrossed
Second House ☐ In Committee ☐ Substitute ☐ Enrolled

2. Patron: Chafin

3. Committee: Finance

4. Title: Cattle Industry Board; assessment from sale of cattle.

5. Summary: This bill renames the Beef Industry Council as the Cattle Industry Board (the Board) and renames the Virginia Beef Industry Fund as the Virginia Cattle Industry Fund (the Fund). The bill simplifies the definition of the term "cattle," reduces the size of the Board from 15 to seven members, and allows the Board to elect officers who are not members of the Board. The bill increases the amount of the assessment from the sale of cattle from \$0.25 per head to \$1 per head; the assessment continues to be deposited in the Fund to support Board activities. The bill allows producers who are dissatisfied with the assessment and the Board's use of it to receive a refund.

The substitute version of the bill includes an enactment clause stating that the provisions of the bill shall not affect the USDA-approved collection and administration of the National Beef Checkoff. Additionally, the substitute bill states that the chairman may call special meetings at any time and shall call a special meeting when requested by four or more members of the Board. The introduced bill allowed this when requested by five or more members of the Board.

6. Budget Amendment Necessary: No. The nongeneral fund appropriation may be adjusted administratively to account for the additional revenue.

7. Fiscal Impact Estimates: Preliminary. See item 8.

2024	\$750,000	NGF

- 8. Fiscal Implications:** It is anticipated that the bill will have an equal revenue and expenditure impact on the Department of Agriculture and Consumer Services (VDACS). The bill reinstates the collection of a per head cattle assessment, independent of the National Beef Checkoff. The legislation is estimated to generate \$750,000 in revenue to support the Virginia Cattle Industry Fund, based on an estimated 750,000 head of cattle being marketed in Virginia in FY 2017. The revenue will fluctuate annually based on the number of cattle sold.

The original per head cattle assessment was collected by the Virginia Beef Industry Council under a memorandum of understanding with the Virginia Department of Taxation (TAX). Assuming the assessment prescribed in this bill is collected in the same manner, TAX does not anticipate the need for additional funding, as associated costs would be minimal.

- 9. Specific Agency or Political Subdivisions Affected:** Department of Agriculture and Consumer Services; Virginia Beef Industry Council; Department of Taxation.

- 10. Technical Amendment Necessary:** No.

- 11. Other Comments:** HB1348 is similar to this bill.
