Second House	<input type="checkbox"/> In Committee	<input type="checkbox"/> Substitute	<input type="checkbox"/> Enrolled

2. Patron: Ebbin

3. Committee: Commerce and Labor

4. Title: Electric utilities; municipal net energy metering.

5. Summary: Directs the State Corporation Commission to establish a pilot program that affords the opportunity for any municipality to participate in net energy metering if it is a retail customer of an investor-owned electric utility. In order to qualify for the program, the municipality is required to own and operate a renewable generating facility that is located on the municipality's premises and is intended primarily to offset all or part of the municipality's own electricity requirements. Under the pilot program, a municipal customer-generator that generates electricity in amounts that exceed the amount of electricity consumed by the municipal customer-generator, determined annually, will receive a credit against its electricity consumption at one or more other separately metered buildings or facilities. The measure provides that the amount of any such credit shall be equal to or greater than the generation-energy related rate under the Electrical Supply Service Charges of the host building plus all applicable generation-related riders or taxes and fuel-related riders or taxes, without the assessment by the utility of any service charges or fees in connection with or arising out of such crediting. The duration of the pilot program is six years.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: No fiscal impact on the State Corporation Commission.

8. Fiscal Implications: None on the State Corporation Commission.

9. Specific Agency or Political Subdivisions Affected: State Corporation Commission

10. Technical Amendment Necessary: No

11. Other Comments: None
