

19105930D

HOUSE BILL NO. 1915

AMENDMENT IN THE NATURE OF A SUBSTITUTE
(Proposed by the House Committee on Commerce and Labor
on January 31, 2019)

(Patron Prior to Substitute—Delegate Yancey)

A *BILL to amend and reenact §§ 38.2-3559 through 38.2-3562 of the Code of Virginia, relating to health carriers; expedited reviews of adverse coverage determinations; exhaustion of internal reviews; cancer patients.*

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-3559 through 38.2-3562 of the Code of Virginia are amended and reenacted as follows:

§ 38.2-3559. Notice of right to external review.

A. A health carrier shall notify the covered person in writing of an adverse determination or final adverse determination and the covered person's right to request an external review. The notice of the right to request an external review shall include the following, or substantially similar, language: "We have denied your request for the provision of or payment for a health care service or course of treatment. You may have the right to have our decision reviewed by health care professionals who have no association with us if our decision involved making a judgment as to the medical necessity, appropriateness, health care setting, level of care, or effectiveness of the health care service or treatment you requested by submitting a request for external review to the Commission."

B. The notice of the right to request an external review of an adverse determination shall include the following statements informing the covered person that:

1. If the covered ~~person has~~ *person's adverse determination involves (i) cancer or (ii) a medical condition where the time frame for completion of an expedited internal appeal of an adverse determination would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function, the covered person or his authorized representative may file a request for an expedited external review pursuant to § 38.2-3562;*

2. If the adverse determination involves a denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the covered person's treating physician certifies in writing that the recommended or requested health care service or treatment would be significantly less effective if not promptly initiated, the covered person or his authorized representative may file a request for an expedited external review pursuant to § 38.2-3563;

3. If the covered person or his authorized representative files a request for an expedited internal appeal with the health carrier, he may file at the same time a request for an expedited external review of an adverse determination pursuant to § 38.2-3562 or 38.2-3563. The independent review organization assigned to conduct the expedited external review will determine whether the covered person shall be required to complete the expedited internal appeal prior to conducting the expedited external review; and

4. If the covered person or his authorized representative files a standard appeal with the health carrier's internal appeal process, and the health carrier does not issue a written decision within 30 days following the date the appeal requesting a review is filed and the covered person or his authorized representative did not request or agree to a delay, the covered person or his authorized representative may file a request for external review and shall be considered to have exhausted the health carrier's internal appeal process.

C. The notice of the right to request an external review of a final adverse determination shall include the following statements informing the covered person that:

1. If the covered person has a medical condition where the time frame for completion of a standard external review would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function, the covered person or his authorized representative may file a request for an expedited external review pursuant to § 38.2-3562;

2. If the final adverse determination involves an admission, availability of care, continued stay, or health care service for which the covered person received emergency services, but has not been discharged from a facility, the covered person or his authorized representative may request an expedited external review pursuant to § 38.2-3562; and

3. If the final adverse determination involves a denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational, the covered person or his authorized representative may file a request for a standard external review pursuant to § 38.2-3563; or if the covered person's treating physician certifies in writing that the recommended or requested health care service or treatment would be significantly less effective if not

60 promptly initiated, the covered person or his authorized representative may request an expedited external
61 review pursuant to subsection B of § 38.2-3563.

62 D. The health carrier shall include the standard and expedited external review procedures and any
63 forms with the notice of the right to an external review.

64 **§ 38.2-3560. Exhaustion of internal appeal process.**

65 A. A request for an external review shall not be made until the covered person has exhausted the
66 health carrier's internal appeal process, *provided that a covered person's exhaustion of the health*
67 *carrier's internal appeal process shall not be required if the adverse determination relates to the*
68 *treatment of a cancer of the covered person.*

69 B. A covered person shall be considered to have exhausted the health carrier's internal appeal process
70 if the covered person or his authorized representative has filed an appeal requesting a review of an
71 adverse determination, and, except to the extent the covered person or his authorized representative
72 requested or agreed to a delay, has not received a written decision from the health carrier within 30 days
73 following the date the appeal was filed with the health carrier.

