

19101351D

HOUSE BILL NO. 2530

Offered January 9, 2019

Prefiled January 9, 2019

A BILL to amend and reenact §§ 32.1-127 and 32.1-325 of the Code of Virginia, relating to Medicaid; cost-sharing.

 Patron—Head

 Referred to Committee on Appropriations

Be it enacted by the General Assembly of Virginia:**1. That §§ 32.1-127 and 32.1-325 of the Code of Virginia are amended and reenacted as follows:****§ 32.1-127. Regulations.**

A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).

B. Such regulations:

1. Shall include minimum standards for (i) the construction and maintenance of hospitals, nursing homes and certified nursing facilities to ensure the environmental protection and the life safety of its patients, employees, and the public; (ii) the operation, staffing and equipping of hospitals, nursing homes and certified nursing facilities; (iii) qualifications and training of staff of hospitals, nursing homes and certified nursing facilities, except those professionals licensed or certified by the Department of Health Professions; (iv) conditions under which a hospital or nursing home may provide medical and nursing services to patients in their places of residence; and (v) policies related to infection prevention, disaster preparedness, and facility security of hospitals, nursing homes, and certified nursing facilities. For purposes of this paragraph, facilities in which five or more first trimester abortions per month are performed shall be classified as a category of "hospital";

2. Shall provide that at least one physician who is licensed to practice medicine in this Commonwealth shall be on call at all times, though not necessarily physically present on the premises, at each hospital which operates or holds itself out as operating an emergency service;

3. May classify hospitals and nursing homes by type of specialty or service and may provide for licensing hospitals and nursing homes by bed capacity and by type of specialty or service;

4. Shall also require that each hospital establish a protocol for organ donation, in compliance with federal law and the regulations of the Centers for Medicare and Medicaid Services (CMS), particularly 42 C.F.R. § 482.45. Each hospital shall have an agreement with an organ procurement organization designated in CMS regulations for routine contact, whereby the provider's designated organ procurement organization certified by CMS (i) is notified in a timely manner of all deaths or imminent deaths of patients in the hospital and (ii) is authorized to determine the suitability of the decedent or patient for organ donation and, in the absence of a similar arrangement with any eye bank or tissue bank in Virginia certified by the Eye Bank Association of America or the American Association of Tissue Banks, the suitability for tissue and eye donation. The hospital shall also have an agreement with at least one tissue bank and at least one eye bank to cooperate in the retrieval, processing, preservation, storage, and distribution of tissues and eyes to ensure that all usable tissues and eyes are obtained from potential donors and to avoid interference with organ procurement. The protocol shall ensure that the hospital collaborates with the designated organ procurement organization to inform the family of each potential donor of the option to donate organs, tissues, or eyes or to decline to donate. The individual making contact with the family shall have completed a course in the methodology for approaching potential donor families and requesting organ or tissue donation that (a) is offered or approved by the organ procurement organization and designed in conjunction with the tissue and eye bank community and (b) encourages discretion and sensitivity according to the specific circumstances, views, and beliefs of the relevant family. In addition, the hospital shall work cooperatively with the designated organ procurement organization in educating the staff responsible for contacting the organ procurement organization's personnel on donation issues, the proper review of death records to improve identification of potential donors, and the proper procedures for maintaining potential donors while necessary testing and placement of potential donated organs, tissues, and eyes takes place. This process shall be followed, without exception, unless the family of the relevant decedent or patient has expressed opposition to organ donation, the chief administrative officer of the hospital or his designee knows of such opposition,

INTRODUCED

HB2530

59 and no donor card or other relevant document, such as an advance directive, can be found;

60 5. Shall require that each hospital that provides obstetrical services establish a protocol for admission
61 or transfer of any pregnant woman who presents herself while in labor;

62 6. Shall also require that each licensed hospital develop and implement a protocol requiring written
63 discharge plans for identified, substance-abusing, postpartum women and their infants. The protocol shall
64 require that the discharge plan be discussed with the patient and that appropriate referrals for the mother
65 and the infant be made and documented. Appropriate referrals may include, but need not be limited to,
66 treatment services, comprehensive early intervention services for infants and toddlers with disabilities
67 and their families pursuant to Part H of the Individuals with Disabilities Education Act, 20 U.S.C.
68 § 1471 et seq., and family-oriented prevention services. The discharge planning process shall involve, to
69 the extent possible, the father of the infant and any members of the patient's extended family who may
70 participate in the follow-up care for the mother and the infant. Immediately upon identification, pursuant
71 to § 54.1-2403.1, of any substance-abusing, postpartum woman, the hospital shall notify, subject to
72 federal law restrictions, the community services board of the jurisdiction in which the woman resides to
73 appoint a discharge plan manager. The community services board shall implement and manage the
74 discharge plan;

