

Fiscal Impact Statement for Proposed Legislation

Virginia Criminal Sentencing Commission

Senate Bill No. 1458

(Patron – Barker)

LD#: 19103839

Date: 1/4/2019

Topic: Possession of firearms by certain individuals

Fiscal Impact Summary:

- **State Adult Correctional Facilities:**
\$50,000 *
- **Local Adult Correctional Facilities:**
Cannot be determined
- **Adult Community Corrections Programs:**
Cannot be determined

- **Juvenile Direct Care:**
Cannot be determined **
- **Juvenile Detention Facilities:**
Cannot be determined **

** Provided by the Department of Juvenile Justice

* The estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2018, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000.

Summary of Proposed Legislation:

The proposal establishes a procedure by which an attorney for the Commonwealth or a law enforcement officer may petition the court for an order to prohibit an individual from purchasing, possessing or transporting a firearm. Under the proposal, if a judge finds probable cause to believe that the person poses a substantial risk of personal injury to himself or others in the near future, the judge must issue an emergency substantial risk order to prohibit the person from purchasing, possessing or transporting a firearm for the duration of the order. A court hearing must be held within 14 days of the issuance of the order to determine whether a substantial risk order should be issued for a period of up to 180 days. The proposal also provides that persons who are subject to a substantial risk order are disqualified from obtaining a concealed handgun permit; if the person already possesses such a permit, it must be surrendered. The proposal establishes that any person who knowingly and willfully makes any materially false statement or representation to a law enforcement officer or attorney for the Commonwealth as a part of the investigation would be guilty of a Class 1 misdemeanor. The proposal adds § 18.2-308.1:6 specifying that any person who purchases, possesses or transports a firearm while subject to a substantial risk order is guilty of a Class 1 misdemeanor. Pursuant to § 18.2-311.2, a third or subsequent Class 1 misdemeanor firearm violation (defined in Article 4, 5, 6, or 7 of Chapter 7 of Title 18.2) is punishable as a Class 6 felony.

The proposal also expands the applicability of several existing felony offenses to include offenders prohibited by § 18.2-308.1:6 from purchasing, possessing or transporting a firearm due to a substantial risk order. Under the proposed modifications to § 18.2-308.2:1, for instance, individuals who sell, barter, give, or furnish a firearm to a person who is prohibited from possessing a firearm under the proposed § 18.2-308.1:6 would be guilty of a Class 4 felony. Also, additional individuals would be ineligible to receive a firearm from a licensed firearms dealer. Currently, under § 18.2-308.2:2(M), purchasing a firearm with the intent to transfer it to an individual who is ineligible to purchase a firearm from a dealer is a Class 4 felony that carries a mandatory minimum term of one year. Offenders who transfer more than one firearm in violation of § 18.2-308.2:2(M) are subject to a mandatory minimum term of five years. Subsection N of § 18.2-308.2:2 makes it a Class 4

felony for any person ineligible to purchase or possess a firearm to solicit, employ, or assist any person in purchasing a firearm in violation of § 18.2-308.2:2(M); a violation of this subsection also carries a mandatory minimum term of five years.

Under § 18.2-308.2:2(K), making a materially false statement on a consent form that is required to purchase a firearm from a licensed dealer is a Class 5 felony. The proposal would amend the Virginia consent form to add a question regarding whether the applicant is subject to a substantial risk order under the proposed provisions. An individual making a materially false statement in response to this question would be subject to conviction for a Class 5 felony.

Analysis:

Existing data sources do not contain sufficient detail to predict how many additional Class 1 misdemeanor convictions for making a false statement to a law enforcement officer or Commonwealth's attorney may result from the proposal's enactment. However, affected offenders may be sentenced similarly to those who are currently convicted under § 18.2-460. According to General District Court Case Management System (CMS) data for fiscal year (FY) 2013 through FY2018, 1,407 individuals were convicted of a Class 1 misdemeanor under § 18.2-460 for making a false statement to a law enforcement officer conducting an investigation of another person's crime. Almost three-fourths (70.5%) of these offenders did not receive an active term of incarceration to serve after sentencing. The remaining 29.5% received a local-responsible (jail) term for which the median sentence was approximately 20 days.

Similarly, current data sources do not contain sufficient information to estimate how many additional convictions may result from other aspects of the proposal. Affected offenders may be sentenced similarly to those who are currently convicted under existing felony provisions (see table below).

Offenders convicted of the proposed Class 1 firearm misdemeanor who accumulate three or more firearm convictions could be found guilty of a Class 6 felony under § 18.2-311.2. A review of fiscal year (FY) 2013 through FY2018 Circuit Court Case Management System (CMS) data for all felony convictions under § 18.2-311.2 resulting from a third or subsequent misdemeanor firearms violation revealed that, during the six-year period, none of the offenders received a state-responsible (prison) sentence.

Impact of Proposed Legislation:

State adult correctional facilities. Offenders convicted of the proposed Class 1 misdemeanor offense under § 18.2-308.1:6 could, in the future, be convicted of a Class 6 felony under § 18.2-311.2 if they accumulate three or more weapon convictions. In the six most recent fiscal years, however, no offender convicted of a felony under § 18.2-311.2 has received a state-responsible (prison) sentence. Therefore, this portion of the proposal is not expected to have an impact on the state-responsible (prison) bed space needs of the Commonwealth during the six-year window specified by § 30-19.1:4 for legislative impact statements.

However, by expanding the applicability of other existing felony offenses, the proposal may increase the future state-responsible (prison) bed space needs of the Commonwealth. Existing data do not provide sufficient detail to estimate the number of new felony convictions that would result from enactment of the proposal. Therefore, the impact on prison bed space needs cannot be determined.

Local adult correctional facilities. By creating a new Class 1 misdemeanor offense, expanding a current Class 1 misdemeanor offense, and expanding certain felony offenses, the proposal may increase local-responsible (jail) bed space needs. Because the number of new convictions that may result from enactment of the proposal cannot be determined, the magnitude of the impact on jail bed space needs cannot be estimated.

Adult community corrections programs. Because the proposal could result in both misdemeanor and felony convictions and subsequent supervision requirements for an additional number of offenders, the proposal may increase the need for adult community corrections resources. Since the number of cases that may be affected cannot be determined, the potential impact on community corrections cannot be quantified.

Virginia's sentencing guidelines. Felony violations of § 18.2-308.2:2(K) are covered by the sentencing guidelines. Felony convictions under the other affected sections of the *Code* are not covered by the sentencing guidelines as the primary, or most serious, offense. Such convictions, however, could augment the guidelines

recommendation if the most serious offense at sentencing is covered by the guidelines. No adjustment to the guidelines is necessary under the proposal.

Juvenile direct care. According to the Department of Juvenile Justice, the impact of the proposal on direct care (juvenile correctional center or alternative commitment placement) bed space needs cannot be determined.

Juvenile detention facilities. The Department of Juvenile Justice reports that the proposal's impact on the bed space needs of juvenile detention facilities cannot be determined.

Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2018, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000.

Pursuant to § 30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.
