

VIRGINIA ACTS OF ASSEMBLY -- 2019 SESSION

CHAPTER 121

An Act to amend and reenact § 22.1-138 of the Code of Virginia, relating to public school building security enhancements; compliance with Uniform Statewide Building Code and Statewide Fire Prevention Code.

[H 1725]

Approved February 21, 2019

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-138 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-138. Minimum standards for public school buildings.

A. The Board of Education shall prescribe by regulation minimum standards for the erection of or addition to public school buildings governing instructional, operational, health and maintenance facilities where these are not specifically addressed in the Uniform Statewide Building Code.

B. By July 1, 1994, every school building in operation in the Commonwealth shall be tested for radon pursuant to procedures established by the United States Environmental Protection Agency (EPA) for radon measurements in schools.

School buildings and additions opened for operation after July 1, 1994, shall be tested for radon pursuant to such EPA procedures and regulations prescribed by the Board of Education pursuant to subsection A of this section. Each school shall maintain files of its radon test results and make such files available for review. The division superintendent shall report radon test results to the Department of Health.

C. *Each school board shall, in consultation with the local building official and the state or local fire marshal, develop a procurement plan to ensure that all security enhancements to public school buildings are in compliance with the Uniform Statewide Building Code (§ 36-97 et seq.) and Statewide Fire Prevention Code (§ 27-94 et seq.).*
