

20108201D

SENATE BILL NO. 1058

AMENDMENT IN THE NATURE OF A SUBSTITUTE

(Proposed by the House Committee on Finance
on February 19, 2020)

(Patron Prior to Substitute—Senator Lewis)

A *BILL to amend and reenact § 58.1-442 of the Code of Virginia, relating to corporate income tax returns of affiliated corporations.*

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-442 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-442. Separate, combined or consolidated returns of affiliated corporations.

A. Corporations which are affiliated within the meaning of § 58.1-302 may, for any taxable year, file separate returns, file a combined return or file a consolidated return of net income for the purpose of this chapter, and the taxes thereunder shall be computed and determined upon the basis of the type of return filed. Following an election to file on a separate, consolidated, or combined basis all returns thereafter filed shall be upon the same basis unless permission to change is granted by the Department.

B. For the purpose of subsection A:

1. A consolidated return shall mean a single return for a group of corporations affiliated within the meaning of § 58.1-302, prepared in accordance with the principles of § 1502 of the Internal Revenue Code and regulations promulgated thereunder. Permission to file a consolidated return shall not be denied to a group of affiliated corporations filing a consolidated federal return solely because two or more members of such affiliated group would be required to use different apportionment factors if separate returns were filed. The Tax Commissioner shall promulgate regulations setting forth the manner in which such an affiliated group shall compute its Virginia taxable income.

2. A combined return shall mean a single return for a group of corporations affiliated within the meaning of § 58.1-302, in which income or loss is separately determined in accordance with subdivisions a through d below:

- a. Virginia taxable income or loss is computed separately for each corporation;
- b. Allocable income is allocated to the state of commercial domicile separately for each corporation;
- c. Apportionable income or loss is computed, utilizing separate apportionment factors for each corporation;
- d. Income or loss computed in accordance with items a through c above is combined and reported on a single return for the affiliated group.

C. Notwithstanding subsection A, a group of corporations may apply to the Tax Commissioner for permission to change the basis of the type of return filed (i) from consolidated to separate or (ii) from separate or combined to consolidated, if such corporations are affiliated within the meaning of § 58.1-302 and the affiliated group of which they are members, as it has existed from time to time, has filed on the same basis for at least the preceding 20 years. Permission shall be granted if:

1. For the taxable year immediately preceding the taxable year for which the new election would be applicable, there would have been no decrease in tax liability computed under the proposed election as compared to the affiliated group's former filing method; and

2. The affiliated group agrees to file returns computing its Virginia income tax liability under both the new filing method and the former method and will pay the greater of the two amounts for the taxable year in which the new election is effective and for the immediately succeeding taxable year.

D. Notwithstanding subsections A and C, for taxable years beginning on and after January 1, 2020, but before January 1, 2022, a group of corporations may elect to change the basis of the type of return filed from combined to consolidated, if (i) such corporations are affiliated within the meaning of § 58.1-302; (ii) the affiliated group of which they are members, as it has existed from time to time, has filed on the same basis for at least the preceding 20 years; and (iii) at least one member of the affiliated group of which they are members is a related entity within the meaning of § 58.1-302 to a state or national bank that is exempt from filing a Virginia corporate income tax return under subdivision 3 of § 58.1-401.

Any eligible affiliated group that elects to change the basis of the type of return pursuant to this subsection shall be required to agree to file returns computing its Virginia income tax liability under both the new filing method and the former method and shall pay the greater of the two amounts for the taxable year in which the new election is effective and for the immediately succeeding taxable year. A taxpayer shall provide notification to the Department of Taxation that an election pursuant to this subsection is being made. Such notification shall be submitted on forms as prescribed by the Department of Taxation.

E. The General Assembly of Virginia finds that job creation and capital investment are essential to

60 *the continued fiscal health of the Commonwealth. States compete for businesses that create jobs and*
61 *undertake major investments in infrastructure. Accordingly, the provisions of subsection D relating to*
62 *electing to change the basis of the type of return filed from combined to consolidated for certain*
63 *affiliated groups with members that are banks is integral for such groups to create new jobs and*
64 *undertake new capital investment in the Commonwealth. If any provision of subsection D is for any*
65 *reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, then*
66 *that provision shall not be deemed severable, and all provisions of subsection D shall expire beginning*
67 *with the taxable year that immediately follows the date of such decision.*