75 7. Shall require that each nursing home and certified nursing facility fully disclose to the applicant
76 for admission the home's or facility's admissions policies, including any preferences given;

77 8. Shall require that each licensed hospital establish a protocol relating to the rights and
78 responsibilities of patients which shall include a process reasonably designed to inform patients of such
79 rights and responsibilities. Such rights and responsibilities of patients, a copy of which shall be given to
80 patients on admission, shall be consistent with applicable federal law and regulations of the Centers for
81 Medicare and Medicaid Services;

82 9. Shall establish standards and maintain a process for designation of levels or categories of care in
83 neonatal services according to an applicable national or state-developed evaluation system. Such
84 standards may be differentiated for various levels or categories of care and may include, but need not be
85 limited to, requirements for staffing credentials, staff/patient ratios, equipment, and medical protocols;

86 10. Shall require that each nursing home and certified nursing facility train all employees who are
87 mandated to report adult abuse, neglect, or exploitation pursuant to § 63.2-1606 on such reporting
88 procedures and the consequences for failing to make a required report;

89 11. Shall permit hospital personnel, as designated in medical staff bylaws, rules and regulations, or
90 hospital policies and procedures, to accept emergency telephone and other verbal orders for medication
91 or treatment for hospital patients from physicians, and other persons lawfully authorized by state statute
92 to give patient orders, subject to a requirement that such verbal order be signed, within a reasonable
93 period of time not to exceed 72 hours as specified in the hospital's medical staff bylaws, rules and
94 regulations or hospital policies and procedures, by the person giving the order, or, when such person is
95 not available within the period of time specified, co-signed by another physician or other person
96 authorized to give the order;

97 12. Shall require, unless the vaccination is medically contraindicated or the resident declines the offer
98 of the vaccination, that each certified nursing facility and nursing home provide or arrange for the
99 administration to its residents of (i) an annual vaccination against influenza and (ii) a pneumococcal
100 vaccination, in accordance with the most recent recommendations of the Advisory Committee on
101 Immunization Practices of the Centers for Disease Control and Prevention;

102 13. Shall require that each nursing home and certified nursing facility register with the Department of
103 State Police to receive notice of the registration or reregistration of any sex offender within the same or
104 a contiguous zip code area in which the home or facility is located, pursuant to § 9.1-914;

105 14. Shall require that each nursing home and certified nursing facility ascertain, prior to admission,
106 whether a potential patient is a registered sex offender, if the home or facility anticipates the potential
107 patient will have a length of stay greater than three days or in fact stays longer than three days;

108 15. Shall require that each licensed hospital include in its visitation policy a provision allowing each
109 adult patient to receive visits from any individual from whom the patient desires to receive visits,
110 subject to other restrictions contained in the visitation policy including, but not limited to, those related
111 to the patient's medical condition and the number of visitors permitted in the patient's room
112 simultaneously;

113 16. Shall require that each nursing home and certified nursing facility shall, upon the request of the
114 facility's family council, send notices and information about the family council mutually developed by
115 the family council and the administration of the nursing home or certified nursing facility, and provided
116 to the facility for such purpose, to the listed responsible party or a contact person of the resident's
117 choice up to six times per year. Such notices may be included together with a monthly billing statement
118 or other regular communication. Notices and information shall also be posted in a designated location
119 within the nursing home or certified nursing facility. No family member of a resident or other resident
120 representative shall be restricted from participating in meetings in the facility with the families or

resident representatives of other residents in the facility;

17. Shall require that each nursing home and certified nursing facility maintain liability insurance coverage in a minimum amount of \$1 million, and professional liability coverage in an amount at least equal to the recovery limit set forth in § 8.01-581.15, to compensate patients or individuals for injuries and losses resulting from the negligent or criminal acts of the facility. Failure to maintain such minimum insurance shall result in revocation of the facility's license;

18. Shall require each hospital that provides obstetrical services to establish policies to follow when a stillbirth, as defined in § 32.1-69.1, occurs that meet the guidelines pertaining to counseling patients and their families and other aspects of managing stillbirths as may be specified by the Board in its regulations;

19. Shall require each nursing home to provide a full refund of any unexpended patient funds on deposit with the facility following the discharge or death of a patient, other than entrance-related fees paid to a continuing care provider as defined in § 38.2-4900, within 30 days of a written request for such funds by the discharged patient or, in the case of the death of a patient, the person administering the person's estate in accordance with the Virginia Small Estates Act (§ 64.2-600 et seq.);