74 C. If a covered person or his authorized representative files a request for an expedited internal appeal
75 of an adverse determination with the health carrier, the covered person or his authorized representative is
76 deemed to have exhausted the internal appeal process and may file a request for an expedited external
77 review of the adverse determination at the same time. Upon receipt of a request for an expedited
78 external review of an adverse determination, the independent review organization conducting the external
79 review shall determine whether the covered person shall be required to complete the health carrier's
80 expedited internal appeal process before it conducts the expedited external review. The independent
81 review organization shall promptly notify the covered person and his authorized representative, if any, of
82 this determination, and either proceed with the expedited external review or wait until completion of the
83 internal expedited appeal process.

84 D. A request for an external review of an adverse determination may be made before the covered
85 person has exhausted the health carrier's internal appeal process whenever the health carrier agrees to
86 waive the exhaustion requirement. If the exhaustion requirement is waived, the covered person or his
87 authorized representative may file a request in writing for a standard external review.

88 **§ 38.2-3561. Standard external review.**

89 A. Within 120 days after the date of receipt of a notice of the right to an external review of a final
90 adverse determination or an adverse determination if the internal appeal process has been deemed to be
91 exhausted or waived, a covered person or his authorized representative may file a request for an external
92 review in writing with the Commission. Within one business day after the date of receipt of a request
93 for external review, the Commission shall send a copy of the request to the health carrier.

94 B. Within five business days following the date of receipt of the external review request from the
95 Commission, the health carrier shall complete a preliminary review of the request to determine whether:

96 1. The individual is or was a covered person at the time the health care service was requested or, in
97 the case of a retrospective review, was a covered person at the time the health care service was
98 provided;

99 2. The health care service is a covered service, except as excluded for not meeting the health carrier's
100 requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness;

101 3. The covered person has exhausted or is deemed to have exhausted the health carrier's internal
102 appeal process, *provided that a covered person's exhaustion of the health carrier's internal appeal*
103 *process shall not be required if the adverse determination relates to the treatment of a cancer of the*
104 *covered person; and*

105 4. All the information and forms required to process the external review are complete.

106 C. Within one business day after completion of the preliminary review, the health carrier shall notify
107 in writing the Commission, the covered person, and his authorized representative, if any, whether the
108 request is complete and eligible for external review and, if ineligible, the reasons for ineligibility. If the
109 request is not complete, the notice shall include what information or materials are needed to make the
110 request complete. Such notice shall include a statement informing the covered person and his authorized
111 representative, if any, that the health carrier's determination of ineligibility may be appealed to the
112 Commission. If the health carrier makes an ineligibility determination, the Commission may determine
113 that a request is eligible for external review and require that it be referred for external review. In
114 making this determination, the Commission's decision shall be made in accordance with the terms of the
115 covered person's health benefit plan and the requirements of subsection B.

116 D. Within one business day after the date of receipt of the notice described in subsection C, the
117 Commission shall assign an independent review organization to conduct the external review and notify
118 in writing the health carrier, the covered person, and his authorized representative, if any, of the
119 request's eligibility and acceptance for external review and the name of the assigned independent review
120 organization. The Commission shall include in such notice a statement that the covered person or his
121 authorized representative may submit in writing to the assigned independent review organization, within

122 five business days following the date of receipt, additional information that the independent review
123 organization shall consider when conducting the external review.

124 E. Within five business days after the date of receipt of the notice from the Commission, the health
125 carrier or its designee utilization review entity shall provide to the assigned independent review
126 organization the documents and any information considered in making the adverse determination or final
127 adverse determination. Failure by the health carrier or its utilization review entity to provide the
128 documents and information within the time specified shall not delay the conduct of the external review.
129 If the health carrier or its utilization review entity fails to provide the documents and information within
130 the time specified, the assigned independent review organization may terminate the external review and
131 make a decision to reverse the adverse determination or final adverse determination. Within one business
132 day after making such decision, the independent review organization shall notify the covered person, his
133 authorized representative, if any, the health carrier, and the Commission.

