[S 971]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-325 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding sections numbered 2.2-115.1 and 18.2-334.5 as follows:

§ 2.2-115.1. COVID-19 Relief Fund.

There is hereby created in the state treasury a special nonreverting fund to be known as the COVID-19 Relief Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All funds appropriated to the Fund and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used by the Governor solely for the purposes of responding to the Commonwealth's needs related to the Coronavirus Disease of 2019 (COVID-19) pandemic. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Governor or his designee.

§ 18.2-325. Definitions.

1. "Illegal gambling" means the making, placing, or receipt of any bet or wager in the Commonwealth of money or other consideration or thing of value, made in exchange for a chance to win a prize, stake, or other consideration or thing of value, dependent upon the result of any game, contest, or any other event the outcome of which is uncertain or a matter of chance, whether such game, contest, or event occurs or is to occur inside or outside the limits of the Commonwealth.

For the purposes of this subdivision and notwithstanding any provision in this section to the contrary, the making, placing, or receipt of any bet or wager of money or other consideration or thing of value shall include the purchase of a product, Internet access, or other thing made in exchange for a chance to win a prize, stake, or other consideration or thing of value by means of the operation of a gambling device as described in subdivision 3 b, regardless of whether the chance to win such prize, stake, or other consideration or thing of value may be offered in the absence of a purchase.

"Illegal gambling" also means the playing or offering for play of any skill game.

2. "Interstate gambling" means the conduct of an enterprise for profit which engages in the purchase or sale within the Commonwealth of any interest in a lottery of another state or country whether or not such interest is an actual lottery ticket, receipt, contingent promise to pay, order to purchase, or other record of such interest.

3. "Gambling device" includes:

a. Any device, machine, paraphernalia, equipment, or other thing, including books, records and other papers, which are actually used in an illegal gambling operation or activity; ~~and~~

b. Any machine, apparatus, implement, instrument, contrivance, board or other thing, or electronic or video versions thereof, including but not limited to those dependent upon the insertion of a coin or other object for their operation, which operates, either completely automatically or with the aid of some physical act by the player or operator, in such a manner that, depending upon elements of chance, it may eject something of value or determine the prize or other thing of value to which the player is entitled; provided, however, that the return to the user of nothing more than additional chances or the right to use such machine is not deemed something of value within the meaning of this subsection; and provided further, that machines that only sell, or entitle the user to, items of merchandise of equivalent value that may differ from each other in composition, size, shape or color, shall not be deemed gambling devices within the meaning of this subsection; *and*

c. *Skill games.*

Such devices are no less gambling devices if they indicate beforehand the definite result of one or more operations but not all the operations. Nor are they any less a gambling device because, apart from their use or adaptability as such, they may also sell or deliver something of value on a basis other than chance.

4. "Operator" includes any person, firm or association of persons, who conducts, finances, manages, supervises, directs or owns all or part of an illegal gambling enterprise, activity or operation.

5. "Skill" means the knowledge, dexterity, or any other ability or expertise of a natural person.

6. "Skill game" means an electronic, computerized, or mechanical contrivance, terminal, machine, or other device that requires the insertion of a coin, currency, ticket, token, or similar object to operate, activate, or play a game, the outcome of which is determined by any element of skill of the player and that may deliver or entitle the person playing or operating the device to receive cash; cash equivalents, gift cards, vouchers, billets, tickets, tokens, or electronic credits to be exchanged for cash; merchandise; or anything of value whether the payoff is made automatically from the device or manually.