20. Shall require that each hospital that provides inpatient psychiatric services establish a protocol that requires, for any refusal to admit (i) a medically stable patient referred to its psychiatric unit, direct verbal communication between the on-call physician in the psychiatric unit and the referring physician, if requested by such referring physician, and prohibits on-call physicians or other hospital staff from refusing a request for such direct verbal communication by a referring physician and (ii) a patient for whom there is a question regarding the medical stability or medical appropriateness of admission for inpatient psychiatric services due to a situation involving results of a toxicology screening, the on-call physician in the psychiatric unit to which the patient is sought to be transferred to participate in direct verbal communication, either in person or via telephone, with a clinical toxicologist or other person who is a Certified Specialist in Poison Information employed by a poison control center that is accredited by the American Association of Poison Control Centers to review the results of the toxicology screen and determine whether a medical reason for refusing admission to the psychiatric unit related to the results of the toxicology screen exists, if requested by the referring physician;

21. Shall require that each hospital that is equipped to provide life-sustaining treatment shall develop a policy governing determination of the medical and ethical appropriateness of proposed medical care, which shall include (i) a process for obtaining a second opinion regarding the medical and ethical appropriateness of proposed medical care in cases in which a physician has determined proposed care to be medically or ethically inappropriate; (ii) provisions for review of the determination that proposed medical care is medically or ethically inappropriate by an interdisciplinary medical review committee and a determination by the interdisciplinary medical review committee regarding the medical and ethical appropriateness of the proposed health care; and (iii) requirements for a written explanation of the decision reached by the interdisciplinary medical review committee, which shall be included in the patient's medical record. Such policy shall ensure that the patient, his agent, or the person authorized to make medical decisions pursuant to § 54.1-2986 (a) are informed of the patient's right to obtain his medical record and to obtain an independent medical opinion and (b) afforded reasonable opportunity to participate in the medical review committee meeting. Nothing in such policy shall prevent the patient, his agent, or the person authorized to make medical decisions pursuant to § 54.1-2986 from obtaining legal counsel to represent the patient or from seeking other remedies available at law, including seeking court review, provided that the patient, his agent, or the person authorized to make medical decisions pursuant to § 54.1-2986, or legal counsel provides written notice to the chief executive officer of the hospital within 14 days of the date on which the physician's determination that proposed medical treatment is medically or ethically inappropriate is documented in the patient's medical record;

22. Shall require every hospital with an emergency department to establish protocols to ensure that security personnel of the emergency department, if any, receive training appropriate to the populations served by the emergency department, which may include training based on a trauma-informed approach in identifying and safely addressing situations involving patients or other persons who pose a risk of harm to themselves or others due to mental illness or substance abuse or who are experiencing a mental health crisis; and

23. (Effective March 1, 2019) Shall require that each hospital establish a protocol requiring that, before a health care provider arranges for air medical transportation services for a patient who does not have an emergency medical condition as defined in 42 U.S.C. § 1395dd(e)(1), the hospital shall provide the patient or his authorized representative with written or electronic notice that the patient (i) may have a choice of transportation by an air medical transportation provider or medically appropriate ground transportation by an emergency medical services provider and (ii) will be responsible for charges incurred for such transportation in the event that the provider is not a contracted network provider of the patient's health insurance carrier or such charges are not otherwise covered in full or in part by the

182 patient's health insurance plan; and

183 24. *Shall require every hospital with an emergency department to develop a protocol to inform every*
184 *patient who is a recipient of medical assistance pursuant to the state plan for medical assistance to*
185 *whom a service other than emergency services, as defined in 42 CFR 438.114(a), will be provided as to*
186 *the amount of the cost-sharing obligation for such nonemergency services for which the patient may be*
187 *responsible and provide each such patient with (i) information about available nonemergency health*
188 *care providers, including the name and location of such nonemergency health care providers, and (ii) a*
189 *referral to a nonemergency health care provider to facilitate treatment by the nonemergency health care*
190 *provider.*

191 C. Upon obtaining the appropriate license, if applicable, licensed hospitals, nursing homes, and
192 certified nursing facilities may operate adult day care centers.

193 D. All facilities licensed by the Board pursuant to this article which provide treatment or care for
194 hemophiliacs and, in the course of such treatment, stock clotting factors, shall maintain records of all lot
195 numbers or other unique identifiers for such clotting factors in order that, in the event the lot is found to
196 be contaminated with an infectious agent, those hemophiliacs who have received units of this
197 contaminated clotting factor may be apprised of this contamination. Facilities which have identified a lot
198 which is known to be contaminated shall notify the recipient's attending physician and request that he
199 notify the recipient of the contamination. If the physician is unavailable, the facility shall notify by mail,
200 return receipt requested, each recipient who received treatment from a known contaminated lot at the
201 individual's last known address.