134 F. The assigned independent review organization shall review all of the information and documents
135 timely received from the health carrier and any other information submitted in writing by the covered
136 person or his authorized representative. The independent review organization is not required to, but may,
137 accept and consider information submitted late from the covered person or his authorized representative,
138 if any. Upon receipt of any information submitted by the covered person or his authorized
139 representative, the assigned independent review organization shall within one business day forward the
140 information to the health carrier.

141 G. Upon receipt of the information from the assigned independent review organization, the health
142 carrier may reconsider its adverse determination or final adverse determination. Reconsideration by the
143 health carrier of its adverse determination or final adverse determination shall not delay or terminate the
144 external review. The external review may only be terminated if the health carrier decides to reverse its
145 adverse determination or final adverse determination and provide coverage or payment for the health
146 care service. Within one business day after making the decision to reverse its adverse determination or
147 final adverse determination, the health carrier shall notify the covered person, his authorized
148 representative, if any, the assigned independent review organization, and the Commission in writing of
149 its decision. Upon receipt of the notice of the health carrier's decision to reverse its adverse
150 determination or final adverse determination, the assigned independent review organization shall
151 terminate the external review.

152 H. The assigned independent review organization, to the extent the information or documents are
153 available and the independent review organization considers them appropriate, shall also consider the
154 following in reaching a decision:

- 155 1. The covered person's medical records;
- 156 2. The attending health care professional's recommendation;
- 157 3. Consulting reports from appropriate health care professionals and other documents submitted by
158 the health carrier, covered person, his authorized representative, or the covered person's treating
159 provider;
- 160 4. The terms of coverage under the covered person's health benefit plan;
- 161 5. The most appropriate practice guidelines, which shall include applicable evidence-based standards
162 and may include any other practice guidelines developed by the federal government or national or
163 professional medical societies, boards, and associations;
- 164 6. Any applicable clinical review criteria developed and used by the health carrier or its designee
165 utilization review entity; and
- 166 7. The opinion of the independent review organization's clinical reviewer or reviewers after
167 considering the information or documents described in subdivisions 1 through 6 to the extent the
168 information or documents are available and the clinical reviewer or reviewers consider appropriate.

169 In reaching a decision, the assigned independent review organization shall not be bound by any
170 decisions or conclusions reached during the health carrier's utilization review process or the internal
171 appeal process.

172 I. Within 45 days after the date of receipt of the request for an external review, the assigned
173 independent review organization shall provide written notice of its decision to uphold or reverse the
174 adverse determination or the final adverse determination to the covered person, his authorized
175 representative, if any, the health carrier, and the Commission. The independent review organization shall
176 include in such notice: a general description of the reason for the request for external review; the date
177 the independent review organization received the assignment from the Commission to conduct the
178 external review; the date the external review was conducted; the date of its decision; the principal reason
179 or reasons for its decision, including what applicable, if any, evidence-based standards were a basis for
180 its decision; the rationale for its decision; and references to the evidence or documentation, including
181 evidence-based standards, considered in reaching its decision.

182 J. Upon receipt of a notice reversing the adverse determination or final adverse determination, the

183 health carrier promptly shall approve the coverage.

