Senate Amendments in [ ] - February 10, 2020

A *BILL to amend and reenact § 32.1-102.1 of the Code of Virginia, relating to certificate of public need, definition of "medical care facility."*

Patron Prior to Engrossment—Senator Lucas

Referred to Committee on Education and Health

**Be it enacted by the General Assembly of Virginia:**

**1. That § 32.1-102.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 32.1-102.1. Definitions.**

As used in this article, unless the context indicates otherwise:

"Bad debt" means revenue amounts deemed uncollectable as determined after collection efforts based upon sound credit and collection policies.

"Certificate" means a certificate of public need for a project required by this article.

"Charity care" means health care services delivered to a patient who has a family income at or below 200 percent of the federal poverty level and for which it was determined that no payment was expected (i) at the time the service was provided because the patient met the facility's criteria for the provision of care without charge due to the patient's status as an indigent person or (ii) at some time following the time the service was provided because the patient met the facility's criteria for the provision of care without charge due to the patient's status as an indigent person. "Charity care" does not include care provided for a fee subsequently deemed uncollectable as bad debt. For a nursing home as defined in § 32.1-123, "charity care" means care at a reduced rate to indigent persons.

"Clinical health service" means a single diagnostic, therapeutic, rehabilitative, preventive or palliative procedure or a series of such procedures that may be separately identified for billing and accounting purposes.

"Health planning region" means a contiguous geographical area of the Commonwealth with a population base of at least 500,000 persons which is characterized by the availability of multiple levels of medical care services, reasonable travel time for tertiary care, and congruence with planning districts.

"Medical care facility," as used in this title, means any institution, place, building or agency, whether or not licensed or required to be licensed by the Board or the Department of Behavioral Health and Developmental Services, whether operated for profit or nonprofit and whether privately owned or privately operated or owned or operated by a local governmental unit, (i) by or in which health services are furnished, conducted, operated or offered for the prevention, diagnosis or treatment of human disease, pain, injury, deformity or physical condition, whether medical or surgical, of two or more nonrelated persons who are injured or physically sick or have mental illness, or for the care of two or more nonrelated persons requiring or receiving medical, surgical or nursing attention or services as acute, chronic, convalescent, aged, physically disabled or crippled or (ii) which is the recipient of reimbursements from third-party health insurance programs or prepaid medical service plans. For purposes of this article, only the following medical care facilities shall be subject to review:

1. General hospitals.

2. Sanitariums.

3. Nursing homes.

4. Intermediate care facilities, except those intermediate care facilities established for individuals with intellectual disability (ICF/IID) that have no more than 12 beds and are in an area identified as in need of residential services for individuals with intellectual disability in any plan of the Department of Behavioral Health and Developmental Services.

5. Extended care facilities.

6. Mental hospitals.

7. Facilities for individuals with developmental disabilities.

8. Psychiatric hospitals and intermediate care facilities established primarily for the medical, psychiatric or psychological treatment and rehabilitation of individuals with substance abuse.

9. Specialized centers or clinics or that portion of a physician's office developed for the provision of outpatient or ambulatory surgery, cardiac catheterization, computed tomographic (CT) scanning, stereotactic radiosurgery, lithotripsy, magnetic resonance imaging (MRI), magnetic source imaging (MSI), positron emission tomographic (PET) scanning, radiation therapy, stereotactic radiotherapy, proton beam therapy, nuclear medicine imaging, except for the purpose of nuclear cardiac imaging, or such other specialty services as may be designated by the Board by regulation.