202 **§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and**
203 **Human Services pursuant to federal law; administration of plan; contracts with health care**
204 **providers.**

205 A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to
206 time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance
207 services pursuant to Title XIX of the United States Social Security Act and any amendments thereto.
208 The Board shall include in such plan:

209 1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21,
210 placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing
211 agencies by the Department of Social Services or placed through state and local subsidized adoptions to
212 the extent permitted under federal statute;

213 2. A provision for determining eligibility for benefits for medically needy individuals which
214 disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount
215 not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial
216 expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value
217 of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender
218 value of such policies has been excluded from countable resources and (ii) the amount of any other
219 revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of
220 meeting the individual's or his spouse's burial expenses;

221 3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically
222 needy persons whose eligibility for medical assistance is required by federal law to be dependent on the
223 budget methodology for Aid to Families with Dependent Children, a home means the house and lot used
224 as the principal residence and all contiguous property. For all other persons, a home shall mean the
225 house and lot used as the principal residence, as well as all contiguous property, as long as the value of
226 the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the
227 definition of home as provided here is more restrictive than that provided in the state plan for medical
228 assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and
229 lot used as the principal residence and all contiguous property essential to the operation of the home
230 regardless of value;

231 4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who
232 are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per
233 admission;

234 5. A provision for deducting from an institutionalized recipient's income an amount for the
235 maintenance of the individual's spouse at home;

236 6. A provision for payment of medical assistance on behalf of pregnant women which provides for
237 payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most
238 current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American
239 Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards
240 for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and
241 Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the
242 children which are within the time periods recommended by the attending physicians in accordance with
243 and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines

or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or nurse practitioner and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

16. A provision for payment of medical assistance for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team

or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, nurse practitioner, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines; and

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3).

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq. "Enforcement of Compliance for Long-Term Care Facilities With Deficiencies."

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

6. (Expires January 1, 2020) Provide payments or transfers pursuant to § 457 of the Internal Revenue Code to the deferred compensation plan described in § 51.1-602 on behalf of an individual who is a dentist or an oral and maxillofacial surgeon providing services as an independent contractor pursuant to a Medicaid agreement or contract under this section. Notwithstanding the provisions of § 51.1-600, an "employee" for purposes of Chapter 6 (§ 51.1-600 et seq.) of Title 51.1 shall include an independent contractor as described in this subdivision.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed

428 to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist,
429 duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or
430 licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter
431 shall pay for covered services as provided in the state plan. The Board shall promulgate regulations
432 which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical
433 social workers, licensed professional counselors and licensed clinical nurse specialists at rates based
434 upon reasonable criteria, including the professional credentials required for licensure.

435 G. The Board shall prepare and submit to the Secretary of the United States Department of Health
436 and Human Services such amendments to the state plan for medical assistance services as may be
437 permitted by federal law to establish a program of family assistance whereby children over the age of 18
438 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of
439 providing medical assistance under the plan to their parents.

440 H. The Department of Medical Assistance Services shall:

441 1. Include in its provider networks and all of its health maintenance organization contracts a
442 provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have
443 special needs and who are Medicaid eligible, including individuals who have been victims of child abuse
444 and neglect, for medically necessary assessment and treatment services, when such services are delivered
445 by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a
446 provider with comparable expertise, as determined by the Director.

447 2. Amend the Medallion II waiver and its implementing regulations to develop and implement an
448 exception, with procedural requirements, to mandatory enrollment for certain children between birth and
449 age three certified by the Department of Behavioral Health and Developmental Services as eligible for
450 services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

451 3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to
452 contractors and enrolled providers for the provision of health care services under Medicaid and the
453 Family Access to Medical Insurance Security Plan established under § 32.1-351.

454 I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible
455 recipients with special needs. The Board shall promulgate regulations regarding these special needs
456 patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special
457 needs as defined by the Board.

458 J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public
459 Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by
460 subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law
461 and regulation.

462 *K. The Department shall require every individual receiving services pursuant to the state plan whose*
463 *household income is greater than 100 percent of the federal poverty level for a household the size of the*
464 *individual's household, other than those described in 42 CFR 447.56(a)(1), to participate in cost-sharing*
465 *for services provided pursuant to the state plan, other than those described in 42 CFR 446.56(a)(2), to*
466 *the greatest extent allowed by federal law and regulations. The Department shall require every*
467 *individual receiving services pursuant to the state plan whose household income is equal to or less than*
468 *100 percent of the federal poverty level for a household the size of the individual's household, other*
469 *than those described in 42 CFR 447.56(a)(1), to participate in cost-sharing to the greatest extent*
470 *allowed by federal law and regulations for nonemergency services provided in a hospital emergency*
471 *department. For the purposes of this subsection, "nonemergency services" means health care services*
472 *other than emergency services as defined in 42 CFR 438.114(a).*