184 **§ 38.2-3562. Expedited external review.**

185 A. A covered person or his authorized representative may make a request for an expedited external
186 review with the Commission at the time the covered person receives:

187 1. An adverse determination if the adverse determination involves (i) *cancer* or (ii) a medical
188 condition of the covered person for which the time frame for completion of an expedited internal appeal
189 involving an adverse determination would seriously jeopardize the life or health of the covered person or
190 would jeopardize the covered person's ability to regain maximum function, and the covered person or his
191 authorized representative has filed a request for an expedited internal appeal of the adverse
192 determination; or

193 2. A final adverse determination if the covered person has (i) *cancer* or (ii) a medical condition
194 where the time frame for completion of a standard external review would seriously jeopardize the life or
195 health of the covered person or would jeopardize the covered person's ability to regain maximum
196 function, or if the final adverse determination concerns an admission, availability of care, continued stay,
197 or health care service for which the covered person received emergency services, but has not been
198 discharged from a facility.

199 B. Upon receipt of a request for an expedited external review, the Commission shall promptly send a
200 copy of the request to the health carrier. Promptly upon receipt of such request, the health carrier shall
201 determine whether the request meets the eligibility requirements in subsection B of § 38.2-3561. The
202 health carrier shall promptly notify the Commission, the covered person, and his authorized
203 representative, if any, of its eligibility determination. Such notice shall include a statement informing the
204 covered person and his authorized representative, if any, that the health carrier's determination of
205 ineligibility may be appealed to the Commission. If the health carrier makes an ineligibility
206 determination, the Commission may determine that a request is eligible for external review and require
207 that it be referred for external review. In making such determination, the Commission decision shall be
208 made in accordance with the terms of the covered person's health benefit plan and the requirements of
209 subsection B of § 38.2-3561.

210 Upon receipt of the notice that the request meets the eligibility requirements, the Commission shall
211 promptly assign an independent review organization to conduct the expedited external review. The
212 Commission shall promptly notify the health carrier of the name of the assigned independent review
213 organization.

214 C. Promptly upon receipt of the notice from the Commission of the name of the independent review
215 organization assigned, the health carrier or its designee utilization review entity shall provide or transmit
216 all necessary documents and information considered in making the adverse determination or final
217 adverse determination to the assigned independent review organization electronically, by telephone,
218 facsimile, or any other available expeditious method.

219 D. The assigned independent review organization, to the extent the information or documents are
220 available and the independent review organization considers them appropriate, shall also consider the
221 following in reaching a decision:

222 1. The covered person's pertinent medical records;

223 2. The attending health care professional's recommendation;

224 3. Consulting reports from appropriate health care professionals and other documents submitted by
225 the health carrier, covered person, his authorized representative, or the covered person's treating
226 provider;

227 4. The terms of coverage under the covered person's health benefit plan;

228 5. The most appropriate practice guidelines, which shall include evidence-based standards, and may
229 include any other practice guidelines developed by the federal government or national or professional
230 medical societies, boards, and associations;

231 6. Any applicable clinical review criteria developed and used by the health carrier or its designee
232 utilization review entity in making adverse determinations; and

233 7. The opinion of the independent review organization's clinical reviewer or reviewers after
234 considering the information and documents described in clauses 1 through 6 to the extent the
235 information and documents are available and the clinical reviewer or reviewers consider appropriate.

236 In reaching a decision, the assigned independent review organization is not bound by any decisions
237 or conclusions reached during the health carrier's utilization review process or internal appeal process.

238 E. As expeditiously as the covered person's medical condition or circumstances requires, but in no
239 event more than 72 hours after the date of receipt of an eligible request for an expedited external
240 review, the assigned independent review organization shall make a decision to uphold or reverse the
241 adverse determination or final adverse determination and notify the covered person, his authorized
242 representative, if any, the health carrier, and the Commission. If such decision was not in writing, within
243 48 hours after the date of providing such decision, the assigned independent review organization shall
244 provide written confirmation of the decision to the covered person, his authorized representative, if any,

245 the health carrier, and the Commission and include the information set forth in subsection I of
246 § 38.2-3561.

247 F. Upon receipt of a decision reversing the adverse determination or final adverse determination, the
248 health carrier shall promptly approve the coverage.

249 G. An expedited external review shall not be available for retrospective adverse determinations or
250 retrospective final adverse determinations.
