## SENATE JOINT RESOLUTION NO. 52

Offered January 8, 2020

Prefiled January 8, 2020

*Commending the Chesapeake Bay Commission.*

Patrons—Cosgrove, Bell, Boysko, Hanger, Howell, Lewis, Morrissey, Peake, Reeves and Spruill;  
Delegates: Bulova and Wilt

WHEREAS, the Chesapeake Bay Commission is a tri-state government entity of the legislative branches of Maryland, Pennsylvania, and Virginia, required by current statute to assist, advise, provide recommendation to, and "enhance the functions, powers, and duties" of each state's General Assembly regarding Chesapeake Bay law and policy; and

WHEREAS, Chesapeake Bay Commission member state delegations are comprised of seven members, with two members representing each senate, three members representing each house, one member representing each governor, and one member a citizen-at-large; and

WHEREAS, the Chesapeake Bay Commission is a bipartisan, objective entity tasked with identifying concerns requiring inter-jurisdictional coordination and cooperation; collecting, analyzing, and disseminating information pertaining to the region and its resources for the respective legislative bodies; recommending legislative and administrative actions necessary to encourage effective and cooperative management of the Chesapeake Bay; and representing the common interests of the member states as they are affected by the activities of the federal government; and

WHEREAS, the chairman of the Chesapeake Bay Commission is a member of the Chesapeake Executive Council and signatory of the Chesapeake Bay agreements, representing the legislative branches of the member states; and

WHEREAS, the Chesapeake Bay Commission serves as the official legislative arm of the multi-jurisdictional Chesapeake Bay Program and is the designated regional liaison to the United States Congress for Chesapeake Bay law and policy; and

WHEREAS, the Chesapeake Bay Commission first convened on December 17, 1980, and in four decades since has championed important legislative and policy initiatives at the state and federal level, including bi-state blue crab management, nutrient management, agricultural conservation funding, and open space preservation, among other issues and initiatives; and

WHEREAS, these initiatives have contributed to noticeable signs of improvement in the Chesapeake Bay, despite a doubling of the human population in the watershed over the same time period; and

WHEREAS, the role of the Chesapeake Bay Commission is even more necessary today as its member states face a 2025 deadline to achieve nutrient and sediment reduction goals for the Chesapeake Bay; now, therefore, be it

RESOLVED by the Senate, the House of Delegates concurring, That the General Assembly hereby commend the Chesapeake Bay Commission, a model of effective inter-state and inter-governmental relations and policymaking, on the occasion of its 40th anniversary; and, be it

RESOLVED FURTHER, That the Clerk of the Senate prepare a copy of this resolution for presentation to the Chesapeake Bay Commission as an expression of the General Assembly's admiration for its efforts to manage and protect the Chesapeake Bay for the future benefit of the citizens of the Commonwealth.
